

Waitākere Japanese Supplementary School (known as WJSS After-School Programme)

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: WJSS After-school Programme Term 2, 2018

Location:	Glen Eden Intermediate School, 23 Kaurilands Road, Titirangi		
Summary:	<p>WJSS offers various levels of Japanese classes from 4:00 p.m. to 6:00 p.m., four days a week during the school term.</p> <p>Children of Japanese heritage, from pre-schoolers to Year 9 attend classes once a week. Our programme aims at developing their knowledge about Japanese culture and language, whilst increasing their Japanese competency so that they enjoy communicating freely in Japanese.</p> <p>We would like our students to be proud of their Japanese heritage as well as respecting the values of those from other cultural backgrounds, believing that they will ultimately grow into and contribute to the multicultural community of New Zealand.</p>		
Dates:	30/04/2018 - 06/07/2018	Rain dates:	Not Applicable
People delivering:	100 students, seven teachers, two administration staff and three board members	People benefiting:	Family members of approximately 72 households

Community benefits

Identified community outcomes:

New Zealand-born children of Japanese heritage, immigrants' children from Japan and children who wish to maintain and improve their Japanese along with their parents can develop and maintain their knowledge and skills in Japanese culture and language. Children also have the opportunity to form friendships with other children of Japanese heritage.

This is really valuable as there are typically not many children of Japanese heritage at their usual school. This contributes to their sense of identity as a 'New Zealander of Japanese heritage', and ultimately leads to a greater sense of self-worth. Parents and teachers are also given the invaluable opportunity to form relationships with each other and the children.

Alignment with local board priorities:

Waitākere Ranges

- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong
- local arts and events that recognise our inspiring settings and unique character

WJSS After-school Programme is a parents' cooperative programme which provides educational support for children with Japanese heritage living in the West Auckland area.

Our in-class activities and cultural / sports events are designed to enrich their bicultural / multicultural identity by learning and experiencing the culture and language of Japan with peers in a warm and nurturing environment which involves dedicated teachers, helpful hands of family members and the good will of local communities.

Collaborating organisation/individual	Role
AUT Japanese Programme	volunteer
Glen Eden Intermediate School	venue and Japan study group session
JET Alumni Association	volunteer

Demographics

- Māori outcomes:** None identified
- Accessible to people with disabilities:** Yes - We have wheelchair access to the classrooms. We aim to be an inclusive community and work together to support any student or adult with special needs.
- Target ethnic groups:** Other: Children of any ethnicity with Japanese heritage
- Promoting SmokeFree:**
- Putting message on newsletter, website, and Facebook
 - Using time to appeal SmokeFree messages at events held by WJSS
 - Mentioning to children about the appeal for a smoke-free Auckland

Esmae Auvae for Glen Eden Community Patrol (Volunteer Organisation)

Legal status:	None (Community Group)	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Glen Eden Community Patrol First Aid Training

Location:	A1 First Aid Training, 159 Lincoln Road Henderson, Auckland		
Summary:	<p>The purpose of this project is to train the volunteer Glen Eden Community Patrollers in basic first aid so that they can better serve the community when out patrolling in the community.</p> <p>The Glen Eden Community Patrollers undertake car patrols, foot patrols and provide support for community events such as the Christmas parade, Street Eats and other similar events. It is therefore very important for the community patrollers to have the knowledge to be able to administer first aid should the need arise as well as keep themselves and others safe.</p> <p>Due to the nature of patrolling, the community patrollers can be placed in emergency situations where first aid is required.</p>		
Dates:	17/03/2018 - 17/03/2018	Rain dates:	Not Applicable
People delivering:	19	People benefiting:	1000s of people in the Glen Eden/Kelston Community

Community benefits

Identified community outcomes:

The outcomes for the community will be:

- Volunteer Community Patrollers serving the Glen Eden and surrounding suburbs are trained in basic first aid.
- Volunteer Community Patrollers are able to administer first aid when out patrolling should the need arise.
- Volunteer Community Patrollers know how to deal with situations that require first aid by keeping themselves and others safe in emergency situations.
- New recruits to the Glen Eden Community Patrol know they are supported by the Glen Eden Community Patrol, the community and Local Board by receiving this training that supports the community.

Alignment with local board priorities:

Waitākere Ranges

- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong
- promote youth well-being

The volunteer Community Patrollers are out in the community on foot patrollers and car patrollers, the entire purpose of the community patrol is to ensure people in the community are safe and valued; they are the eyes for the police. We help promote youth wellbeing, by ensuring youth are safe and feel safe.

Collaborating organisation/individual	Role
Waitākere Police (Heber Gasu)	Ongoing support from the Community Constable

Demographics

Māori outcomes: None identified

Accessible to people with disabilities: Yes - There are a few community patrollers with accessibility needs and they will be able to participate in the training.

Target ethnic groups: Other: All ethnic groups

Promoting SmokeFree: Smoking is not allowed while patrollers are working or representing the organisation.

Bishop Stream Neighbourhood Garden

Legal status:	Other: No legal status	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Replacement of logs in raised beds and some topsoil

Location:	56-58 Wirihana Road, Titirangi		
Summary:	Bishop Stream Neighbourhood Garden has been going for 7 years and the logs used to construct the raised beds are beginning to rot so we need the funding to pay for replacing them and to top up soil in new plots		
Dates:	15/12/1917 - 31/03/1918	Rain dates:	None Identified
People delivering:	18	People benefiting:	25 plus the recipients of excess vegetables (e.g. Vision West Food Bank)

Community benefits

Identified community outcomes:

As this is a community garden where beds are owned by families in the neighbourhood, the improvement of the beds will mean that the garden can continue to function.. As a functioning neighbourhood garden, the participants organise annual Xmas and solstice events, have supported fundraising for a child with a disability, and hold street events to contribute to a stronger sense of community cohesion. Excess food is supplied to a local foodbank and the front plot is maintained for neighbours to use as a herb-garden and other vegetables. Some neighbours attend working bees and contribute their labour without having a plot, as they see this project as providing a means to enhance their local and community membership and engagement.

Alignment with local board priorities:

Waitākere Ranges

- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong
- support people to connect with nature or adopt environmentally responsible lifestyles

Growing vegetables for local families to eat enhances the health and wellbeing of the community. Garden promotes recycling, organic gardening approach, children learning how to garden and produce healthy organic food

Collaborating organisation/individual	Role
None identified	

Demographics

Māori outcomes: None identified

Accessible to people Yes - Our garden is on a flat piece of land, easily accessible by wheel chair and

with disabilities: we do have one young family member of the group who has a disability and who comes to community gatherings in his wheel chair. Gardens are raised so accessible planting for people using wheelchairs.

Target ethnic groups: All/everyone

Promoting SmokeFree: Nobody in our neighbourhood garden is a smoker so there is no need to promote this message, although as individuals we do promote the smoke free message at every opportunity.

Glen Eden Baptist Church

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Youth Water Weekend 2018

Location:	Starting at Glen Eden Baptist Church, 97 Glendale Road Glen Eden, driving to Kai Iwi lakes for a camp and returning to 97 Glendale Road.		
Summary:	<p>We work with a diverse group of young people, from those who excel in school to at-risk and offending teens. This camp is designed to bring those young people together at the start of the year to build a sense of belonging with one another. We believe that positive peer-mentorship and positive social interactions are paramount in aiding at-risk and offending teens to reach their potential.</p> <p>We take all our young people away to Kai Iwi lake in Dargaville for a fun and safe weekend in nature. We use the boats and jet-skis to connect with the young people and to make their experience richer.</p>		
Dates:	09/02/2018 - 11/02/2018	Rain dates:	None Identified
People delivering:	15	People benefiting:	80

Community benefits

Identified community outcomes:

- The local Glen Eden young people have a sense of unity and belonging.
- The camp promotes wellness, team building, leadership and interconnectedness for all young people.
- Our young people get to experience activities like boating, water sports, and kayaking that they might otherwise never experience.
- Our suburban young people get to experience some of New Zealand's finest nature reserves.
- Our young people have a sense of achievement from reaching goals and performing activities.
- Engagement in sporting activities.
- The camp provides positive, alcohol and other drugs free, experiences and stories, that young people can share (also on their social media platforms) to encourage other young people to have AoD free experiences.

Alignment with local board priorities:

Waitākere Ranges

- promote youth well-being
- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong

Our camp promotes wellbeing by mixing young people from different cultures, backgrounds, socio-economic groups, ethnic and gender groups and promoting togetherness, physically and morally healthy lives and unity amongst diversity.

By taking urban young people to pristine New Zealand locations, we widen our young people's perceptions of our country and its heritage. By making the event fun, interactive and exciting, our young people engage more with each other and their surroundings.

The Kindness Institute

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: ATAWHAI: Stress management and wellbeing program for marginalised youth

Location:	Location in Waitākere Ranges TBC		
Summary:	<p>Stress management, wellbeing and mentoring program for marginalised youth, aged 15-18. ATAWHAI supports youth to improve their own lives through mindfulness, stress management and leadership capabilities. Through our evidence based program, rangatahi learn to deal with challenging emotions, conflicts, forgiveness, honest communication, empathy, focus, motivation, positive decision making and positive relationship skills.</p> <p>A main focus of our kaupapa is training the trainer; youth are empowered to teach mindfulness, yoga and stress management to their community. This model has been hugely successful.</p> <p>One hundred percent of participants report a reduction in stress, an increase in focus, calmness, connection and trust. ATAWHAI has helped to turn around anti-social & sometimes criminal behaviours in rangatahi.</p> <p>We will continue ATAWHAI and provide ongoing coaching support for youth.</p>		
Dates:	15/12/2017 - 15/12/2018	Rain dates:	Not Applicable
People delivering:	12	People benefiting:	200

Community benefits

Identified community outcomes:

Community Outcomes:

Our desired outcomes are to continue delivering a transformative mindfulness & stress management program with ongoing coaching support for marginalised young people. The specialist stress management coaching ensures our young people and their community are supported to develop positive mental health and wellbeing.

Desired Outcomes

Rangatahi:

Reduced stress, anxiety & depression

Increased resilience & self-efficacy

Ability to teach others & contribute to meaningful learning in the community

Development of lifelong stress management tools & reduction in violence

Positive impact on learning & transition into education & employment

Increased wellbeing, community involvement and connection

Whanau / Community:

Reduction in stress & anxiety

Increased connection & wellbeing

Strengthening whanau & community through positive wellbeing, communication skills & self-confidence

Alignment with local board priorities:

Waitākere Ranges

- promote youth well-being
- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong

This program supports our young people to be actively involved in transforming their own lives and in turn, supporting their community.

A hundred percent of rangatahi involved in our ATAWHAI program, stated that the programs have reduced stress. Consistently, youth participants report increased self-confidence, increased ability to manage conflicts and challenges, increased ability to make positive decisions, increased focus, motivation & engagement in learning and exercise. As well as increased respect, kindness & successfully applying techniques to reduce stress anxiety & depression.

Our young people from the Waitākere Ranges teach their community their new tools which greatly impact the overall community health and wellbeing.

Collaborating organisation/individual	Role
10 Youth mentors	Mentoring and youth development support
Youth coach	Stress management coaching
8-15 Volunteers	Counsellor, advisors, transport, admin, food, logistics etc

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Our kaupapa has a strong Māori focus. Our team is made up of Māori youth mentors, cultural advisors, educators and volunteers from around Aotearoa who help shape, design, deliver and evaluate the program. We work with Maori and Pacific youth in Waitākere ranges and throughout Auckland.

Our program has a strong focus on te reo and tikanga Māori and our education model is based on te whare tapa wha health model.

Some of our rangatahi are Māori and they co-lead the design, development and evaluation of the program to ensure the program is responding to the changing needs of our Maori rangatahi and whanau. This is done through korero, reflection, written evaluation and youth lead evaluation.

Accessible to people with disabilities:

Yes - This project is for a specific cohort of marginalised young people who need support building positive mental health and self-efficacy. Many of our young people suffer from various mental health challenges including anxiety, depression and attention deficit challenges.

Mental health challenges can become great disabilities and are often the most

difficult to manage because they are not always visible.

Our project focus is to support young people in managing these mental health challenges and developing tools, self-awareness and the self-regulation skills to develop positive mental health. We dream of a world where every young person has the tools they deserve to manage stress, build inner resources and improve their lives. The stress management coach works in partnership with youth to incorporate Mindfulness and stress management tools to support young people to improve their mental health and live meaningful lives, whatever that is for each individual.

Target ethnic groups: Māori, Pacific Peoples

Promoting SmokeFree: We promote SmokeFree messages to our rangatahi, whanau and community. We work with rangatahi mostly in community centres. Our program participants learn that smoking is undesirable through our smoke free environment.

None of our staff, youth mentors or volunteers smokes at our programs. In a supportive environment, our youth mentors speak to our rangatahi about the benefits of being smoke free.

We discuss the risks with our young people, including illness and how our wellbeing and positive mental health is greatly increased through being smoke free.

Financial information

Amount requested: \$1332.00

Requesting grant for: We are requesting funding for our specialist youth stress management coach to work with 3 marginalised young people from Waitākere Ranges over 6 months in our ATAWHAI youth program. These young people are part of a wider group from throughout Auckland.

Stress management coaching is key to the 100% success rate of our transformative youth program which allows local young people to develop the tools they need to manage stress and transform their own lives. This service has a much wider impact as stress management tools shared with young people are then shared with whanau and the wider community.

If full amount requested is not able to be funded:

Cost of participation: No

Konini Primary School

Legal status:	Other: School	Activity focus:	Environment
Conflicts of interest:	None identified		

Project: Forest Kaitiaki Project

Location:	Konini School		
Summary:	We are developing a school/community kaitiaki project (native bush regeneration project) in a large block of bush which the school owns and is within the Waitākere Ranges Heritage Act. We have already invested volunteer and paid personnel time into the project to develop educational signage and pathways. We plan to build on the existing track system we have in place to offer increased school and community walking spaces and at the same time, provide for further opportunities for our kaitiaki project to grow.		
Dates:	13/11/2017 - 20/04/2018	Rain dates:	Not Applicable
People delivering:	500+	People benefiting:	1500-2000 (including local community members)

Community benefits

Identified community outcomes:

Have increased access to areas of bush which we are working hard to regenerate. The educational signage will have the added benefit of informing all the individuals who visit the bush areas about the Kaitiaki Project and how they can help identify and remove noxious weeds. The tracks will also provide easier access for our students and community members to areas within the bush where further regeneration work can be carried out. We are not requesting funding for the signage as the school will cover the cost associated with that.

Alignment with local board priorities:

Waitākere Ranges

- preserve, protect and promote the Waitākere Ranges Heritage Area
- protect and restore our natural habitats and biodiversity, including but not limited to projects that align with specific local board priority areas (Maui's dolphin, kauri dieback and control of weeds and pests)

The 4.5 hectares of the school grounds which we are removing noxious weeds from, trapping predators and regenerating native plants in, sit within the Waitākere Ranges Heritage Area. Children and community members take part in regular weeding and planting working bees to protect the native biodiversity within this area.

Collaborating organisation/individual	Role
Whakarina Community Group	Volunteer time

Demographics

Māori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo

(language)

We are currently seeking a name for our bush block and are consulting local iwi. Our signage will be including reo.

Accessible to people with disabilities: Yes - Our school grounds and buildings are accessible for individuals with disabilities. All of our tracks are not fully accessible to people with disabilities but we are redesigning sections of the track to support access for people with restricted movement. This is something we have to address with all future work, including repairs and maintenance.

Target ethnic groups: All/everyone

Promoting SmokeFree: Our school grounds are smoke free. New signage on all entrances will reflect this message.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female

Project: Nandan Arts and Culture Festival

Location:	Waitākere Playhouse Theatre		
Summary:	The project will involve an evening of musical and dance performances. Five organizations will take direct and indirect involvement in the project that will last for two to three hours.		
Dates:	20/05/2018 - 20/05/2018	Rain dates:	Not Applicable
People delivering:	35	People benefiting:	250-300

Community benefits

Identified community outcomes:

The project aims to promote community integration and community values through Arts participation. The event will have short plays, singing concert and dance performances that will involve many people from different facets of life.

Participation in respect to direct involvement in presentation of arts.

Participation in respect to audience involvement.

Alignment with local board priorities:

Waitākere Ranges

- local arts and events that recognise our inspiring settings and unique character
- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong

The project aims at creating an arts environment that promotes local arts and culture and local artists. 75% of the artists are from the local board and 60% of the audience are targeted from the local board. These diverse communities are given a platform to showcase their talent and to make their art forms feel important and accepted in the wider community. These local artists need the support and through this project they will definitely feel valued.

Waitākere Hindi Language and Cultural School

Legal status:	Charitable Trust	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: Music and Dance Night

Location:	29 Rathgar Road, Henderson		
Summary:	This event is a platform for the students to showcase their talents progress in Hindi Language cultural music both in dance and instruments like Tabla, Harmonium, vocal capabilities, to the parents overall community.		
Dates:	09/09/2017 - 14/10/2017	Rain dates:	Not Applicable
People delivering:	10	People benefiting:	250

Community benefits

Identified community outcomes:

This event hopefully will encourage and boost the students confidence, interest towards culture and learning, eventually disengage/distance these bright and young citizens from Unsocial behaviour. Also will allow identify potential students and develop skills with further assistance

Alignment with local board priorities:

Waitākere Ranges

- promote youth well-being
- local arts and events that recognise our inspiring settings and unique character

All our school shows have been well attended by local community in last 10 years. Have been fortunate that every year we have a good attendance and interest shown by local ward members, councillors, MPs and many government/council representatives. This shows that the show has targeted ethnic community and welfare of students.

Collaborating organisation/individual	Role
None identified	

Demographics

Māori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)
This is an open to all community. Our kids have performed the NZ National anthem in Maori on Indian Musical Instrument tunes at the 2017 Waitākere Diwali Festival which was likened by the overall community

Accessible to people with disabilities: Yes - This is a music and dance show which is accessible all people and communities.

Target ethnic groups: Indian

Promoting SmokeFree: The event is in a school so it will be a smoke free environment. We do announce

housekeeping rules during the show which do involve instructions that the event is a smoke and alcohol free event.

Glenora Netball Club

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Netball Youth Development Squad

Location:	Glenora Netball Courts, Harold Moody Park, Glendale Road, Glen Eden, Auckland		
Summary:	To create a Youth Development Netball Squad to support the development of young women to provide a sense of well-being and belonging in the community. It is an opportunity to learn a sporting skill whilst connecting with others to build self-esteem, friendships and self-confidence. The squad will build leadership skills to learn coaching and umpiring for Glenora Club and younger members whilst weaving with Waitākere Netball to encourage academy training and trialling at representative level.		
Dates:	01/02/2018 - 30/11/2018	Rain dates:	Not Applicable
People delivering:	40	People benefiting:	Minimum 100

Community benefits

Identified community outcomes:

To provide the young women in the community the opportunity to join a netball team of peers with the same goals so that they can feel valued and have a sense of belonging. This in turn meets the emotional and development well-being of youth and reduces the risk of anti-social behaviour for young people at this vulnerable stage in life.

To increase opportunities for young people to participate in local sporting events in a safe and supportive environment.

To encourage confidence and ability to participate in trials for representative netball as a pathway to excellence in sports.

To increase membership for the Glenora Netball Club to provide a sense of belonging and connection with peers in the local area.

Alignment with local board priorities:

Waitākere Ranges

- promote youth well-being
- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong

Support young women to feel a sense of belonging in the club and community. Improve their health by attending training and games of netball and increase their fitness and help with nutritional guidance. Increasing protective factors by offering friendships, to build self-esteem and self-confidence for the young women. To provide young women with a sense of achievement in a safe, supportive environment through a sports focus.

Collaborating organisation/individual	Role
None identified	

Demographics

Māori outcomes: None identified

Accessible to people with disabilities: Yes - Youth well-being looks at mental health and reducing anti-social behaviour and our development squad will not discriminate against any young women who want to develop netball skills via a peer supporting/encouraging environment. Disabilities include young people managing challenging emotional behaviours and who have been diagnosed with learning needs.

Target ethnic groups: All/everyone

Promoting SmokeFree: The expectation for the youth netball squad will be non-smoking during training and any games or events.
To provide information about the harms of smoking to young people involved with the Netball Club.
As a Netball Club, we belong to Netball Waitākere which promotes a smoke-free environment.
To promote with Glenora Netball Club Committee for the Netball Courts to be a smoke-free environment.

Project: MBODY movement - Free Community Workshop Series in Titirangi

Location:	Titirangi War Memorial Hall		
Summary:	We are creating a free community workshop series of movement based mindfulness and well-being sessions for teenagers and adults, facilitated by a professional movement practitioner. Called MBODY movement, we aim to increase people's health and well-being including fitness, strength, co-ordination, flexibility, joy and connectedness through both movement education and fostering of community spirit. Each 2-hour workshop will include 3 sessions; cardio focused, social connection focused and mind/body focused. People are welcome to do one, two or all three of the fun and open sessions in each workshop.		
Dates:	18/02/2018 - 08/04/2018	Rain dates:	Not Applicable
People delivering:	2	People benefiting:	30

Community benefits

Identified community outcomes:

Our purpose for doing this is to increase people's health, well-being and connectedness through movement education and fostering of community spirit. Through participating in movement and mindfulness exercises together, people will experience both the joys and benefits of moving, nurturing and being present with our bodies, and with each other. The movement workshops will increase people's fitness, strength, co-ordination and flexibility, and provide people access to experiencing healthy and empowered relationships both with their bodies and with each other.

Alignment with local board priorities:

Waitākere Ranges

- support our diverse communities to be healthy and safe and people feel that they are valued, connected and belong
- promote youth well-being

We bring different people together to explore what we have in common; a human body and humanity. During the exercises, we facilitate trust, social connection and compassion for self and others, which is especially important for teenage/young adult well-being and development. We provide a unique opportunity for people to connect in new ways which can deepen and expand how we understand and relate to both ourselves and each other, in and out of the workshops. Gaining a new awareness of ourselves and each other, as well as caring for our physical bodies, can be profoundly healing and far-reaching.

Collaborating organisation/individual	Role
Helen Fergusson	Many hours of administration, advertising and assisting during the workshops.

Demographics

Māori outcomes:

- Māori led - either a Māori organisation that is applying or Māori directed (came about as a request from Māori).

Both workshops will be facilitated by Cathy Livermore, our highly experienced movement specialist who is Māori, her values and world view, shaped by Māoridom, come through in her teaching and facilitation in a way that all participants, both Māori and non-Māori, can engage with and learn from.

Accessible to people with disabilities: Yes - One of the primary aims of our MBODY movement workshops is to reduce people's stress, anxiety, depression and low self-esteem through empowerment, joy, mind-body connection and fostering of an open, supportive community. Through guided exercises and movement education, we explore how we are fundamentally all the same due to the nature of being human, no matter the state of our mental or physical health or our generational differences. Our workshops are designed to foster compassion and understanding between one another, whether fit, unfit, co-ordinated, unco-ordinated, able-bodied, disabled, confident, shy, experienced, in-experienced etc. Our venue is wheelchair friendly and we will specify that our inclusive workshops are open to ALL.

Target ethnic groups: All/everyone

Promoting SmokeFree: The participants will be guided through exercises involving breathing, energy flow, awareness of emotions and increasing physical health. We will discuss and show how movement and mindfulness exercises can be very effective as well as healthy stress relievers.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
		100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
	5%	30%	30%	20%	15%	

Financial information

Amount requested: \$547.00

Requesting grant for: Venue hire and instructor costs

If full amount requested is not able to be funded:

Instructor costs of \$450, as without our highly experienced, professional movement instructor, the workshops have no purpose or substance and there will be no benefit to the participants or community. Please see Cathy Livermore's short biography which is attached.

Cost of participation: Free entry

Total expenditure	Total income	Other grants approved	Applicant contribution
