Sites to be recommended to the Regulatory Committee as restricted (certified self-contained only). Site specific restrictions to limit number and location.						
Area and Address	Preliminary assessment	Evidence base for preliminary assessment	Additional evidence provided by local board	Staff final recommendation	If Reserves Act 1977 applies	Reason for recommendation
A F Thomas Park 21 Northcote Rd, Wairua Valley (opposite Onewa Domain)	Restricted - medium protection (to protect access and health and safety)	Full on weekends (visitors to Onewa Domain/sports persons across the road); less busy during the week; no public toilets. Three lessees located in North Shore events area. Takapuna Golf course located further in park. Car park sometimes used by restaurant patrons and motel visitors	Area has 3 hour time restricted parking on site. Use by communities. No public toilets on site, the toilet facilities are privately run but do allow the public to use them. Concern that over use of the private toilet facilities would mean goodwill is lost. One member commented that all reserves in the Kaipatiki local board area all have special character and should be protected. Another member commented that all parks and reserves have high demand for parking.	Restricted - medium protection (to protect access and health and safety) subject to addressing default position under Reserves Act	Reserve management plan in place which does not provide for camping.	Further review of area and possible demands on parking considered. No change to original assessment. Additional information not enough to prohibit site as issues raised could be managed through restricting numbers and limiting to self-contained only. The activity would need to fit within daytime parking restrictions on site which would restrict to overnight only. To allow restricted freedom camping to occur the reserve management plan may require reviewing. Staff are working with legal services on what other legal options are available.
