

Piha Community Library Trust

Physical address	19 Seaview Road, Piha Auckland 0772		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not applicable	Legal status	Charitable Trust

Project details

Project title	Piha Community Library Trust 2017 Creative Arts Festival		
Dates	01/07/2017 - 30/12/2017		
Location	Piha Bowling Club, 23 Seaview Road, Piha		
Summary	The Piha Community Library Trust has been running these events at Pihama for the last 8-10 years. The objective is to give the community and others who attend a stimulating cultural experience meeting where they can meet and listen to artists, musicians, writers, film makers, poets etc.		
Focus specific information	Type of art form: Combined arts		
Requesting grant for	We would like to request the Board to cover the cost of the honorariums for the speakers and others, and the cost of the venue and for publicity.		
Cost of participation	\$20		
Active participants	20	Audience size	100
Promotion	Yes - The event will be advertised in local social media - Piha hook ups, Piha Community and Karekare Community facebook pages. Also on the Council webpages, plus the Piha News. Information will be sent through to the Western Leader and there will be notice place 2 weeks prior in 4 places around Piha and at the beginning of the Piha Road		
Local board recognition	The Board's contribution will be shown on the notice which are snet out and the Chair will acknowledge their support at the beginning of the event. The article following the event in the Piha News will also note the contribution.		
Reason for the project	This event has been run at Piha over the last 8 or so years and is always well attended and enjoyed by locals and visitors alike. It is great to provide such an event during winter out at Piha and bring together the community to enjoy a cultural event.		
Community benefit	Events such as these bring the community together to enjoy the chance of meeting and listening to creative people in the arts. The number of attendees shows the level of support for such an event outside the CBD.		
Alignment with local board priorities	<ul style="list-style-type: none"> local arts and events that recognise our inspiring settings and unique character <p>The festival gathers together leaders in the arts who work in film, books, songs, poetry from the Waitakere areas and surrounds, and allows the community and people from Auckland to enjoy their knowledge and learn about the character of the area.</p>

The Waitakere Ranges Protection Society Inc.

Physical address	10 Avenger Place, Glendene Auckland 0602		
Organisation/individual	Organisation	Main focus	Arts and culture
Umbrella organisation	Not applicable	Legal status	Incorporated Society, 445656

Project details

Project title	History of the Waitakere Ranges Heritage Area Act 2008		
Dates	03/07/2017 - 30/03/2018		
Location	10 Avenger Place, Glendene, Auckland 0602		
Summary	The Society has commissioned a history of the Waitakere Ranges Heritage Area Act 2008 by journalist Wayne Thompson who was an environmental reporter for the New Zealand Herald at the time leading up to and after the passing of the Act. We expect the history to be made available in a digital form. The publication of the history will be timed to coincide with 10-year celebrations of the Act.		
Focus specific information	Type of art form: Literature		
Requesting grant for	Funding for the research, writing, editing and publication of the History.		
Cost of participation	There may be a cost for the publication but we hope to make this free or very low if grant funding is successful.		
Active participants	10	Audience size	100,000
Promotion	Yes - We will promote the activity on our website, through Facebook, our newsletter, and potentially other channels in conjunction with 10-year celebration events and/or a launch of the publication.		
Local board recognition	We will include the local board's logo on key documents, invite the local board members to any launch event and recognise the board on our website and facebook page, and in our newsletter. We will also acknowledge the board's contribution in our annual report, and our annual return to the Charities Services.		
Reason for the project	Feedback from various groups about the need to publish a history of the Act while we can get personal recollections from key people. Given the upcoming 10-year anniversary it was also considered appropriate to time the publication for completion by April 2018.		
Community benefit	The benefits are to provide a permanent and accessible record of the WRHA Act. We will monitor access and use of the publication through download activity.		
Alignment with local board priorities	<ul style="list-style-type: none"> • preserve, protect and promote the Waitakere Ranges Heritage Area • recognise the cultural and historical heritage of the local board area including projects and events connected with WW1 commemoration <p>Our project is to commission a history of the Waitakere Ranges Heritage Area Act to celebrate 10-years since its assent. The production of the history is timed so that it is available by April 2018 to coincide with celebration events. The aim is that the history will enable greater understanding and promotion of the purpose of the WRHA and its role in protecting the Waitakere Ranges.</p>		

Community collaboration

Collaborating organisation/individual	Role
Approximately 30 individuals	Interviewees

Multiple groups, e.g. mana whenua, local board etc.	Interviewees

Demographics

Maori outcomes	Yes - Ngati Whatua and Te Kawerau A Maki were closely engaged in the progression of the WRHA Bill, and the final Act recognises the historical, traditional, and cultural relationships of people, communities, and tangata whenua with the area and their exercise of kaitiakitanga and stewardship as national significance and historical features of the area. Both groups will be invited to be interviewed for the history and share their story of the Act and its importance for mana whenua..
Accessible to disabled	Yes - We will ensure the publication is accessible (e.g. to the sight impaired).
Targeted at long term disability	No

Percentage of male	Percentage of female	All - not targeted at either male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
	%	%	%	%	%	100%

Target ethnic groups	All/everyone
-----------------------------	--------------

Financial information

Expenditure item	Amount
Fees for author to write the history	\$5,200.00
Expenses (e.g. travel to interviews)	\$1,000.00
Editing	\$1,500.00
Publishing in Ebook format	\$2,000.00
Contingency (inc. possible publicity)	\$1,000.00

Income description	Amount
Not identified	

Total expenditure	Total income	Other grants approved	Applicants contribution
\$10,700.00	\$0.00	\$0.00	\$1,000.00

Local board	Benefit to board area	Amount requested
Waitakere Ranges Local Board	100%	\$9,700.00

If full amount requested is not able to be funded, would a smaller amount be of assistance?	Yes - Any funding contribution will support us to deliver the project at lower cost, which will enable cheaper (and hopefully free) access for the public to the history. Our preference would be for the fees
--	--

	(\$5200) to be funded first followed by the expenses (\$1000).

Project details

Project title	The MenzShed Mural Film Project		
Dates	12/06/1917- 07/07/1917		
Location	126 Railside Avenue, Henderson		
Summary	<p>We are making an uplifting and spirited short film about the creation of a large outdoor mural at the Henderson Menzshed by the disabled artists from A Supported Life. The film will be edited using photos and video captured during the making of the mural as well as interviews and other footage to be captured by the filmmakers. The result will be an expressive montage of images, music and sound bites which reflect the mural itself as well as the industrial environment of the Menzshed. The film can be screened at Flicks in west Auckland, as well as entered in a number of film festivals including the national IHC awards. Schools, Youtube and websites are other platforms for distribution.</p>		
Requesting grant for	<p>The filmmaking fees are mostly for the editing of materials collated during the making of the mural. There is also one day of filming planned and a creative directors fee to ensure the high quality of the film.</p>		
Cost of participation	No cost		
Active participants	20	Audience size	100+
Promotion	<p>After the grand opening of the mural, we will show our film at FLICKS in Titirangi and/or Settlers Film Club in Oratia. We will also submit our film to some film festivals around New Zealand and the world, including Show Me Shorts (NZ), Focus On Ability (AUS) and Sprout Film Festival (NYC). Special schools around Auckland will also be notified of the film.</p>		
Local board recognition	<p>The Waitakere Ranges Board will be greatly acknowledged in the opening and closing credits of the film, including the name and logo.</p>		
Reason for the project	<p>The residents at ASL have been creating artworks for several years and although they have had exhibitions and art events, they have never documented their journey through the creative process. The medium of film can reflect the creative process and convey to an audience the experience of the artists while making a work of art.</p>		
Community benefit	<p>The main benefit in the making of this film the public awareness that it will generate. The public is largely unaware of the artistic potential of people with disabilities and what they can achieve. The success and the benefits of the film project will be evident from the audiences response. Parts of the film will also include sound bites from local community members who are watching the mural being made and mixing with the artists.</p>		
Alignment with local board priorities			

Community collaboration

Collaborating organisation/individual	Role
Kotuku Trust	Sponsoring the mural

Henderson Menzshed	Project support

Demographics

Maori outcomes	Yes, a small part of the mural contains a Tiki made by Bradley Huia, one of the painters who is Maori. Bradley will speak on camera about his experience making the mural and the meaning of his contribution.
Accessible to disabled	Yes, Once the mural is complete, there will be a grand opening on site, and the film will be projected at this event. All of the artists and residents of A Supported Life will be invited. Residents and tutors of other disability organisations will also be invited to the opening. The film will be distributed to disability organisations and schools to inspire other artists. Flicks at Lopdell House is another potential screening.. It will also be uploaded to the internet, making it accessible to others around the world.
Targeted at long term disability	Yes, once the mural is complete, there will be a grand opening on site, and the film will be projected at this event. All of the artists and residents of A Supported Life will be invited. Residents and tutors of other disability organisations will also be invited to the opening. Project details

Project title	He Kete Aronui Raranga Wananga in 2017		
Dates	20/05/2017- 14/10/2017		
Location	Hoani Waititi Marae		
Summary	He Kete Aronui will facilitate 1 two day wananga and five 1 day wananga per month from May to October 2017. These wananga will be open to the wider community of Auckland that will promote the art Raranga-Maori Weaving where an art installation will be produced for Hoani Waititi Marae.		
Requesting grant for			
Cost of participation	\$25 per person per 1 day wananga		
Active participants	20-25	Audience size	140-175 participants over the six months
Promotion	Word of mouth within Marae environment, production of information leaflet and social media.		
Local board recognition	We will invite local board members to our wananga where the local board will be publicly acknowledged at each of the 6 Raranga Wananga held during 2017. We will promote sponsorship by the board on our information pamphlet.		
Reason for the project	Currently the Pa Harakeke of Hoani Waititi is in dire need of maintenance and conservation as a result of lack of attention over the past few years. The marae community have indicated a desire to bring Raranga-Maori Weaving on to Hoani Waititi Marae. Individuals have approached He Kete Aronui seeking opportunities to learn to weave.		
Community benefit	Pa Harakeke conservation - healthy and disease free Pa Harakeke Pa Harakeke map of cultivars - all species of harakeke will be researched and identified Promotion and facilitation of Raranga Wananga - implementation of 6 Wananga in 2017		
Alignment with local board priorities	<ul style="list-style-type: none"> • protect and restore our natural habitats and biodiversity, including but not limited to projects that align with specific local board priority areas (Maui's dolphin, kauri dieback and control of weeds and pests) • support people to connect with nature or adopt environmentally responsible lifestyles • local arts and events that recognise our inspiring settings and unique character <p>To nurture, manaaki and maintain te Pa Harakeke o Hoani Waititi Marae. To design wānanga that provide the ongoing upkeep and conservation of the Pa Harakeke. To map out, plan and research the varieties and cultivators of harakeke. To learn taonga tuku iho associated with raranga the art of Maori weaving.</p>

Shane White	Marae Manager
Beverley Manahi	Kaiako
Te Puawai Mahi Toi	Orakei Marae Weaver

Demographics

Maori outcomes	Yes, These Wananga are open to Maori and non-Maori, however being based on the marae will ensure Maori protocol will be adhered to. A primary objective is to preserve the conservation of the Pa Harakeke with the completion of a map of all species of harakeke on the marae site. In addition to this will be the production of a raranga art installation for Hoani Waititi Marae.
Accessible to disabled	Yes, these wananga will be accessible to all people in the community.
Targeted at long term disability	No

Percentage of male	Percentage of female	All - not targeted at either male/female

Albionvale Village Greenspace Trust

Physical address	113 Albionvale Road, Oratia Auckland 0602		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not applicable	Legal status	Other: Special Purpose Trust

Project details

Project title	Restoration of shared garden in Cluster 5		
Dates	29/04/2017 - 30/06/2017		
Location	57 Albionvale Road		
Summary	We will weed the shed garden in this vicinity, place timber edging and old carpet which will act as an underlay to prevent weed regrowth and then cover this with bark mulch to a depth of 70mm. The community will then ask for donations from nearby residents of Cluster 5 to purchase suitable amenity plants that can beautify the garden.		
Requesting grant for	We have enough abandoned carpet and also volunteer labour. We need green waste bags, bark mulch and edging.		
Cost of participation	No		
Active participants	4 to 8	Audience size	N/A
Promotion	Yes - With a newsletter to the whole village prior to the days when volunteers will be needed to control weeds, spread carpet and mulch; acknowledging the Waitakere Ranges Local Board for its assistance. A street party will be appropriate at the completion and this too will be advertised with an invitation to WRLB.		
Local board recognition	Our own village newsletter and local urban media coverage. We should also post small signs in the garden thanking the Board for its support.		
Reason for the project	By consulting with the people living in the village since 2005 and who have watched the gardens deteriorate through lack of maintenance and enrichment.		
Community benefit	A sense of pride, well-being and community - plus an attractive garden setting for the residents of Cluster 5 and their visitors.		
Alignment with local board priorities	<ul style="list-style-type: none"> • Support our diverse communities to be healthy and safe and people feel that they valued, connected and belong • Promote youth well-being <p>Our village of 106 apartments and townhouses has no body corporation. Over the last three years the Trust's been restoring and maintaining the village's shared lawns and gardens with 3 grants from WRLB, resident donations and volunteering. There are large amenity gardens in Clusters 5 and 6 still requiring urgent mulching and planting. We hope to restore Cluster 3's garden with personal donations this year. All of this work supports villagers' appreciation for their environment, working together as a community and places for our children to safely play.</p>

Project details

Project title	International Day of Older People		
Dates	01/10/2017 - 08/10/2017		
Location	Glen Eden		
Summary	<p>We will organise an event that while recognising the older demographic, provides information, entertainment and refreshments to mark the International Day of Older People.</p> <p>In collaboration with the Glen Eden Business Improvement District Association, we will organise special gold card discounts where possible to foster economic activity in the town centre during that period.</p>		
Requesting grant for	<ul style="list-style-type: none"> - event management - catering - entertainment 		
Cost of participation	Free event		
Active participants	over 200	Audience size	over 200
Promotion	Yes - Local advertising in Library, shops, newsletters, invitations to tenants of pensioners flats and retirement village		
Local board recognition	Acknowledgement in advertising material, invitation to all local board members and staff to be present on the day (e.g. opening)		
Reason for the project	The previous event organised in 2015 was very successful. It was the only event organised in the area for IDOP.		
Community benefit	<ul style="list-style-type: none"> - an outing for people that live in more confined or constrained living conditions - socialisation for lonely people - information to help people make decision, e.g. in health, disability assistance, etc - encourage people to spend locally 		
Alignment with local board priorities	<ul style="list-style-type: none"> • support people to connect with nature or adopt environmentally responsible lifestyles • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong <p>This will be a special event to mark the International Day for Older People. The event held in 2015 was very successful and we would like to build on that. This event will encourage the attendance of older people who may otherwise not be involved in a community event, with activities/presentations appropriate to their age group.</p>

Funding history

Application ID	Project title <i>Round - Stage</i>	Decision <i>Total allocated</i>
APPLICANT HAS NOT SUBMITTED ANY PREVIOUS APPLICATIONS		

Waitakere WEA/ WEST - West Auckland Enterprise Skills and Training

Physical address	9 Henderson Valley Rd, Henderson Auckland 0612		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not applicable	Legal status	Incorporated Society 224579

Project details

Project title	WEST Means Business/WRLB		
Dates	03/07/2017 - 30/06/2018		
Location	9 Henderson Valley Rd, Henderson and various locations across the WRLB area		
Summary	<p>1. Development of the WEST Means Business Network to include businesses located within the WRLB area</p> <p>2. Development of the Buy Local Directory to include businesses located within the WRLB and promotion of the Buy Local Directory to the WRLB community as a way for the community to support local businesses and their local economy.</p> <p>3. Holding 4 business development workshops for businesses located within the WRLB area</p>		
Requesting grant for	<p>1. Contracting a Network Coordinator to work with existing business networks and associations including the Glen Eden Village Business Association and Greater Glen Eden, and local businesses to grow and develop the WMB Network and Buy Local Directory</p> <p>2. Development of the WMB Network and Buy Local Directory to include at least 50 new businesses located in the WRLB area</p> <p>3. Hold 4 Business Development workshops for businesses located within the WRLB area - including a 2 Day Develop</p>		
Cost of participation	There may be a small charge to participants when we are providing catering for an event.		
Active participants	50	Audience size	100 + additional social media followers
Promotion	Yes - Social media marketing, flyers, email to network members and relevant networks, Community Waitakere newsletter, Greater Glen Eden publications, Glen Eden Village newsletter		
Local board recognition	WRLB logo used throughout the WEST Means Business Network - on all publications. Board members invited to WMB events and Network meetings		
Reason for the project	Current Henderson Massey LB funding enables WEST Means Business to support small and homebased businesses within the HMLB area and WRLB funding has enabled us to support and develop businesses located in the WRLB area. Workshops in the WRLB area have been filled and businesses are keen to participate in further WEST Means Business programmes and Network. 100% of attendees evaluated the workshops as effective in their business development moving forward		

Community benefit	Support for new business, and existing small and home based businesses is limited in West Auckland. ATEED (Auckland Tourism, Events Economic Development) run a 'Starting Off Right' workshop which provides an overview to starting a business, however there is very little resource available for SME businesses to grow and develop. Businesses have asked specifically for support starting a business, marketing an existing business, developing an existing business and/or introducing a new product or business idea, and branding. WMB has developed a range of workshops and development support which Businesses in WRLB area are interested in attending.
Alignment with local board priorities	<ul style="list-style-type: none"> • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong • promote youth well-being • enhance our centres while keeping their essential character <p>Waitakere Ranges business and employment grows more local workers in local jobs, support for emerging, micro and small businesses, in particular, to develop and grow, targeted support for people who might otherwise struggle with management & marketing, increased awareness to foster more buy-local opportunities, collaboration and networking that helps overcome difficulties faced by individuals working in isolation or from home.</p>

Project Litefoot Trust

Physical address	Level 3, 1 Kenwyn Street, Textile Centre, Auckland 1052		
Organisation/individual	Organisation	Main focus	Environment
Umbrella organisation	Not applicable	Legal status	Charitable Trust 2115150

Project details

Project title	LiteClub Waitakere		
Dates	01/08/2017 - 31/10/2017		
Location	Redwood Park Golf Club (13 Knox Road, Swanson) and Piha Tennis Club Piha Domain, Piha)		
Summary	<p>Our team will visit each club to install energy efficient light bulbs, hot water cylinder and pipe insulation, water-saving devices and a waste minimisation programme. Our Sustainability Adviser assesses the building looking for efficiency opportunities beyond the immediate changes we make, for example, heating, ventilation, and appliance efficiency. These ideas are then turned into an Efficiency Action Plan (EAP), which sets out a list of specific actions that the club could take to further reduce their environmental impact and running costs. We also reach out to club members by installing posters and light switch stickers to inspire club members to take the same positive actions at home. We offer support and advice to clubs on an ongoing basis.</p>		
Focus specific information	<p>Environmental benefits: Less pressure upon national electricity, water and landfills systems; reduced carbon dioxide emissions from electricity generation; reduced methane emissions from compostable waste; decreasing consumption of heavy impact materials and non-reusable/recyclable packaging; improved reuse of materials.</p> <p>The environmental benefits are first realised at the implemented clubs and then at club members' homes in the wider community as members are encouraged to adopt sustainable practices, as seen at their club.</p> <p>Community involvement: Sports clubs, national and regional sports organisations (for example Squash Auckland), Harbour Sport, and club members and officials.</p> <p>Land owners: The nominated sports clubs register for LiteClub on our website and in doing so they enter into a contract, which gives LiteClub permission to implement the LiteClub programme at their club.</p>		
Requesting grant for	So far, we have received \$3,334 towards the general costs of the implementation from Auckland Council's RENH grant. In this application we request that Waitakere Ranges Local Board consider funding the shortfall of the project. The costs include salaries, materials installed at the club, administration costs, travel costs, and promotion.		
Cost of participation	None.		
Active participants	880	Audience size	880
Promotion	Yes - We will recruit clubs with the help of Sport Waitakere and various regional sports organisations for example Tennis Auckland. We will promote the community and environmental benefits of LiteClub by sending media releases to news media and posting photos and stories on social media and on our website.		

Local board recognition	We will send a media release to news media acknowledging Waitakere Ranges Local Board's support, plus we will thank Waitakere Local Board for their contribution to this project on social media and include the Auckland Council logo on the funders section of our website and brochure.
Reason for the project	The demand for LiteClub is huge: 148 clubs registered and are waiting for our service. Community sports clubs are facing difficult financial times. Many are experiencing membership decline, decreasing profits from bar facilities, and club operating costs are rising. Leading scientists conclude that we're depleting Earth's resources faster than nature is able to replenish them. LiteClub is measuring genuine impact reductions by reducing electricity consumption and emissions from waste sent to landfills. We are not aware of a comparable service giving free and independent expert advice on clubs' efficiencies.
Community benefit	By implementing the two Waitakere community sports clubs approximately 880 club officials and club members will be exposed to our messages. We believe these people and their clubs will benefit in terms of: Improved infrastructure for community sport; reduced electricity, water and waste disposal costs for clubs; improved human health and safety; improved aesthetics and functionality; enhanced 'feel good' via Litefoot Ambassadors inspiring change; enhanced cultural awareness of sustainability issues; increased awareness and uptake of electricity, water and waste minimisation practices.
Alignment with local board priorities	<ul style="list-style-type: none"> • support people to connect with nature or adopt environmentally responsible lifestyles • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong <p>- Liteclub works with community sports clubs, supporting their busy volunteers in lowering their running costs and environmental footprints - win win.</p> <p>- LiteClub helps reduce overhead costs of community sport facilities, enabling clubs to spend more on sports, thereby lowering barriers to participation, encouraging an active and healthy lifestyle; LiteClub physically improves clubroom facilities - they are warmer, dryer and healthier places for communities to gather as well as being more efficient.</p>

Friends of Whatipu Inc.

Physical address	242 Old Titirangi Rd, Titirangi Auckland 0604		
Organisation/individual	Organisation	Main focus	
Umbrella organisation	Not applicable	Legal status	Incorporated Society 1404424

Project details

Project title	Whatipu bioblitz		
Dates	27/10/2017 - 28/10/2017		
Location	Whatipu Lodge and area (Manukau Heads)		
Summary	With the help of invited scientists, a record will be made of all living species in the ecosystems surrounding the Lodge. Marine species along the beach, rocks and dunes, freshwater species in the streams and wetland, land species in the bush and dune margins.		
Focus specific information	Environmental benefits: Providing data to help future management Community involvement: Senior students, public and environmental activists Land owners: Auckland Council		
Requesting grant for	accommodation expenses for scientists, food for scientists and volunteers, some transport costs, marquee hire, and extras such as clipboards, urn hire, seating and table hire		
Cost of participation	No fees		
Active participants	50-60	Audience size	100+
Promotion	Yes - will make presentation to WR Local Board (13 April). Will advertise event on Facebook and WR conservation network and local papers.		
Local board recognition	We will invite local board members to the opening function		
Reason for the project	biodiversity data required by Auckland Council in management of scientific reserve and Waitakere Ranges Regional Park		
Community benefit	Citizen science encouraging people to help Ak Council to obtain necessary data.		
Alignment with local board priorities	<ul style="list-style-type: none"> • preserve, protect and promote the Waitakere Ranges Heritage Area • protect and restore our natural habitats and biodiversity, including but not limited to projects that align with specific local board priority areas (Maui's dolphin, kauri dieback and control of weeds and pests) • support people to connect with nature or adopt environmentally responsible lifestyles <p>A bioblitz encourages citizen inputs to establishing a baseline of knowledge about the biota, terrestrial, marine and freshwater, of the area. The results will help future management of the environment in the Whatipu area and will be held by Auckland Council, Regional Parks and Friends of Whatipu. It will include tangata whenua, senior students and scientists in biodiversity understanding.</p>

Waitakere Rivercare

Physical address	96 Bethells Road, RD1, Waitakere 0781		
Organisation/individual	Organisation	Main focus	Environment
Umbrella organisation	Wildlife Conservation Trust of New Zealand	Legal status	Not for profit community group

Project details

Project title	Relocation of Rivercare Nursery		
Dates	12/06/2017 - 31/03/2070		
Location	111 Bethells Road, Waitakere		
Summary	Relocating the nursery to make it more accessible, on a site closer to the main wetland restoration area, and closer to Bethells Rd, so that it is more serviceable.		
Focus specific information	<p>Environmental benefits: Last site currently available for wetland restoration along the Waitakere River</p> <p>Protection and management of 43ha of indigenous forest and wetlands</p> <p>Community involvement: The project involves Rivercare and Forest & Bird volunteers, local schools growing plants and local residents</p> <p>Land owners: Matuku Link Trust</p>		
Requesting grant for	Construction of nursery building (see attachment)		
Cost of participation	No		
Active participants	20	Audience size	20
Promotion	Yes - A Matuku Link community day was held in late January 2017 and attracted considerable support and new volunteers. From this regular newsletters will go out and the roadside location will attract people to come and assist.		
Local board recognition	The Local Board's contribution will be acknowledged in newsletters and we hope to see the Board in attendance at the opening of the new nursery on the site.		
Reason for the project	Waitakere Rivercare have been supporting ecosystem restoration projects for 20 years, mainly on private land. This is the largest biodiversity project to come to the group in that time and represents a major private initiative to protect and restore biodiversity in the Waitakere Ranges in the past 30 years. It strongly aligns with the Local Boards priorities and the Local Area Plan.		
Community benefit	The project is already engaging people in the community in biodiversity protection, who have not participated before, along with conservation supporters. This bodes well for strong support.		
Alignment with local board priorities	Plants raised in the nursery will restore wetlands along the Waitakere River. Our diverse local community and schools will be involved in collecting seed, raising plants and planting. The project brings together a number of local groups - Waitakere Rivercare, Beachcare and Forest and Bird.

Matuku Reserve Trust

Physical address	111 Bethells Road, Waitakere Auckland 0781		
Organisation/individual	Organisation	Main focus	Environment
Umbrella organisation	Not applicable	Legal status	Charitable Trust 2647492

Project details

Project title	Predator control at Matuku Link		
Dates	01/07/2017 - 01/06/2018		
Location	111 Bethells Road		
Summary	Funding is requested for hardware to do the predator control on Matuku Link, a wetland and podocarp forest linking several existing conservation projects, and for some support for the volunteers doing the pest control work.		
Focus specific information	<p>Environmental benefits: A safe corridor for flora and fauna between different West Auckland conservation projects.</p> <p>Community involvement: Our volunteers are mainly connected to West Auckland, though some come from the city or the shore. Our four trustees (John Sumich, John Staniland, Geoff Davidson and Chad Wilkie) as well as treasurer/secretary Annalily van den Broeke will be leading the project. Forest & Bird Waitakere members, Henderson Rotary members, Ark Bufferzone people, neighbours and several school groups have already helped and will continue their involvement. John Staniland is honorary ranger at neighbouring Forest and Bird Matuku Reserve and has been doing similar work with weed and pest control there since 1979.</p> <p>Land owners: Matuku Reserve Trust - the applicants - we are. After fundraising we paid \$1million for the property, another \$1 million is a loan.</p>		
Requesting grant for	Pest control done by volunteers.		
Cost of participation	Free.		
Active participants	At least 50 volunteers engaged in maintenance, restoration and weeding work, of which around a quarter will be doing baiting, trapping and monitoring.	Audience size	200 - 500 people in groups joining us at Matuku Link for information or education
Promotion	Yes - We will advertise our working bees on our website www.matukulink.org.nz , our Facebook page www.facebook.com/matukulink and at Eventfinder.		
Local board recognition	Logo will be printed and placed at the location of the working bee, as well as added to the "funders" page on the website.		
Reason for the project	Restoring the native biodiversity in New Zealand is a need supported by the national government. We are targeting the same pest as Predator Free New Zealand (rats, mustelids, and possums) as well as targeting pest plant species. For the educational component of planting by schools and groups we have already had more requests than we could fulfil, which means there is a definite need here.		
Community benefit	The main benefits are for the native flora and fauna. We will do monitoring of pest species as well as train the volunteers to do predator control, which they might want to apply to their own properties.		

Alignment with local board priorities	<ul style="list-style-type: none"> • preserve, protect and promote the Waitakere Ranges Heritage Area • protect and restore our natural habitats and biodiversity, including but not limited to projects that align with specific local board priority areas (Maui's dolphin, kauri dieback and control of weeds and pests) • support people to connect with nature or adopt environmentally responsible lifestyles <p>Matuku Link lies in the Waitakere Ecological District and in the Waitakere River catchment (identified as Natural Stream Management Areas in the AUP), immediately upstream of Te Henga Wetland: the largest wetland on the mainland of the Auckland region. The healthy broadleaf and podocarp forest will become a safe corridor for native fauna with quality predator control like neighbouring projects Ark in the Park, Matuku Reserve, Habitat te Henga and Forest Ridge community. Monitoring and pest control will be done by volunteers. Waitakere Rivercare will be raising ecosourced plants for revegetation and providing education opportunities for students and groups.</p>
--	--

Community collaboration

Collaborating organisation/individual	Role
Waitakere Rivercare Group	collaborators for the nursery

Demographics

Maori outcomes	<p>Yes - Not specifically but we did receive support for our aims by a representative from Te Kawerau a Maki: "Kia ora John,</p> <p>Thank you for the email and information. Given the positive relationship between Te Kawerau a Maki, yourself, and Ark in the Park, we would tautoko (support) this bid. It is encouraging to see a community group seeking to enhance and restore the native biodiversity of an incredibly important cultural landscape.</p> <p>Should this bid be successful, Te Kawerau would seek to engage both you and a representative from the Native Forest Restoration Trust in order to help provide an understanding of kaitiakitanga and cultural values.</p> <p>Noho ora mai" Scott Lomas MSc Heritage and Environment Manager Te Kawerau Iwi Tribal Authority.</p>
Accessible to disabled	<p>Yes - Most hands-on conservation projects in West Auckland do not offer volunteering opportunities for people with physical disabilities or less fit people. For instance Ark in the Park and Matuku Reserve are too steep and in winter too muddy. Pest control work requires a certain level of fitness. Other jobs on our project are accessible, since Matuku Link provides a flat-ish part which is accessible with a wheelchair, as well will provide as activities like potting up, weeding, and watering the plants in the nursery run by Waitakere Rivercare. The barn when renovated to Sustainable Wetland Centre, will be accessible and can be used as outdoor (sheltered) classroom as well as information centre for larger groups and school children, something else we can't offer at other locations.</p>

Gecko NZ Trust

Physical address	602-5 Stanley Point Road, Devonport Auckland 0624		
Organisation/individual	Organisation	Main focus	Environment
Umbrella organisation	Not applicable	Legal status	Incorporated Society 2559065

Project details

Project title	South Titirangi Neighbourhood Network Invasive Weed Treatment Project		
Dates	01/07/2017 - 30/06/2018		
Location	South Titirangi, Auckland		
Summary	<p>South Titirangi Neighbourhood Network (STNN) are intending to demonstrate to the wider neighbours that invasive weeds can be effectively treated in situ on private land with contractor assistance on difficult sites. Ten private properties have been selected based on eligibility criteria:</p> <ol style="list-style-type: none"> 1. Have invasive weeds on a section that's difficult or unsafe for them to manage (steep, beyond their ability if they are elderly or disabled). 2. Are involved or in contact in some way in STNN predator, weed control or neighbourhood social projects. 3. Would have a re-planting plan for maintaining weed control (after a contractor clears it) so it doesn't just re-infest. 4. Live near reserves where weeds can spread. 		
Focus specific information	<p>Environmental benefits: The benefits of this project include:</p> <ul style="list-style-type: none"> • Treatment in situ of invasive weeds on challenging sites for private land owners (steep or due to accessibility issues). • Providing encouragement to other private landowners within the STNN area that difficult access or large areas of invasive weeds can be removed/treated. • Minimise the spread of invasive weeds across neighbouring boundaries as invasive weeds know no boundaries. • Enabling natural regeneration on 10 sites due to inhibiting factors (invasive weeds) being removed. <p>Community involvement: The STNN coordinators have developed the criteria and identified the 10 priority locations to apply for contractor assistance.</p> <p>Land owners: There are 10 private properties that have applied for assistance to South Titirangi Neighbourhood Network,</p> <p>Building/site recognised in a council heritage schedule:</p> <p>Building/site registered with the NZ Historic Places Trust:</p> <p>Building/site accessible or visible to the public:</p>		
Requesting grant for	Gecko is requesting funding for STNN to provide invasive weed treatment services through a contractor to 10 private properties in difficult or unsafe locations for due to being steep or beyond landowner physical ability or disability and to provide local examples and education to other local landowners to encourage them to undertake invasive weed treatment.		
Cost of participation	No		
Active participants	200 households	Audience size	500 households

Promotion	Yes - This project will be promoted to landowners within the STNN area and specifically to the 200-500 (target growth) landowners participating in STNN activities. This project will be communicated to other community-based groups involved in weed removal to share the approach. Currently, STNN participants are canvassing neighbours to increase interest in removing invasive weeds and will share the treatment options they learn through the project.
Local board recognition	The Waitakere Ranges Local Board will be acknowledged as the sponsor of the project, will be acknowledged on Gecko's website (www.geckology.co.nz) with logo and other communication activities related to this project through Gecko NZ Trust and STNN.
Reason for the project	Gecko has been working with STNN for 18 months and they have increased their participation from 5 households to 200 over that time. STNN have developed their priorities, a pest control plan and a number of sub-groups for pest and weed control activities. This project has been developed by STNN to tackle invasive weeds on private land to demonstrate wider on how invasive weeds can be tackled in large scale or on difficult sites as this has been identified as a barrier for their long term aim of a weed and pest free South Tiritangi peninsula achieved by 2022.
Community benefit	This project has been proposed by the STNN to help their community understand that invasive weeds can be tackled to stop the spread further as weeds know no boundaries. The STNN is an example of a community coming together to tackle a range of environmental issues that they share a common interest and that together they can change the outcomes.
Alignment with local board priorities	<ul style="list-style-type: none"> • protect and restore our natural habitats and biodiversity, including but not limited to projects that align with specific local board priority areas (Maui's dolphin, kauri dieback and control of weeds and pests) • support people to connect with nature or adopt environmentally responsible lifestyles • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong <p>South Tiritangi Neighbourhood Network (STNN) is a neighbourhood-led initiative to "take action to improve the wellbeing of people and nature in South Tiritangi". STNN initiated a neighbourhood-led Pest Control Programme in April 2016 to bird back birds and bird song. They have successfully involved 200 of the 1300 households on the South Tiritangi peninsula in pest control in 10 months.</p> <p>This project will assist 10 private properties to undertake weed control in difficult or unsafe locations for due to being steep or beyond landowner physical ability and provide local examples and education to other local landowners on invasive weed removal.</p>

Local board	Benefit to board area	Amount requested
Waitakere Ranges Local Board	100%	\$14,054.00

If full amount requested is not able to be funded, would a smaller amount be of assistance?	<p>Yes - It would be possible to fund less than 10 sites for invasive weed removal. Each site will cost on average \$908.40 + GST. There is one cluster of 5 sites and this would enable a localised impact to be achieved, costing \$4,542 + GST.</p> <p>Project administration is an important part of the project to manage the contractor, ensure H&S obligations and liaise with private landowners. This reduced effort would impact ability to influence landowners to undertake their own invasive weed removal with or without contractor support. Minimum funding to be effective would be \$2,975 + GST.</p>
Conflicts of interest:	Chris Ferkins, Biodiversity Advisor at Council is a trustee of Gecko NZ Trust and has declared this role with his manager and a plan is in place to manage any conflicts.

Woodlands Park School

Physical address	202 Woodlands Park Road, Titirangi Auckland 0604		
Organisation/individual	Organisation	Main focus	Environment
Umbrella organisation	Not applicable	Legal status	Other: School

Project details

Project title	Woodlands Park School Bush Restoration Project		
Dates	03/07/2017 - 06/04/2018		
Location	202 Woodlands Park Road		
Summary	Woodlands Park School has a large bush block at the back of the school, which includes a stream. Over the last few years much of this area has been transformed through removal of invasive plants, weeding and native planting. The area is a core part of the school's sustainability education and is used by our Enviro teacher as a teaching resource. The school has held many working and planting bees to maintain the area but needs help to complete the main area of weeding and planting and also to maintain the great work to date.		
Focus specific information	<p>Environmental benefits: The environmental benefits of this project include:</p> <ul style="list-style-type: none"> Increasing local biodiversity, flora and fauna Removing weeds and invasive plants in the area Providing an ongoing source of seeds to propagate, share and potentially sell through the school nursery An improved riparian and Waituna Stream environment A vehicle to engage the school community and wider community in local stewardship of the area A vehicle for learning about nature and sustainability education, for students, the wider community and neighbours. <p>Community involvement: Our children at the school and keen local families.</p> <p>Land owners: Ministry of Education</p>		
Requesting grant for	We are seeking funding to continue to employ a lead worker to facilitate: <ul style="list-style-type: none"> weed eradication native bush restoration through the school nursery, in conjunction with the whole school and our Enviro team actively engaging students in their local natural environment promoting the area and the work being done throughout the school and wider community. 		
Cost of participation	No		
Active participants	500 (400 children plus staff and families)	Audience size	1000 (including casual visitors)
Promotion	Yes - Via school media and local media, entry into relevant awards and competitions		
Local board recognition	BY putting the council log on all communications and acknowledging council assistance in all media		
Reason for the project	This project is an important focus for the school and is in the last one or two years of weeding and planting, before it can go into a maintenance phase. The Valley we are working to strengthen contains for example Tom Tits, geckos, the		

	toru plant and kauri snails, all of which we are committed to sustaining into the future.
Community benefit	This area provides a great place for locals to use recreationally. School families volunteer in this project and neighbours bordering the school have cleared their weeds and have had children from the school planting plants grown by the school in their properties, and plants propagated in the nursery have been given away. Local experts in different fields have been brought in to educate and enthuse students about nature. We will gauge success on engagement of children and families in the project and use of the area by locals.
Alignment with local board priorities	<ul style="list-style-type: none"> • preserve, protect and promote the Waitakere Ranges Heritage Area • protect and restore our natural habitats and biodiversity, including but not limited to projects that align with specific local board priority areas (Maui's dolphin, kauri dieback and control of weeds and pests) • support people to connect with nature or adopt environmentally responsible lifestyles <p>This project involves the ecological restoration of a large block of bush around Woodlands Park School, which includes a stream. It involves removing invasive weeds and planting natives, in ways that minimise ongoing maintenance and maximise sustainability education within the school. The aim is to fill the area with native flora and fauna, support ongoing environmental education and for the children and to care for this area in ways that support local birdlife, insects, fish and plants.</p>

PestFreePiha

Physical address	59 Rayner Rd, Piha Auckland 0772		
Organisation/individual	Organisation	Main focus	Environment
Umbrella organisation	Protect Piha Heritage Society Inc.	Legal status	Not for profit community group

Project details

Project title	Pest-Free Piha Action Plans		
Dates	01/07/2017 - 31/08/2017		
Location	Piha Coastal Village		
Summary	Koru Biosecurity Management (Jack Crow) will prepare (1) an overall Pest-Free Piha Plan and (2) a costed Three Year Plan for Pest-Free Piha. These plans will provide the basis for funding applications to such organisations as DOC, Foundation North, TTCL, Next Foundation and for sponsorship for the private sector.		
Focus specific information	<p>Environmental benefits: Restoration of an iconic part of the Waitakere Ranges Heritage Area – the natural habitat and biodiversity, local board priority areas control of weeds and pests as well as kauri dieback. Learning from the project will benefit the entire WRHA and inform current and future initiatives.</p> <p>Community involvement: While this will be a major challenge, it is expected that in time every road in Piha and every property in Piha will be progressively involved in Pest-Free Piha and become pest weed and predator free</p> <p>Land owners: All the landowners of Piha as well as, in cooperation with Auckland Council agencies, the public land including road reserves in Piha.</p>		
Requesting grant for	Only the quote from Koru Biosecurity Management. The grant sought from WRLB is in the nature of a seeding grant, to enable the production of credible plans developed by an expert in the field. No funding is being sought from the WRLB for the activities that will be covered by the plans		
Cost of participation	no		
Active participants	30 participants being organisations and individuals within Piha and beyond consulted for the plans	Audience size	The target audience for the project is the entire Piha community of approximately 1000
Promotion	Yes - The activity (development of the plans) will involve close consultation with the entire community and the stakeholders for this sort of project within it. This will occur on all fronts - at the neighbourhood level; through local publicity and publicity in the media e.g. Western Leader, NZ Herald, Radio and TV		
Local board recognition	The plans will both bear the WRLB logo in a prominent place and the website, fb page and any media publicity will emphasise the WRLB and its environmental priorities. Where the Pest-Free Piha is mentioned, the board's involvement will be acknowledged. As a pioneering project, it is likely to attract publicity which will acknowledge the Board's seeding role.		
Reason for the project	It is high priority in WRLB objectives and there is increasing recognition in Piha that while some weeds and predators are being addressed through some ad hoc projects and AC initiatives, the overall situation in relation especially to weeds is getting worse by the day.		
Community benefit	By 2025, the Piha community will be living in a sanctuary. While this is a		

	<p>massive challenge, we believe that it is achievable within the strategies and timeframe (2025). If this is achieved it will improve the amenity of Piha properties, increase their value (being weed and predator free) and, most of all, will have engendered in the community a passion for Piha as a place where the environment dominates. As a "pilot" it will provide experience and learning that is highly relevant to achieving the WRLB priorities for the WRHA.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • Preserve, protect and promote the Waitakere Ranges Heritage Area • Recognise the cultural and historical heritage of the local board area including projects and events connected with WW1 commemoration. • Support people to connect with nature or adopt environmentally responsible lifestyles. <p>The activity will produce two costed plans to achieve weed pest and predator-free status for Piha by 2025. They will both (1) guide new activities and (2) provide a basis to seek other funding. By 2025 the pest-free area will about the Ark in the Park buffer zone - making possible the migration of Ark birds into the Piha catchment. Since Piha is both a (rural) coastal village but with 600 properties is also large enough to be comparable with urban communities bordering the WRHA, PestFreePiha will be a unique source of experience and information relevant to the entire WRLA</p>

Community collaboration

Collaborating organisation/individual	Role
Forest and Bird Waitakere Branch	Providing personnel, housed in its lodge in Garden Rd, who join working bees etc. Also, we plan to use the database being developed by Forest and Bird as part of our management systems
Ecomatters	Collaboration at all levels, including plant nursery, provision of administrative services, etc
Piha Kids Charitable Trust	Ensuring sustainability though involvement of local kids in project activities eg nursery, plantings
AC Biosecurity	Collaboration over monitoring and evaluation, integration of weed and pest management etc.

Demographics

Maori outcomes	Yes - Mana whenua are among the groups being consulted about the activity, in the light of their kaitiaki role in relation to the natural environment and the area covered by the plans.
Accessible to disabled	Not applicable
Targeted at long term disability	No

Wildlife Conservation Trust of New Zealand

Physical address	44 Te Aute Ridge Road, RD1, Henderson Auckland 0781		
Organisation/individual	Organisation	Main focus	Environment
Umbrella organisation	Wildlife Conservation Trust of New Zealand	Legal status	Not for profit community group

Project details

Project title	Swimmable Waterways Te Henga		
Dates	05/12/2017 - 20/02/2018		
Location	Lower reaches of the Waitakere River valley catchment above the tidal reach.		
Summary	<p>Taking water samples from 4x sites on Waiti Stream and Waitakere River, 2x samples each site each week over period of 12x weeks.</p> <p>These samples will be couriered and delivered to Aqualab for analysis. At the end of our testing we will report our findings to the local community and the Council. We will then discuss steps to rectify any problems.</p>		
Focus specific information	<p>Environmental benefits: By providing information on water quality issues we would aim to Increase our communities knowledge of the ecological values of the area, and of the tools available for ecological management on private land. We would hope to drive incentives for property owners to improve their septic systems, exercise good dog management and fence off riparian margins. Rather than them having an attitude of entitlement we would hope to encourage locals to exercise stewardship of the ecosystems around them and encourage practical work aimed at increasing the viability of existing habitats with enhanced biodiversity.</p> <p>Community involvement: While we are a select group of people who are passionate about working towards improving the health of the Waitakere River waterway system. When we report back with our findings we are hoping to engage as many community members as we can in the review and implementation of any solutions to the E coli standards.</p> <p>Land owners: Testing sites are on public riparian reserves.,</p> <p>Building/site recognised in a council heritage schedule:</p> <p>Building/site registered with the NZ Historic Places Trust:</p> <p>Building/site accessible or visible to the public:</p>		
Requesting grant for	The cost of laboratory testing of 96x water samples at Aqualab Laboratory Green Bay. Transport and courier costs for delivery of samples to laboratory. Cost of 30x Petri film investigations. Purchase of sampling equipment and consumables.		
Cost of participation	No there is no cost.		
Active participants	Initial testing will be carried out by a team of six people.	Audience size	Our results will be reported back to the local Te Henga community.
Promotion	No -		
Local board recognition	We see the local board as the positive interface of Council. We will acknowledge them and their moral and financial support in public meetings with the community and on the Bethells Bongo and Talking Stick Facebook sites.		
Reason for the project	These Council commissioned reports tell the story-		

	<p>The 2016 study 'Auckland West Coast Lagoons: Sources of Faecal Contamination' published by Auckland Council states found strong evidence of faecal contamination by ruminant animals, along with bird and dog sources.</p> <p>The Bethells/Te Henga/ Waitakere Valley Local Area Report 2010 showed evidence of septic seepage from the base of Tasman View Road and also from the direction of the coastal village and human sourced E coli in the lagoon.</p> <p>In 2015 Eco Matters Environment Trust found a number of the older septic tank systems observed at Te Henga were not functioning adequately.</p>
Community benefit	<p>At present there is quite a bit of confusion in our Community around the sources of faecal contamination in our local waterways. We wish to clarify the situation for our community and make them aware of the true drivers behind the degradation through our own community driven scientific findings.</p> <p>As a result of this we would hope to see individuals motivated to rectify any problems. It is our intention to work with various community initiatives and work together on solutions.</p>
Alignment with local board priorities	<ul style="list-style-type: none"> • preserve, protect and promote the Waitakere Ranges Heritage Area • protect and restore our natural habitats and biodiversity, including but not limited to projects that align with specific local board priority areas (Maui's dolphin, kauri dieback and control of weeds and pests) • support people to connect with nature or adopt environmentally responsible lifestyles <p>Our application references the outcomes, key actions and implementation notes pertaining to the protection of water quality in the Waitakere River catchment contained in the Local Area Plan 2015.</p> <ul style="list-style-type: none"> • The biodiversity of the area is enhanced. • Increase community knowledge of the ecological values of the area, and of tools for ecological management on private land. • Exercise stewardship of significant ecosystems, continuing practical work aimed at increasing the viability of existing habitats. • Implement measures to address water quality issues in Te Henga lagoon. • Continue to support the initiatives of landowners, volunteers and community groups that enhance the ecology of the area.

Community collaboration

Collaborating organisation/individual	Role
None identified	

Demographics

Maori outcomes	<p>Yes - Te Kawerau a Maki outlining their concerns around the protection of water in the Waitakere Ranges have shown their concerns are in line with our own. 'The mauri (life-force) of all natural waters should be protected, and the food producing capacity and life supporting capacity of natural waterways should be protected and enhanced. The iwi wants waterways to be managed to a level that ensures their use as a food source and supports active restoration programmes, including stream edge planting. Above all, the iwi requires that the spiritual and cultural concepts should be recognised as key issues in water management.'</p>

Glen Eden Residents Association

Physical address	37a Shetland Street Glen Eden Auckland 0602		
Organisation/individual	Organisation	Main focus	
Umbrella organisation	Glen Eden Community Protection Society Inc	Legal status	Not for profit community group

Project details

Project title	Glen Eden " Street Eats!"		
Dates	07/10/2017 - 31/03/2018		
Location	Glen Ora- 50 Glendale Road Glen Eden		
Summary	To run street eats community events 5 times over the summer period October to March.		
Focus specific information	Event rain dates: a Saturday night from October to March Event time: 5pm onwards Event producer/contractor/3rd party: No		
Requesting grant for	We are requesting funding for the insurance, advertising, rubbish management, security and cleaning. As this is the first time an event like this has been run in this way we are not 100% sure of the costs however will be happy to return any unused funds and intend to seek sponsorship from local business where possible.		
Cost of participation	it is free entry and people pay as they go for food		
Active participants	250-300 approximately (difficult to ascertain)	Audience size	Difficult to gauge as this event has not been run before but it is available to anyone from the community.
Promotion	Yes - Facebook, Flyers, posters in the local businesses		
Local board recognition	The logo of the board can go on the flyers and be acknowledged on the Facebook page.		
Reason for the project	There is a lot of community interest in the event and these kinds of events are quite successful in other areas. The fact that the group is mindful of the cost, the placement of the event and consideration of cultural mix should make it accessible to as many from the community as possible.		
Community benefit	We will know if we have achieved if people attend and we get good feedback. The community benefits will be that people will have a chance to mix with their community and come together to share food.		
Alignment with local board priorities	<ul style="list-style-type: none"> • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong • promote youth well-being, local arts and events that recognise our inspiring settings and unique character <p>A " Street Eats" activity in partnership with Glen Ora will provide an opportunity for the community to get together for a safe, fun evening over the summer period. The activity specifically relates to the unique diverse community of Glen Eden and is being organised by residents for residents. The activity will run each month from October to March. The price point of the food options is to be kept at an affordable level for all our community to be able to enjoy and participate as</p>		

	well as including cultural options.

Henderson-Massey Local Grants Round Two 2016-17

LG1705-240

Kumeu Brass Inc

Physical address	Gate 7, Kumeu Showgrounds, Waitakere Rd, Kumeu Auckland		
Organisation/individual	Organisation	Main focus	Arts and culture
Umbrella organisation	None identified	Legal status	Charitable Trust 221584

Project details

Project title	Band room Building Extension		
Dates	01/01/2018 - 30/06/2018		
Location	506 Waitakere Rd, Kumeu; PT Lot 9 Deeds Whau 56		
Summary	The proposal is to extend the band room by approximately 50%, enabling all members to comfortably fit in for rehearsals and to include a separate space for teaching.		
Requesting grant for	Building work and associated building consent and architect costs.		
Cost of participation	Not applicable		
Active participants	Not applicable	Audience size	5000 approx. across all events over a year, though no people will be involved in the building project.
Promotion	No		
Local board recognition	Local board members will be invited to various events which the band partakes in. However, the main means of acknowledging the Local Board will be through the use of their logo on the band's website and in advertising materials and concert programmes. Signage could also be placed on or inside the band room.		
Reason for the project	The three bands under the Kumeu Brass umbrella - Vintage Brass (mostly-retired men & women) which has seen large growth in numbers recently; Kumeu Brass and Evolution Brass (the junior band). Vintage Brass is unable to all fit into the room to rehearse. On occasion when the bands wish to rehearse together, this is entirely impossible. There is clearly a need for a brass band in the northwest of Auckland, as evidenced by the number of occasions upon which the various bands are asked to perform within the community. Please see the separate file on work undertaken by the bands during 2016.		
Community benefit	The band room extension will benefit the three bands, by enabling them to continue to thrive, and to continue to serve the community. The extension will also make it much more viable to teach more than one learner at a time. The completion of the building project will be immediately apparent, but the primary driver is the long-term benefits and the bands' ability to continue to involve as many people as possible in their activities. The bands perform an important civic function not only in Kumeu, but in the surrounding areas of Hobsonville, Henderson, Massey, Swanson and Helensville.		
Alignment with local board priorities	Waitakere Ranges <ul style="list-style-type: none"> • promote youth well-being • local arts and events that recognise our inspiring settings and unique 		

	<p>character</p> <p>Kumeu Brass is seeking funding to enlarge its band room, as numbers have grown to such an extent that not all players are able to fit in the building. Kumeu Brass (comprising 3 bands - Vintage Brass, Kumeu Brass & Evolution Brass) has served the community for 70 years, by providing music for Anzac Day parades, Christmas parades and numerous concerts. In addition, the band teaches young learners. Kumeu Brass has a strong record of promoting community involvement in the arts.</p>

Project details

Project title	CNSST CLC - New Lynn Art Project and Exhibition		
Dates	26/08/2017 - 16/12/2017		
Location	45 Totara Ave, New Lynn (New Lynn Community Centre)		
Summary	<p>Art and Cultural Project (art learning and art exhibition)</p> <p>1. For children/youth aged 5 to 15: organise weekly art learning sessions to prepare for an artwork for exhibition. Art tutors will empower them to improve their skills and prepare for art exhibition.</p> <p>2. For their families: To socialise together, to meet new people, make friends, connections and participate create the glue that holds our community together. To take part in the art exhibition.</p>		
Requesting grant for	<p>Art Tutors Cost</p> <p>Programme Promotion</p> <p>Equipment: 1 Whiteboard</p>		
Cost of participation	\$10 for 10 sessions art learning per child; Free entry for art exhibition		
Active participants	50	Audience size	200
Promotion	<p>Yes - Newspaper</p> <p>Social Media WeChat</p> <p>Website</p>		
Local board recognition	<p>1. The logo of Auckland Council will be published on any promotion of the programme</p> <p>2. Auckland Council Local Boards will be listed separately in CNSST Annual Audited Accounts</p> <p>3. Auckland Council will be officially acknowledged in CNSST Annual Report by the Chairman's Report.</p> <p>4. If the signage or banners of Auckland Council is provided, we will display it at our New Lynn Branch to acknowledge the support.</p> <p>5. The local board representatives are warmly welcome to join the programme and connect with the children and young people.</p>		
Reason for the project	<p>CNSST CLC New Lynn Branch has over 150 students on a weekly basis. The need of art learning and exhibition grow out of these 150 families. The Management Team has been informed about the children and parents that they are willing to extend the art skills and prepare for an art exhibition.</p>		
Community benefit	<p>1. More participation in social, art and cultural activities instead of social isolation.</p> <p>2. Enhancement of communication in the local community through joining the interactive event that requires active participation.</p> <p>3. Improvement of the local children's wellbeing through fun, happiness, art</p>		

	upskills of children and youths. 4. Enhancement of the local community cohesion through connecting the parents and families together.
Alignment with local board priorities	Waitakere Ranges Local Board <ul style="list-style-type: none"> promote youth well-being This art project and exhibition focus on the children and youth by empowering and cultivating their art skills and team work spirit. The total 50 young artists will learn from the 10 learning sessions to interact and learn artful skills as well as completing one art work. They will have the opportunity to exhibit their art work to their families and the community. The process is not only upskilling but also building their confidence and communication skills. Hence, the whole project contributes to the youth wellbeing in that sense.

Project details

Project title	Project and Administration Co-ordination and support		
Dates	01/07/2017 - 30/06/2018		
Location	2 Claude Brookes Drive, Henderson		
Summary	<p>To deliver our projects the Projects and Administration team focus on the following key operational areas: effective project development, delivery and evaluation systems; strong networks including funders, community members, other service providers; sustainable funding streams. We need to ensure these operational needs are consistently met, and contribution towards this is vital for us to continue to deliver projects that build community resilience and communities free from violence.</p> <p>Because we aim to involve community members in the development and delivery of our projects, this often means that community members voluntarily contribute a significant amount of their time. This 'bottom-up' approach to improving community outcomes is enhanced with the community development support, experience and expertise our Projects and Administration team provides.</p>		
Requesting grant for	We request a contribution to the overall administration and co-ordination of our projects, and our office rent. This will support the ongoing delivery of all our projects, in particular by assisting our Project Leaders of Toddler Day Out 2018, Our Amazing Place, Jade Speaks Up, Little Kauri, and our Bullying: Not Our Future project.		
Cost of participation	No		
Active participants	800	Audience size	30,000
Promotion	Yes - We promote Violence Free Communities through our website and Facebook pages, and at various community network engagement meetings. We create marketing plans for all our projects with the aim of reaching the specified target groups as effectively and economically as possible.		
Local board recognition	The Local Board logos are included on all hard copy marketing material, and listed on our website as a sponsor. We also invite local board members as guests at our events.		
Reason for the project	We have worked within West Auckland for over 18 years now. Our reputation as coordinators of collaborative events is very high in our community and feedback and evaluations we receive tell us that our collaborative projects are relevant, effective and needed. Toddler Day Out attracts several 1000's of people annually, is informative and transformative for families who attend; there is ongoing interest and request for support and mentoring for new Our Amazing Place iterations; parents and teachers report the benefits of Little Kauri with new entrants successfully transitioning to school; preventing bullying requires long term commitment to creating social change.		

Community benefit	Violence and crime rates have reduced in West Auckland, against the national trend. We believe our projects contribute to this positive trend, because of their wide reach. This year, the Bullying: Not Our Future project will engage with hundreds of West Auckland youth; Our Amazing Place iterations planned will reach many families; Jade Speaks Up DVD will likely reach up to 10,000 children; Toddler Day Out will attract at least 10,000 people. We evaluate all our projects to meet objectives, and address areas for improvement. These evaluations report enjoyment, greater community connection, and improved parenting skills – all factors in reducing violence.
Alignment with local board priorities	<p>Waitakere Ranges</p> <ul style="list-style-type: none"> • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong • promote youth well-being <p>Our projects build connectedness within communities, and we work to develop collaborative relationships with community members and local community organisations to guide us in the development and delivery of our projects. This creates opportunities for diverse communities and their members to feel valued and connected by being meaningfully involved in our projects. Because our purpose is to promote violence free communities, all projects are aimed at improving community safety. Our BNOF – Bullying: Not Our Future project is focused on and co-created with youth of West Auckland, ensuring youth ‘voices’ are integral to the development and delivery of this programme.</p>

Demographics

Maori outcomes	<p>Yes - Our initiatives are mostly run in West Auckland, so we aim to target all community groups, including Maori, Pasifika, and those from low socio-economic backgrounds. We seek out collaborative relationships with organisations representing Maori, and Maori community members. Their guidance assists us to target identified needs of Maori in our communities. Toddler Day Out attracts a high component of Maori attendees; we purposefully seek out the involvement of Maori Early Childhood Education and other service organisations. Participants of Little Kauri Successful Transitions to School are mostly Maori; Jade Speaks Up DVD was produced to clearly reflect New Zealand’s unique cultural diversity, particularly including Maori; and our Bullying: Not Our Future project is co-created with youth – many of whom are Maori.</p>
-----------------------	--

Accessible to disabled	Yes - We aim to target all community groups within West Auckland, including people with disabilities. We therefore seek out collaborative relationships with those organisations representing people with disabilities. Their guidance assists us to identify the best ways to make our projects accessible to people with disabilities in our communities. We contract a sign interpreter for Toddler Day Out and are currently working collaboratively with other disability groups to ensure better accessibility for people with disabilities to this event.

Project details

Project title	West Auckland Street Youth Work Project		
Dates	01/07/2017 - 30/06/2018		
Location	Streets, malls, parks, railway stations etc in Henderson, Ranui, Glen Eden and New Lynn		
Summary	<p>The West Auckland Street Youth Work Project was originally established in Henderson in response to the killing of dairy owner Arun Kumar by two teenagers in 2014 along with a spike in youth crime in the area. In partnership with other local youth service providers, the project has been expanded to include Ranui (Ranui135), Glen Eden (Glen Eden Baptist Church) and New Lynn (Generation Ignite). The project involves teams of youth workers going out onto the streets at peak times to connect with disengaged and at risk youth. Once a relationship is established, youth workers look to transition young people into a youth development programme or service offered by the four partnership groups and/or other appropriate community support services</p>		
Requesting grant for	<ul style="list-style-type: none"> - Street youth-work uniforms: essential so young people can identify Zeal youth workers on the streets. - Youth worker training: e.g. Mental Health 101, First Aid and RAP (Response Abilities Pathways). - Transport: youth workers are supplied with hop-cards for trains and buses in order to engage and pursue young people - Youth worker wages: Zeal has MOUs with Ranui135, Generation Ignite and Glen Eden Baptist Church. Each partner group provides 20hrs of street youth work p/week. Our aim with additional funding is to increase each youth worker's rate of pay to \$19 p/hr and each centre's hours to 30 p/week. 		
Cost of participation	There is no cost to young people for this project		
Active participants	Team of approx. 15 youth workers	Audience size	Approx. 3000-3200 interactions with young people per annum
Promotion	No -		
Local board recognition	Auckland Council Local Board funding will be acknowledged in Zeal's Annual Report and Audited Accounts.		
Reason for the project	<p>The West_Auckland_Street_Youth_Work_Project responds to the need for improving community and youth safety and reducing youth crime. Many young people on the streets are disconnected and have fallen through the cracks. The use of synthetic drugs is one of the most significant problems encountered by our youth-workers along with anti-social behaviour, loitering, violence, vandalism, alcohol abuse and misuse, and petty crime. The street culture is very dangerous with street gangs being a huge issue in West-Auckland. Using a strengths-based approach youth-workers build positive youth engagement, enhance community safety and ensure young people get the right support and</p>		

	the right services.
Community benefit	<p>This project focuses on improving community safety and the safety and wellbeing of at-risk youth who frequent West Auckland hot spots at peak times. This is measured by:</p> <ul style="list-style-type: none"> - Number of trained youth workers on the streets - Number of direct engagements and interventions with vulnerable and at-risk young people - Number of youth referred to Zeal youth facility or partnership groups - Number of youth referred to other community support services - Reduction of loitering, anti-social behaviour and youth crime in areas of operation
Alignment with local board priorities	<p>Waitakere Ranges-</p> <ul style="list-style-type: none"> • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong • promote youth well-being <p>In collaboration with Glen Eden Baptist Church, Zeal recently extended the West Auckland Street Youth Work Project into Glen Eden. Teams of street-based youth workers connect with young people in known “hot-spots” at peak times. By offering a presence on the streets where young people can go for help, along with a range of support services and referral agencies, we are able to contribute to a healthier and safer community and to the overall well-being of Glen Eden’s vulnerable and at-risk young people.</p>

Community collaboration

Collaborating organisation/individual	Role
Ranui 135	Youth Work Broker
Generation Ignite	General Manager
Glen Eden Baptist Church	Youth Pastor

Demographics

Maori outcomes	<p>Yes - Approximately 80% of young people encountered on the streets are Maori or Pasifika.</p> <p>Zeal has a strong commitment to bicultural practice and acknowledges the importance of tikanga Maori when working with Maori.</p> <p>Built into our models of practice is a Maori adaptation of the Circle-of-Courage emphasising a journey from Whanaungatanga (Belonging) to Tohungatanga (Mastery), Tohungatanga to Mana Motuhake (Independence), and Mana Motuhake to Atawhai (Generosity). Zeal also adopts Te Whare Tapa Whā health development model which is informed by the notion that a young person is like a Wharenuī (meeting house) and recognises the importance of holistic development across the spheres of taha tinana (physical health), taha wairua (spiritual health), taha whānau (family health) and taha hinengaro (mental health)..</p>

Project details

Project title	Housing Call to Action		
Dates	01/07/2017 - 30/06/2018		
Location	9 Henderson Valley Rd, Henderson, Auckland		
Summary	The Housing Call to Action network (HC2A) is a network of community, social sector, NGO and Central and Local Government organisations that have an interest in the housing sector. The HC2A mandate is to promote affordable, sustainable housing and provide a platform where housing and homelessness issues can be raised and solutions identified.		
Requesting grant for	<p>To organise and convene (notification and facilitation) monthly HC2A meetings of organisations involved in housing issues out west, including one annual planning meeting and any additional meetings</p> <p>To coordinate the annual 'Guide to Homelessness and Housing in West Auckland – connecting the housing sector with community and social sector providers. To identify and collate information on initiatives and services that can be accessed by those working in the housing/homelessness sector and create a resource available through hard copy and online database which will be distributed to community organisations, libraries in West Auckland local board areas</p>		
Cost of participation	0		
Active participants	50	Audience size	150
Promotion	Yes - We will promote through the WEST website, on the Housing Call to Action Facebook page and through the Community Waitakere newsletter		
Local board recognition	The local board logos will be used throughout the Housing Call to Action communications - on all publications and also acknowledged on the website. Board members will be invited to attend and/or present at monthly meetings and the annual 'guide to housing and homelessness' meeting. The local board logos will also be on the printed and digital resource which will be distributed to community organisations and libraries etc		
Reason for the project	The Housing Call to Action has been a platform for those working in the housing and homelessness sector and the community to access information and support to address housing and homelessness issues. The guide to housing and homelessness meeting will enable the collation and distribution of much needed information about who is working in the area of homelessness in West Auckland and where to go to get support		
Community benefit	The community and those working in the housing sector will be able access information and support to address housing and homelessness issues.		
Alignment with local board priorities	Waitakere Ranges- <ul style="list-style-type: none"> • support our diverse communities to be healthy and safe and people feel 		

	<p>that they are valued, connected and belong</p> <ul style="list-style-type: none"> • promote youth well-being • enhance our centres while keeping their essential character <p>To organise and convene (notification and facilitation) monthly HC2A meetings of organisations involved in housing issues out west, annual planning meetings and convene working groups.</p> <p>To coordinate the annual 'Guide to Homelessness and Housing in West Auckland – connecting the housing sector with other community and social sector providers. To identify and collate information on initiatives and services that can be accessed by those working in the housing and homelessness sector and create a resource available through hard copy and online database which will be distributed to community organisations, libraries, and community houses in West Auckland local board areas</p>

Piha Surf Life Saving Club

Physical address	23 Marine Parade, Piha		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not required	Legal status	Incorporated Society

Project details

Project title	Back bone Admin work		
Dates	27/03/2017 - 16/05/2017		
Location	23 Marine Parade Piha		
Summary	Before everything we do at Piha, we have an administration manager who oversees every aspect of running a surf club. She is the nuts and bolts of the surf club.		
Requesting grant for	Admin salary		
Cost of participation	Nil		
Active participants	one initially	Audience size	590 club members
Promotion	No		
Local board recognition	Monthly newsletter, Annual Report at the AGM will acknowledge the generous support given from the Auckland Council		
Reason for the project	To run an organisation as the Piha SLSC we need a lot of behind the scenes to take place. Systems, procedures need to be put in place.		
Community benefit	By running a successful Surf Life Saving Club our benefit to the community and all people who visit the beach is invaluable. We teach our young community members responsibility, care for the environment, skills to carry them through life.		
Alignment with local board priorities	<ul style="list-style-type: none"> • we have places for children and people to gather, be active and be involved, • support community-led initiatives and action, • improve the health of our community <p>By starting our Juniors at age five, we teach and educate about safety in and around water. We bring families together through shared activities and goals for our children. We want active healthy children who grow into interactive adults with the community</p>

Big Buddy Mentoring Trust

Physical address	39 Robertson Road, Avondale Auckland 1026		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not applicable	Legal status	Charitable Trust 1508604

Project details

Project title	Matching adult male volunteer mentors with fatherless boys		
Dates	30/04/2017 - 01/05/2018		
Location	39 Robertson Rd, Avondale, Auckland		
Summary	Our coordinators recruit, screen and train men to be long-term volunteer mentors for fatherless boys. A robust screening process ensures they are emotionally healthy and safe to be in sole care situations with young boys. Each Big Buddy then spends several hours a week with his Little Buddy.		
Requesting grant for	Laptop computers and part salary for our volunteer coordinators.		
Cost of participation	No. Participation is free.		
Active participants	600	Audience size	600
Promotion	Yes - Pamphlets, website, Facebook, TV and newspaper advertising.		
Local board recognition	Acknowledged on our website and Facebook.		
Reason for the project	We maintain a database of Little Buddies waiting for a match. We currently have more Little Buddies waiting than Big Buddies in training. The Census shows 52,500 boys aged 7-14 living in single parent households. We estimate 8,000 will be truly fatherless – boys who have no on-going contact with an adult male.		
Community benefit	Boys with a mentor do better at school and are better adjusted and prepared for their role as an adult male. With a good role model, they learn what it means to be a good man. This creates well-adjusted men who are an asset to their community.		
Alignment with local board priorities	<p>Waitakere Ranges:</p> <ul style="list-style-type: none"> • support our diverse communities to be healthy and safe and people feel that they are valued connected and belong • promote youth well-being <p>We match adult men as volunteer mentors for fatherless boys. Boys who gain an adult male mentor (Big Buddy) have better outcomes in education, social integration and mental health. They grow into men who are an asset to their community.</p>

Project details

Project title	Discovery for Teens October 2017 Programme		
Dates	06/10/2017 - 14/10/2017		
Location	Carey Park, 397 Henderson Valley Road, Henderson, Auckland		
Summary	Discovery for Teens is 7-day residential life skills programme for 14-18 year olds run during term break. One third of the course is academics: study skills, speed reading and exam strategies, with two thirds of the course focussing on life skills. The life skills components include: communication, relationships, leadership, goal setting/planning and team work. This programme is also designed to give teens increased confidence and a toolbox of strategies to help them overcome challenges and navigate the difficult teen years. Teens come out with improved self-confidence, motivation and commitment.		
Cost of participation	The full cost without a scholarship is \$1700.00. This covers venue hire, accommodation, catering, activity costs, stationery, staff costs, sound and lighting and other equipment hire, parents' day costs.		
Requesting grant for	Scholarships to support families from your local board area to be able to participate in these life changing programmes. These scholarships cover the costs of the accommodation, facilitation and activity costs for the seven day residential programme for the teenager and cover the cost of the parents and caregiver workshops on the last day. The costs listed under activity budget do not include overhead or staff costs for the running of the Discovery Office only programme costs.		
Active participants	75 teens and 150 parents/caregivers and 30 staff and volunteers	Audience size	200+
Promotion of activity	Yes		
Local board recognition	We would acknowledge the local board's contribution when advertising the scholarships to schools and other youth organisations. We would also include their logo/s on the back of our printed camp book which is given to every participating family. We require families to provide written feedback about their experiences and pass that onto our sponsors. We would also recognize the contribution in our annual report.		
Alignment with local board priorities	<ul style="list-style-type: none"> • promote youth well-being <p>Our programmes are a mixture of life skills and academic workshops. The academic workshops are designed to support young people with specific study skills and techniques to help them with study and exams.</p> <p>Our programmes empower young people with strategies to overcome challenges and gives them increased confidence and resilience to go out and reach their potential and become positive role models in their communities. We have a ratio of 1:4 ensuring that participants are given individual support and encouragement to overcome barriers to their success.</p>

Project details

Project title	Support services for autistic children and their families in need		
Dates	20/06/2017 - 20/04/2018		
Location	Manutewhau Community Hub, Community Centres & Church Halls. Home visits for our Outreach service.		
Summary	<p>The 10 week 'Join In' Social Skills programmes involves autistic children (6-16 years) and their parents. Nine group sessions and an 'individual 'Outreach' session in the family home. Included: social skills, feelings, making and keeping friends, bullying, problem-solving, socialisation, being unique, and communication.</p> <p>Community workshops provide information, understanding and promote inclusion and acceptance of Autistic children/youth. Widely attended by whanau, family, community workers, education and health professionals.</p> <p>Outreach - one on one home visits by Family Consultants who assist with concerns and issues identified by families. Families often request this at the time of diagnosis, help with ongoing issues or at crisis time.</p>		
Requesting grant for	We are asking for funding support for the above services in Terms 3 and 4 of 2017 and Term 1 2018. The funding will go towards venue hire, contracting professional Autism Family Consultant services to facilitate programmes.		
Cost of participation	Entry by donation/koha		
Active participants	150	Audience size	40
Promotion	Yes - We inform our 3500 member database about our upcoming services via a bi-monthly newsletter. We promote our workshops and services through articles in local papers, website and facebook. We promote the Autism Awareness campaign during April. We notify schools, disability, community and health services of upcoming workshops.		
Local board recognition	<p>We acknowledge the contribution on our website and in all communication to families and community.</p> <p>Flyers promoting the workshops will have the council logo on them and will be put up in community venues and health services around Auckland.</p> <p>In all media associated with the programmes the council will be acknowledged. EG: place logo on printed material, invite local board members.</p> <p>Publicly available Annual Report specifies each grant.</p>		
Reason for the project	on the North Shore. We expect at least half of these services to be in the Kaipatiki local board, due to the support we received last year. We also have over 3500 families on our database from throughout Auckland that receive our monthly newsletter. We have questionnaires and survey after services are conducted, asking for further services.		
Community benefit	<p>Children gain knowledge, skills and social skills to enter the community and confidence to get through transitional periods.</p> <p>Children are encouraged in a learning environment by their families and</p>		

	<p>community to gain skills and knowledge and be more independent.</p> <p>Families are informed and able to discuss specific concerns. Families gain skills learnt to help their child deal with the impact of Autism, to develop coping skills and friendships.</p> <p>Build resilience within the family with no financial strain put on the family.</p>
Alignment with local board priorities	<p>Waitakere Ranges:</p> <ul style="list-style-type: none"> • Support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong • Promote youth well-being <p>Children's Autism provides Social Skills programmes and workshops for autistic young people and their families/communities. These practical, programmes give young people on the autism spectrum the skills to make friends, manage anxieties, gain confidence in community, schools, tertiary and workplace settings.</p> <p>Our highly skilled Family Consultants listen to the concerns of youth and as a result of one on one or group learning young people are socially equipped for participation with peers and adults.</p> <p>Our community workshops teach an understanding of how autism affects behaviour and socialising and gives people the skills to accept and nurture autistic children.</p>

Raeburn House (North Shore Community Health Network Incorporated)

Physical address	Level 1, Norman King Community Hub, 65 Pearn Crescent Northcote Auckland 0627		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	N/A	Legal status	Incorporated Society 231480 CC21496

Project details

Project title	Directory of Support Services 2017-19: North Shore, Rodney & Waitakere		
Dates	16/05/2017 - 19/01/2018		
Location	The Norman King Community Hub, Level 1, 65 Pearn Crescent, Northcote, Auckland 0627		
Summary	Raeburn House will be updating the Directory of Support Services, including the Migrant & Refugee Directory for the 2017-2019 period. Essential, up-to-date support information will be available to diverse communities across the North Shore, Rodney and Waitakere via three information platforms: hard copy, online, and smartphone/tablet APP.		
Requesting grant for	Raeburn House seeks a contribution from the 8 Local Boards featured in the directory towards the overall costs of updating and publishing the directory across 3 platforms (online, hardcopy and APP). Funding is requested to contribute towards information updating, data entry, printing, infrastructure and management, IT services, graphic design, promotion and distribution.		
Cost of participation	no cost - free for agencies to list, free online and APP access, free hardcopy for agencies featured in directory (businesses who request a hardcopy pay \$30, max 10 businesses per year)		
Active participants	40000	Audience size	40000
Promotion	Yes - At community networks and events, on our website, via social media, community notice boards, public presentations and at doctors surgeries cross the region (in-person visits). We hold a community launch event attended by 200+ people for each edition, newspapers and media representatives are invited to attend and report on the event.		
Local board recognition	Local Board's will be promoted within the directory and will have their logos published, they will also be visible on our website, in our Annual Report and will be verbally acknowledged in public presentations.		
Reason for the project	The Raeburn House directory is accessed by close to 40,000 people per year and is the only community resource of its kind in our region.		
Community benefit	Communities will continue to have access to up-to-date information to pursue their wellbeing objectives at a local level within their own communities. Community agencies and organisations receive free promotion throughout the region. We measure our achievements by evaluating the directory and its outcomes with a formal survey, as well as with community feedback.		
Alignment with local board priorities	<ul style="list-style-type: none"> neighbourhoods and community-led initiatives are supported and encouraged 		

	<p>The Directory of Support Services promotes community and social services within the Devonport-Takapuna area and extensively across the Waitemata region. The directory is a highly regarded community resource distributed to schools, police, hospitals, doctors, government agencies, social services, NGOs, and many others working with communities in the Waitemata region. It is free for agencies to be listed in the directory; this promotional vehicle is of particular value to those working to support individuals, families and communities in their local board area. The directory promotes all Local Boards in the Waitemata region, with a description of their role/responsibilities and contact details.</p>

Interacting

Physical address	13 Mt Royal avenue, Mt Albert Auckland 1025		
Organisation/individual	Organisation	Main focus	Community
Umbrella organisation	Not applicable	Legal status	Charitable Trust, 1883506

Project details

Project title	InterACT Disability Arts festival		
Dates	25/10/2017 - 27/10/2017		
Location	Corbans estate arts centre, Henderson		
Summary	<p>'InterACT 2017' is a significant festival in the national calendar of Disability Arts. It is taking place in Auckland from October 25th-27th. This will be the seventh annual Disability Arts Festival delivered by the Interacting Trust. The event will deliver a 3 day festival involving New Zealand's leaders in the field of Disability Arts and providing the community an opportunity to showcase, network and connect. InterACT 2017 will have a focus on audience development, capacity building and networking via a series of workshops and showcase performances.</p>		
Focus specific information	<p>Event rain dates: n/a Event time: 10-2pm 25-27 October, 7-9 gala night 26 October Event producer/contractor/3rd party: Yes, Romola Lang</p>		
Requesting grant for	<p>presenters like face painters and Tapeart NZ, art workshop leaders, personnel i.e. stage managers, accessibility costs e.g. disabled portaloos, ramps, materials i.e. fuji film, communications for professional, safe running of event</p>		
Cost of participation	<p>no, we charged in 2011 and it proved a bar to participation, disability sector very very cash poor</p>		
Active participants	500	Audience size	4000
Promotion	<p>Yes - We engage the services of a PR company to secure coverage in the mainstream press. We have volunteers who help us mailout and speak to people prior to the event, we use social media Facebook and twitter. This year we are using Phantom billstickers to alert the local community</p>		
Local board recognition	<p>Our fliers and publicity material contain the council logo and we thank all our sponsors during the event in a power point</p>		
Reason for the project	<p>By working for over 10 years with the disabled community and by the increased participation in the festival by service providers, special schools, individuals and groups</p>		
Community benefit	<p>InterACT is unique in that it is the only festival of this kind held in New Zealand. The event attracts numbers of people from across the region and overseas. It receives good media coverage that often mentions how suitable the West is for festival and other events. Last year it drew record crowds.</p> <ul style="list-style-type: none"> • 35 different performances for the three days on the main stage • Opportunities to try 12 different drop-in art activities throughout each day of the Festival. • Workshops in drumming, dance, community circus and hip-hop, singing, laughter yoga, as well as face painting by the Cut Above training academy. 		
Alignment with local board priorities	<p>Waitakere Ranges:</p> <ul style="list-style-type: none"> • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong • promote youth well-being 		

	Interact is the only event of its kind in the country that is specifically for people from the Disability sector and their friends and whanau. A major source of attendees is from Auckland Special Schools who traditionally bring bus loads of youth with a disability who come to participate and enjoy the atmosphere without fear of ridicule and in an environment set up to cater for their needs. It creates a unique outpouring of outsider art and performance.

West Auckland Historical Society

Physical address	35 Sel Peacock Drive, Henderson Auckland 0650		
Organisation/individual	Organisation	Main focus	Events
Umbrella organisation	Not applicable	Legal status	Charitable Trust 224638

Project details

Project title	Flag banners		
Dates	03/07/2017 - 17/07/2017		
Location	35 Sel Peacock Drive, Henderson		
Summary	We wish to have some professional flags developed to promote Mill Cottage as the West Auckland Historical Society base. One flag is to be used to promote our Saturday open days, the second one is to promote Auckland Heritage Festival which occurs in September, as we run a special display/event for this.		
Focus specific information	Event producer/contractor/3rd party: No		
Requesting grant for	Design and print of double sided flag with ground spike		
Cost of participation	Entry to Mill Cottage and Auckland Heritage Events by donation/koha		
Active participants	1000+	Audience size	unlimited
Promotion	No -		
Local board recognition	We are very happy to print a local board credit on the flags, we will also acknowledge through our newsletter and on our Facebook page		
Reason for the project	Many people have commented that it is difficult to know when Mill Cottage is open, so the proposed flags which move in the wind would clearly indicate that we are open for business and also promote our hours and contact details		
Community benefit	Providing community with a place that they can explore their own and their region's heritage. The outcomes will be measured by increase in visitors to Mill Cottage.		
Alignment with local board priorities	<p>Waitakere Ranges:</p> <ul style="list-style-type: none"> • recognise the cultural and historical heritage of the local board area including projects and events connected with WW1 commemoration • support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong, local arts and events that recognise our inspiring settings and unique character <p>We are wanting to promote our Council owned facility Mill Cottage, based in central Henderson better to the community, so our services, weekly open days and annual events are more visible to the general public. We welcome visitors to Mill Cottage to visit our artefact and kauri milling displays, visit our library and consult with our family history experts. In 2018 our Auckland Heritage Festival event will have a World War II focus</p>

Titirangi Tennis and Squash Rackets Club

Physical address	1 Ava Ave, Titirangi Auckland 0640		
Organisation/individual	Organisation	Main focus	Sport and recreation
Umbrella organisation	Not applicable	Legal status	Incorporated Society 223075

Project details

Project title	Junior development		
Dates	01/07/2017 - 31/07/2018		
Location	1 Ava Ave, Titirangi		
Summary	Our juniors are our future and we would like to see them develop in their skill sets in either squash or tennis, or both. We have a safe and tidy environment for them to use and we would like to provide them with excellent coaches to make the development happen.		
Requesting grant for	Coaches and Balls		
Cost of participation	Must be a financial member of our Club, but no fee for the coaching		
Active participants	80	Audience size	150
Promotion	Yes - Facebook/Social Media, Webpage and local schools		
Local board recognition	Facebook/Social Media, Website and on our advertising with the schools.		
Reason for the project	Tennis and Squash Interclub players have decreased in past few years.		
Community benefit	Parents will socialise with each other while the children are getting coaching, We will know if this has been achieved by the amount that stay and watch the coaching. The juniors will play interclub against other clubs which brings communities together.		
Alignment with local board priorities	<p>Waitakere Ranges:</p> <ul style="list-style-type: none"> enhance our centres while keeping their essential character, local arts and events that recognise our inspiring settings and unique character <p>Our project is aimed at getting the younger generation from our society doing physical exercise by learning the great games of squash and tennis. It brings the community together on the coaching nights.</p>
