1725	CF: Operations	Papakura Maintenance Contracts	The maintenance contracts include all buildings, parks and open space assets, sports fields, tree management and maintenance, ecological restoration, pest management, riparian planting, coastal management and storm damage. The budget for these contracts is determined by the Governing Body.	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	Approved	Green	The new full facilities contract started on 1 July. The contractor has been proactive in edging pathways, maintaining playgrounds and mowing sports fields. The relatively high rainfall (e.g. July 120-149 per cent of norm) has presented some challenges, including preparing for the summer sports season. There has also been some ongoing challenges with security gates and litter bins, which staff are focusing on resolving. No significant operational building issues. Arboriculture: The beginning of the first quarter saw mobilisation of new contracts. A priority was ensuring requests for service were effectively managed, particularly after hours emergency response. Replacement tree planting was completed over July/August. Annual inspections of street and park trees has commenced which will inform proactive programmes of tree maintenance. Ecological Restoration: A key focus of the first quarter has been the commencement of site assessments and the preparation of restoration plans for sites of ecological high value, working with other council departments and understanding volunteer activity on sites.	City Care's performance in the last quarter has been challenged due mainly to the varying weather conditions in the early parts of the quarter, increased rain with the warm weather presented an ideal growing condition (flush). Extra resources were brought in by the contractor to cope with the grass growth. The very hot and dry December required irrigation for sport fields. While grass growth has declined there is still the need to keep on top of mowing rounds. The warm weather has brought the public to our coastal reserves and beaches, and the contractor worked hard to keep up with the increased litter and cleaning demands. During November the board received weekly individualised audit reports targeted on open space related components. Some of these reports showed failures in the categories of grass, gardens and plants, litter and rubbish bins, and hard surfaces, paths and tracks. Ecological Restoration: All site assessment reports completed, commencement of plant pest control in High Value and General sites and close to the completion of the first round of animal pest control. Arboriculture: Improved seasonal conditions has seen a movement of maintenance focus from street tree to park trees.

295	I&ES: Environmental Services	Healthy Rentals project (Papakura)	The Healthy Rentals Project aims to reduce household energy use and associated carbon emissions, and to improve the quality of rental homes by keeping houses warmer and drier. The project would complement the regionally funded Community Energy Efficiency Programme being delivered in part of the board area. The regionally funded project is targeted at owner-occupiers whereas the healthy rentals project would be offered to rental properties. The project would involve a free independent assessment of the rental property, advice on potential improvements and behaviour changes that increase the overall energy efficiency and health of the rental home, and help tenants save money on their power bills. • provision of targeted energy efficiency products/devices (eg free products for tenants such as LED lightbulbs, draught stoppers and/or subsidies for landlord-led physical improvements) This project will improve the wellbeing of tenants of participating properties. As Māori have a lower level of home ownership generally, this project has the potential to contribute to health outcomes for Māori families.	Q3;Q4	LDI: Opex	\$ 20,000	In progress	Green	The 2016/2017 Healthy Rentals project was completed in quarter one expending all the carry forward funding. A summary project report will be supplied to the board at the beginning of quarter two. The 2017/2018 Healthy Rentals project will align with the district health board Healthy Homes Initiative. Alignment of the two projects will enable tenants to access to a wider range of products and services, for example installing shower flow restrictors or energy efficient light bulbs, and replacing gas heaters with more efficient electrical heaters. Local funding will enable landlords to receive reports on the condition of the home, and access to subsidies to improve energy efficiency such as ground sheets and insulation.	A project summary report for the 2016/2017 Healthy Rentals project was completed in quarter two including an outline of the revised delivery model and project improvements for 2017/2018. Contracts with suppliers are in place for the delivery of the home assessments, tenant education and installation services. The energy efficiency products and services provided by the project (temperature and humidity measuring devices, LED bulbs, hot water control wraps, thermostat controllers, shower timers, flow restrictors, draught stoppers, etc) have been purchased. In quarter two these were provided to two local households involved in the Auckland Wide Healthy Homes Initiative (AWHI). A partnership and promotions plan is being developed to build relationships with community and property organisations and generate awareness about the Healthy Rentals project among tenants and landlords. Uptake is expected to be highest in the winter months in quarter four.

Engage directly with local schools in the board area to support literacy and grow awareness of library resources. (Funded within ABS Opex budget activity: "Library hours of service - Papakura")	Q1;Q2;Q3;Q4	ABS: Opex	\$ -	In progress	Green	Eight school holiday activities based around the theme "What lies beneath" were offered during the July School Holidays with 327 participants. Programmes were delivered in partnership with local groups the Compost Collective, Inspired Clothing and the CGI team which delivers Pasifika craft and digital workshops.	There was high attendance at the Sept/Oct Survive 24 School Holiday Programme. Inspired Clothing partnered with us to make hacky sacks with the children as a 'Survive without electronics activity'. A movie night has become a regular component of our School Holiday programme offer with good turn out from families.
1293	CS: Libraries & Information	Summer reading programme - Papakura	Provide a language- and literacy-building programme that runs during the summer school holidays for 5-13 year olds. Developed and promoted regionally and delivered locally with activities and events designed to meet the needs and interests of local communities. (Funded within ABS Opex budget activity: "Library hours of service - Papakura")	Q2;Q3	ABS: Opex	\$ -	In progress	Green	Planning is underway for the Kia Māia te Whai: Dare to Explore, Summer Reading Programme. Highlights this quarter were a special storytime where thirty children were entertained by Clifford the Big Red Dog and Roald Dahl's birthday celebration. Fifty participants enjoyed storytime, a scavenger hunt and a reader's theatre.	Dare to Explore began with an email out to all schools in Papakura followed up by a flier drop to the 6 Kōtuitui schools and Cosgrove Primary. A librarian attended school assemblies at Park Estate and Papakura Central Schools. Class visits were made to Edmund Hillary, Hingaia Peninsula, Kelvin Road along with engagement at parent teacher interviews at Cosgrove School. This resulted in 153 children registered before Day 1 of the programme. The programme was very popular with a high number of registrations. Collaboration with local Council Departments have richly added to our programme offer as well as the finale party at Massey Park Pools.
1294	CS: Libraries & Information	Supporting customer and community connection - Papakura	Provide programmes that facilitate customer connection with the library and community including Book Chat, Games Night for Families, Adult Colouring. Continue to advise and support the volunteer Drury Library as required. Provide community space for hire at Papakura Library administered by Venuehire.
