

Rodney Local Board
Outcomes of Deputations/Presentations and Public Forum
15 February 2018

Presenter/Topic	Purpose/Issue	Outcome
<p>Proposed extension of Kohuroa Track, Matheson Bay Roger Williams and Peter Spence</p>	<p>Roger Williams and Peter Spence outlined a proposal to extend the Kohuroa Track at Matheson Bay and sought support from the local board for the project.</p>	<p>The local board recommended the presenters investigate whether the proposal can be a community led small build project with a minimum of 80% of the funding (including volunteer hours) of the project coming from the community and potentially the remaining 20% from council, subject to reporting and available funds. The local board suggested the presenters await the outcome of the Long-term Plan and whether the proposed targeted rate for Natural Environment is adopted in which case it may be possible to utilise this fund subject to a regional prioritisation of projects.</p>
<p>Proposal for kauri dieback station in Parry Kauri Park, Warkworth Roger Williams and Ray Jensen</p>	<p>Roger Williams and Ray Jensen outlined a proposal for a kauri dieback station to be installed at Parry Kauri Park in Warkworth. The representatives sought support from the local board for the project which has the potential to be a prototype station that can be utilised by other groups and agencies.</p>	<p>The local board recommended the presenters investigate whether the proposal can be a community led small build project with a minimum of 80% of the funding (including volunteer hours) of the project coming from the community and potentially the remaining 20% from council, subject to reporting and available funds. The local board suggested the presenters await the outcome of the Long-term Plan and whether the proposed targeted rate for Natural Environment is adopted in which case it may be possible to utilise this fund subject to a regional prioritisation of projects.</p>
