Thank you for bringing LUKAH to the Henderson Animal Shelter on 10/08/18 for a breed assessment.

Our breed assessment results have determined that LUKAH is predominantly of Pitbull type.

If a dog is wholly or predominantly of a menacing breed or type listed in Schedule 4 of the Dog Control Act 1996, Auckland Council is required to classify the dog as menacing. We have therefore applied a menacing classification with effect from the date of this letter under section 33C of the Dog Control Act 1996.

You may object to this classification by lodging a written objection to Auckland Council within 14 days of receipt of this notice. You will need to set out the grounds on which you object, and request a formal hearing.

You have the right to be present at the hearing in support of your objection, and you will be notified of the time and place of the hearing. Your objection will be heard by the Regulatory Committee of Auckland Council.

Please find attached the notice of Menacing Dog classification, outlining the requirements of the classification.

Yours sincerely
