Note: No decisions or resolutions may be made by a Workshop or Working Party, unless the Governing Body or Committee resolution establishing the working party, specifically instructs such action.

<p>Purpose of workshop: Presentation of draft strategic framework</p>
<p>Staff presented a draft strategic framework for the Auckland Plan over workshops on 17 and 20 July 2017, prior to its formal presentation to the Planning Committee on 1 August.</p>
<p>Declarations of Interest</p> <ul style="list-style-type: none"> The Chair called for declarations of interest – there were none.
<p>Workshop content</p> <p>Staff outlined the workshop objectives, identified the key elements of the refreshed plan and provided a summary of how the draft strategic framework was developed.</p> <p>Workshop participants were briefed on the key elements of six outcomes in the draft strategic framework.</p> <p>Key discussion points can be summarised as follows:</p>
<ul style="list-style-type: none"> Belonging and participation for all Aucklanders <ul style="list-style-type: none"> Important to ensure consistent with empowered communities approach and enables community solutions to local issues. Need to make the opportunities for community participation and leadership clear. Need to foster inclusion for all: diversity can be about physical/geographic location as well (i.e. rural, coastal communities). Plan for all of Auckland, not just Auckland Council to deliver but need to be clear about what council can do. Explore options to start with Māori as an identity for the city that embraces newcomers (manaakitanga as a foundation).
<ul style="list-style-type: none"> Homes and places for people <ul style="list-style-type: none"> Plan for all of Auckland, not just Auckland Council to deliver but need to be clear about what council can do. Council’s role can extend beyond delivery, i.e. advocacy for Aucklanders. Discussion of issues, key drivers and available levers. Discussion around importance of stability of accommodation (irrespective of type) as a key tool for connecting people and their communities. Clear messaging required around the nature of Council’s levers and role in supporting housing delivery.
<p>The workshop was adjourned at 1.13pm and reconvened at 1.28pm.</p>
<ul style="list-style-type: none"> Access and connectivity for everyone <ul style="list-style-type: none"> Need to think about access and connectivity across the region, i.e. rural and urban. Local employment a useful tool to consider to address cross-region travel. Discussion around road safety issues and preferred outcome/s. Discussion around mode share and accessibility; including how to make walking and cycling the preferred option in central/urban Auckland and the need to take

account of differences between urban and rural transport networks.

- **Valued nature and culture for all**

- Discussion around inclusion of natural environment, culture, built environment elements in one section.
- Importance of natural environment, particularly given increased intensification across the region. Will need to ensure green spaces are multi-purpose.
- Need to ensure alignment with Unitary Plan.

- **Opportunities and prosperity for all**

- Presentation completed. Second half of session to be concluded on 20th July

The workshop closed at 3.27pm.
