Current situation

- Pressure on AGS turf
- Clubhouse
- Key Auckland club (one of three)
- Committee dedicated to finding a longer term solution – the next 100 years

Looking to the future

- Secure a 'home' turf in central Auckland
- Base funding available
- GAFWG programme - \$5.4m over next 5 years to fund 55% of capital cost but \$20m over medium term
- Socio economic and demographic profile of club membership
- Adept at securing funding from local govt and trusts
