

## Papakura & Districts Historical Society Incorporated

<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Historic Heritage
<b>Conflicts of interest:</b>	None identified		

### Project: Exhibition Images & Panels

<b>Location:</b>	Papakura Museum		
<b>Summary:</b>	To replace existing light box images with a WW1 Roll of Honour. To develop, create and install a Rugby exhibition celebrating the connection between the All Blacks and French Rugby Team. The latter is a community project being done in conjunction with Papakura Rugby Club and the Business association.		
<b>Focus specific:</b>	<b>Building/site recognised in a council heritage schedule or the NZ Historic Places Trust:</b> No, No		
<b>Dates:</b>	04/06/2018 - 27/07/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	8	<b>People reached:</b>	1000+
<b>Promotion:</b>	Not stated Through the Business Association, Papakura Rugby Club Flyers, website and Face book, Posters, personal contacts / mailing lists, and article in Papakura Courier.		

### Community benefits

#### Identified need:

There is always a need for community collaboration with regards to Museum projects. Rugby is a popular and engaging sport which will attract visitors to the Museum.

WW1 Military light boxes require replacing as they have been in situ for 18 months. Having a second set of images allows the museum to interchange as required.

#### Identified community outcomes:

A broader knowledge of local and national sporting history and collaboration with community groups.

A deeper understanding of our military history.

Visitors will have a stronger identity with the place they live in / visiting through narratives and images on display.

#### Alignment with local board priorities:

##### Papakura

- protect and restore our natural and built heritage
- contribute to the economic and cultural attractiveness of Papakura town centre

Through engagement with images and exhibitions, visitors and the local community learn about Papakura and districts cultural and historic heritage.

Collaborating organisation/individual	Role
Papakura Rugby Club	Artefact and external events
Papakura Business association	Resources and advertising

NZ Rugby Museum	Artefact, images and information.

### Project: Matariki Flags in Papakura Town Centre

<b>Location:</b>	Great South Road, Papakura		
<b>Summary:</b>	To put up the Matariki Flags down the Centre of the Papakura Town Centre to support local Matariki Events happening in the town for the Matariki New Year celebrations.		
<b>Dates:</b>	12/06/2018 - 30/07/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	3	<b>People reached:</b>	Thousands
<b>Promotion:</b>	Not stated Facebook Website and newsletter		

### Community benefits

#### Identified need:

There are lots of local events happening for Matariki in town and these flags were part of a competition for Matariki Flags done in a schools promotion. We have done this for the last two years and it is well supported in town.

#### Identified community outcomes:

Wonderful Flags flying down the main street supporting local Matariki Events that are happening in the town and around the area

Using these flags to promote local events that are happening

#### Alignment with local board priorities:

##### Papakura

- support Māori economic development
- contribute to the economic and cultural attractiveness of Papakura town centre

Matariki is the celebration of the Maori New Year and the Matariki Flags are flown over this period in Papakura Town Centre and will contribute to the Maori economic development over this period which is happening in the area. It's a great reminder of this auspicious event and support and show town support for this event as well given we have a large Maori population living in Papakura

Collaborating organisation/individual	Role
None identified	None identified

### Demographics

#### Māori outcomes:

- Māori involvement in the design/concept

It is supporting a main event of Maori - Matariki being the New year celebrations

#### Accessible to people with disabilities:

Yes - Anyone can view these flags flying in the town

## New Zealand Rugby League Incorporated

<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Sport and recreation
<b>Conflicts of interest:</b>	None identified		

### **Project: National Secondary Schools Rugby League Tournament**

<b>Location:</b>	Bruce Pullman Park, Papakura		
<b>Summary:</b>	24 schools will attend playing 12 games across six fields daily from September 3-7. Teams are split across two pools – premiership (16 schools) & development (8 schools) with finals being played on the Friday. Schools will also partake in off the field well-being sessions throughout the week.  What: 12 games across six fields every day		
<b>Dates:</b>	03/09/2018 - 07/09/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	20 team members	<b>People reached:</b>	700 participants including teams and staff. 1000 spectators across the week. 50 staff and volunteers
<b>Promotion:</b>	Not stated		

### **Community benefits**

#### **Identified need:**

New Zealand Rugby League is a not-for-profit national sports organisation charged with the growth, development and delivery of the game of rugby league in New Zealand. National Secondary Schools was established to ensure easy access to rugby league in schools and to provide an avenue for school boys and girls who may not have competitions available in their regions to participate in rugby league. New Zealand Rugby League alongside New Zealand Secondary Schools Sports Council Inc. identified an opportunity to promote and grow the game by establishing a tournament as part of National Tournament Week.

#### **Identified community outcomes:**

Provide opportunities for those interested in rugby league to participate where access to the sport may not be easily and readily available.

Expose rugby league players to New Zealand Rugby Leagues high performance pathways.

To promote New Zealand Rugby League's 'More than just a game' philosophy. More than just a game is a holistic approach to the delivery of our sport that encompasses education, wellbeing and health learning opportunities. National Secondary School tournament promotes this heavily through the likes of wellbeing workshops, careers expo, leadership workshops etc.

#### **Alignment with local board priorities:**

##### **Papakura**

- promote Papakura as a destination for sporting competitions and events

- help our young people to contribute prosper and thrive

The tournament brings 700 people to the Papakura area from across New Zealand with several of these schools choosing to stay in Papakura for the duration of the week. Bruce Pullman Park is an exceptional facility that naturally showcases Papakura as a destination for sporting competitions and events. NZRL is fortunate enough to have full access to the operations centre and all playing fields throughout the tournament. NZRL also works closely with Papakura High School who allow us to use students as volunteers and enable us to utilise their school hall facilities to host 'more than just a game' workshops. We also take on a number of AUT student volunteers, providing practical hands on experience to complement their studies.

Collaborating organisation/individual	Role
AUT	Supplying student volunteers
Auckland Council	Funding support
Papakura High School	Use of school facilities and student volunteers

## Demographics

<b>Māori outcomes:</b>	Māori focus - tikanga (practises), mātauranga (knowledge), reo (language) The NZRL Secondary Schools National Tournament celebrates Maori culture with the encouragement of Haka and Song prior to matches and championing such endeavour through the NZRL Secondary Schools Awards evening where we again celebrate the cultures brought to the tournament by the participating teams. We also have an award for the best team cultural salute which teams vie for with huge passion and mana. We have a wonderful relationship with the Maori Wardens and they assist in support by way of security, car parking Assistance and provide information to the public where required.
<b>Accessible to people with disabilities:</b>	None identified
<b>Target ethnic groups:</b>	Māori, Pacific Peoples, All/everyone
<b>Promoting SmokeFree:</b>	National Secondary Schools is proudly a smoke-free tournament. Smoke-free messaging will be pushed through all team information booklets and through the NZRL website. Smoke-free banners will also be used at the grounds for the duration of the tournament.

### Project: All Black French Tour Events In Papakura

<b>Location:</b>	Great South Road, Papakura		
<b>Summary:</b>	We will put up Rugby Jerseys from local Rugby Clubs around town around the town flying proudly and high to celebrate the All Black French Rugby Tour and as part of a series of local community events happening in Papakura at the Papakura Rugby Club		
<b>Dates:</b>	01/06/2018 - 30/06/2018	<b>Rain dates:</b>	02/06/2018 - 02/07/2018
<b>People delivering:</b>	3	<b>People reached:</b>	Thousands
<b>Promotion:</b>	Not stated Website Flyers Social Media Paper		

### Community benefits

#### Identified need:

There are quite a few community events happening in town and at the Rugby Club for the All Black French Rugby Tour

These Jerseys are a great talking point - especially on social media and will be tied into advertising of what is happening around town in our community

#### Identified community outcomes:

Alerting our community and the public that the tour is on and that we have local events for our community and schools happening at the club.

#### Alignment with local board priorities:

##### Papakura

- contribute to the economic and cultural attractiveness of Papakura town centre
- promote Papakura as a destination for sporting competitions and events

Makes the town look attractive and interesting to look at and will foster their interest in what is happening around town

Promotes the Rugby Club and Papakura as a place for sporting events and community events

And makes a great change to have the jerseys up rather than flags

Collaborating organisation/individual	Role
Papakura Rugby Club	Assistance with the events

### Demographics

**Māori outcomes:** None identified

**Accessible to people with disabilities:** Yes - They can see the flags and access the Rugby Club for the community events

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** Happy to have the Smoke Free Flags flying at the community events at the Rugby Club if provided to us.

## The Parenting Place

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### **Project: Mental health & wellbeing presentations for Papakura High Schools**

<b>Location:</b>	Assembly halls of Rosehill College, Papakura High School and ACG Strathallan College		
<b>Summary:</b>	This youth development programme will equip 3500 students with life-skills to make informed choices and negotiate their teenage years in a safe positive way. Through improved decision making students are empowered to reach their potential positively contributing towards their community. Presentations and handbooks have been requested by Rosehill College, Papakura High School, ACG Strathallan College and Rosehill Intermediate		
<b>Dates:</b>	01/05/2018 - 07/12/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	3	<b>People reached:</b>	3500
<b>Promotion:</b>	Not stated We promote our Attitude Programme for Schools on our website ( <a href="http://www.attitude.org.nz">www.attitude.org.nz</a> ) and spend a lot of time cultivating relationships with schools. Our Attitude team have a good existing relationship with high schools in the Papakura area board, which is highlighted by the fact that we are invited back to present each year.		

### **Community benefits**

#### **Identified need:**

- NZ statistics are alarming and some of the worst in the world when it comes to Youth suicide, teenage pregnancy and STIs. Bullying in schools, criminal assaults by children and teenage binge drinking culture are frequently in the media.
- Student feedback obtained through our third party online evaluation survey gives strong evidence for the need for and success of our programmes.
- We have been delivering presentations in Papakura schools for 16 years and are always invited back. This gives a clear indication that schools endorse our programmes and see a need for what we are doing.

#### **Identified community outcomes:**

The Attitude programme develops young people by teaching them how to make good decisions and inspiring them to implement these decisions. We help them focus on their strengths; we equip them to engage with and solve problems, cultivate healthy self-esteem and good mental health, recover from setbacks, and understand and improve relationships.

With good emotional and resilience skills, teenagers are less likely to fall into substance abuse, self-harm and dangerous relationships. Students are empowered to make informed choices and negotiate their teenage years in a safe and positive way and so become positive contributors to society.

#### **Alignment with local board priorities:**

##### **Papakura**

- help our young people to contribute prosper and thrive

- improve the overall wellbeing of the Papakura community

Attitude programmes aim to encourage students to become positive contributors to the community. Our programmes align with several Papakura Local Board Plan Priorities:

"Help our young people to contribute prosper and thrive" and "improve the overall wellbeing of the Papakura community".

Attitude programmes provide young people with the skills to make positive decisions and keep themselves and the wider community safe. We encourage students to develop their full potential and become active spokespeople for causes they believe in. Volunteering is promoted and students are encouraged to become involved in their community and caring for its members. We also teach the physical and emotional benefits of living an active healthy lifestyle.

Collaborating organisation/individual	Role
Papakura High School, Annie Ryan Ph. 09 296 4400	Requested Programmes and School Liaison
Rosehill College, Linda Whyte Ph. 09 295 0661	Requested programmes and School Liaison
ACG Strathallan College, Gill Ayliffe Ph. 09 295 0830	Requested programmes and School Liaison

## Demographics

<b>Māori outcomes:</b>	Māori participation - Māori priority group, target group, high representation or Māori staff delivering  As many students at these high schools identify as Māori, many Māori students will learn skills to build resilience which will improve their social wellbeing. Many of our presentations speak on the importance of celebrating your cultural heritage and traditions and to take pride in the community they're from. The Parenting Place - which Attitude is a division of – is on a haerenga (journey) as an organisation with Te Reo and Maori tikanga, seeking to work in closer partnership with Maori and have the spirit of Te Tiriti at the heart of what we do. Attitude presenters (many of whom are Maori) have this as their foundational platform.
<b>Accessible to people with disabilities:</b>	Yes - Attitude presentations are accessible to all students in the schools we visit
<b>Target ethnic groups:</b>	All/everyone
<b>Promoting SmokeFree:</b>	Our 'Hardwired' presentation specifically deals with smoking and substances, promoting healthy choices and a smoke free lifestyle.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	40%	60%	%	%	%	%

## Financial information

**Amount requested: \$3000.00**

**Requesting grant for:** This project involves Attitude presenters visiting Papakura schools during 2018 to deliver a variety of Attitude presentations to 3500 intermediate and high

school students. We request funding from the Auckland Council (Papakura Local Board) towards the cost of delivering 26 presentations @ \$200 each (and \$300 each for Intermediate Sector presentations) to Rosehill College, Papakura High School and ACG Strathallan College along with providing handbooks for 700 Year 10 students.

**If full amount requested is not able to be funded:**

High School presentations are \$200 each, so funding towards as many High school presentations as possible would be of great assistance.

**Cost of participation:** Attitude requests a koha from schools that we visit but due to their limited budgets not all are able to contribute anything so Attitude must fundraise in order to make the programme available to all students.

## The Rising Foundation Trust

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Programme Coordinator Operating Costs

<b>Location:</b>	Papakura High School, Willis Rd Papakura		
<b>Summary:</b>	<p>This grant we are requesting is to cover part wages for our full time Programme Coordinator based at Papakura High School. TRF deliver a mentor/leadership programme for Year 9 to Year 13 students over the whole time while they are at school.</p> <p>By supporting our Programme Coordinator in her work, you will be contributing to the transformation of the lives of the young people in her care. Also the effect on those transformed young people will have on their broader family and community. So with this grant you are enabling our students to have a stable, reliable, positive and inspiring adult to walk alongside them during the most turbulent and developmentally important five years of their lives.</p>		
<b>Dates:</b>	12/06/2018 - 18/09/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	One full time Programme Coordinator at Papakura High School	<b>People reached:</b>	48 students currently in TRF at Papakura High School
<b>Promotion:</b>	Not stated		

### Community benefits

#### Identified need:

Local Intermediate and High Schools have expressed the need for a programme to work with young people from challenging social or economic backgrounds. These students have been identified as having leadership ability but who would otherwise lose their way during High School and would not reach their full potential or identify their best selves in life.

We engage with referred young people and equip them to be productive and capable members of society. Manurewa High and all the schools we work with agree that we provide a unique and invaluable service.

#### Identified community outcomes:

1. Our students benefit from being part of The Rising Foundation because they are encouraged to excel in life and in academic achievement. They benefit from having the backing of a professional and accredited team who know how to deal with the complex issues of adolescence. Our students form deep friendships and supportive relationships, they learn to be honest with themselves and with others and they are equipped with a psycho-social framework for healthy decision making. They learn values and principles that help them become enthusiastic and capable leaders who managed themselves well. They benefit from enjoying world class adventure experiences that reinforce their learning each term.
2. Our students' families and schools benefit because our students are more polite, respectful, responsible, caring, grateful, collaborative and cooperative. Our students choose to avoid; using violence, abusing substances and resorting to self-harm or suicide.
3. Our communities benefit because every year 20-30 of our students graduate and all go into; full

time work, tertiary education or trade training. That's great for the community.

**Alignment with local board priorities:**

**Papakura**

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

We provide a five year support group during the most intense developmental phase of a young person's life. By delivering our programme to the students at Papakura High School, our Coordinator is unlocking the potential of every young person in their care. The programme helps each student to know themselves and see what they are truly capable of. Our students grow in self-respect, self-honesty, self-responsibility and learn to be confident, caring and enthusiastic leaders. This has a positive impact on their academic performance, their attitude and their behaviour both at school, at home, and out in the community. Papakura benefits from the quality young leaders, good workers and all round good people our programme produces.

Collaborating organisation/individual	Role
Therapeutic Storytelling Intervention (TSI)	Collaborate with TSI International in the use of their GEM journey programme which helps young people find their identity and direction in life.
Skills Org NZ/Work choice NZ	Facilitators to help young people into apprenticeships and help them in the process of gaining trades certification.
Vector On Gas	Working with TRF to ease student's transition into the work force.
Manukau Beautification Charitable Trust	TRF provide volunteers and time for community projects.
Trillian Trust Fun Fest	TRF provide volunteers and time for community events
Past TRF students	Volunteer time and resources to assist on camps and excursions
TRF Whanau	Volunteer time and resources to assist on camps and excursions

## Papakura Potters Incorporated Society

<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Arts and culture
<b>Conflicts of interest:</b>	None identified		

### Project: Building Maintenance

<b>Location:</b>	Old School Hall, Wood Street, Papakura		
<b>Summary:</b>	To cover the maintenance cost demanded by Auckland City Council for the area that we use.		
<b>Dates:</b>	01/09/2017 - 31/08/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	Members and Students	<b>People reached:</b>	approximately 20 people per week
<b>Promotion:</b>	Not stated Via Facebook and in the community newspaper.		

### Community benefits

#### Identified need:

We have consistent membership and new students on a continual basis. We have enquires regularly for our services.

#### Identified community outcomes:

To provide a space for the community to learn and develop skills in the arts. To provide the community with access to facilities that are not available anywhere else in the area. To keep Papakura as a liveable and sustainable community.

#### Alignment with local board priorities:

##### Papakura

- improve the overall wellbeing of the Papakura community
- support innovation and social enterprise

It is outlet for creativity and allows people to meet with similar interests in the Arts. It develops learning within the community. It's a social venue that is safe and supportive. Arts is a means for people to relax and be mindful while learning and developing yourself as well as those around you.

## Papakura Community Crime Watch Patrols Incorporated

<b>Legal status:</b>	Incorporated Society, Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Replacement of two aging vehicles

<b>Location:</b>	Papakura Police Station, Wood Street, Papakura		
<b>Summary:</b>	Our two Crime watch vehicles are now unreliable and over 13 years old. With some urgency we need to purchase two larger, more reliable vehicles. One of our patrollers is unable to sit in the passenger seat of our current car having to sit in the rear seat due to its size. This problem needs to be addressed. At present we have raised approximately 50% of the funds required to replace these two vehicles. We estimate we will need a total approaching \$50,000 and any contribution Council is able to make towards this total will be very gratefully received. The purchase will be made as soon as we have raised the funds hopefully in the Spring of 2018.		
<b>Dates:</b>	01/07/2018 - 01/06/2019	<b>Rain dates:</b>	-
<b>People delivering:</b>	70 plus	<b>People reached:</b>	60,000 plus
<b>Promotion:</b>	Not stated We are constantly seeking sponsorship and regularly attend Police events throughout the district in order to raise our profile. We have a regular plan of approaches to local business in an attempt to raise the necessary funds to complete this project.		

### Community benefits

#### Identified need:

Our cars are unreliable and old. In order to fulfil our objectives our two vehicles need to remain available at all times. Police have commented that there is a need for our vehicles to present a stronger image on the road as well as to supply a safer and more comfortable ride for our patrollers. It should be noted that many of our patrols take place after 7.30pm until 1.00am the following morning and the reliability factor cannot be overstressed.

#### Identified community outcomes:

Two new larger vehicles with high impact signwriting making us more noticeable when on the road. Our prime objective is to act as an extra set of eyes and ears for the Police as well as providing a deterrent to prospective wrong doers.

#### Alignment with local board priorities:

##### Papakura

- improve the overall wellbeing of the Papakura community
- contribute to the economic and cultural attractiveness of Papakura town centre

Our specific objective of acting as an extra set of eyes and ears for the Police helps to create a safer and more attractive environment to be enjoyed by all the residents of Papakura, Drury, Ardmore, Takanini, Conifer Grove, Pahurehure, Karaka Harbour side and Karaka Lakes, including residents, industries, retailers and professionals.

Collaborating organisation/individual	Role

## Papakura High School

<b>Legal status:</b>	Other: School	<b>Activity focus:</b>	Arts and culture
<b>Conflicts of interest:</b>	None identified		

### Project: Papakura High School Arts Festival 2018

<b>Location:</b>	Papakura High School, Willis Road, Papakura and Hawkins Theatre, Ray Small Drive, Papakura		
<b>Summary:</b>	The PHS Arts Festival 2018 will run for one week. There will be 'arts' activities at lunchtimes and evenings for students and whanau to take part in. Artists in Residence will offer students and the wider community opportunities to share knowledge in many different arts. We will hold workshops. We will have an art auction of the students' art. We will be showcasing students' talents in art, drama, dance and music with 2 evening performance nights.		
<b>Dates:</b>	02/07/2018 - 06/07/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	500	<b>People reached:</b>	700
<b>Promotion:</b>	Not stated We will promote the event through our school notices, assemblies, newsletters home, emails home, posters in local shops and around the school and in the local paper. We will advertise it on our website and Facebook page.		

### Community benefits

#### Identified need:

Our local community have indicated by their positive feedback from past festivals, that they want us to continue to enhance our students learning by enabling them to showcase their talents, in a supportive environment, to their peers and whanau. We are also inviting members of the local community to share their skills that the students would otherwise not be exposed to, so that the community as a whole will benefit. The festival will encourage students to do their best, be enthusiastic and apply themselves as well as learn important life skills. This will enhance other learning environments within the school.

#### Identified community outcomes:

We engage as much of the local community as we can in the preparation and execution of the event. The community feels included. Whanau will benefit from students being engaged in their school life and other areas of their schooling. This is achieved as a result of their commitment to this event and the role they play to make it successful. Students will benefit as they learn new skills that they can take into the outside world as they move on from school. Local artists get to share their skills with students and get exposure within the local community.

#### Alignment with local board priorities:

##### Papakura

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

Our project allows young people to showcase their talents in the 'arts' within our local community in a formal theatre environment. It allows students with many different skills to shine in an environment their whanau can be proud of. Our students will develop new skills through engagement with local craftsmen/women that they would not have had the opportunity to do

otherwise. They will be able to develop and foster skills in leadership, time management, positivity and creativity alongside advanced skills in their chosen art form. The community will be able to participate and engage with our very talented young people through providing workshops, watching performances and being mentors in various art forms.

Collaborating organisation/individual	Role
None identified	None identified

## Demographics

<b>Māori outcomes:</b>	Māori involvement in the design/concept As we are a predominantly Maori school and local community we will be calling on local people to share their skills with the school community. Our students will benefit greatly from exposure to Maori traditions and skills. We will be having Matariki celebrations included as part of this festival. The local marae members will be invited to participate and be involved in the event. We have a strong affiliation with our local iwi.
<b>Accessible to people with disabilities:</b>	Yes - We have ramps on all entrances to our hall where the activities will take place. We have seating space for wheelchair visitors and other disabled attendees. The Hawkins Theatre is designed to accommodate disabled patrons.
<b>Target ethnic groups:</b>	All/everyone
<b>Promoting SmokeFree:</b>	None identified

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages

## Financial information

**Amount requested: \$4817.00**

**Requesting grant for:** Hire of Hawkins Theatre, Technician and Projector; Hire of Art Boards; Music expenses; Artists in Residence x 3

**If full amount requested is not able to be funded:**

Hawkins Theatre Hire including technician and projector fees, Artists in Residence x 2, and Hire of Art Boards. If we were not able to pay for the hire of the venue and related costs we would not be able to hold the event. We could manage with only 2 Artists in Residence and we need the Art Boards to display the students' art as part of the festival. \$3002.00 would cover these costs.

**Cost of participation:** Tickets for entry to the evening performances, \$10 adults and \$5 students. Under 5's free.

## Papakura Community Trust - Redhill Community Centre

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Sport and recreation
<b>Conflicts of interest:</b>	None identified		

### Project: Sports Equipment

<b>Location:</b>	Redhill Community Centre, 163 Dominion Road, Redhill, Papakura, 2110.		
<b>Summary:</b>	Supply quality sports equipment to increase the range of sport and recreational facilities available to the wider public at Redhill Community Centre. Including volleyball, badminton, indoor soccer, general ball skills, rock-climbing for pre-schoolers and overall fitness equipment.		
<b>Dates:</b>	01/06/2018 - 30/09/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	8	<b>People reached:</b>	300
<b>Promotion:</b>	Not stated Facebook and Website. At the RCC there is a customisable noticeboard viewed from the road. The RCC is located on a main road from Hunua,-Redhill-Papakura. Other groups that are run at the RCC - play group, mainly music, are informed of new programmes as they become available.		

### Community benefits

#### Identified need:

Physical activity can help people live longer, healthier lives. One of the best indicators of overall health is aerobic fitness and how much oxygen we use, this is maximized by moving the body. Physical activity has physical, mental and social wellness benefits. Several health conditions can be improved or prevented with physical activity, including diabetes (Auckland University study shows rate of Diabetes in South Auckland is 2 x higher than North Shore), obesity (overall increasing in NZ). MOH (annual update of Key Results 15/16) data shows overall percentage of adults who do little or no physical activity and obesity (including morbid obesity) rates are trending upward in all NZ. Most shockingly childhood overweight/obesity data is almost 1 in 3.

#### Identified community outcomes:

Increased physical activity in the local community, especially during winter months as the facilities are not affected by early sunset and weather. Provide opportunity for and increased range of sports and recreational activities at the Redhill Community Centre. As detailed previously any increase in physical activity whether from nil to minimum or from minimum to moderate has a beneficial effect on overall health. Rock-climbing, basketball, badminton, volleyball and soccer can be tailored from beginner to expert, they all have aspects of aerobic exercise as well as cardiovascular and strength training. Long term this can mean reversal or prevention of such medical conditions as obesity, diabetes, asthma and promote good cardiovascular, respiratory and mental health.

#### Alignment with local board priorities:

##### Papakura

- improve the overall wellbeing of the Papakura community
- promote Papakura as a destination for sporting competitions and events

Increasing range and frequency of sport and recreation options available within Redhill/Papakura. Physical activity has a positive impact on overall wellbeing including physical, cognitive and psychosocial wellbeing. The indoor rock-climbing wall is unique in Papakura and could be used for future events.

Collaborating organisation/individual	Role
Sarah Peoples	Sports Co-ordinator

## Demographics

<b>Māori outcomes:</b>	Māori participation - Māori priority group, target group, high representation or Māori staff delivering Redhill population (according to 2013 Census) lists percentage of population that identifies as Maori at 36.8% compared to 10.7% in Auckland in general. The Redhill Community Centre is open to the general public focusing on the people living closest in the Redhill/Papakura area.
<b>Accessible to people with disabilities:</b>	Yes - The RCC is accessible to wheelchairs or those with mobility impairments, from flat carpark and front door access, reception, bathrooms and shower facilities. There are upstairs rooms; however these are not used for any sports.
<b>Target ethnic groups:</b>	All/everyone
<b>Promoting SmokeFree:</b>	The RCC is designated Smoke-free and along with collaborations with Green Prescription, Well women Franklin, Play Centres a general non-smoking message is encouraged.

## The Papakura Branch of the New Zealand Society of Genealogists

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Historic Heritage
<b>Conflicts of interest:</b>	None identified		

### Project: Digitisation of Historical Record Cards

<b>Location:</b>	11 Opaheke Road, Papakura, Auckland, 2110		
<b>Summary:</b>	The Papakura and districts Biographical Index includes Alfriston, Ardmore, Ararimu, Clevedon, Drury, Karaka, Kawakawa Bay, Maketu, Ramarama, Slippery Creek, Springfield and Wairoa South. History dating back to the early settlers. These are currently recorded in a card index library system. These records need to be digitised owing to the age and vulnerability of the cards; they need to be protected from environmental or physical destruction. Our main objective is to ensure we preserve and protect public records, so that they are readily accessible to our community.		
<b>Dates:</b>	01/07/2018 - 01/12/2019	<b>Rain dates:</b>	-
<b>People delivering:</b>	15	<b>People reached:</b>	20,000
<b>Promotion:</b>	Not stated We plan to promote our project in The New Zealand Genealogist, the local Papakura Courier and the Coast to Coast paper. Also in our branch newsletter, which is distributed across the nation? Our Facebook page and also on The New Zealand Society of Genealogists website - <a href="https://www.genealogy.org.nz">https://www.genealogy.org.nz</a>		

### Community benefits

#### Identified need:

We have established the need for this project as the cards are beginning to fade and the cards themselves are deteriorating. One of the main objectives and purpose of NZSG is to secure, preserve and ensure ease of accessibility of historical records to the wider community.

#### Identified community outcomes:

This project will ensure these existing card historical records are protected and made future proof. There is much concern they could be destroyed by fire or another such event. Digitising these records will ensure the continued availability of local history. The digitised data will then be made easily accessible to the wider community. The data will be available to anyone who wants to research the early settlers of South Auckland.

#### Alignment with local board priorities:

##### Papakura

- improve the overall wellbeing of the Papakura community
- help our young people to contribute prosper and thrive

This project will help to protect and preserve the mass amount of historical records that relate to early South Auckland settlers, their history and their stories. To aid and help enable the community and younger people to engage in the researching of their families and social history.

Collaborating organisation/individual	Role
---------------------------------------	------

NZSG Projects Coordinator - Carole Devereux	Project planning expertise
---	----------------------------

## Demographics

<b>Māori outcomes:</b>	Māori focus - tikanga (practises), mātauranga (knowledge), reo (language) We have records of whakapapa first settlers to the South Auckland area. Currently these records are on card and need to be digitised to future proof and preserve this knowledge and history.
<b>Accessible to people with disabilities:</b>	Yes - Anyone can do their family history and research at the Community House. Once the cards are digitised, access to the index will be universal.
<b>Target ethnic groups:</b>	All/everyone
<b>Promoting SmokeFree:</b>	We do not permit smoking on the premises of the Community House. This is also in accordance with the protection and reduced risk of fire damage to the community house and its contents.

%	%	%	%	%	%	100%

## Financial information

**Amount requested: \$2630.00**

**Requesting grant for:** We are requesting funding for the technological aspects of the project. A scanner that is capable of multi feeding and scanning a varying array of record cards. The project will also require a suitable computer solution that can display, sort, and house the scanned data to prepare for publication to the community.

**If full amount requested is not able to be funded:**

We would prefer the computer to be funded as we feel we could fundraise for the cost of the scanner. However fundraising monies are required for other such costs as insurance and maintenance community house running costs etc.

**Cost of participation:** No

## Babystart Charitable Trust

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Boxes for Papakura Babies

<b>Location:</b>	Papakura-wide distribution. Boxes are produced in Otahuhu and administration is based in Mt Eden.		
<b>Summary:</b>	Our medium to long-term goal in all the areas in which we work is to gift baby boxes to the most challenged 10% of babies born annually. With 993 births in the Manurewa Local Board region in 2017 our ultimate goal is to reach 99 babies. This will be achieved predominantly with the assistance of Counties-Manukau DHB, Lead Maternity Carers, and Social Workers.		
<b>Dates:</b>	01/06/2018 - 31/05/2019	<b>Rain dates:</b>	-
<b>People delivering:</b>	10 - all volunteers	<b>People reached:</b>	Up to 99 babies and their families depending on funding
<b>Promotion:</b>	None identified		

### Community benefits

#### Identified need:

Extensive consultation has taken place with Plunket, the New Zealand College of Midwives, the Family Start programme, Counties-Manukau District Health Board, and numerous independent midwives. The latter three groups, in particular, emphasise the significant need of families with new babies in the Papakura area.

#### Identified community outcomes:

- Families feel better equipped and more confident in dealing with the arrival of their baby
- Babies are warmer and safer as a result of access to appropriate resources
- Healthcare professionals and community workers feel better connected to their clients as a result of the gifting process

#### Alignment with local board priorities:

##### Papakura

- improve the overall wellbeing of the Papakura community

BabyStart aims to support the Papakura community by providing baby boxes to families who 1) are suffering significant material hardship and 2) have a newborn baby that is at risk of SUDI (Sudden Unexpected Death in Infancy). The key focus is to improve the wellbeing of babies and their families while also supporting the distributors who work with families in a variety of contexts.

Each large cardboard box contains approximately 40 clothing and care items. In addition, the box contains bedding and a fitted mattress, allowing it to be used as a safe sleep space, much like a bassinet.

Collaborating organisation/individual	Role
Counties Manukau District Health Board	Distribution and evaluation
Midwives for You	Distribution and evaluation
Papakura Marae	Distribution and evaluation

## Demographics

<b>Māori outcomes:</b>	Māori participation - Māori priority group, target group, high representation or Māori staff delivering  The project does not specifically target Maori but given that 51.28% of box recipients to date nationally have identified as either full or mixed Maori heritage our expectation is that there will be a similar proportion reached in Papakura.
<b>Accessible to people with disabilities:</b>	Yes - All baby boxes are delivered to the home by midwives / LMCs / Social Workers. The boxes are large enough to sleep a baby in so can be unwieldy to collect and transport. Having each box delivered lessens any burden on family members who may not be able to carry the package themselves.
<b>Target ethnic groups:</b>	All/everyone
<b>Promoting SmokeFree:</b>	Each BabyStart box contains a phone reference guide which includes the Quitline free phone number. Distributing organisations have the option of including further health promotion materials with the boxes they donate to families.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages

## Financial information

**Amount requested: \$3596.00**

**Requesting grant for:** We are requesting funding to produce and distribute baby boxes for one percent of all projected births in Papakura for a one year period. This equates to 10 boxes.

**If full amount requested is not able to be funded:**

Each baby box costs approximately \$350 to produce and deliver. Any multiple of that amount can be used to provide boxes to babies and families that need them.

**Cost of participation:** No

Total expenditure	Total income	Other grants approved	Applicant contribution

<b>Promotion:</b>	Not stated Through various mediums including social media, print media and radio.		

### **Community benefits**

#### **Identified need:**

The Northern Stars play in a national competition and is a prerequisite of participation that home matches are hosted.

#### **Identified community outcomes:**

The hosting of matches for the Northern Stars sporting team based in South Auckland with the ability to attract and influence communities and people will benefit and create positive engagement for all.

#### **Alignment with local board priorities:**

##### **Papakura**

- promote Papakura as a destination for sporting competitions and events
- contribute to the economic and cultural attractiveness of Papakura town centre

The development of the Northern Stars is vital to netball, sport and physical activity in South Auckland. The Northern Stars want to be a catalyst for significant growth in the game, in and around the region we represent. Our primary goal for the Northern Stars is to make a genuine and measurable difference, both on and off the court. We want our players to be mentors and role models that young South Aucklanders aspire to emulate. The long term role of the Northern Stars is to capture the imagination and support of the community.

## Mobility Assistance Dogs Trust

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### **Project: Puppies in Prison Programme - Auckland Region Women's Corrections Facility**

<b>Location:</b>	Auckland Region Women's Corrections Facility 20 Hautu Dr, Wiri, Manukau City 2104		
<b>Summary:</b>	Puppies in Prisons is an on-going programme which Mobility Assistance Dogs Trust has run in conjunction with the Department of Corrections since 2008. Prisoners are selected for a special unit where they undertake the training of our puppies (8 weeks to 2 years) under the direction of our Canine Team. We do not receive any funding from the Department of Corrections		
<b>Dates:</b>	01/06/2018 - 30/09/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	30+	<b>People reached:</b>	1000+
<b>Promotion:</b>	Not stated We promote our organisation and the Puppies in Prison Programme through the use of printed collateral, branding on vehicles, social media and our website. We are also constantly in public with recipients, puppy walkers and trainers whose dogs wear identifiable jackets. This gives us a local community presence and promotes discussions with public especially when they see our clients, canine team and puppy raisers out in public with Mobility Dogs		

### **Community benefits**

#### **Identified need:**

Since establishment in 2003, we continue to experience growing demand for a Mobility Dog to be placed with individuals along with enquiries for dogs to assist in therapeutic environments. We see an increase each year in the number of applications for Mobility Dogs from individuals living with disabilities; or their supporters, physical therapists or families. Innovative solutions like our Puppies in Prison Programme not only add significant value to the prisoners and their families involved but also allow us to economically increase the number of Mobility Dogs in training.

#### **Identified community outcomes:**

The role a Mobility Dog plays in the social and community life of an individual is profoundly important. Research has shown that equally as important as the specialist tasks (e.g. putting clothes in dryer, opening doors) are the psychosocial benefits enabling people to more actively participate in their local community.

While we focus on working directly with clients, prisoners, families and volunteer teams, our work impacts the wider community through increased visibility and participation of people living with disability within our communities. This also encourages able-bodied people to see the person beyond the disability therefore encouraging a socially just and inclusive New Zealand.

We also see clear outcomes from our Puppies in Prison Programme. Prisoners who participate in the programme report substantial changes in attitude towards peers, their families and children. Staff working with prisoners that cared for the dogs reported that the programme had benefits for

the prisoners involved, including developing pro-social behaviours, building a sense of self-esteem, and instilling in them responsibility through the absolute care of the dog.

**Alignment with local board priorities:**

**Papakura**

- improve the overall wellbeing of the Papakura community

We believe our project contributes to improving the wellbeing of the Papakura community by including the participation of people with disabilities. It enables outcomes for the person living with a long-term disability, such as: becoming more actively involved in society and participating in community activities, arts and culture, sport and recreation and finding it easier to access facilities, including places of employment, education and training.

The Programme also enables safer and connected community by giving prisoners a chance to improve their education and social skills through caring for, and training a Mobility Dog. This, in turn, has positive effects for the children and families of prisoners as the skills the prisoners learn intuitively translate into their home and community environments.

Collaborating organisation/individual	Role
Department of Corrections	Support of corrections staff, Prisoner engagement, agreement to house Mobility Dogs in the prison environment.
Mobility Dogs Puppy Raisers/Walkers	Volunteers support training as dogs are cycled in and out of the prison environment to ensure adequate access to social/community environments.

**Demographics**

<b>Māori outcomes:</b>	Māori participation - Māori priority group, target group, high representation or Māori staff delivering  Due to privacy regulations we do not hold specific data relating to individual prisoners participating in our programme - this is retained by Dept. of Corrections. However, September 2017 (Dept. of Corrections) statistics show that 50.7% of prisoners were identified as Maori. Given this statistic it is highly likely that at any given time there is a high representation of Maori participation on the Puppies in Prison Programme
<b>Accessible to people with disabilities:</b>	Yes - Our primary goal is to provide Mobility Dogs to people living with the impact of disability - this project supports training of our Mobility Dogs to achieve this goal
<b>Target ethnic groups:</b>	All/everyone
<b>Promoting SmokeFree:</b>	None identified

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

%	%	%	%	%	%	100%

**Financial information**

**Amount requested: \$4000.00**

**Requesting grant for:** We are seeking funding towards the veterinary costs of Mobility Dogs at our Puppies in Prison programme. As our dogs in training are our most valuable asset, quality veterinary care is of utmost importance. It is important that we do not send a dog into service with any serious health issues such as hip dysplasia or growth abnormalities) that could be impaired further by entering a working life.

As it is not possible to provide specific quotes we have uploaded a document regarding veterinary costs and provided examples of four recent invoices.

**If full amount requested is not able to be funded:**

If only partial funding is available we will continue to look at other funding options including applying to other community grants, sponsorship, donors and fundraising activities. It was difficult to determine accurate estimate of our organisations contribution as we are awaiting outcomes of pending grant applications and will continue to look for other opportunities to fund this core cost

**Cost of participation:** No cost

## South Auckland Performing Arts Competition Society Incorporated

<b>Legal status:</b>	Incorporated Society	<b>Activity focus:</b>	Arts and culture
<b>Conflicts of interest:</b>	None identified		

### Project: SAPACS Performing Arts Festival 2018

<b>Location:</b>	Hawkins Theatre, 13 Ray Small Drive, Papakura, Karaka Hall, 321 Linwood Road, Papakura 2580, Franklin Baptist Hall, 128-142 Victoria Street West, Pukekohe, The Salvation Army Centre, 3 Tobin Street , Pukekohe. Only part of the festival takes place within the Papakura Local Board, however all venues and costs for the festival as a whole are included as it would be difficult to split them up.		
<b>Summary:</b>	The Annual Performing Arts Festival Offers ten varieties of art forms, which take place across several venues in Auckland Council Region. Over 2,000 items are presented and it will attract 750-800 competitors in individual, duo and group items.		
<b>Dates:</b>	06/07/2018 - 12/08/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	The Committee has 12 to 14 members who are involved in some way in running the project. We have up to a dozen additional helpers at festival time.	<b>People reached:</b>	On average we have 800 participants in the festival and 2,500 viewers/audience members
<b>Promotion:</b>	Not stated Our website and Facebook page between them have thousands of visits per year. (Up to 15,000 hits per year on the website). The 1800+ SAPACS database is emailed several times a year to remind them of the festival dates - both closing dates for entries and dates that events are on. We can't afford newspaper advertising as the festival has been "in the red" for the past four years. However, every now and then the local paper will do an article about the festival and publish photos of competitors. We have banners, posters and sign boards used at the various venues - including a weatherproof outdoor sign that can be viewed from the street.		

### Community benefits

#### Identified need:

The festival was started 54 years ago by a group of people who felt that South Auckland should have its own performing arts festival. Auckland, the North Shore and West Auckland were all holding their own events. Although the Society has changed over the years, the festival remains as vibrant as ever. It has evolved over the years to meet the changing needs of its participants, the teachers and the extended families.

#### Identified community outcomes:

Our project benefits the community by providing access for young people interested in the arts. This can lead participants to take up an art-form, which they might not have known was available locally. The festival provides a supportive atmosphere for young people to learn and grow. It gives confidence, by increasing their experience performing before an audience, exposing them to the joys and sorrows of winning and losing, seeing other competitors perform and reading the critique of

qualified Adjudicators. This festival also provides more experienced performers an opportunity to participate in Nomination Classes of their chosen art-form. The winners of the Nomination Classes are eligible to participate in the National Young Performers Award and compete with others across New Zealand (organised by PACANZ).

**Alignment with local board priorities:**

**Papakura**

- help our young people to contribute prosper and thrive
- promote Papakura as a destination for sporting competitions and events

Our Project encourages young people to participate in the performing arts, by offering them positive opportunities to come and gain experience performing before a supportive audience. They are competing against other competitors but the main purpose is to gain experience and receive encouraging critique from highly qualified adjudicators. The experience and encouragement that young people receive from this event, encourages them to commit their time to healthy activities which expand their minds, confidence and skill sets.

Collaborating organisation/individual	Role
Volunteers	Every year we have people volunteering to assist with the running of the festival on the days of each competition.
PACANZ	We work under the auspices of PACANZ as they are our parent body

**Demographics**

**Māori outcomes:** None identified

**Accessible to people with disabilities:** Yes -

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** The Festival is a smoke-free event. It encourages young people to take up and dedicate time to healthy activities in the performing arts.

### Project: Stars @ Papakura High School.

<b>Location:</b>	Papakura High School, Willis Road, Papakura, Auckland, 2110		
<b>Summary:</b>	<p>Stars successfully transitions Year 9 students into their first year of secondary school. The programme also provides leadership and citizenship development opportunities for senior students, helping them to build confidence, improve communication and relationship building skills and strengthen their time management and planning skills, which together support increased social and academic outcomes.</p> <p>It involves matching trained Year 12 and 13 students as mentors to their Year 9 counterparts and has four components (adventure camp, peer mentoring, community adventure and a community project). Stars make the transition into high school a more positive experience for Year 9 students.</p>

<b>Promotion:</b>	Not stated		

### Community benefits

#### Identified need:

Through collaboration with the schools and our own research we know that there is a significant and on-going community demand for our programmes and for our key staff in local schools. Through the feedback from teachers, families, mentors and the children and young people participating in the programme themselves, we know there is not only a demand but meaningful outcomes achieved for children and young people in our community.

#### Identified community outcomes:

All of our programmes include involvement with the community. Stars includes a community adventure and a community project.

The Community Adventure helps students to get to know and connect to their community, giving them the opportunity to explore resources and supports. This component provides an opportunity for students to transfer the learning gained from the adventure camp to the community context.

The Community Project helps students to think about how they can contribute to the community and the wellbeing of others. Research has shown that contributing through a volunteer project can increase social connectedness, improve self-concept and develop positive attitudinal change.

#### Alignment with local board priorities:

## Papakura

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

Star Programme Objectives include:

- To support Year 9 students to successfully transition to secondary school.
- To provide challenging and fun experiences in a supportive environment that develops teamwork, self-confidence and resilience.
- To provide mentoring opportunities and leadership skills for senior students.
- To facilitate caring relationships between students and between students and teachers.
- To develop a sense of responsibility and connectedness to the school and wider community.

This is how the programme supports and aligns with Papakura local board priorities.

Collaborating organisation/individual	Role
Papakura High School.	An agreement is signed between our organisation and the school whereby the former agrees to deliver the Stars programme and the latter agree to support the delivery including supporting programme evaluation.

## Demographics

### Māori outcomes:

**Accessible to people with disabilities:** Yes - Stars is a programme for the entire Year 9 class in a school. The opportunity to participate in the Stars programme is available to all the children with disabilities who may be attending the Year 9 class in a school.

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** The programme supports the SmokeFree policy that applies to all the schools where the programme operates.

## Financial information

**Amount requested: \$5000.00**

**Requesting grant for:** Funding is requested to support the wages of Tamara Elliott, our Stars Programme Coordinator at Papakura High School.

The programme coordinator is based at the school and dedicates 20 hrs per week towards the Stars programme; She coordinates all aspects of the programme including outdoor adventure, community projects, training and supporting mentors, guiding students and liaising with schools and other relevant stakeholders.

**If full amount requested is not able to be funded:**

We will appreciate any contribution that the Mangere-Otahuhu local board can make towards this programme.

**Cost of participation:** There is no cost of participation for this programme.

<b>Conflicts of interest:</b>	None identified		

### Project: Junior Coaching in Papakura Schools

<b>Location:</b>	Papakura Local Board		
<b>Summary:</b>	We have not got sufficient kiwi sport funding to deliver to all the schools in the South Auckland area that are keen on basketball and so are seeking council support for some key areas of South Auckland. This provides skill development in schools as well as raising awareness of other opportunities after and before school that children can become active in. Please note this project focuses on indoor basketball.		
<b>Dates:</b>	04/06/2018 - 18/12/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	3	<b>People reached:</b>	1000
<b>Promotion:</b>	Not stated Facebook, website, flyers and posters		

### Community benefits

#### Identified need:

We have a huge number of people in the area who want to play basketball but many just need some basic skills and confidence to get started.

#### Identified community outcomes:

More active young players  
Helping to improve childhood obesity

#### Alignment with local board priorities:

##### Papakura

- promote Papakura as a destination for sporting competitions and events
- help our young people to contribute prosper and thrive

By helping get more young people active in basketball and showing them opportunities to carry on that activity in the local area, once the in school coaching is finished.

## Basketball Samoa NZ

<b>Legal status:</b>	Other: Not for profit community group	<b>Activity focus:</b>	Sport and recreation
<b>Conflicts of interest:</b>	None identified		

### Project: Above the Rim

<b>Location:</b>	Bruce Pulman Recreation Centre, 90 Walters Road.		
<b>Summary:</b>	<p>The project is a series of workshops for coaches, managers and youth. The workshops are part of a bigger picture and treated as a precursor that feeds into the larger main event - a three day national/international tournament run by Samoa Basketball NZ. The workshops are new and we believe essential to increase awareness and provide opportunities that will help youth make informed choices about various careers in sport, using basketball as the vehicle to visualising a future for them.</p> <p>The workshops cover the need to develop soft-skills in youth to help build a solid foundation for which every other skill can rest upon.</p>		
<b>Dates:</b>	16/07/2018 - 30/11/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	6	<b>People reached:</b>	3,500
<b>Promotion:</b>	<p>Not stated We will be advertising in all the most popular Social Media - each of the teams that register advertise on their respective websites and social media pages, we will advertise in the Facebook groups that we belong to, we will be advertising through local church organisations, sporting associations, marae, youth groups and schools. Local radio community noticeboards and interviews.</p>		

### Community benefits

#### Identified need:

We have been delivering like services in South Auckland for the last three years as part of our campaign to involve a wide network of youth in basketball; however we have determined that it will be more beneficial for all participants that the workshops be separated out and given more effort to help the youth. We have identified that basketball draws youth, and so now this year has decided to implement the workshops separately as opposed to crammed in as part of the weekend tournament. Participation has increased each year with the first year having 12 teams and 300 spectators to this year 40 teams and 1000 spectators.

#### Identified community outcomes:

1. Greater youth participation in a series of activities that help increase their desire for educational and career aspirations.
2. Greater leadership skills among youth and adult coaches.
3. Greater sense of direction by youth for their own chosen pathway forward.
4. Greater participation from parents and families to support their youth.

#### Alignment with local board priorities:

##### Manurewa

- activities that are aimed at advancing our young people and make it easier for them to get active and be involved

- activities that are aimed to improve the overall wellbeing of the Manurewa community;

The workshops planned are at educating them about how participation in ports can pathway to a variety of career opportunities and how and what education pathway is vital to the chosen career pathway.

The events/activities planned encourage a routine of fitness and nutrition that add to their total well-being.

### Papakura

- help our young people to contribute prosper and thrive
- promote Papakura as a destination for sporting competitions and events

The workshops planned are at educating them about how participation in sports can pathway to a variety of career opportunities and how and what education pathway is vital to their chosen career.

The major event planned is and has been held at the Bruce Pulman Recreation Centre for the last three years and has proven to be a successful venue for our events for both spectators and participants.

## Demographics

<b>Māori outcomes:</b>	Māori participation - Māori priority group, target group, high representation or Māori staff delivering  We have had Maori participation throughout the teams as wells as spectators. We have not made a conscious effort to note these numbers in the past largely due to the fact we have never applied for any kind of funding to help us, but it is only a matter of counting the forms in the future to ensure this - they have been included in promotion of the events and recruitment. We reach out to all the local schools and Kura to all nationalities and encouragement is given to all.
<b>Accessible to people with disabilities:</b>	Yes - Our administrator has a physical disability, the venues are all council approved for disability access and preference will be given to them for seating and parking as per the norm.
<b>Target ethnic groups:</b>	All/everyone
<b>Promoting SmokeFree:</b>	We will make contact with Smoke-free NZ to get banners or posters that we can put up at the workshops and events. We can add the logo on all our printed matter - we can include smoke free details on all our digital matter and we can

encourage people to be smoke free.

## First Presbyterian Church Preschool Papakura

<b>Legal status:</b>	Other:	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Equipment for Outdoor Play Area

<b>Location:</b>	First Presbyterian Church Preschool, Coles Crescent, Papakura		
<b>Summary:</b>	<p>Our Preschool has been nurturing young Pre-schoolers from our Community for more than 40 years. Its playground is now looking tired and is in dire need of an upgrade so as to continue to attract, challenge and excite our young children and their families.</p> <p>It was noted at our last ERO review that our outdoor space was looking dull and could be improved, so we are now in the throes of improving our outdoor space.</p> <p>We have made some great improvements to date and have purchased a few "moveable" items of play equipment, but we would now like to add to this so as to provide a few more options and challenges for outdoor play.</p>		
<b>Dates:</b>	01/06/2018 - 30/06/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	Our Preschool is licenced to have 30 Children per day.	<b>People reached:</b>	30+ ... current children enrolled, plus all future enrolments and families
<b>Promotion:</b>	Not stated Once our whole outdoor area is complete the Preschool will possibly have an open day for past, present and future families to come for a visit and play.		

### Community benefits

#### Identified need:

A couple of main reasons:

1. With so many new ECE centres being developed in the area, we need to make sure we are providing an outdoor area that is challenging and safe, as well as vibrant so as to attract new families through our gates.
2. As we find ourselves in an era of more "screen time" we believe it is essential to provide an outdoor play area that encourages imagination, is adventurous, challenging, strengthens motor skills, is vibrant and really excites our Pre-schoolers to enjoy the outdoors.

#### Identified community outcomes:

Our Preschool is very family focused and the initial improvements we have made to our outdoor area have already set a real buzz among them. Motivating and inspiring them to become involved and participate in working-bees and Community bake sales, encouraging them to really feel a part of the Preschool and the Community in which we operate.

The additional play equipment will offer both challenging and imaginative aspects. The children will be encouraged to play outside, developing and strengthening their motor-skills, imagination, confidence and self-esteem. This, along with our Preschools other learning tools, will ensure our Pre-schoolers receive a well-rounded education enabling them to really thrive, leading them through

to a great start at School.

#### Alignment with local board priorities:

##### Papakura

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

Our overall project of improving our outdoor play area, supports these priorities as it will offer both challenging and imaginative aspects, which will encourage the children to play outside, improving their physical and mental wellbeing, developing and strengthening their motor-skills, imagination, confidence and self-esteem. This, along with our Preschools other learning tools, will ensure our Pre-schoolers receive a well-rounded education enabling them to really thrive and setting them up for a great start at School.

Collaborating organisation/individual	Role
None identified	None identified

#### Demographics

**Māori outcomes:** None identified

**Accessible to people with disabilities:** Yes - We are open Monday to Friday 9am to 2:30pm. Our outdoor play area is accessible during these days and times to anyone visiting.

**Target ethnic groups:** All/everyone

**Promoting SmokeFree:** Our Preschool and its grounds are completely SmokeFree.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
100%	%	%	%	%	%	%

#### Financial information

**Amount requested: \$2440.00**

**Requesting grant for:** We are requesting funding for a few "moveable" outdoor play equipment items from TredSafe - namely a large box, a couple of smaller boxes and a connector "clatter bridge".

**If full amount requested is not able to be funded:**

The Tredsafe Play Cube (900mm) and the Clatter Bridge would be a fantastic addition to our play area (\$1,730) as these items will fit perfectly with the few pieces we currently have and the extra challenges they provide for the children would be great.

**Cost of participation:** No

## Life Education Trust Counties Manukau

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### **Project: Life Education programme delivery in Papakura LB area schools**

<b>Location:</b>	In the grounds of Opaheke School, Conifer Grove School, Papakura Intermediate, Drury School, Edmund Hilary School in the Papakura LB area		
<b>Summary:</b>	<p>Life Education &amp; Harold the Giraffe deliver vitally important preventative health messages to children &amp; youth across Counties Manukau in our unique mobile classrooms, including 22 schools in the Papakura LB area.</p> <p>We visit by invitation, meaning that every visit we book into schools must add value &amp; enrich the school community to ensure we are re-booked.</p> <p>For every year that we visit children in their schools, we can have a positive effect on their health choices regarding food, nutrition &amp; exercise by showing them the short &amp; long-term effects of making good choices. A parent session is offered at every school we visit &amp; every student we teach receives a take-home workbook to encourage additional communication.</p>		
<b>Dates:</b>	04/06/2018 - 31/10/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	2	<b>People reached:</b>	2047 students age 5-11 in 5 schools
<b>Promotion:</b>	<p>Not stated Continual &amp; positive communication is vital between Life Education &amp; schools. We have a thorough marketing programme that builds relationships with schools we haven't visited before or it has been a while to help reintroduce us into their teaching schedule. All our educators are also in regular contact with schools they have taught in the past year &amp; are scheduled to teach in again. The way we teach our programme changed recently from having set lessons to being completely planned to suit the school's needs &amp; be integrated with their topic of inquiry thus all schools have been sent new information followed by meetings to explain in more detail how we are best suiting their needs.</p>		

### **Community benefits**

#### **Identified need:**

NZ Health Survey 2011-2013 for 2-14 year olds in Counties Manukau:

Overall Maori Pacific

Overweight 21.3% 23.2% 26.9%

Obese 18.6% 23.6% 28.9%

The need for our programme is more relevant today in our community than it has ever been, particularly because we have a rapidly growing population which includes 14% of NZ's child population & 42% of NZ's decile 1 & 2 schools.

We are invited back into schools on an annual/bi-annual basis. There has been a surge in schools also requesting additional visits/teaching support when a problem arises and/ or schools wish to use our expertise practical knowledge & skills e.g. cyber safety, digital citizenship, positive puberty.

#### **Identified community outcomes:**

Our sessions contribute greatly towards an involved & connected community by:

- 1) providing workbooks that students can take home & share their awareness & knowledge on key health & nutrition areas with their families that include follow-up activities to help cement positive changes that can be made including being SMOKE-FREE
- 2) offering a parent session at every school we visit so further in-depth questions can be asked & practical tips given e.g. meal plans, seasonal/cheaper eating, how to recycle more in the home, cyber-safety
- 3) being pro-active in improved attitudes towards healthier behaviours - giving many examples to students & parents about free & easy activities they can do together to increase their participation in sport, leisure & recreation activities = less time sitting down on technology & increased family time
- 4) being asked to take part in major community events to promote & engage every culture in the community to know & believe everyone many different skills & knowledge that they can share to encourage a more inclusive community

By the end of Year 8, all students will be:

PROUD of their identity

EMPOWERED to make healthy choices

CONNECTED & engaged with the world

CURIOUS & have inquiring minds

RESPECTFUL of themselves, others & the environment

**Alignment with local board priorities:**

**Papakura**

- provide opportunities for growing and eating healthy food
- improve the overall wellbeing of the Papakura community

All our lessons that we deliver to school in the Papakura LB area are based on health & nutrition within the programme strands:

- 1) Food & Nutrition
- 2) Human Biology
- 3) Relationships & Communities
- 4) Identity & Resilience
- 5) Substances

A parent workshop is offered to families & caregivers at every school & every student receives a workbook to continue discussions at home & help two-way communication between child & carer. This enables new knowledge to be shared, encouraged & positively acted upon in the home.

Collaborating organisation/individual	Role
Garden To Table	'Empower' - a joint venture between Life Education & GTT. A comprehensive & sustainable programme to help tackle child obesity through: we teach them about balanced diets, meal planning & understanding their body's nutrient needs - GTT turn it into action by growing, harvesting & cooking fresh fruits & vegetables in the school's grounds.
Dove	Self-esteem project where our educators provide training to school teachers in our area re their student's healthy development & to avoid valuing themselves & others on the basis of appearance
Body Worlds	Life Education is proud to be the Education Partner of the BODY WORLDS Vital. Millions of school aged

students around the globe have visited the exhibition, which provides a first-hand experience for students to get up close with real preserved human bodies and body parts. This is an experience to educate students on how lifestyle choices can impact our everyday health and wellbeing.

## Demographics

- Māori outcomes:** Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)  
As an inclusive organisation we use Te Reo words throughout our lessons. One of our educators speaks fluent Te Reo which enables us to teach at full immersion schools & kuras to which we have been continually re-invited. SEE ATTACHED EXAMPLE OF ONE OF OUR WORKBOOKS IN TE REO
- Accessible to people with disabilities:** Yes - We are thrilled to visit every school we are invited to with many having students with a variety of learning & physical disabilities. We ensure that every student is included by offering sensory appropriate resources for the visually & hearing impaired students. A lifting service is offered to help move students from their wheelchairs into our mobile classrooms. We are currently fundraising for a mobility ramp that will enable all students to enter our classrooms at the same time with their classmates.
- Target ethnic groups:** All/everyone
- Promoting SmokeFree:** 'Substances' is one of the five core subjects we teach to intermediate students. We discuss & roleplay the decision-making processes they may come across & go through when seeing their friends & peers smoke or they are offered a variety of substances to smoke. We talk about the effects smoking has on your brain, body, finances & making decisions. Latest research is used from all health sectors in our lessons.  
  
We are the largest external programme provider working in schools and are proud of the positive trend in the reduced rate of binge drinking, smoking, bullying and marijuana use amongst NZ youth including ASH's Report March 2018 that 86% of Year 10 students have never tried a cigarette.

## Financial information

**Amount requested: \$5000.00**

**Requesting grant for:** For the delivery of our preventative health message programme which encompasses the running costs of the mobile classrooms, educational resources, insurances, salaries & professional development of the educators who teach in Papakura LB area schools.

**If full amount requested is not able to be funded:**

Every penny we receive will go directly into funding the difference between what it costs us to run our health and nutrition programme in the five schools and what we charge schools to enable our visits to continue.

**Cost of participation:** The cost is \$17.92 per student. We charge schools a nominal fee of \$5 for primary school students age 5 - 11 (receive two lessons)/ \$7 for intermediate students age 11- 13 (receive three lessons), however if a school indicates that the visit cannot proceed due to this charge, our Board has given us a mandate to waive the fee to ensure that no child misses these important health & nutrition life lessons.

## Kids Safe with Dogs Charitable Trust

<b>Legal status:</b>	Charitable Trust	<b>Activity focus:</b>	Community
<b>Conflicts of interest:</b>	None identified		

### Project: Kids Safe With Dogs

<b>Location:</b>	Local Schools		
<b>Summary:</b>	We run programs that are designed to educate children in learning basic canine behaviour. We educate children from pre-school to college with age appropriate programs. Our instructors are all police checked and the dogs temperament tested.		
<b>Dates:</b>	30/04/2018 - 06/07/2018	<b>Rain dates:</b>	-
<b>People delivering:</b>	5	<b>People reached:</b>	1150
<b>Promotion:</b>	Not stated We actively contact all the schools in the region to work with them to deliver the course. We advertise what we are planning on Facebook and our website.		

### Community benefits

#### Identified need:

The increase in dog bites in New Zealand grows each year in 2017 we had 14,694 reported dog bites over 2000 of those were to children under the age of 14. With studies conducted we know that under 40% are actually reported.

#### Identified community outcomes:

Reducing dog bites in NZ. Teaching children, teachers and Whanau on canine behaviour allows for better understanding, appropriate behaviour, responsible pet ownership and consequently a reduction in dog bites. This has a great impact on the community as a whole as dog owners, families, children and the community learn how to interact with dogs.

#### Alignment with local board priorities:

##### Papakura

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

Our project will educate primary age children on how to interact with dogs safely, this gives young people the knowledge on how to keep themselves safe. Educating the next generation improves the overall wellbeing of the community and allows the community to grow and education to be shared.
