777	Maungakiekie-Tāmaki is a community that cares about its environment	I&ES: Environmental Services	Community Awareness and community led riparian restoration	Continuing to support the great work of MAD Ave. An Auckland Council officer will project manage, along with MAD Ave Community Group and a technical contractor, to support volunteers to continue to protect, enhance and restore the ecological health of the Omaru catchment. Riparian restoration will be delivered in Eastview Reserve and Paddington Reserve. This will include community-led weeding and planting events, with an aim of 15-100 people participating at each event. The project will also support the River Talks event.	The benefits that this project will provide include: Restoring and improving local waterways. Empowering local communities to connect and advocate for their local natural environment. Increasing both terrestrial and aquatic biodiversity by creating ecological corridors and riparian margins.	There are no further decisions required for 2018/2019.	Q1; Q2; Q3; Q4	LDI: Opex	\$ 20,000
874	Maungakiekie-Tāmaki is a community that cares about its environment	I&ES: Environmental Services	Water Quality Monitoring Follow Up	To continue to deliver water quality testing in the following areas: <ul style="list-style-type: none"> • Panmure Basin • Ian Shaw Park • Panmure Wharf Reserve. 	Describe the benefits that this project will provide: <ul style="list-style-type: none"> - Restoring and improving local waterways. - Empowering local communities to connect and advocate for their local natural environment. - Increasing both terrestrial and aquatic biodiversity by creating ecological corridors and riparian margins. 	There are no further decisions required for 2018/2019.	Q1; Q2; Q3; Q4	LDI: Opex	\$ 5,000
904	Maungakiekie-Tāmaki is a community that cares about its environment	I&ES: Environmental Services	Tamaki Estuary Environmental Forum Coordinator - Maungakiekie-Tāmaki	To see Te Wai o Taiki (the Tāmaki Estuary) as a thriving, dynamic and healthy ecosystem that is loved and used by the community and which positively enhances and connects with the Manukau Harbour, the Waitematā Harbour and the Hauraki Gulf." (Tāmaki Estuary Environment Forum vision). Specifically this budget will fund a coordinator at 12 hours per week to support the Tāmaki Estuary Environmental Forum (TEEF), and support groups in progressing the above vision for the Tāmaki estuary. TEEF operate as a collaboration between five local boards, and several community organisations, to advocate for the Tāmaki catchment. This year will see exploration of additional funding sources and sponsors to support aspirations of the group. TEEF also hopes to partner with academic institutions to discover more about the environmental issues and social interactions of communities within the Tāmaki catchment.	<ul style="list-style-type: none"> • This unique environmental governance group including elected members, Auckland Council staff, community groups and NGOs is supported and their joint knowledge and influence utilised • A broad range of experience and understanding from members can be used as advocacy to inform decision makers operating in the catchment. • Projects and actions to achieve water quality and biodiversity improvements for the catchment and estuary are identified and implemented • Existing project within the catchment are identified and supported • Community engagement to take ownership of specific areas of a stream to achieve positive environmental/social outcomes. • Joined up thinking between 5 boards and council to benefit the Tamaki 	There are no further decisions required for 2018/2019.	Q1; Q2; Q3; Q4	LDI: Opex	\$ 5,000

909	Maungakiekie-Tāmaki is a community that cares about its environment	I&ES: Healthy Waters	Manukau Harbour Forum - Maungakiekie-Tāmaki	To implement the Manukau Harbour Forum work programme. The proposed work programme includes a governance review, communications plan, symposium, and an education project.	The Manukau Harbour Forum encourages joint decision making and advocacy on issues impacting the Manukau Harbour. The operational work programme encourages increased awareness and knowledge about the Manukau Harbour, and improving water quality. The proposed governance review acknowledges that the forum is in its third term and it is appropriate to consider how it has achieved its objective. It also reflects that the forum is a strategic and governance entity, yet it is primarily delivering an operational work programme.	There are no further decisions required for 2018/2019.	Q1; Q2; Q3; Q4	LDI: Opex	\$ 10,000
920	Maungakiekie-Tāmaki is a community that cares about its environment	I&ES: Healthy Waters	Love Your Neighbourhood (EcoMatters Environment Trust)	<ul style="list-style-type: none"> • Provide rapid response assistance up to a value of \$500 to support volunteer-driven practical environmental initiatives e.g. environmental clean ups and restoration, community planting and food growing. • Includes providing practical assistance to not-for-profit preschools to enable environmental education initiatives; in particular edible gardens and water saving/collection devices. • Promote the availability of the assistance through appropriate networks across the Maungakiekie-Tāmaki Local Board area • Respond to requests from the Maungakiekie-Tāmaki Local Board to support community action. 	Enables community volunteers and not-for-profit Maungakiekie-Tāmaki early childhood centres to undertake practical environmental initiatives.	There are no further decisions required for 2018/2019.	Q1; Q2; Q3; Q4	LDI: Opex	\$ 15,000
922	Maungakiekie-Tāmaki is a community that cares about its environment	I&ES: Environmental Services	Low Carbon Lifestyles - Maungakiekie-Tāmaki	The project has two objectives: to reduce residential energy use and associated carbon emissions and also improve resident health by keeping houses warmer and drier. Insulation, ventilation and efficient heating are critical to improved health outcomes in poor quality homes in Auckland. Efforts to improve insulation, ventilation and heating along with the use of more efficient appliances are key to making homes warmer whilst while lowering domestic energy use. The project involves doorstep provision of home energy advice and/or energy saving devices to residents, including new migrants, in high priority locations within the Maungakiekie-Tāmaki local board area as determined via census data. Follow up survey of participants to evaluate effectiveness of action taken as a result of the provision of advice, information and/or targeted energy efficiency devices for use in the home.	Improved home health and comfort through improved energy use behaviours amongst low income and ethnically diverse residents in the Maungakiekie-Tāmaki local board area. Specific project benefits include: <ul style="list-style-type: none"> • Reduced energy demand and carbon emissions for local residents • Lower energy bills and improved living conditions for tenants and homeowners • Contributes to achievement of sustainable living/healthy homes priorities in local board plans/agreements 	There are no further decisions required for 2018/2019.	Q1; Q2; Q3; Q4	LDI: Opex	\$ 25,000
