Project: Raranga (Weaving) Workshops

Location:	Otuataua Stonefields Mangere Auckland		
Summary:	Raranga (Weaving). Based on Tikanga, Matauranga and Te Reo. This project aims to educate and build foundations for the community through this traditional practice. Raranga has a number of benefits that applies to everyday life, reconnecting and setting a healthy eco-friendly approach that is also becoming a stepping stone in the elevation of the Maori culture.		
Dates:	29/06/2018 - 02/07/2018	Rain dates:	-
People delivering:	3	People reached:	20
Promotion:	Not stated marketing through social media. Word of mouth.		

Community benefits

Identified need:

As a Maori descendent I believe the need for projects such as Raranga can have a significant impact on the development of ones understanding of Raranga and the significance of this art form. The benefits of Raranga are: Preservation of the art form, Teaching Maori principles and values pertaining to raranga, the continuation of the skills and knowledge for future generations.

Identified community outcomes:

Resource Management- Harvesting Identifying which Rau (leaf) to cut. Interaction with Te Pa Harakeke (flax). Identifying the Pu Harakeke (Cluster of flax).

Learning Outcomes- Tikanga(protocols), Principles and Values. A Practical approach to utilise Harakeke. Maintaining the customary practices of our indigenous culture.

Alignment with local board priorities:

Papakura

- support Māori economic development
- protect and restore our natural and built heritage

Having Raranga classes will allow people to reconnect and learn more. Give People the option to learn from a Maori perspective regardless of ethnicity etc. Uphold the Maori practices and keep our culture and heritage strong. Be leaders. Creating a platform for indigenous cultural practices to be accessible.

Project: Counselling service for Older Adults

Location:	Cambria Park Homestead, 250 Puhinui Road Papatoetoe		
Summary:	<p>It is recognised that older people often experience numerous changes and challenges of aging, such as health issues, relocating, death of a spouse, family concerns, relationship issues, and may experience stress, depression, and anxieties a result. Since 2013 we have provided a counselling service to older adults in a number of wards in South Auckland thanks to the support of local boards. We want to continue to offer this to older residents.</p> <p>Counselling can be effective in minimising or preventing the need for referral to mental health services even while older people are on medication for anxiety and depression. One manager of a retirement village mentioned that the majority of women entering the village are on anti-depressants.</p>		
Dates:	02/07/2018 - 28/06/2019	Rain dates:	-
People delivering:	1	People reached:	150
Promotion:	Not stated The service is advertised in our newsletters, on our website and Facebook pages as well as neighbourly local papers and word of mouth and referring agencies.		

Community benefits

Identified need:

Thanks to the Auckland local boards in our Counties Manukau region we have been able to provide the counselling service for 4 years and we have continued increased demand for the service over this period. It provides a means to access counselling for older adults in our region who may not be able to access it any other way. Our Elder Abuse social

workers have found the ability to refer their clients to a counsellor for additional support has been extremely valuable

Identified community outcomes:

Older people their carer and whanau have increased wellbeing when they are supported and able to access counselling. Counselling is a way to work through a variety of issues e.g.: dysfunctional relationships, grief and loss, abuse and isolation and carer stress.

This improves the wellbeing of the older person undergoing counselling and the wellbeing of their whanau, carers and community as a whole.

Alignment with local board priorities:

Papakura

- improve the overall wellbeing of the Papakura community
- support innovation and social enterprise

Healthy living includes mental wellbeing and our older people need access to services that support

them towards wellness. Cultural attractiveness means attractive to all cultures. Culture comes in many shapes and sizes and is not just about ethnicity. There is a culture of ages and we need to celebrate older people in our community and value the contribution they make to our society by providing them information and support. Ageing is a matter that affects all of us, at an individual level but also at the level of society.

Demographics

Māori outcomes:	None identified
Accessible to people with disabilities:	Yes - Most of the counselling sessions take place in the clients home to make the service more accessible to people who have less or limited mobility. A number of older people have age related disabilities and a number of people with disabilities are becoming older.

Financial information

Amount requested: \$64500.00

Requesting grant for: Contribution towards the cost of providing the counselling service to older adults. Wages, travel, supervision and overheads.

If full amount requested is not able to be funded:

the salaries are the essential component. We run a tight ship with low overheads and deliver high quality services. In this application we have shared the cost across 5 local areas (as the 6th board's funding round is not open yet). This service has proved essential since being delivered so will definitely try to continue to deliver it should you only part fund the grant requested but obviously our preference would be to receive the funding requested to enable at least some of the older people resident in your board areas to access this valuable resource.

People delivering:	600	People reached:	600
Promotion:	Put up around Auckland where and when the project starts and ends. Encourage Kiribati people to advise in their workplace and invite official or government and non-government members to come to the events.		

Community benefits

Identified need:

Maintain the language and promote Kiribati culture. Develop youth leadership skills and support Auckland in all events that could promote art within NZ community. Encourage positive relationships among community members and belonging.

Identified community outcomes:

- Develop language vocabulary.
- Build up relationship within community members.
- Youth leadership skills.
- Allowing members of communities to present/perform in their own cultural way.

Alignment with local board priorities:

Papakura

- contribute to the economic and cultural attractiveness of Papakura town centre
- help our young people to contribute prosper and thrive

Practising and performing dance in Papakura contributes to the economic and cultural attractiveness of Papakura town centre for others to explore and develop their curiosity to let them visit Papakura to find out how others formed their dance.

Helps young people to develop their skills so they can use it to build their confidence and to be able to use that skills for setting up their dance business.

Project: Community Recreation and Events Coordinators (x4)

Location:	190 Weymouth Road Manurewa		
Summary:	<p>CMS will employ a team of Community Coordinators based in each Local Board area, or shared roles across two areas.</p> <p>The role of the Coordinator is to initiate and support projects that will increase participation in recreation and community activities for people living in the local area. This is achieved by connecting the appropriate people and organisations together, to establish effective working groups that are locally lead and focused. The Coordinator will also connect community groups to CMS programmes running in the same Local Board Area.</p> <p>Community Coordinators are accountable to the Local Boards via CMS to achieve a calendar of agreed activities, in addition to becoming involved in other community and leisure initiatives being delivered by other community groups.</p>

Promotion:	Not stated Local media coverage in suburban newspapers (Fairfax Media) Website Facebook		

Community benefits

Identified need:

We have met with the Local Board members to gauge their views on CMS employing Community Coordinators to work within their sports and recreation communities, and to deliver a range of agreed services. This role is similar to positions that existed in 2004 prior to CMS undergoing a major restructure. There is no duplication in creating these roles again, as they are not replicating the Aktive and CLM 'Auckland Approach' work currently being delivered. In addition, some of the new focus areas have been established by stakeholders who are in the targeted settings and they have identified the gaps and needs to support them. Greater collaboration will benefit the parties and recipients involved. New doors are opening for us now.

Identified community outcomes:

Great community events that are supported and lead by locals in the community

We will support and connect people and organisations participating in events. The important role of a Coordinator is to connect one another so relationships continue, plus sharing ideas, skills and expertise to make events better.

All Ages and All Stages of Life

A generic role means Coordinators reach out vertically as well as horizontally across the

community. Connecting people to local programmes for the regions pre-schoolers, school children, families, and older generations.

CMS is developing new under-5's and 55+ baby boomer activities. There is major growth in young children and aging populations, but age-appropriate activities and facilities are often overlooked. Increasing social connectivity within the two groups - young parents of Under-5's and older people, is a key outcome for us through these projects. Creating an opportunity for meeting others socially to chat, share idea's/stories, and support each other so that relationships are formed. We are able to introduce and connect outside agencies (health etc.) to inform and provide additional services.

Local Board Liaison

The Coordinator will deliver initiatives agreed with the Local Board, with an aim of maximising the enjoyment of community parks, reserves and tracks.

Alignment with local board priorities:

Papakura

- improve the overall wellbeing of the Papakura community
- help our young people to contribute prosper and thrive

The Coordinators will act as a valuable support system for people and groups who organise social sport and recreation, or physical activity targeting any age groups. They can contribute through connecting people and organisations, developing new initiatives and events in community places e.g. cultural sports days - waka-ama, kilikiti, kirbati, ki-o-rahi, and accessing gaming funds because of our charitable trust status. We can create better employment opportunities through new programme delivery staff positions, and community driver licensing programme. Older people and under-fives are focus areas we want to work in, and this will build social connections and important support mechanisms.

Demographics

Māori outcomes:

- Māori participation - Māori priority group, target group, high representation or Māori staff delivering

Pockets of the community in Counties Manukau have great numbers of Maori population living there, and we also have many Marae spread around the region. The Coordinators would be involved to a limited degree, in networking and supporting the Marae committee's where there is a link to provide community sport, recreation or physical activity participation.

Accessible to people with disabilities:

Yes - Our staff can adapt programmes to the needs of participants. We currently deliver Primary Sport to the BLENNZ (blind school) at Rongomai, provide Buttabeen Bootcamps for obese and overweight Pacific People, and contract the

Wheelbreakers to deliver wheelchair basketball sessions in schools. Working with Age Concern we know that some very old people can have a wide range of physical limitations, we need to consider all options when planning our activities.

Target ethnic groups: All/everyone

Promoting SmokeFree: Our events and programmes are all smoke free.

Legal status:	Incorporated Society	Activity focus:	Arts and culture

Project: Funding assistance toward administration of MSO development programmes and initiatives

Location:	Te Tuhi Centre for the Arts - Pakuranga		
Summary:	MSO are seeking assistance with regard to the funding of their administration costs as they work to continue to develop high-quality community music making in the areas of South and East Auckland. The specific administration costs we seek funding for relate directly to the MSO office lease/orchestral equipment storage costs located at Te Tuhi Centre for the Arts in Pakuranga, for admin operations in our 2018 25th Anniversary year. The MSO's admin and operations - with all MSO gear storage and 95% of community rehearsals - take place at Te Tuhi's facilities. The MSO leases a small office space (that also stores more orchestral equipment) and the orchestra's administration and concert operations is run out of this office.		
Dates:	30/04/2018 - 31/12/2018	Rain dates:	-
People delivering:	5-10	People reached:	1875
Promotion:	Not stated The MSO undertakes concert marketing and promotion across a range of media and channels - from social media through to radio advertising (interviews with Concert FM/RNZ) and both hard-copy and E-newsletter mail outs to the MSO's extensive database of supporters. The MSO also runs press releases in local newspapers (Times and Courier) in conjunction with ticket giveaway competitions. Assistance is also provided by the VEC and Te Tuhi, with promotion of the MSO's annual concert programme found throughout each venue in the form of posters, flyers and season brochures. All promotional and marketing efforts are run out of the MSO's small office in Te Tuhi, in which this grant application seeks funding support for.		

Community benefits

Identified need:

The orchestra continues serving the communities of the greater Manukau region through the presentation accessible orchestral concerts performed at the Vodafone Events Centre. The orchestra's activities are a vital part of the region's vibrant artistic offering and for the orchestra to remain a part of such an exciting artistic scene it must continually strive for operational excellence, therefore meeting the wants of audiences in South/East Auckland. This is particularly so as the performance and artistic home is a hub of cultural and artistic output in Manukau. The orchestra is privileged to be a part of such vibrant arts and culture scene and continues to meet the needs and wants of the target audience within the communities of Manukau.

Identified community outcomes:

The communities of South and East Auckland will continue to experience high quality, well produced live orchestral music that features vibrant and diverse programming and respected soloists, presented locally at the Vodafone Events Centre in Manukau (reason 1). In addition to this,

youth and community musicians will have the opportunity to continue making music at a high-level within the community with the support, coaching and leadership of the MSO professional 'Players as Mentors', managed efficiently by the MSO admin team (Reason 2). Reasonable ticket prices, interesting and appealing programming and ease of access to the VEC work toward the MSO goal of ease of access to quality orchestral music and therefore directly develops arts and culture within the environment the orchestra operates in. The MSO is working as a direct contributor to the development of the arts in the greater South and East Auckland regions (Reason 3).

Alignment with local board priorities:

Papakura

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

The significant opportunities offered by the MSO to the youth musicians of South Auckland directly work toward the development, growth and prosperity of such young talented musicians in our communities, with an eye toward providing opportunities to further explore the arts as a future career path for young musicians. The MSO performs highly accessible, diverse and varied concerts at the VEC, targeting audiences from the communities of Papakura and further afield, directly contributing to the artistic and cultural well-being of the area. The MSO's offering to Papakura and South Auckland is administered from leased office space at Te Tuhi, as are the significant opportunities the orchestra provide for both youth and community musicians from across the Papakura/South Auckland region.

Collaborating organisation/individual	Role
Howick Brass	Equipment provision and community musician support
Te Tuhi Centre For the Arts	Rehearsal venues and office space/storage of equipment at reduced community rates
Vodafone Events Centre	Performance venue at a reduced community rate due to a solid artistic partnership since the venue opened in 2005

Demographics

Māori outcomes:

- Māori involvement in the design/concept

The MSO continues to highlight the importance of Maori and Pasifika culture within the Manukau region. There is no denying that Manukau is an area rich in not only historic Maori and Pasifika influence but is also a hub of current and future activity in terms of Maori and Pasifika culture. As such the MSO intends to work toward 'genre fusion' incorporating key aspects of Maori culture into future programming in order to develop enhanced accessibility for Maori to the genre of orchestra music within Manukau. It is seen as a key aspect for the orchestra to continue to interact with the communities of Manukau to fully embrace a mix of genres to accurately reflect the MSO's 'Very Special Spirit'.

Accessible to people with disabilities:

Yes - All venues - as required by law - are totally disability friendly from both a players and audience perspective. There is and has never been any barriers to accessibility to MSO concerts in terms of both disabled players and patrons.

Target ethnic groups:

All/everyone

Promoting SmokeFree:

All venues that the MSO operate in; from administration, operations, rehearsals and performances are totally SMOKEFREE and align with the Auckland Council's policies of Smoke-Free Auckland.

Financial information

Amount requested: \$3677.00

Requesting grant for: Financial assistance with our lease at Te Tuhi Centre for the Arts for our 2018 25th Anniversary Year. We have a small office which our administrators work and storage space to house rehearsal equipment (chairs, music stands, instruments). We have excellent arrangements with the venue whereby our storage space is alongside our rehearsal space giving easy access for transfer of gear for rehearsals. This helps us to be more efficient and effective in serving our community - both community/youth players and audience. We share our rehearsals with the Te Tuhi community - young and old are welcome to attend.

If full amount requested is not able to be funded:

Part-assistance toward MSO office and storage lease would still be very beneficial

Project: Kids for Kids - Auckland South 2018

Location:	Vodafone Events Centre, 770 Great South Rd, Wiri, Manukau 2104		
Summary:	<p>- Kids for Kids is a unique opportunity for primary aged school children to participate in an inspirational mass choir performance singing wonderful New Zealand songs (both past and present).</p> <p>- To date we have now seen an estimated 300,000 kiwi kids participate across the 23 years Kids for Kids has been running.</p> <p>- In 2017 Auckland South was one of our strongest regions, with 1394 primary aged school children (representing 42 schools) performing to friends and family across four nights at the Bruce Mason Centre.</p> <p>- In total Kids for Kids had 10,180 primary aged school students (representing 258 schools) perform across 18 shows around New Zealand.</p>		
Dates:	13/11/2018 - 15/11/2018	Rain dates:	13/11/2018 - 15/11/2018
People delivering:	2 artists, 2 MD's, Kids for Kids Staff, 200 Teachers/Parent Helpers, 2110 children	People reached:	2000 children, 4000 friends and family
Promotion:	<p>Not stated - Posters and flyers are sent out to schools, with the aim that each child will take 2-5 flyers home and invite friends and family to come.</p> <p>- Our kidsforkids.org.nz website is updated with relevant info for each regions event.</p> <p>- Ticketing suppliers / venues also help market the event with posters displayed in venues and information on websites.</p>		

Community benefits

Identified need:

- Yes, Kids for Kids acts as a great event to help introduce children to the creative arts, with each event creating a sense of community and pride amongst all involved, teaching our kids on what it means to be a kiwi.
- In the past we only visited each region bi-annually across NZ, however, the overwhelming support of schools asking for the event to be produced in Auckland-South annually was overwhelming (evident with 42+ schools, 1300+ children participating + performing in Kids for Kids).
- Feedback from teachers thanks the Kids for Kids team on making the event so enjoyable for all involved, with comments on how valuable the event is as part of introducing their students to kiwi

music and creative arts.

Identified community outcomes:

- Approximately 2000 primary aged children from 50+ schools will participate in our Kids for Kids South Auckland event, with 50% of children involved experiencing and participating in a creative show like this for the first time. (We are adding another show day for three performances in 2018 after two in 2017).
- Introduce all primary aged children to NZ Music through our 'Kiwi As' theme. (All songs performed are written and produced by New Zealand artists).
- Assist primary school-aged children to develop self-confidence and teamwork skills through their participation in Kids for Kids concerts;
- Encourage primary school aged children to acquire knowledge and skills in choir performances, becoming musically aware and appreciative of kiwi songs;
- Educate and inform primary aged school children about global citizenship through their participation in Kids for Kids.
- Advance and promote global citizenship within the community by encouraging schools and communities to participate in the Kids for Kids concerts.

Alignment with local board priorities:

Papakura

- help our young people to contribute prosper and thrive
- improve the overall wellbeing of the Papakura community

Kids for Kids is a unique event, bringing together hundreds of children from different schools, cultures and ages to all get-together and sing to their community as one massive colourful choir.

The event is '100% Kiwi As' with an aim to introduce our kids to NZ's rich and diverse culture of NZ Music they may have never heard before, resulting in an incredible fun-filled celebration performance showcasing our kid's talents.

For many children, it's the first time they've ever performed in front of a live audience outside of school, and a great way to introduce children into the performing arts in a fun and non-competitive way.

Community benefits

Identified need:

CNSST has organised a needs survey in Chinese community in January 2017 with the participation of 536 community people. The survey results justify the key needs of our community people:

- Language
- Not understanding about NZ law and legislations
- Housing
- Education
- Not understanding about NZ social system and public services
- Not understanding about NZ culture/Cultural Shock
- Social Isolation
- Employment
- Parenting
- Racism, Discrimination
- Transportation
- Visa/Immigration

Identified community outcomes:

These services effectively empower and support the local community with a wraparound culturally and linguistically appropriate services to address their difficulties of not understanding NZ law and legislation, not understanding NZ culture and social system, unemployment, limited language skills, child abuse/neglect, different parenting skills, family violence, etc.

We expect to serve 500 local people in the coming financial year.

The direct outcomes include

- increased employment
- extended skills
- supported families
- more engaged community

Alignment with local board priorities:

Papakura

- contribute to the economic and cultural attractiveness of Papakura town centre
- help our young people to contribute prosper and thrive

Firstly, part of our migrant services includes employment and enterprise support as well as cultural education to the local migrant community. Hence this initiative will contribute to the economic and cultural development in due course.

Secondly, Young people is the target and priority group for education, volunteering and employment support services. They will be empowered and benefited from the migrant support services to thrive and prosper.

Project: Kelly Sports Traditional Maori Games Schools programme

Location:	29 Schools across Auckland		
Summary:	The Traditional Maori Games (TMG) schools programmes designed to provide school-aged children with the opportunity to participate in a revival of traditional Maori games. This initiative is planned to be delivered to targeted Auckland schools in 2018. We will deliver more than 74,000 participant experiences during 1 session per class, every week, for 6 weeks per school. Our goal is for 12,500 children to experience the physical, emotional and spiritual (Hauora) aspects of the Maori culture while learning these game and activities. 500 Teachers will be encouraged to participate in all sessions and each school will be left with an activity kit to ensure sustainability.

People delivering:	2 coaches at each session, 2993 Sessions at 29 schools	People benefiting:	Based upon the expressions of interest received from targeted schools we believe nearly 12,500 school-aged Aucklanders and 500 teachers will participate in this initiative.
Promotion	Yes		

Community benefits

Identified need:

This initiative is designed to provide school-aged children with the opportunity to participate in a revival of a traditional Maori Sport. Until now, traditional Maori games, such as Ki-O-Rahi, have never been as accessible to communities as other sports (Rugby, Netball, and Touch). This programme allows the opportunity to reach more people and increase its exposure and awareness to. Schools are asking for access to a wider variety of in-school sporting options and a recent increased focus on Maori culture and language has seen traditional Maori games frequently requested. With Ki-O-Rahi tournaments on the rise nationally, this programme opens the door to more schools to form teams and participate in traditional Maori sports and games.

Identified community outcomes:

1. To increase physical activity levels within school-aged Aucklanders

Our approach to increasing the participation rate is three fold; a. By providing consistent, expert led delivery ensuring at least 74,000 individual participant engagements, b. By providing the skills and confidence for teachers to continue to led the programme (500 teacher modelling sessions), c. By ensuring each school receives a Kit of required equipment (41 kits to be provided). Each kit will include a logbook for logging utilisation hours. The log book, along with participant surveying will provide the key measures for the initiative.

2. Improved cultural awareness

Our second outcome is for our targeted children to experience the physical, emotional and spiritual (Hauora) aspects of the Maori culture while learning this game. An example of this is via Ki-O-Rahi. For this traditional Maori sport, the sessions will include more than just playing the game. It is important for participants to be aware of the history, legend and tikanga (values) of the game. Each session will include an introduction, previous session recap, Te Reo learnings, progressive skill coaching and practical game experience, all within a fun, safe environment.

Alignment with local board priorities:

W.H.O. guidelines state being physically active is an important step to being healthy. Schools are an ideal setting for teaching youth how to develop a healthy, active lifestyle for a lifetime.

Youth who are physically active get physical and mental health benefits. Comprehensive school-based physical activity programs can help youth meet most of their physical activity needs and benefit communities, often through the development of facilities. The skills developed in these traditional games in schools can be translated to community events and community participation opportunities. This programme will provide direct exposure, increasing the accessibility for schools to embrace these traditions. Schools will be left with a kit to help support the sustainability of the games. Evidence is clear that being physically active is one of the most important steps to being healthy. The skills developed in these traditional games in schools can be translated to community events and community participation opportunities.

Demographics

Māori outcomes:

- Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)

The Traditional Maori Games programme has been designed in partnership with a number of key Maori organisations, in particular He Oranga Poutama. This intentional approach of design and overall delivery provides an authentic experience for participants which has already been delivered into school's curriculum as part of their Matariki festivals and/or during Maori language week. Our goal is for 12,500 children and 500 teachers to experience the physical, emotional and spiritual (Hauora) aspects of the Maori culture while learning these game and traditional activities.

Accessible to people with disabilities

Yes

Our Kelly Sports coaches receive Halberg Sports Disability Foundation's "No

Exceptions Training" (NET) and our programmes can be modified as required.

Financial information

Amount requested: \$300162.00

Requesting grant for:

1. Coaching fees - 2993 individual sessions (6 sessions for 499 classes in 29 School)
2. 41 Resource kits to be left at each participant school (1 per 250 children at each school)

The aim is to cover the delivery and kit cost associated with over 74,000 unique participant sessions across Auckland

If full amount requested is not able to be funded:

We have developed a funding formula based on \$600 per class. We would therefore recalculate and priorities which schools to delivery to. Alternatively we could spread the funds wider and request a user pays component e.g. \$4 per child per session, \$2 from local board and \$2 user pays (school and/or Parents).

Cost of participation: Kelly Sports delivery of our Tradition Maori Games programme at \$4 per child per session it is envisaged that funding of this initiative will cover this delivery cost

Project: LifeKidz Trust - Support Workers Wages

Location:	The Depot, Sir Lloyd Elsmore Drive, Highland Park, Auckland		
Summary:	LifeKidz Trust provides after school and school holiday programme care for children with disabilities and special needs, in doing this we are also allowing families to have much need respite. We have an amazing team of youth workers that support the children in our programmes, without these guys and girls we wouldn't be able to run the highly successful programmes that we have done for the past 14 years.		
Dates:	01/06/2018 - 31/12/2018	Rain dates:	-
People delivering:	60 plus	People reached:	300 plus
Promotion:	Not stated Within the Auckland media and in all newsletters to schools, families and caregivers. On website, in brochures and flyers, these get sent out to a very wide area.		

Community benefits

Identified need:

There is a desperate need in the entire Auckland area for programmes for children and youth with special needs/disabilities to attend during holidays and after school, we have been in operation for over 14 years and get more and more families requesting our services than ever before. We have families travelling from all over the Auckland area to attend. We also know there is a major gap in the services for transitional programmes for young adults leaving school. We have fabulous facilities available to us to run a programme and the knowledge of what is required for it to be successful and rewarding to those that will be attending.

Identified community outcomes:

The community will benefit by having a well-established programme for children and youth that is set in a positive environment, it is encouraging, rewarding and promotes a sense of belonging. The need for our service is crucial to families so that they can have the respite needed when trying to need the demands of special needs/disabled children. Unlike other programmes we have a very high ratio of support workers to children, in receiving this funding we are also able to continue offering rewarding employment opportunities to the youth of Auckland, and to provide them with the training to continue along the path of working with children who have disabilities should they wish.

Alignment with local board priorities:

Papakura

- help our young people to contribute prosper and thrive

- improve the overall wellbeing of the Papakura community

To collaborate with the local community to create opportunities that promote the disability sector in a positive sense. To offer quality driven and fun programmes that will be enjoyed by all attending and caregivers feel reassured sending their children to, therefore maximising their respite time and knowing that their child is actively engaged in activities, out and about in their own community environment, and getting involved in local community activities on offer.

Demographics

Māori outcomes:	None identified
Accessible to people with disabilities	Yes - The majority of our clients that attend the programmes we run have a disability; we are very accessible to all abilities and disabilities.
Target ethnic groups:	All/everyone
Promoting SmokeFree:	Our programmes are all smoke free, and we actively dis-encourage all that attend our programmes, work with us and volunteer with us that it is unhealthy and not allowed anywhere near the children or where we operate.

Financial information

Amount requested: \$19000.00

Requesting grant for: To go towards part of the wages for our amazing support workers, for a 6 month period. Also for activity resources so we can get all involved in variety of fun and motivational activities and give the children and youth that attend our programmes opportunities that they may not otherwise get a chance to partake in.

If full amount requested is not able to be funded:

Any contribution would be greatly accepted.

Cost of participation: We do charge an attendance fee, but with funding we try our best to keep this to a minimum to allow as many families that need our services are able to attend.
