Auckland Highland Games Assn Incorporated

Physical address	Onehunga		
Organisation/individual	Organisation	Main focus	Arts and culture
Umbrella organisation	Not applicable	Legal status	Incorporated Society

Project details

Project title	The Auckland Highland Games & Gathering		
Dates	18/11/2017 - 18/11/2017		
Location	Ellerslie Event Centre, 80-100 Ascot Ave, Remuera 1051		
Summary	<p>Our Association was approached by Council 18 years ago to provide a Free event for what was known as the Greater Auckland Area. We have continued to do this for the 'Super City' and having the venue of 17 years now being subjected to major infrastructure works (housing development/infill and parks upgrades) we felt it best to move to a venue that allowed us to grow the potential of our community focused event. Prior to this an entry fee was charged either at the gates or to enter the events for which prizes were awarded as far back as 1868.</p>		
Cost of participation	This event is free admission		
Requesting grant for	<p>The most common issue recorded is our lack of advertising despite our use of a vast array of free and complimentary forms of advertising therefore we would like the paid portion to be underwritten and the compliance costs associated with the event. We feel we are in good position to request this portion to be funded as the use of a new venue has resulted in a saving in excess of \$55 000.</p>		
Active participants	1000+	Audience size	3500 - 8000
Promotion of activity	Yes		
Local board recognition	All printed media has the Council Logo and during the day the Announcer will be making references to all sponsorships		
Alignment with local board priorities	<ul style="list-style-type: none">• community-led projects and activities ,• events in our people friendly town centres for both locals and visitors,• sectors of the Ōrākei Local Board area community that previously have not benefitted from Council community funding, <p>The organising committee has only 8 volunteers and has sought the advice of all the participating communities (26 Exhibition groups and 12 Vendors which is over 900 people represented) to allow the individual elements the ability to work together towards the common goal of retaining a signature event on the Auckland entertainment calendar.</p>

Demographics

Maori outcomes	<p>Yes, Although Maori are not specifically targeted; there are many similarities between the Clan and Tribal systems. NZ has also had a Scotsman appointed as the Minister of Native Affairs for seven years - 5 consecutive terms and provided the law to introduce the four Maori Electorates.</p> <p>[Mairi Gunn's (of Clan Gunn NZ) film Common Ground reflects upon the lived experiences of New Zealand Maori and Scottish Highlanders, and their unique relationship to the land of their ancestors.]</p> <p>We are delighted and honoured to have had Iwi/Maori participation in the past and welcome their contribution in the future.</p>
Accessible to disabled	<p>Yes, Our new venue this year, the Ellerslie Event Centre, is fully accessible - free entry to all, all disabilities catered for, Auckland Transport to the gateways (with accommodation and a hospital within the road boundaries) with a huge expanse of free car parking.</p>

Project details

Project title	Social Skills programmes and support for autistic children and families		
Dates	26/06/2017 - 20/04/2018		
Location	Community Centres & Church Halls. Outreach, Home visits.		
Summary	<p>The 10 week 'Join In' Social Skills programmes involves autistic children (6-16 years) and their parents. Nine group sessions and an 'individual 'Outreach' session in the family home. Included: social skills, feelings, making and keeping friends, bullying, problem-solving, socialisation, being unique, and communication.</p> <p>Community workshops provide information, understanding and promote inclusion and acceptance of Autistic children/youth. Widely attended by whanau, family, community workers, education and health professionals.</p> <p>Outreach - one on one home visits by Family Consultants who assist with concerns and issues identified by families. Families often request this at the time of diagnosis, help with ongoing issues or at crisis time.</p>		
Requesting grant for	We are asking for funding support for the above services in Terms 3 and 4 of 2017 and Term 1 2018. The funding will go towards venue hire, contracting professional Autism Family Consultant services to facilitate programmes.		
Cost of participation	Families: Donation/koha		
Active participants	100	Audience size	40
Promotion	Yes, We inform our 3500 member database about our upcoming services via a bi-monthly newsletter. We promote our workshops and services through articles in local papers, website and Facebook. We promote the Autism Awareness campaign during April. We notify schools, disability, community and health services of upcoming workshops.		
Local board recognition	<p>We acknowledge the contribution on our website and in all communication to families and community.</p> <p>Flyers promoting the workshops will have the council logo on them and will be put up in community venues and health services around Auckland.</p> <p>In all media associated with the programmes the council will be acknowledged. EG: place logo on printed material, invite local board members.</p> <p>Publicly available Annual Report specifies each grant.</p>		
Reason for the project	<p>On the North Shore. We expect at least half of these services to be in the Kaipātiki local board, due to the support we received last year.</p> <p>We also have over 3500 families on our database from throughout Auckland that receive our monthly newsletter.</p> <p>We have questionnaires and survey after services are conducted, asking for further services.</p>		
Community benefit	<p>Children gain knowledge, skills and social skills to participate and thrive.</p> <p>Families who experience significant stress and relationship breakdown are empowered and informed to better manage the challenges they face and help their child with coping skills. Providing these services by donation reduces financial pressures on families.</p> <p>Bullying of vulnerable people is minimised.</p>		

	<p>The community has a greater understanding and acceptance of those who are different and is more willing to include those with autism.</p> <p>Autistic people are given a voice and a presence in their communities and are valued for their unique skills and encouraged to contribute to society.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> enabling residents and community groups to have a voice , community-led projects and activities <p>'Join In' Social & Friendship skills, 10-week programme (6-16years). Parents gain knowledge from our experienced team and other parents, while their children gain social skills to better interact at school and in the community. They learn skills to make friends, manage anxieties, gain confidence in community, schools, tertiary and workplace settings.</p> <p>Outreach family support (one on one in the home) equip families and children with strategies to facilitate community participation.</p> <p>Community Workshops - Help community, professionals and whanau/family to better understand and include autistic children. Topics include Understanding autism, Strategies for behaviour, sensory issues, anxiety, social skills and professional development.</p>

Project title	Refugee and Migrant Children and Families Welfare Support		
Dates	01/06/2017 - 31/05/2018		
Location	The Carol White Family Centre. Inc., 203-245 Kohimarama Rd, Kohimarama, Auckland 1071		
Summary	We are seeking funding to provide the low income refugee families with basic supplies to meet their child care and travel needs to attend REAF programme and the early child care centre. This valuable support is not funded by MoE or other sources and many of the refugee families who are on benefits do not have the money to meet their daily costs.		
Requesting grant for	<ol style="list-style-type: none"> 1 To support the families with travel vouchers to attend REAF Programme, the education and community support programme for refugees and migrants. 2. To provide early child care centre with basic supplies such as milk for infants and toddlers, toys and books and puzzles for everyday activities. 3. To provide for fuel and food vouchers towards volunteer support to assist with the infants and toddlers each week. 4. Bi lingual coordination and support to refugee families 5. Training and Supervision costs with volunteers. 		
Cost of participation	N/A		
Active participants	70 infants, toddlers and young children	Audience size	350 family members represented at the REAF and child Care Centre
Promotion	Yes, We will promote through social media, notice boards and through newsletters.		
Local board recognition	We acknowledge Auckland city in our centre reports to Inc. society monthly meetings. Our Annual General meeting. Our end of year prize giving.		
Reason for the project	The children of former refugees enter New Zealand with already high levels of child poverty. Cost restricts the most vulnerable from accessing preschool education. REAF and the Early Childhood Centre provide the children of former refugees with the chance to compete equally in primary education at no charge as they cannot afford to pay for it. The project targets refugees and former refugees of all demographics. These families come from all around the world, but particularly East Africa, South-East Asia and the Middle-East.		
Community benefit	The childcare centre provides a safe learning environment so that the parents can take part in the REAF programme without the worry of having to sacrifice time with their children. Families are able to develop healthy attitudes behaviours and skills that have a positive impact on their families and eases their integration into New Zealand society. Children are learning at an early age and have the care and support of other children that are in their care.		
Alignment with local board priorities	<ul style="list-style-type: none"> • enabling residents and community groups to have a voice , • community-led projects and activities , • an active and healthy local community 		

	<p>The project aligns to the priority of the fund that enables residents and community groups to have a voice and to be an active and healthy community with activities that cater to their needs.</p> <p>The centre operates in a complex multicultural and social context, and focuses on responding to and providing for Kohimarama's largely refugee migrant community. Most of the children attending the centre have parents attending the college's REAF (Refugee Education for Adults and Families) programme, which operates in buildings adjacent. Bilingual support staff provide invaluable assistance for teachers as they work with children and their families.</p>

Project details

Project title	Volunteer Introductory Training Programme		
Dates	12/08/2017 - 27/08/2017		
Location	Ōrākei Marae. 59B Kitemoana St. Ōrākei		
Summary	<p>We are seeking funding towards the recruitment, training, and expenses of volunteer support workers who provide our frontline service for victims of crime, trauma and suicide in the Central Auckland Community. Our volunteers provide a free service critical for victims who often lack the means to participate in paid support services. Without sufficient training, support, or reimbursement for costs we would be unable to provide enough volunteers to deliver our service. We are seeking funding for two of our Volunteer Introductory Training Programmes which we will be holding at the Orakei Marae in August 2017 and in early 2018. We will be training around 30 new volunteers in August and again in early 2018 for central Auckland Communities.</p>		
Requesting grant for	<p>We are seeking funding for the full amount of the Introductory Training Programme, in August 2017 and in early 2018. The cost to Victim Support for fully training a volunteer is approximately \$1100.00 per volunteer. Our National office contributes the balance of the training costs, and we are required to fund a minimum of 30% of the total cost of training from local Community Funding. In addition to the initial four day training programme, the volunteers complete an internship which ranges from four to six months and involves two intensive case studies and there is further operational training.</p>		
Cost of participation	Training is free to potential victim support volunteers.		
Active participants	60	Audience size	60
Promotion	No		
Local board recognition	On our website and Facebook page.		
Reason for the project	<p>Victim Support is well established in New Zealand, & in the Central Auckland Community. In the year ending December 31 2016, Victim Support Auckland Central alone provided our services to 3760 people as they struggled through some of the toughest times of their lives. This included 339 victims coping with the loss of a loved one to homicide, suicide or fatal accident; 425 victims of domestic/family violence and abuse; 152 victims coping with the devastation of a rape or sexual attack; 441 victims affected by sudden death, and 731 victims of an aggravated robbery or serious assault.</p>		
Community benefit	<p>Victim Support is committed to reviewing our service delivery to ensure we continue to achieve our vision, enabling victims of crime and trauma to be in control of restoring their lives. Conducted annually, the consumer evaluation survey obtains victim feedback to enable us to gain a regular assessment of the quality of the Victim Support service. The key objectives are to provide information on: a) outcomes achieved – the difference Victim Support has made in assisting victims to get their lives back on track; b) effective processes – identify effective practices and ways service delivery might be improved; c) victim satisfaction – service.</p>		
Alignment with local	<ul style="list-style-type: none"> enabling residents and community groups to have a voice , 		

board priorities	<ul style="list-style-type: none"> • community-led projects and activities , • community safety programmes <p>Victim Support is a community based organization providing a range of free front-line support services to victims of crime, trauma, and suicide in our Central Auckland Communities, as they struggle through some of the toughest times of their lives. Our free, 24/7 service is delivered by highly trained volunteer support workers supported by our professional full-time staff. The victims we support are from all ethnicities and walks of life. Our training project at the Orakei Marae in August 2017 and early 2018, will deliver 60 new volunteers who, on completion of their training, will service our Central Auckland Communities.</p>

Demographics

Maori outcomes	<p>Yes Victim Support is a multicultural organisation with a strong integration of tikanga across all our services. Maori are drastically over-represented as victims of crime, and represent around a third of our clients.</p> <p>All our training is held on Marae and includes training on basic tikanga and te reo Maori. Our Board includes two Maori representatives, and Maori are well represented amongst our staff and volunteers, including our East Auckland Service Coordinator, Nikki Eruera, who is of Ngati Whatua Orakei.</p>
Accessible to disabled	Yes Our training and service is available to all members of the community.

Project details

Project title	Arts 4 Us Specialty and Drop-In Groups		
Dates	11/07/2017 - 14/12/2017		
Location	Arts 4 Us Specialty: Orakei Community Centre, 156 Kapa Road, Orakei; Arts 4 Us Dunkirk drop-in group: Dunkirk Community Centre, 50 Dunkirk Road, Panmure; Arts 4 us Oranga drop-in group: Oranga Community Centre, 52 Waitangi Road, Onehunga; Arts 4 Us Riverside drop-in group: Riverside Community Centre, 3 Bernard Street, Mt Wellington.		
Summary	Arts 4 Us is a group art therapy programme to be delivered at the Orakei, Dunkirk, Oranga and Riverside Community Centres, with weekly sessions from July to December 2017. There are two streams: a small group programme for school-aged children on the Autism Spectrum or with related disorders, and a drop-in programme for school-aged children from low-income or at-risk areas. Both groups focus on social skills and emotional literacy in the context of a supportive, creative, fun activity based group. There will be 32 specialty group sessions (2 per week, 16 weeks); plus 54 drop-in group sessions during the funding period. Both groups will be facilitated by experienced art therapists and supported by a team of assistants and volunteers.		
Requesting grant for	We are requesting funding towards all therapist fees, assistants fees, programme delivery, administration and co-ordination costs for delivery of Arts 4 Us Dunkirk, Riverside and Oranga and our Arts 4 Us Specialty at Orakei for the period of July to December 2017.		
Cost of participation	Our Arts 4 Us drop-in groups are free to enable as many children to attend as possible. For our Arts 4 Us Specialty groups, we request parent fees that cover a small amount of admin costs for the programme (no one turned away for lack of funds).		
Active participants	389	Audience size	1050
Promotion	Yes We will market the programmes in the local suburban newspapers, and also with listings in What's On, Eventfinder, Facebook and Neighbourly. We will also promote the programme through our networks, including local schools, TANI (the Asian Network), Disability Connect and The Children's Autism Foundation.		
Local board recognition	We will acknowledge the local boards' contributions on our supporters page on our website and also in our quarterly newsletter. We will also acknowledge the contribution on our Facebook page, and in any press releases and articles about the programmes.		
Reason for the project	Many parents in the Orakei and Waitematā Local Board areas have children with Autism and other related disorders, and have been requesting appropriate activities for their children. There are currently no other therapeutic art classes available in this area for these children. In consultation with local communities/activity providers, we also realised there is a need for drop-in art group for school-aged children in low-income areas within the Maungakiekie-		

	Tamaki Local Board area. There are several schools within walking distance of the Dunkirk, Oranga and Riverside Community Centres, but there is very little on offer that is accessible and no cost.
Community benefit	Community benefits of the Arts 4 Us programme include providing a programme for children who are often unable to attend mainstream activities due to heightened sensitivities and behavioural issues or who are from low-income/at-risk areas where other programmes aren't on offer. Benefits include developing creativity, self-expression and self-esteem, as well as developing social skills and emotional literacy. Sessions support the children's overall development (social, emotional, cognitive, sensory), as well as foster a sense of community belonging. We will know we have created these benefits through evaluation forms, review meetings, repeat enrolment of children and referrals to new clients.
Alignment with local board priorities	<ul style="list-style-type: none"> • people are more active in local arts, events and recreation activities, • we have places for children and people to gather, be active and be involved, improve the health of our community <p>Arts 4 Us Specialty is a unique weekly group designed for children and teenagers on the Autism spectrum and with other special needs providing them with an opportunity for active engagement in the arts that they might not have available to them through mainstream schools. The groups provide a safe space for children to gather and focus on visual art exploration and skill development through a supportive, creative, fun and active group that contributes to a healthy community by using art as therapy to work on the social, psychological and emotional health of the participants.</p>

Accessible to disabled	Yes Arts 4 Us Specialty is designed for children with special needs and disabilities, including Autism, Cerebral Palsy, Downs syndrome and cognitive delays. The programme is designed to be accessible for children with different abilities so that each person can participate and benefit from the session. The activities provided during the class are thoughtfully chosen to suit mixed-abilities and the venue was carefully chosen for its accessibility. The therapist and assistants who facilitate the programme are trained to work with groups of mixed-abilities so they are able to provide sessions that are inclusive and fun for everyone. The venue is accommodating of people in wheelchairs or with limited mobility, and care is taken to ensure these needs are catered for at each session.

If full amount requested is not able to be funded, would a smaller amount be of assistance?	Yes, If only part of the project can be funded, a grant for programme coordination and therapist and assistant fees would be the most essential. Our therapists and assistants are vital to the running of our programmes, so too are our programme coordination costs.

Project details

Project title	The Tara Project		
Dates	01/07/2017 - 09/07/2017		
Location	The boat will berth opposite the ANZ Viaduct Event Centre and associated events will centre around the Viaduct Basin		
Summary	<p>Our goal is for as many Aucklanders as possible to share the experience. The Tara Project consists of several events: 1 July – Powhiri to welcome the boat to Auckland; 1 – 9 July – Exploring Tara - school and public tours of the boat; 1 – 9 July – Tara on show – open air exhibition explaining the links with Sir Peter, the mission of the two organisations and the importance of ocean stewardship, locally and globally; 5 July – Our Oceans: celebrating the visit of Tara, Sir Peter Blake and our ocean heritage (an Auckland Conversations event). As well as contributing to science, the Trust and Tara Expeditions work daily to increase environmental awareness and are leaders in ocean stewardship, particularly among young people.</p>		
Focus specific information	<p>Manage and maintain: The messaging and mission behind this project is central to the mission of the Sir Peter Blake Trust and will be continued as part of its regular work.</p> <p>Community involvement: Alliance Francaise, New Zealand Maritime Museum, Steinlager 2 crew, supporters of the Sir Peter Blake Trust, the Royal New Zealand Yacht Squadron, volunteers from di ffer schools and universities, Auckland libraries</p> <p>Land owners: Panuku Development Auckland has given permission for the events to be held in the Viaduct area</p>		
Cost of participation	No, all events are free to schools and public. People will have to register though for boat tours and for a seat at the Auckland Conversations event.		
Requesting grant for	The Trust is looking for funding to assist with marketing and technical costs so that as many Aucklanders as possible get the chance to share the experience. As part of the free exhibition, we will be playing video inside onsite containers of never before seen footage of Sir Peter Blake about his research and the need for ocean leadership, Tara programmes about their research and information about the Hauraki Gulf. We also intend to create several large banners and print marketing material for distribution throughout the city.		
Active participants	20,000. The boat will be open to public and school tours for nine days. They are able to accommodate up to 60 people at a time and will run hourly tours. We anticipate very large crowds on the two weekends the boat will be berthed in the Basin. The Auckland Conversations event will accommodate 1000 people. This will also be live streamed.	Audience size	500,000+ based on database numbers and live streaming audience
Promotion of activity	Yes, We have access to several large databases, including Auckland Council events, Hauraki Gulf Forum, Alliance Francaise, Auckland Festival, Sir Peter Blake Trust. We will also be making good use of free listings, promoting through Auckland Council's regular comms channels (website, facebook, Our Auckland), as well as launching a media campaign in the week before the visit.		

Local board recognition	The local board's support and logo will be highly visible and actively promoted on online and printed marketing material, including event signage, fliers, posters and the Sir Peter Blake website • a representative will be invited to all events associated with the visit • the logo will also be included in all press releases and communications issued prior to and post the visit • local board support will also be highlighted in the quarterly Sir Peter Blake Trust newsletter, also housed on the Trust website • marketing material will also be distributed through several other channels and databases

Project details

Project title	Kids SUP		
Dates	23/11/2017 - 22/02/2018		
Location	Mission Bay Beach, Auckland		
Summary	Kids SUP is a category in our weekly summer series- where we encourage as many kids to participate, by providing free pre-season SUP training, and providing all SUP equipment free each week for kids.		
Requesting grant for	With funding we would like to offer a large end of season prize to the school with the most points- which they gain by the number of entries and placings earned. The prize being 5x new SUP boards, paddles and leashes.		
Cost of participation	Last season was \$139 per child for 10x races. This included their equipment at the beach each week, their race shirt and timing chip.		
Active participants	400 per season	Audience size	200 per week
Promotion	Yes, Website, Facebook, Newsletter, Schools		
Local board recognition	Website, Facebook, Newsletter (database 1000 people)		
Reason for the project	The kids SUP category has been the fastest growing category we have had in 5 Seasons, and each year the feedback from the school representatives (teachers/sports coordinators) has been extremely positive. Our numbers are growing each year and we are seeing more schools show interest, however they are lacking the equipment to practice in their own time.		
Community benefit	We are creating a safe, friendly yet competitive environment for school kids to try something new, take advantage of free training programs and free race equipment each week. We will know we have achieved this by the number of new school kids and as well as the different schools taking part.		
Alignment with local board priorities	<ul style="list-style-type: none">an active and healthy local community <p>The City Surf series was created by husband and wife team in 2012. We saw the need for an event where local families could catch up on a regular basis, while keeping fit over summer. We offer a friendly atmosphere where all ages and abilities can get involved and participate each week at Auckland's beautiful Mission Bay and Okahu Bay.</p> <p>Kids SUP is now our fastest growing category and we want to encourage more local schools to take part each week and increase their water confidence and skills in a safe environment where all equipment is provided.</p>

Project title	equipment for kids gymnastics programme		
Dates	01/06/2017 - 22/12/2017		
Location	YMCA Ellerslie Leisure Centre, 46 Michaels Ave, Ellerslie		
Summary	<p>Our award-winning gymnastics term programme caters for preschoolers through to teens. It provides children with a fun, learning experience where they have the opportunity to explore creativity through movement, develop motor skills and coordination while learning to interact with their peers, all under the supervision of trained instructors. In addition to the term programme, we run a Community Play drop-in option for parents to bring their children to the Centre to learn basic skills in movement and gymnastics. It is open for anyone from any socio-group who wants to come with their children and have some controlled fun and learn some new skills.</p>		
Requesting grant for	<p>Funding is sought to help with the purchase of a new tumbling mat for our gymnastics programme. A lot of our gymnastics equipment are old and have seen their useful lives. The mats are frayed around the edges and the foams inside are compromised after excessive use over the years. We are in desperate need of a new tumbling mat for safety reason and also skills extension for our young gymnasts.</p>		
Cost of participation	<p>Families pay a term fee that ranges from \$85 to \$140 depending on the type of class. The fee covers running costs and instructor salaries etc. Families who are willing but unable to pay can apply for fee assistance.</p>		
Active participants	320	Audience size	N/A
Promotion	<p>Yes, We promote the programme on a number of platforms including YMCA website, Facebook page, newsletter and email communication to members.</p>		
Local board recognition	<p>Website, social media and publications are some of the platforms to be used to acknowledge the Local Board's contribution. Also, we are open to other acknowledgement ideas from the Local Board.</p>		
Reason for the project	<ul style="list-style-type: none">- the programme has been running for many years and it continues to receive interest and support from the local community.- the number of kids enrolled. On average, we have about 150 participants enrolled per month.- the positive feedback from families using the programme. Some of the feedback includes "Great to get the little ones running around and learning the basics." and "Great relaxed environment for developing pre-school gymnastic skills. Equipment provides variety and a range of challenges. Thanks."		
Community benefit	<p>Some of the community benefits are:</p> <ul style="list-style-type: none">- Young children develop balance, strength, flexibility and other gross movement skills important for participation in sport, recreation and life-long health and well-being.- The programme teaches children and develops in them attributes such as commitment, courage, discipline, determination and other important personal skills to succeed in school and life. <p>Feedback from families, children making progress and continue to actively participate in class are some of the indicators that we have achieved these</p>		

	benefits.
Alignment with local board priorities	<ul style="list-style-type: none"> an active and healthy local community <p>The programme fosters the development of healthy body, mind and spirit in children by providing them with opportunities to learn skills in movements and gymnastics in an interactive and social environment. Participants develop coordination, motor skills, communication and social engagement – all vital to grow happy, healthy kids.</p>

Project title	Provide Safety repair equipment available for the community to use		
Dates	01/08/2017 - 30/04/2018		
Location	56 Howard Hunter Ave,		
Summary	<p>We wish to purchase Full faced helmets and Long fingered gloves for anyone from the community to use while riding the track. This is the required safety gear as well as long sleeve t-shirt and long pants (Which everyone has at home)</p> <p>We also wish to purchase a public cycle repair stand and pump so everyone in the community can fix their bike and pump up tyres before using the track or cycleway.</p>		
Requesting grant for	purchase 20 full face helmets, 20 long fingered gloves and 1 Public Cycle repair stand and pump		
Cost of participation	No fee

Glendowie Boating Club

Physical address	37 Glendowie Rd, Glendowie Auckland 1071

Project details

Project title	Ramp Extension		
Dates	15/07/2017 - 28/10/2017		
Location	37 Glendowie Road, Auckland		
Summary	<p>Extension to an existing wooden boat ramp. The current boat ramp is sufficient for launching/recovery of only one boat at a time and the congestion can be dangerous in certain conditions.</p> <p>The extension is a simple pile and deck construction, mainly wood that will enable at least 5 boats to be actively maneuvered together. The extension will be of the same profile and same construction material as the existing structure. It expands the width of ramp only, it does not increase projection seaward.</p>		
Requesting grant for	Design and engineering calculations plus the drilling for and siting of marine piles and decking material costs. Please Note: a large portion of this project will be in the form of self-help labour from club members.		
Cost of participation	Learn to Sail programmes currently cost \$220 per child participant for a ten week fully coached course, and includes use of equipment		
Active participants	250 sailing persons per year	Audience size	Eastern Bays, Glen Innes, Panmure catchment
Promotion	Yes, The expanded facilities will allow more prospective members. Advertisements to this effect will be made directly to schools and youth groups. Indirect advertising will be via our Club website and other media.		
Local board recognition	<p>The Club is very willing to acknowledge contributions through the Club website and also by appropriate (agreed) signage on the club premises.</p> <p>Local Board members will (and have been) invited to major Club events such as new boat launchings ... and ultimately the opening of the new deck</p>		
Reason for the project	There is a consistent congestion at the launching ramp at every planned sailing event or tuition period. There have been an increasing number of incidents or near-miss events being witnessed that could have caused injury. The expansion of club activities and membership (with youth) are putting pressure on the our ability to cope safely. The local community is experiencing rapid population growth, particularly with young families and we expect to have significant increase in membership. Safe operation requires better ramp facilities.		
Community benefit	<ol style="list-style-type: none">1. Safer boating activities evidenced by fewer incidents.2. Higher numbers of participating youth members3. Retention of teenage and early adult numbers within the club		
Alignment with local board priorities	<ul style="list-style-type: none">• community safety programmes,• an active and healthy local community,• sectors of the Ōrākei Local Board area community that previously have not benefitted from Council community funding <p>This proposed improvement to an existing boating ramp will improve many safety aspects involved around the operation of small training sail craft, predominantly for youth and children between ages 7-17yrs. Current launching and recovery of small craft with children under tuition is extremely tight and can be dangerous at times due to restricted ability to manoeuvre vessels. This</p>		

	extension significantly reduces operational risk and also allows the club to cater for larger numbers and wider use from different groups.

Demographics

Maori outcomes	Yes The Clubs is currently unable to cope with craft predominantly used by Maori (Waka) due to the launching ramps being too small. This extension will allow such craft to operate from the Club.
Accessible to disabled	Yes Access to the Club and its facilities is by means of ramps and easy-access doors etc. The open plan nature of the club lends itself to those with disabilities. We currently have active disabled (wheelchair) members of the club. The increased width of the ramp will increase the club's ability to cope with disabled sailors by an enormous amount.

Project details

Project title	Netball Court		
Dates	10/07/2017 - 31/08/2017		
Location	1 Grace Street, Orakei, Auckland, 1071		
Summary	Our current asphalt surface has been revamped Dec16-Mar17. The asphalt was in a very bad state and has been modernized with various play zones created. The netball courts which was in a horrible state has now been moved (planned) for outside our school hall. A lovely training area both school and community can get behind. We are now fundraising for our netball court.		
Requesting grant for	Funding towards resurfacing our netball court including markings.		
Cost of participation	no		
Active participants	400	Audience size	400 every year using the netball court
Promotion	Yes, We are taking enrolments for the netball teams for Term 2 intending to practice on our Tennis courts until the netball court can be upgraded. This is part of our choices program me at lunchtimes & after school. Also Volcanoes has advertised for member sign up on Neighbourly. With our Art Exhibition on 10th November we have the perfect opportunity to show off our school facilities, welcome community and have a fun weekend with our community. This is also an excellent opportunity to thank our sponsors.		
Local board recognition	Our school website has a space for our sponsors, also e utilize newsletters and tickbiz as ways of spreading good news or information about upcoming events. The Art Exhibition is a great opportunity to include Auckland Council as a sponsor of Orakei School. Both on the website and on the evening as a mention on Gala night. Please let us know if any members of Orakei Board would like to attend out Art Exhibition Gala 10 Nov 2017.		
Reason for the project	Yes, Orakei School has several netball courts & Volcanos also train on the court. All teams compete at Auckland Netball in Stonefields. The students have achieved excellent results in the past years. The children sign up for the season and attend trainings weekly as well as games.		
Community benefit	Community getting healthy together by playing sport in a friendly, welcoming environment. This training court is used by Orakei School students, Ngati Whatua of Orakei and wider Orakei Community. We know we achieve fun and friendship by reviewing the neighbourly and Facebook posts for our school and have assemblies where great news of the community success is shared.		
Alignment with local board priorities	<ul style="list-style-type: none">• an active and healthy local community Our School & Community practice netball on our school netball courts. Our training surface has been run down over 70 years with only patching work performed. Our new play space \$250k has not allowed for a netball court. We support 7 school teams and 15 local community teams training at our school. Training space is imperative and this court with be well utilized by all, during school hours & after school training.

Project title	We request support for our Hockey teams turf hire fees.		
Dates	01/06/2017 - 31/10/2017		
Location	Avondale College, Victor St, Auckland		
Summary	It is imperative the club secures the Avondale College turf hire facility to improve, develop and fine tune the hockey skills of all club players from junior, youth to senior and to produce more representative players. The Club draws its members from a diverse Auckland area. The Club having 300 members with 40 teams playing in competitions and over 100 juniors playing sport. As a means to provide clearly defined pathways for our emerging player and coaching talent, it is important to provide a playing and training venue for our hockey teams. By receiving support for this cost, this will improve the Club`s sustainability and provide sporting, training and recreational equipment and services to the Auckland community.

Project title	We request support to upgrade our website.		
Dates	01/07/2017 - 31/12/2017		
Location	Sport Auckland House, Level 4, Alexandra Park, Greenlane, Auckland		
Summary	<p>We are planning a major rebuild of our website, including some functionality that is currently not offered by other sites.</p> <p>Auckland Softball Association is looking at a new website that is easy to use and maintain and has everything integrated so users aren't taken to different portals breaking their user journey.</p> <p>From the end user perspective the three primary functions will be around registration, finding fixtures & results and keeping informed.</p>		
Requesting grant for	Website Upgrade stage 1		
Cost of participation	free		
Active participants	2000	Audience size	2000
Promotion	Yes, Through our website, Facebook page , to all stakeholders and schools and clubs.		
Local board recognition	Through our website, Facebook page , to all stakeholders and our annual report.		
Reason for the project	With the success of our Kiwisport coaching, we are severely short on vehicles. Our staff complete a large amount of travel annually travelling to schools and clubs in Auckland to provide our services.		
Community benefit	<ul style="list-style-type: none">- Improved sporting programmes for the community- Grow participation numbers- Improve performance levels- Ensure good communication and profile with all stakeholders- Provide sporting opportunities for youth- Support a healthy and social sporting environment		
Alignment with local board priorities	<ul style="list-style-type: none">• community-led projects and activities ,• an active and healthy local community,• sectors of the Ōrākei Local Board area community that previously have not benefitted from Council community funding <p>By receiving support for this initiative, this will improve the Association's membership, improve communication with all our stakeholders, and help create a social, healthy and sporting environment for children and youth.</p>

Project details

Project title	Removal of noxious Wattle trees
Dates	01/06/2017 - 30/06/2017
Location	7 Allison Ferguson Dr, St Johns
Summary	Removal of noxious wattle trees that spread seeds and multiple allergens. The wattles are causing a build-up of mould and are shadowing the courts which is becoming a health and safety issue as players using these courts are potentially at risk of slipping or falling causing injury to themselves. Removing these trees will eliminate this risk.
Requesting grant for	As these trees are large we are unable to undertake this project ourselves, due to H&S we need a contractor to come on site and undertake this work.
Promotion	No
Local board recognition	We will put in our newsletter which goes out to over 8000 members
Reason for the project	Due to the number of people suffering from allergies, the rapid growth of the Wattles and the build-up of mould on the courts causing them to become slippery causes a potential risk to players and community users.
Community benefit	Reduced symptoms for allergy sufferers, increased traction on the court preventing players/community members from injury.
Alignment with local board priorities	<ul style="list-style-type: none">an active and healthy local community Removal of noxious Wattle trees causing allergens, risk of injury to players and community
