Q5 Do you have any other comments about our proposed local board plan	Marina - high impact, spoils natural environment (concrete platform artificial). By not fighting Marine not keeping to LBP. Commercial exploitation. How are you going to stop the Marina? Changing character of Waiheke. Imposed on us against the will of the community.
Q5 Do you have any other comments about our proposed local board plan	Essentially Waiheke document underpins decisions. Most thorough exercise to find out what Waiheke thinks. Represents community views.
Q5 Do you have any other comments about our proposed local board plan	Infrastructure - can't widen roads as no space. Don't advocate for increase in tourism as island infrastructure can't cope. Improvement of roads can cause more damage as people can drive faster. Don't want to be same as the City. No street lights. Small low down lights rather than tall street lights. So night sky is preserved.

Q5 Do you have any other comments about our proposed local board plan	Survey (Neighbourly) - survey of 650 members resulted in main issues swimming pool / DD buses.
Q5 Do you have any other comments about our proposed local board plan	Environment - protection important element. Relates directly to Little Blue penguins & Kauri dieback - protection of these have not been addressed adequately. Overlap on pest / animal management plans. Need to fund current plans.
