Investment approach

The Māngere-Ōtāhuhu Local Board has allocated budgets to support the local grants programme as follows:

Quick Response Local Grants

- \$ 2000 Maximum amount per grant

Local Grants:

- Above \$ 2000 per grant, two contestable rounds per annum

Recurring grants:

The board can award recurring grants, at its discretion to any applicant on a recurring basis – i.e., commit to providing a grant of a specified size, for a specified purpose, each year – for up to three financial years.

Recipients are required to put in an application and account on an annual basis for the funding they have received in that financial year, report on the progress they have made and demonstrate they are meeting any key performance indicators before funds will be released for the following year. E.g., applicants are to provide information on expected number of participants and final numbers who attended.

Māngere-Ōtāhuhu Local Board will fund a few community events as discretionary grants toward projects, initiatives as part of regular calendar of events that align with the priorities of the local grants programme. These grants will be allocated through the events work programme and some will be administered by the relevant departments:

Project

- Christmas events/ Santa parades in town centres
- Community days, cultural festival and St Patricks Day, Ethnic food and cultural festival, Family day out, school kapahaka competitions, Pasifika Dance festival
- Community health and well-being –youth sports camps, community sporting events, holiday sports programme, family sports day, health promotion events such as World diabetes day

Community Match Fund:

The principles of match-funding will be encouraged to strengthen community-led development and assessed across all community grants. Board will give priority consideration to applications with matching community raised input, such as volunteer labour, donated materials, professional services, and / or cash from the community. These contributions show the level of community commitment and investment in the project.

(Note: Community Match Fund could be allocated under Quick response or Local Grants)

Multi-board funding

Māngere-Ōtāhuhu Local Board will consider making grants alongside other boards on a case-by-case basis where the application identifies the benefits to communities across local board boundaries and outlines how the initiative serves the board's plan outcomes.

Accountability measures

The Māngere-Ōtāhuhu Local Board requires that all successful applicants to provide:

- success and outcomes of the project against local board outcomes and priorities
- photos and anecdotal narratives as supporting information
- Standard financial accountability, e.g. receipts and comparison of spending against budget.
- Information on community contributions
- Invite to events directly contributed to by the local board grant.

Māngere-Ōtāhuhu Local Board requires an overview summary on a quarterly basis, with a simple analysis of grant history patterns – e.g. number of times groups have applied, types of groups receiving grants and purposes. If there are any gaps between outcomes sought by the board and type of applications received and grants awarded. It is expected that such an analysis will inform the community grants policy evaluation expected to take place after one year period.
