

Auckland Transport and St Heliers Business Improvement District

As one of the OLB representatives on the St Heliers Village Association I hear constantly about how the village is looking so scruffy and needs to be cleaned.

As part of the place making of St Heliers Village to look more attractive for customers and visitors is to have the entire BID area cleaned.

We recommend that Auckland Transport in the new cleaning contract include the entire BID area of St Heliers.

The roads to be included

1. Maheke St
2. Polygon Road both sides of the commercial section of Polygon
3. St Heliers Bay Road both sides of the commercial section of the Road
4. Turua St both sides of the street
5. Tamaki Drive from Maheke St to Turua St
