

Consultation document

Local boards

This section sets out the key proposed activities for each local board area for 2019/2020. We are seeking your feedback on whether we have got the focus right.

For more information relating to your local area, please see section xx of the supporting information for this consultation document.

Local Board	Key focus
Kaipātiki	<p>In 2019/2020, we plan to invest \$17.4 million to renew and develop assets and \$8.9 million to maintain and operate assets as well as provide local programmes and initiatives.</p> <p>We will continue to deliver the projects you have already identified as being local priorities through the 2017 Local Board Plan, and we are not proposing major changes to existing budgets or work programmes for 2019/2020.</p> <p>Previous consultations have told us that protecting the environment for future generations is a top priority. We are investing in kauri dieback prevention measures, water quality monitoring and the community-led Pest-Free Kaipātiki initiative. We are completing an update of all our reserve management plans to guide the way we look after and use our parks and reserves.</p> <p>We will be advancing a coastal link between Shepherds Park and Tui Park and establishing a toddler-focused playground at Jean Sampson Reserve. We will start work on the Glenfield town centre plan in 2019 to help shape the future of Glenfield. Redevelopment of Birkenhead War Memorial Park is a priority project and we will get started on the design of the multi-purpose facility that will replace the former grandstand.</p>
