To: Stephen Town, Chief Executive

Subject: NOTICE OF MOTION

In terms of Auckland Council's standing order 2.5.1, relating to Notice of Motions, I propose to move the following motion at the meeting of the Governing Body on 27 September 2018.

Notice of Motion

That the Governing Body:

- a) supports in principle the need to find ways of urgently enabling more affordable housing to be built for Auckland's workers;
 - i) noting that the Mayor's Housing Taskforce has already initiated work on "investigating new tenure and ownership models for affordable housing" (recommendation # 6) and that a scope of that work and progress to date is to be reported to the Planning Committee at its 2nd October meeting.
 - ii) requesting that the report also covers how the council will engage with developers, community housing groups, iwi and central government on affordable housing for workers.
