**Checklist for determining if a Dog is an American Pit Bull Terrier or an American Pit Bull Terrier type.**

1. Photographs are to be taken at the time of assessment and are to be taken from the side, front and back with specific shots taken of any outstanding physical American Pit Bull Terrier type characteristics.
2. A Digital Camera must be used for photographing dogs.
3. An authorised officer is to carry out an assessment of the dog and complete a checklist score sheet.
4. Each item on the checklist has a grading of 0 to 3. A grading of 0 indicates no compliance and a comment is required, 1 indicates part compliance, 2 indicates substantial compliance and 3 indicates full compliance.
5. A total score of 1 to 48 indicates that the dog does not substantially meet the description of an American Pit Bull Terrier type.
6. A total score of 49 to 66 points indicates that the dog substantially meets the description of an American Pit Bull Terrier type.
