Project: The New Zealand Dance Company Youth Engagement Programme Delivery

Location:	Franklin area		
Summary:	The New Zealand Dance Company's Youth and Community Engagement Programme, offers local schools within the Franklin area performances and workshops delivered by our professional contemporary dancers, providing an opportunity for young people to engage with and experience some of the highest quality dance in Aotearoa. Taking our work to schools makes it accessible to all and our hope is that we introduce a new world of dance as well as life skills to students encouraging values of responsibility, teamwork, discipline, communication, collaboration and creativity. We are not funded by CNZ to deliver our Community Engagement work, so we rely on other forms of funding to complete this. We also want to scope establishing Senior Engagement classes in this area.		
Dates:	01/10/2017 - 27/07/2018	Rain dates:	Not applicable
Active participants:	600	Audience size:	12

Community benefits

Identified community outcomes:

We encourage inclusiveness through our engagement in schools, inspiring young people in primary, intermediate and secondary schools to stay fit and healthy, empowering participants to develop their skills. Cost of transport to performances in theatres is often prohibitive for schools, so bringing our workshops and performances directly to schools provides equal access to students so that everyone can enjoy the benefits of confidence, collaboration and connectivity. Our professional dancers are highly skilled in teaching, supporting life-long learning through dance - a transformative and positive influence in young people's lives instilling a sense of discipline, joy, trust, motivation, inspiration, responsibility and identity. We believe that this sector of our community deserves high quality experiences that positively affect them for life.

Alignment with local board priorities:

- support initiatives that celebrate our arts, culture and heritage
- support events that celebrate our distinctive local communities and enable people to come together

Arts and culture is the fabric that binds community together, providing vital support and guidance in fostering confidence, sense of identity and expression in our young people. Our workshops are beneficial both mentally and physically, empowering young people to increase their life skills, offering tools to build responsibility, reliability, team work, empathy to others and discipline. For many young people, dance is a whanau and instils a great sense of belonging and confidence in what they can contribute to a team – valuable skills for employment. We open up new skillsets to students, encouraging values of communication, collaboration and creativity.

Promoting SmokeFree: Breath is vital to life and vital to dance. Our dancers are excellent role models to students and demonstrate the connection between health and happiness in our post show Q & A sessions.

Our dancers will explain how smoking negatively impacts on fitness levels to the young students in the workshops. We will also happily take on any advice from Auckland Council workers on how we can best promote smoke-free messages.

Financial information

Amount requested: \$2,000.00

Requesting grant for: Costs to create, rehearse and deliver the performance/workshops. This funding will go towards the direct delivery costs, which includes dancers salaries, artistic teams salaries, transport to the schools and rehearsal space hire. The cost to run the Company each week is \$28,000.

If full amount requested is not able to be funded:

Any amount would be helpful in the costs of delivering our workshops and performances to local schools. We would like to keep the costs to schools as low as possible in order to make our work accessible to all. Each performance and workshop delivery takes a day of the company's time to deliver, plus approximately two days of management time to liaise and plan.

Cost of participation: \$5 per head for the performance, and \$250 for the workshop. But we vary this cost dependant on the schools finances, and often provide free performances if the schools arts budget is minimal - frequently the case.

Project: Spoken Word Poetry Workshops

Location:	Schools in the Franklin Local Board area		
Summary:	<p>Our project involves presenting 10 two hour, structured Spoken Word poetry workshops at secondary schools in the Franklin Local Board area. Each workshop will cost \$200 and will be attended by 20-30 participants. There will be no charge to the schools or the students.</p> <p>In the recent past we have worked with Wesley College and they are very keen to have us back. We are also keen to expand our coverage to include Pukekohe High School and Waiuku College.</p> <p>Spoken Word poetry is increasingly being recognised as an incredibly effective way to engage young people. Participants will be introduced to spoken word poetry, gain writing and literacy skills and build their confidence and self-esteem through self-expression.</p>

Community benefits

Identified community outcomes:

We use Spoken Word as a tool to engage young people in youth development. Many young people feel isolated, disengaged and disempowered. This creative process encourages them to engage on a level that other programmes often don't.

By attending our workshops participants will have been introduced to spoken word poetry, gained writing and literacy skills, built a little confidence and self-esteem through self-expression and had an interest in learning ignited.

These outcomes can only be of benefit to the communities in which these young people live. The feedback we get through our evaluation process tells us this will be achieved.

Alignment with local board priorities:

- support initiatives that celebrate our arts, culture and heritage
- support events that celebrate our distinctive local communities and enable people to come together

We run Spoken Word Poetry workshops for young people at local secondary schools. Spoken Word poetry is increasingly being recognised as an incredibly effective way for young people to reflect on and share their experiences, express themselves and use their voice for change. Importantly the workshops are held in the communities in which these young people live and much of the output reflects this.

Spoken word poetry very much celebrates the art. It is a vibrant art form that recognises and encourages diversity. It allows participants to gain confidence, develop a healthy self-esteem and

build resilience all of which are hallmarks of a healthy and thriving community.

Financial information

Amount requested: \$2,000.00

Requesting grant for: We are requesting funding for \$2,000 being the total cost of facilitating the 10 two hour spoken word poetry workshops. Each workshop costs \$200 and will be facilitated by either one of our youth worker/poets or a poet from the South Auckland Poets Collective. We can only undertake these workshops if they are fully funded.

If full amount requested is not able to be funded:

As each workshop costs \$200, then multiples of \$200 would work for us.

Cost of participation: There will be no cost to the student participants or the schools

Project: Picnic Tables for Hunua Village Green

Location:	Playground Area, Hunua Village Green, Hunua Road		
Summary:	The Hunua, Ararimu Paparimu Valley Residents Association wishes to install two picnic tables near the playground area in the Village Green. The playground equipment that was installed by the Auckland Council about six months ago now regularly attracts a large number of families and children and addition of picnic tables will add greatly to the ambiance of the playground and attract more families to use the playground area and the Village Green. The development of the playground on Hunua village green has become a major focal point for families when visiting the village, and HAPVRA believe that the introduction of two additional picnic tables positioned appropriately on the green will enhance the park greatly for visitors and their families.		
Dates:	18/09/2017 - 31/10/2017	Rain dates:	Not applicable
Active participants:	The entire community that passes through the Hunua Village area and who would be attracted by the additional facilities installed.	Audience size:	Four

Community benefits

Identified community outcomes:

Having the picnic tables installed in the Village Green will increase interaction between families in the area and thus encourage community spirit, interaction and engagement. It will contribute towards developing the area and create a spirit of pride and ownership among families living in the area.

It will encourage more families to bring their children to the playground and increase the use of this community area.

When families in the community get to know each other better it makes the community a better and safer place as people get to know each other and start looking out for each other.

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- work with local partners to help to make the community feel safe

Once installed, the picnic tables will attract more families to the Village Green and build positive relationships between families in the community. This will increase interaction between families in the area, encourage community spirit, interaction and engagement. It will assist towards further developing and shaping the community that lives around this area.

Franklin Family Support Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Tamariki Junction

Location:	Roulston Street, Pukekohe		
Summary:	Tamariki Junction sells infant clothing, bedding, shoes and toys at very affordable prices (each item of clothing is \$1, shoes are \$2 per pair, etc). We sat under the Early Years Services Hub (contract by Ministry of Social Development), but after many years of working for the community under this moniker, the initiative has finished and the service has been moved out of Franklin. We are determined to retain what was previously offered and are doing this through the Parenting Passport and overarching Parenting Hub. One of the vital modes of communication to families, is the Community Newsletter. Although it will now sit under Tamariki Junction, there is no funding available to print and promote it.		
Dates:	01/09/2017 - 31/08/2018	Rain dates:	Not applicable
Active participants:	2,000	Audience size:	3

Community benefits

Identified community outcomes:

We have been offering the Community Newsletter for many years and know that the community values the information shared. The calendar of events and activities is our biggest feature of the newsletter and it's something that is commented upon time after time. Parents want to know what they can do with their children to ensure they have quality time learning and connecting with others. This type of interaction is vital to reduce isolation and feelings of incompetence when it comes to being a good parent. Meeting others and seeing that their situation with a teething baby or tantrum-throwing toddler, is similar to theirs, helps normalise behaviour and better enable individuals to act with compassion and understanding.

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- encourage smoke-free events, particularly those targeting children, young people and their families

Those that offer parenting groups, programmes, information and support, are advertised for free in our newsletter. Each edition provides one place where all information can be garnered for parents/caregivers.

Under the Parenting Hub, we are working with parents face-to-face. Along with the information about services etc. in the community, we are able to pass on health information and refer into services such as Smoking Cessation - especially for those who are pregnant and/or have a young baby.

Demographics

- Maori outcomes:**
- Māori participation - Māori priority group, target group, high representation or Māori staff delivering
- Parenting can cut across race, religion and creed. We feel that the Community Newsletter is for everyone who is caring for a child, but we are aware of the unique gift that New Zealand has with the history and traditions of Māori. As such, the weaving of tikanga maori is something that has been a part of the newsletter and will continue to be so. This may have been through special focus on Maori Language Week articles or craft ideas during Matariki, storytelling relating to Tāne Mahuta and Papatuanuku or the sharing of on-line information to learn waiata.
- Target ethnic groups:** New Zealand European, Other European, Māori, Pacific Peoples, Chinese, Korean, Indian, Other Asian, Middle Eastern, Latin American, African, All/everyone
- Promoting SmokeFree:** All health messages are important - especially when it comes to the wellbeing of children. We anticipate sharing message such as smoke-free but also sore throats, driveway safety, safe sleeping (for babies), bonding & attachment, and many more.

Community benefits

Identified community outcomes:

The community and young people of the Franklin region will have access to:

- Free Phone Helpline and crisis intervention
- Free Text Counselling Service
- Free email counselling service
- Free online counselling support

Alignment with local board priorities:

- assist young people to move from school to work or further training
- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places

Youthline takes a holistic, wrap around approach to working with youth. This approach also recognizes the individual needs of young people within their social, cultural and community environments.

Youthline is a first point of contact for young people in New Zealand to access a wide range of youth development and support services. Our primary focus is to engage young people and their families - both those who seek assistance and those who wish to develop themselves.

Franklin Neighbourhood Support Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Neighbour Support

Location:	Franklin, Auckland		
Summary:	We have set up Franklin Neighbour Support in accordance with Neighbourhood Support NZ. This involves street's looking out for one another, having visual signage, at least yearly meetings. It's about being the eyes and ears for the NZ Police		
Dates:	01/09/2017 - 01/09/2018	Rain dates:	Not applicable
Active participants:	All of Franklin	Audience size:	10 Committee Members

Community benefits

Identified community outcomes:

The community will have safer streets and business districts to help prevent crime within their area

Alignment with local board priorities:

- support community groups to be effective and contribute to the community, particularly in shaping and developing their areas to be better and safer places
- work with local partners to help to make the community feel safe

Neighbourhood Watch was established in the 1970's by the New Zealand Police as a crime preventative initiative.

From these roots Neighbourhood Support has evolved. Franklin Neighbourhood Support enables neighbours to create a sense of community and shares practical information to help reduce the risk and fear of crime. We want to empower our region to feel safe and to engage with their local Community Constables to reduce crime in our region.

Demographics

- Maori outcomes:**
- Māori participation - Māori priority group, target group, high representation or Māori staff delivering
- We want to get the local Marae's on board, to reach the Maori population in signing up to Franklin Neighbourhood Support
- Target ethnic groups:** All/everyone
- Promoting SmokeFree:** We will add Smoke Free brochures in our pack's that we hand out

Awhitu Peninsula Landcare Incorporated

Legal status:	Incorporated Society	Activity focus:	Environment
Conflicts of interest:	None identified		

Project: Control of Feral Cats

Location:	Awhitu Peninsula		
Summary:	Many unwanted kittens / cats are dumped every year on the rural Awhitu Peninsula. These cats quickly become feral. They breed - an average litter of 3 kittens, up to 3 litters a year - so their numbers rapidly multiply. Cats are highly efficient killers of our native wildlife, and feral cats are extremely difficult to control. We wish to assist the community to carry out control of these cats in their area by loaning out effective, humane live-catch traps. Awhitu Landcare volunteers will also be managing these traps in areas where feral cats have been sighted, and the community has asked for assistance.		
Focus specific:	Environmental benefits: Removal of one of the main predators of our native wildlife - cats are prolific hunters		
Dates:	01/09/2017 - 03/09/2018	Rain dates:	Not applicable
Active participants:	1000	Audience size:	80

Community benefits

Identified community outcomes:

Assist the health of our environment by providing a humane and easy to manage method to remove one of the main predators of our native wildlife. Increase numbers of birds, skinks, geckos and weta. Reduce the threat of feral cats spreading disease and fighting with domestic pets.

Alignment with local board priorities:

- encourage a weed and pest-free natural environment
- support local environmental initiatives

By encouraging and assisting the community to control feral cats, thus benefiting Awhitu biodiversity and educating the community about the importance of predator control

Financial information

Amount requested: \$1,917.00

Requesting grant for: Purchase of seven (7) easy to use, good quality, reliable and humane live catch traps for feral cats. Awhitu Landcare has raised sufficient funding to purchase three (3) traps, giving a total of ten (10) traps in total for use over the 22,000 hectare Peninsula. As feral cats are extremely wary animals, these traps have to remain in the same location for some time before a feral cat will enter the trap. We are confident we will be able to have 10 traps in constant, effective use throughout the Awhitu community.

Project: Town Square Music Series

Location:	Pukekohe Town Square		
Summary:	<p>A series of four family friendly music and entertainment events each Saturday lunchtime from March 3 to 24.</p> <p>The focus will be showcasing youth talent alongside professional music groups and providing additional town centre activity for market goers, shoppers and families looking for something to do on a Saturday.</p>		
Dates:	03/03/2018 - 24/03/2018	Rain dates:	Not identified
Active participants:	approx 600 audience and 40 participants	Audience size:	2

Community benefits

Identified community outcomes:

The main objective for the events are to create a safe and pleasurable environment for people to come together as a community. The organisers have already been in touch with the Business Association and several local businesses who are keen to support these events, and see the benefits of local opportunities for the community to come together, and potential for people to also be attracted to the local market and shopping areas.

This is also an opportunity for local young people to showcase their talents, and the organisers have started to contact local schools to encourage their involvement.

Alignment with local board priorities:

- support events that celebrate our distinctive local communities and enable people to come together
- support initiatives that celebrate our arts, culture and heritage

This event series will provide opportunities for local young artists to showcase their work to the community, and also provide a safe space for local community members from all backgrounds to come together in the town centre to enjoy entertainment and to celebrate the talents of their young people. Professional musicians will also be contracted to provide a 'headline' act to support the youth initiatives and to attract a broader crowd.

Rotary Club of Pohutukawa Coast Included

Legal status:	Charitable Trust	Activity focus:	Events

Project: Rotary Coastal Fun Run

Location:	Duder Regional Park - Te Puru Park		
Summary:	A 10km/5km fun run/walk from Duder Regional Park, through Maraetai and Omana Regional Park, finishing at Te Puru Park. Plan to include a primary school relay and other shorter events at Te Puru Park.		
Dates:	05/11/2017 - 05/11/2017	Rain dates:	12/11/2017 - 12/11/2017
Active participants:	1000	Audience size:	15

Community benefits

Identified community outcomes:

- To promote fitness and general well-being
- To provide a fun community event that brings people and community groups together
- To raise money for local charities, youth programs and other groups within the community
- To allow people to travel the Maraetai Coast Road by foot, something most people aren't able to do normally

Alignment with local board priorities:

- support events that aim to be financially sustainable and become a regular and celebrated part of the Franklin event calendar
- promote environmental responsibility through supporting events that aim for zero waste (reduce, reuse, recycle)

This event is similar to an older event that also started at Duder and at its peak had nearly 1000 competitors so we see no reason why it can't become part of the Franklin Calendar for many years to come. The event will be zero waste with no plastic cups being provided (competitors need to carry their own water container) and all other materials used will be reusable or recyclable.

Papakura RSA Gym Club

Legal status:	Other:	Activity focus:	Sport and recreating
Conflicts of interest:	None identified		

Project: Operational fees

Location:	Recreation Centre Papakura		
Summary:	Gymnastics to Whanau of Franklin, Papakura, Hunua and Manurewa. Target ages 3 - 11 with the assistance of the youth as coaches to support our Tamariki. We provide a low cost option to the sport of Gymnastics		
Dates:	04/09/2017 - 13/11/2017	Rain dates:	Not applicable
Active participants:	50+	Audience size:	9

Community benefits

Identified community outcomes:

The families who are current members can't afford to enrol their children at a club that charge high fees and on top of that an affiliation fee. We provide the opportunity for these families to enrol the entire family and get the benefits of children getting physical exercise in a controlled and disciplined sport.

Alignment with local board priorities:

- promote Papakura as a destination for sporting competitions and events
- promote Papakura as a destination for sporting competitions and events

We have the Rec Centre that is a purpose built training facility and most of Papakura residents remember attending the YMCA there and being physically trained in games, strength and body conditioning. We acknowledge the Olympic quality Bruce Pulman but also acknowledge the Community can't all afford the fees a organisation like that charge, thus providing an opportunity to the local tamariki.
