Dear Mr/Ms Guy,

**Proposed Reserve Revocation – Adjacent to 18 Parrs Cross Road, Henderson**

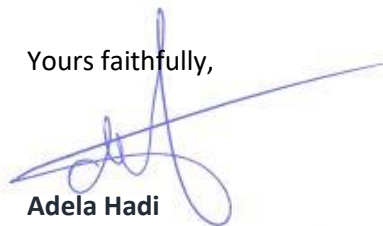

As you are probably aware, Auckland Council is considering revoking the existing reserve status over the road reserve located adjacent to 18 Parrs Cross Road, Henderson. The portion under consideration is legally described as Lot 9 DP 71587 comprising 656 m<sup>2</sup> and adjoins your property at 20 Parrs Cross Rd.

Council has resolved that the existing road reserve is surplus to council's requirements as it is not required for roading purposes.

It is proposed to revoke the reserve status affecting the reserve under section 24 of the Reserves Act 1977 prior to it being sold to an adjoining owner or on the open market. Council will be publicly notifying its intentions to revoke the reserve status affecting the road reserve and calling for objections to be lodged with council in a public notice on 04 October 2018 in the Western Leader.

This letter is to inform you personally of the proposal. Please do not hesitate to contact me if you have any further queries regarding this letter.

Yours faithfully,

**Adela Hadi**  
Technical Statutory Advisor
