Project: Mobile Self-Learning Pottery Space with Upper Harbour Clay

Location:	Roaming around public spaces in the Upper Harbour Local Board Area		
Summary:	<p>Noting the creative productivity of our recent free and open projects (most recently with Mairangi Arts Centre) we would like to continue our work in opening-up clay as a frugal medium for creative activity and “doing stuff together” in our neighbourhoods.</p> <p>We will bring our mobile self-learning pottery kit to experiment with local clays with “people we meet” as we roam about the community. This choice of method is based on insights drawn from recent public projects (see support materials).</p> <p>Expected outcomes include: Reuse of “waste” sources of local clays (e.g. from building sites) and learning the properties of such clays, offering clay-based creative activities, uncovering collaborators within the community, and developing connections with other local board areas.</p>		
Dates:	02/05/2018 - 31/07/2018	Rain dates:	-
People delivering:	2 (Chris Berthelsen and Jack Tilson)	People benefiting:	100 self-learning potters (interaction from 20mins to several hours) (plus 1000+ online inter action, viewing of project etc.)

Community benefits

Identified community outcomes:

(1) Participants will learn about creative, non-commercial activities for being together “around here” (e.g. reuse of “waste” sources of local clays from building sites, etc.). The creative capabilities of participants increase through domain relevant skills (finding and preparing clay, throwing and hand-building, etc.) creativity relevant skills, and intrinsic motivation.

(2) Everyday lives begin to crack open for interaction, development of casual relationships, and the collection and creation of stories about the people, things and places around us.

People develop greater care for and attachment to “their” place(s).

(3) Increased connections between and across members of the community and the groups that they belong to lead to new collaborations and “doing stuff” together. Social cohesion and resilience increases.

Alignment with local board priorities:

Upper Harbour

- innovative

Working with people/groups in the community we will "dig out" materials that the community is literally built upon (but often thrown away during construction) and make things together.

People will see that free resources for creative activity are all around them. We have seen how exciting and inspiring it is for people to realise they can make useful and beautiful things for free, from the “stuff around us”. Such creative activity lies at the heart of community participation and well-being.

Iterations of this project have been successful, recognised as innovative, and held up as examples by previous funders.

Community benefits

Identified community outcomes:

The management of Albany Chinese Association look after their community very well. Activities happen weekly at Albany House and Oteha Valley School Hall (as well as the Albany Village Library). Chinese dances are performed, Beijing Opera is sung etc. They make it happen thanks to the closeness and network they have created over the years. They need help to keep going. They are kind enough to perform in other festivals such as Cultural festivals when asked to do so.

Alignment with local board priorities:

Upper Harbour

- community participation and wellbeing

The Chinese community is the largest community in the Upper Harbour. We organise festivals to which the whole UH community is invited. For all new comers in Albany area, and develop and help migrants fulfil the needs to face for new life,

Demographics

Maori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)

The Albany Chinese community has shown great interest in everything Maori. Their community was the largest (by far) participating in the Matariki event organised by Harbour Sports, Massey University and the Albany Youth Caucus under the supervision of Auckland Council staff Claire Stewart. This event was a success the Albany Chinese community shared with other groups within and outside of New Zealand, giving Maori culture an access to world stage. More collaboration will no doubt happen in the future, maybe around Maori discovering Chinese culture? The Albany Chinese community and more precisely the walking group led by Tingting from ActivAsians discovered the native bush and the local Upper Harbour history which include Tangata Whenua and Tikanga.

Target ethnic groups: Chinese

Accessibility to people with disabilities Chinese

Promoting Smoke Free: We won't allow any member to smoke during the activities or events held by Albany Chinese Association and try to make the association smoke free society.

Project: Attitude Mental Health and Wellbeing Presentations at Upper Harbour Schools

Location:	Four High schools in the Upper Harbour Area - Kristin School, Pinehurst School, Rangitoto College and Albany Junior School		
Summary:	The main objective of the Attitude programme is to encourage mental & emotional resilience and help prevent youth suicide, teen pregnancy, drug & alcohol abuse and low self-esteem. The presentations planned for Upper Harbour schools will equip approximately 6500 students with the skills to make informed choices and negotiate their teenage years in a safe and positive way. Students involved in the programme are empowered to reach their potential, make good decisions, recognise they have a voice, and contribute towards making their community a safe and inclusive place. 28 presentations @ \$200 each and 1050 handbooks @ \$1.38 each have been requested by Kristin School, Pinehurst School, Rangitoto College and Albany Junior School.		
Dates:	01/06/2018 - 29/05/2019	Rain dates:	-
People delivering:	3	People benefiting:	6500

Community benefits

Identified community outcomes:

The Attitude programme develops young people by teaching them how to make good decisions and inspiring them to implement these decisions. We help them focus on their strengths; we equip them to engage with and solve problems, cultivate healthy self-esteem and good mental health, recover from setbacks, and understand and improve relationships. With good emotional and resilience skills, teenagers are less likely to fall into substance abuse, self-harm and dangerous relationships. Students are empowered to make informed choices and negotiate their teenage years in a safe and positive way and so become positive contributors to society.

Alignment with local board priorities:

Upper Harbour

- community participation and wellbeing

This project is targeted 100% at youth, which is one of the Upper Harbour local board's priorities. Attitude programmes teach young people how to make good decisions and inspires them to implement these decisions. Through our range of presentations and resources we teach young people how to engage with and solve problems, how to cultivate healthy self-esteem and good mental & physical health, how to keep safe, and how to understand and improve relationships, contributing to improved wellbeing. Families and communities also benefit as young people are given tools to become mature, responsible, healthy and contributing individuals.

Demographics

Maori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

As many students at these high schools identify as Māori, many Māori students will learn skills to build resilience which will improve their social wellbeing. Many of our presentations speak on the importance of celebrating your cultural heritage and traditions and to take pride in the community they're from. The Parenting Place - which Attitude is a division of - is on a haerenga (journey) as an organisation with Te Reo and Maori Tikanga, seeking to work in closer partnership with Maori and have the spirit of Te Tiri Ti at the heart of what we do. Attitude presenters (many of whom are Maori) have this as their foundational platform.

Target ethnic groups: All/everyone

Accessibility to people with disabilities All/everyone

Promoting SmokeFree: Our 'Hardwired' presentation specifically deals with smoking and substances, promoting healthy choices and a smokefree lifestyle.

People delivering:	10 Clinical Triage Staff + Approx. 400 volunteers	People benefiting:	50,000 - 55,000 young people annually nationwide

Community benefits

Identified community outcomes:

Youthline services equip youth with skills and insights on how to build self-esteem and improve mental-health, how to actively problem-solve and recover from setbacks. Counsellors link them with local support services to assist their ongoing development. Through their improved emotional and self-management skills young people are less likely to fall into helplessness, depression, addictive behaviours, dangerous relationships and unemployment

Alignment with local board priorities:

Upper Harbour

- community participation and wellbeing

Youthline's vital early intervention services give young people the opportunity to seek out information, problem solve an issue and to "talk it out". The services are both a preventative intervention for young people who need to talk through stressors and concerns as well as a first point of entry for young people who are experiencing crisis such as self-harming, suicidal thoughts or behaviour, family violence and a range of other difficulties. This early intervention service is staffed by a large team of approximately 400 helpline volunteer counsellors - supported by our Clinical Triage Team - providing immediate support, development opportunities and referral services.

Community benefits

Identified community outcomes:

Action Education is a youth development organisation with an edge. We use creative and action-based methods to ignite the engagement of young people at all stages of their development. This acts as a catalyst to begin a self-motivated journey of reflection and exploration which strengthens their self-esteem, confidence and sense of identity. We use Spoken Word as a tool to engage young people. Our programmes promote communication, positive dialogue and literacy. Spoken Word poetry gives young people from every walk of life a way to express themselves. We aim to provide a safe place in which young people can express and share their own personal viewpoints. Through shared stories our intention is to empower young people to break down stereotypes and isolation.

Alignment with local board priorities:

Upper Harbour

- community participation and wellbeing

Poetry gives young people a safe outlet to express themselves. Poems range in topics as diverse as the race relations, poverty, or gender politics. Through shared stories Action Education's intention is to empower young people to break down stereotypes and isolation.

Our work is underpinned by strong youth development processes that increase self-esteem, encourage resiliency and promote connection within peer groups, families, whanau and

communities.

Project: New Zealand Secondary School Badminton Championships

Location:	Active Badminton Centre, 46 Apollo Drove, Rosedale		
Summary:	The NZ Secondary School Badminton Championships see the best schools from across New Zealand compete to be named National Championships. In 2018, the event will be held in two venues across North Harbour (Active Badminton Centre and Badminton North Harbour), with approximately 55 teams and 280 players competing across four days. The event is of particular importance to the Auckland region with 17 teams travelling down to Hawkes Bay in 2017 and we hope to see far greater numbers for 2018. With the majority of teams travelling from outside of Auckland, the event offers a significant influx of individuals to the region during the Winter NZSSSC Sports week.		
Dates:	03/09/2018 - 06/09/2018	Rain dates:	-
People delivering:	15	People benefiting:	350

Community benefits

Identified community outcomes:

As the second largest Badminton event of 2018, the NZSS Championships provide all badminton players in North Harbour and the wider Auckland community the opportunity to gain valuable experience in a high quality tournament without the cost of travelling outside of the region. As we cater for both high performance players in Division 1 and more developing players in Division 2, we hope to cater for a wide range of schools and students. The event will also see approx. 35 teams from outside of Auckland travel to North Harbour, requiring 5 nights' accommodation each, along with meals etc.

Alignment with local board priorities:

Upper Harbour

- youth

This is the first time that a high level badminton event has been held at the Active Badminton Centre and along with Badminton North Harbour will see around 280 young people playing a sport they love. With North Harbour schools always featuring in the medals, the holding of the event in North Harbour allows the players the opportunity to showcase their abilities to peers and family members, while competing for the pride of their school.

Promoting SmokeFree: We are smoke free sport and company and the building we are looking to go into is also smoke free. Our staff will specifically go and ask people who are smoking to move away from the area as we do not want children or our members subjected to smoking. None of our staff smoke or would be allowed to smoke anywhere near our premises.
