
Notice of Motion

Funding for Papakura Business Association projects

In accordance with Standing Orders 3.11.1, please place the following Notice of Motion on the agenda for the Papakura Local Board meeting being held on Wednesday, 16 November 2016.

Recommendations

That the Papakura Local Board:

- a) allocate \$2,000 from the community response fund to the Papakura Business Association Inc. as a further contribution to install and remove Anzac Day flags in the Papakura Town Centre for 2017.
- b) allocate \$2,500 from the community response fund to the Papakura Business Association Inc. as a further contribution to install and remove Christmas decorations in the main street of the Papakura Town Centre for Christmas 2016.

Background:

The Papakura Local Board at its 21 September 2016 Business Meeting resolved to appropriate a lesser amount to the Papakura Business Association for the purpose of funding the installation and removal of Anzac Day flags and Christmas decorations. The original amount requested by the Papakura Business Association is merely a contribution towards the total cost rather than the full amount.

Without the original amount requested, the Association will be faced with a funding shortfall for decorations that have a benefit that extends wider than the business owners themselves. It is appropriate that this Board be an equal partner and contribute to activities, events and services that have a significant social benefit to the Papakura community as a whole.

Signatory: 

Author	Brent Catchpole, Chairperson, Papakura Local Board
