

The Mixit Charitable Trust

Legal status:	Charitable Trust	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: JUMP CUT - Mixit Summer Project at Pah Homestead January 2019

Location:	Pah Homestead, 72 Hillsborough Rd, Hillsborough		
Summary:	Mixit will be running an intensive 15-day summer programme JUMP CUT at the Pah Homestead in partnership with the James Wallace Arts Trust. Creative artists and young people from refugee, migrant and local backgrounds will come together to create a series of free community performance events. The creative provocation will be based on the responses of the young people to the site itself - the Pah Homestead which has it's own cultural "personality" and layers of history that the young people will react to diversely. It is also currently the home of contemporary art, which provides material for creative responses from the youth. These ideas will be brought together and communicated to audiences through the dance, music, theatre and spoken word.		
Dates:	07/01/2019 - 21/01/2019	Rain dates:	-
People delivering:	36	People attending:	1000
% of participants from Local Board		50%	

Community benefits

Identified community outcomes:

For the participants, the benefit of the summer intensive project is the experience of contributing their ideas and seeing them taken through a process and then shared with a wider audience. The young people who participate in the Mixit programme often come from marginalised groups in wider society and the Mixit process is the first time they have been able to put forward their ideas and thoughts, have them considered and experience their voices being heard.

The other benefit to participants is the ability to interact with young people from outside their own ethnic groups. Refugee and migrant families often do not have opportunities to interact outside their communities. As the multi-cultural diversity within communities increases we all have a responsibility to improve inter-cultural understanding and connection.

For the Pah Homestead the benefit of the project is to introduce and open up the homestead to immediate community members who may not have visited the homestead before, or see it as a destination for them. This includes both the participants who live in the local area and also their families and friends who will come along to the performances. Mixit will be working closely with high schools to encourage access.

We monitor all participation at any Mixit workshop or project - age, ethnicity, geographic location and if a regular attendee or newcomer. For this summer project we will closely monitor how many new young people engage through our promotion to local schools.

We will facilitate sessions where the participants can give direct feedback as to what they have gained through their experience, along with providing avenues for ongoing involvement - both with Mixit and at Pah Homestead.

We will also work closely with Pah Homestead to establish a system of monitoring local area buy-in to their venue and for ways to collate data of who attends the public performance events as audience members.

Alignment with local board priorities:

Local character and heritage is widely celebrated and reflected through arts, culture and language

This project will continue the partnership commenced in September 2018 between the Pah Homestead, Mixit and local youth to use a platform to bring together a diversity of the community and celebrate an important heritage site through the eyes of young people. Mixit works with young people from refugee, migrant and local backgrounds to include and connect communities through performing arts using dance, theatre, spoken word and music. JUMP CUT is a 2-week week summer intensive project to be held at the Pah Homestead. The Mixit team, including participants from the Puketapapa Local Board area, will devise a site-specific performance based on the young people’s response to the different spaces at the Pah Homestead, both indoors and out, the layers of history and what they have to say as young people standing together in 2018. JUMP CUT will culminate in four free performance events for the public with encouragement that families and the immediate community to come along.

Financial information

Amount requested: **\$1,000**

Requesting grant for: We are applying for a contribution to the marketing and promotional costs of the project to run a comprehensive PR campaign to the community. The

benefit to the Puketapapa community is through the participation of young people from the local area. The costs of promoting to the community includes producing flyers and posters to support school visits to bring young people to our 2018 Saturday sessions. The other benefit is by the drawing in of visitors from across Auckland to the Pah Homestead and promoting this iconic venue to audiences who may not otherwise visit.

If part funded, how would you make up the difference:

We would self-fund and intend to make up the balance through donations and other grant applications.

Cost of participation: No free for all participants with free public performances

Scouts Association of New Zealand - Western Bays Sea Scouts

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Western Bays Sea Scout - growing with the community

Location:	Western Bays Sea Scout Hall, 16 Griffen Park Road, Lynfield		
Summary:	Western Bays Sea Scouts has been a local success story having doubled its youth membership in 2017 it now has over 50 youth members. To continue activities for all its members extra equipment is needed because of extra wear and tear and more attending activities. Despite fund raising all year the group remains financially short to buy the extra tents, camping equipment, trailer and canoes that are needed to do our annual events. These activities are not done at the project location only stored there.		
Dates:	10/12/2018 - 30/09/2019	Rain dates:	-
People delivering:	12 leaders, 4 committee members	People attending:	Immediately 60 members including leaders and hundreds more over the life of the items
% of participants from Local Board		80%	

Community benefits

Identified community outcomes:

Scouts New Zealand current "better prepared" vision is "that in 2025 more than 25,000 youth will enjoy scouting adventures. They will come from every background, with a place for all, shape their own experiences, and make a positive difference for New Zealand." Western Bays Sea Scouts have significantly contributed to this by doubling its membership. We provide a low-cost community youth programme that changes lives by offering 5 to 18-year-olds fun and challenging activities, unique experiences, everyday adventure and the chance to help others so that we make a positive impact in our communities. We offer our community service and develop future leaders. These youths are known to have better well-being and resilience to mental health issues. The challenging environment and rhyme and structure of the programme better prepares youth for future day-to-day pressures of later life.

Increasing youth and leader numbers by providing a holistic youth programme. Some of the inputs that can be measured are the numbers of camps and trips that are organised.

Alignment with local board priorities:

Provisions and promotion of opportunities and services supporting healthy and active lifestyles

Scout's support and does activities in all priority areas almost equally. The group is very active and visible in our community not only supporting our youth but involving their parents as well (ANZAC Day for example). As Scouts mainly focuses on youth development, it promotes healthy and active

lives. Volunteering, five ways of well-being, engaging the wider community and collaboration are all aspects of the scout programme.

Collaborating organisation/individual	Role
None	

Demographics

Maori outcomes:	<i>Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)</i> We encourage Maori youth members to join as we are one of the most ethnically diverse Scout Groups in New Zealand. We have annual activities to demonstrate tikanga, matauranga and reo.
Target ethnic groups:	All/everyone
Promoting Smoke Free:	The Scout Association promotes smoke free environment that we specifically follow. None of the youth members are permitted to smoke.
Zero waste minimisation	Yes, we continue to recycle for fundraising and provide educational activities about our environment. Camps are managed to have minimal environmental impact.

Financial information

Amount requested: **\$1,000**

Requesting grant for: We are requesting funding for new equipment that will allow the group to cater for the extra youth members that have joined and those who have financial difficulty to afford the extra gear needed for the activities. A separate budget is for maintenance (redo the hall floor, protect the gear store floor, paint the roof and boats). A lack of grant success this year has resulted in not having made the purchases before outdoor activities begin.

If part funded, how would you make up the difference:

Purchase one less tent or buy a smaller one

Youthline Auckland Charitable Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Youthline Helpline Volunteer Manager Salary

Location:	13 Maidstone Street, Grey Lynn, Auckland		
Summary:	<p>Youthline requests funding of \$1,000 as a contribution to the annual salary of \$87,360 of our Volunteer Manager Cathy Aiavao. Cathy is the driver behind retaining, recruiting, training and supporting our volunteer family and facilitation team who staff the Youthline Helpline in Auckland and support young people in the Franklin Local Board area.</p> <p>Cathy is based in our Youthline Auckland Central Youth and Community Development Centre. She is responsible for maintaining our training programmes and volunteer pathways (across Auckland) and setting up our programme calendar for the year – ensuring that our volunteers have the most up to date and relevant training and that they are well supported for working within the youth sector.</p>		
Dates:	10/12/2018 - 30/11/2019	Rain dates:	-
People delivering:	200	People attending:	56000
% of participants from Local Board	100%		

Community benefits

Identified community outcomes:

For many of the vulnerable young people we work with the first contact point with us is through the Helpline.

We are then able to link them with the help they need. We offer support services and positive role models to encourage, motivate and inspire young people to reach their full potential and create a resilient community.

We aim to ensure that they have “clear pathways from school to work”. We offer a range of programmes including learner licence training, CV building and barista training to assist in their transition to work/adulthood which they will have the ability to drive to school/interviews/work; know how to put together a CV and assist in getting a job in the hospitality industry.

We aim to equip them with skills and insights on how to build self-esteem and improve mental-health, how to actively problem-solve, recover from setbacks and build resilience. We know that when young people feel connected to their community and valued by others they gain confidence and self-esteem. This in turn provides them with the strength to make improved life decisions, to think about the long term and reduces risk-taking behaviour.

When we achieve this, the community benefits.

Evaluation of our work is important to us so we can continue to provide up to date, effective and relevant services to youth. Youthline will show we have achieved our aim to positively impact local

young people and to help them towards achieving their potential through both quantitative and evaluative methods.

Youthline has developed a comprehensive process to evaluate the effectiveness of our services. This evaluation covers client satisfaction and also measures impact outcomes. After participating in Youthline services participants are asked to complete a survey and provide feedback. This is a highly useful tool for review, supervision and evaluation of our services.

Three changes we expect to see if the expected outcomes occur:

1. Young people will have received the individual support they require
2. Young people will have improved self-esteem, confidence and resilience
3. Young people will have a personal plan and goals going forward.

Alignment with local board priorities:

Our cultural diversity is valued and communities feel recognized and included

Young people in need who contact Youthline through our Helpline often feel lonely, alone, disengaged and desperate. They often have no sense of belonging to family, school or community. Youthline has been supporting young people in need for over 48 years. The helpline is an early intervention service operating from a strengths-based, person centred approach where young people contact us by phone, text and email.

The helpline is staffed by over 200 volunteer counsellors who receive extensive training to handle what are often complex issues. They respond to situations of low to high and imminent risk across all mediums of contact, providing a continuum of support and linking service users with other agencies in their own communities. Utilising and promoting Youthline's strengths-based, wrap around approach, Youthline staff are responsible for the quality assessment and management of clients (young people and their families), including those with high and complex needs.

The Helpline is a gateway to accessing a range of personal development opportunities, counselling, mentoring, workshops and seminars. We very much focus on their wellness and wellbeing.

We equip youth with skills and insights on how to build self-esteem and improve mental-health, how to actively problem-solve, recover from setbacks and build resilience. Counsellors link them with local support services to assist their ongoing development. Through their improved emotional and self-management skills young people are less likely to fall into helplessness, depression, addictive behaviours, dangerous relationships and unemployment.

Research shows that when young people are engaged in community activities, linked with whanau, and given the opportunity to participate feel that they are part of something and encouraged to reach their potential, that risk taking behaviour is reduced. Youthline works inclusively with youth, from those young people who are most vulnerable to youth leaders who are championing change. Our clinical support workers counsel/mentor young people identified as needing one on one support to encourage and inspire them. They aim to understand the strengths and weaknesses of each young person, then identify goals and milestones and develop a plan for successful implementation and progression. By walking beside a young person and providing positive role models Youthline aims to see every young person become connected to the community in which they live and a positive contributor to society with a strong sense of belonging, feeling recognised and included.

Promoting Smoke Free: Youthline Auckland supports the Auckland Council's Smoke free Policy and its commitment to working proactively with others towards making Auckland smokefree by 2025. We have a smoke free policy in place and can offer support, advice and referrals to young people who wish to give up smoking. We ensure that the young people we work with are aware of our support for making Auckland smoke free and how we can help them if necessary.

Dance Therapy NZ

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Dance 4 Families

Location:	YMCA Lynfield, 16-18 Griffen Park Road, Mt Roskill		
Summary:	Dance 4 Families is a collaboration between two like-minded community-focused organisations, Dance Therapy NZ and GRx Active Families, to empower school-aged children, and their families, to be more active, maintain a healthy weight and have fun in a Dance Movement Therapy-based medium. Our workshop will be part of the GRx Active Families Lynfield programme - a free initiative that helps parents and children get interested in, and achieve, a healthy lifestyle. The workshops will run from February through to June 2019 and will take place every two weeks for an hour, at YMCA Lynfield in Mt Roskill. Each session will cater to the needs of children 5-12 years old, and their parents.		
Dates:	12/02/2019 - 25/06/2019	Rain dates:	-
People delivering:	7	People attending:	500
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Dance 4 Families will take place in Mt Roskill - an area with a significant amount of State housing, low income families, and a lack of whanau-focused creative fitness opportunities. Families have limited funds available for such activities, so having a free programme in this area is hugely important. Dance Movement Therapy is an experiential psychotherapy based on the assumption that the mind and body are interrelated and that affecting change in one area will aid another. The focus of these workshops is to help families be more active in an enjoyable and non-threatening way, however, attendees will also be benefited from enhanced emotional articulation and social skills, strengthening parent-child bonds and communicative ability.

We will measure these outcomes using feedback forms at the end of each term, along with therapist observation and notes, attendance numbers and any anecdotes from GRx Active Families and YMCA staff. If the expected outcomes of the project occur, we would expect to receive positive feedback that participants enjoyed coming to the workshops; the sessions had a high level of attendance (which would represent a wide scope of community inclusion); participants were able to develop their skills and abilities as per therapist observation; and that there was a continued demand for the programme by participants, caregivers/parents, and GRx Active Families.

Alignment with local board priorities:

Provisions and promotion of opportunities and services supporting healthy and active lifestyles

Workshops will be delivered by an expert Dance Movement Therapist and will strengthen parent-child connection by developing communicative and emotional articulation skills, while remaining true

to Active Families' goal of helping Kiwi families to get active, reducing public health issues. Each session will be child-centred and focus on the wellbeing and social, emotional and communicative development of attendees, supporting both mental and physical health. Dance Movement Therapy is particularly accessible for attendees (predominantly from Māori and Pacific Island backgrounds) given the central role of dance in their cultural history - this makes it a perfect medium through which to encourage physical activity in a fun, non-intimidating way.

Collaborating organisation/individual	Role
GRx Active Families/Sport Auckland	Programme co-provider
YMCA Lynfield, Mt Roskill	Venue

Demographics

Maori outcomes: *Māori participation - Māori priority group, target group, high representation or Māori staff delivering*

Our workshops will be part of the GRx Active Families overall programme. Current attendees are predominantly from Māori and Pacific backgrounds so our therapy team will be serving these populations. Attendees will be encouraged to share elements of Tikanga Māori and the therapy team may choose to introduce poi, traditional music etc. where appropriate.

Target ethnic groups: All/everyone

Promoting SmokeFree: Our workshops will be held in a fully smoke-free environment, at a smoke-free venue. Each session will be designed and led by an expert Dance Movement Therapist to promote mental and physical health, which contributes to helping people live healthy, smoke-free lifestyles.

Zero waste minimisation Yes. We hope to use upcycled materials and props in these sessions.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female

Financial information

Amount requested: **\$1,000**

Requesting grant for: We would be grateful for a contribution towards facilitation, materials/equipment and administration costs associated with the delivery of 10 Dance Movement Therapy sessions, over two terms (February to June, 2019).

If part funded, how would you make up the difference:

We will be forced to reduce the number of workshops we can provide.

Cost of participation: Free.

Brentwood Community Outreach

Legal status:	Other: not for profit community group	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Free Family Fun Day 2018

Location:	Wesley community centre, 740 Sandringham rd extn, Mt Roskill		
Summary:	Free Family Fun Day 2018 is about celebrating the citizens of the Mt Roskill community. It is also congratulating people's achievements and rewarding them with spot prizes whilst enjoying food and entertainment. The event strengthens unity within communities and provides free resources around family matters.		
Dates:	09/10/2018 - 09/10/2018	Rain dates:	-
People delivering:	60 team members	People attending:	400
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Sharing of cultural diversity.

Intergenerational cohesiveness.

Communities working together.

Promoting healthy lifestyle.

I hope this event encourages people to engage with other people from different cultural backgrounds within the Puketepapa community.

I would also like this event to make the community aware of helpful resources available.

Families will be able to enjoy themselves at no cost.

Feedback from local community.

Asking participants if they would like another event next year.

Questionnaire

Get people to comment about the event on our facebook page.

Alignment with local board priorities:

Our cultural diversity is valued and communities feel recognized and included

Brentwood Community outreach has organised a Free Family Fun Day for 2018.

We recognise the rich ethnic diversity this community is made up of and wish to celebrate it by giving back with free food, clothes and entertainment for this event. It is also a good time to acknowledge some people's achievements throughout the year with spot prizes.

Since it started 2 years ago, Brentwood Community Outreach have benefited hosting one day a year where the community can come and enjoy themselves.

The support and positive feedback we have received for doing this has been overwhelming. The Wesley/Mt Roskill families have really appreciated it.

Collaborating organisation/individual	Role
Youthline	providing free resources around suicide prevention
Mt Roskill fire service	providing free resources around fire safety
Brentwood community outreach volunteers	providing free food, entertainment etc
ADRA	providing free clothing
Mt Roskill police	providing free advice on crime prevention
Wesley community centre	providing venue
Oranga Tamariki	providing wellbeing for children

Demographics

Maori outcomes: *None specified*

Target ethnic groups: *All/everyone*

Promoting Smoke Free: *We will announce it regularly during our program.*

Zero waste minimisation *We will provide various rubbish bins specific to plastic/paper/general waste. We will even have a food waste bin that will go to chickens*

Friends of Wairaki Stream

Legal status:	Other: community group	Activity focus:	Environment
Conflicts of interest:	None identified		

Project: Wairaki Stream Restoration

Location:	Lynfield Reserve		
Summary:	<p>Our project, as a new group, is to gather the community together to conserve the Wairaki Stream Catchment Area. We want to encourage community participation to maintain and care for these areas as an ongoing project. This will include pest weed control, animal pest control, removal of rubbish and planting.</p> <p>We also want to encourage community socialisation by providing a networking opportunity with refreshments after work has been done.</p>		
Focus specific:	<p>Environmental benefits: Removal of rubbish from Wairaki Stream and its environs in the Lynfield Reserve. Identification and removal of some pest plants. Encouragement of local community involvement.</p>		
Dates:	16/02/2019 - 16/02/2019	Rain dates:	-
People delivering:	six at this stage with more encouraged.	People attending:	1000 plus
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Community involvement in this new group. Enhancement and conservation of a fabulous community asset. Adding value to the work already done by council and conservation volunteers. Introducing local people to their reserves and their neighbours. Increasing people's knowledge of fauna and flora. Combining interested parties into a cohesive community group. Encouraging an intergenerational focus.

Outcomes will include the amount of work that is accomplished e.g. rubbish removal, pest weed control, and the number of participants and how they much they enjoy these occasions. The Lynfield Reserve between The Avenue and Orsova will be cleared of rubbish, larger items will be cautioned with tape, pest plants such as tradescantia, wild flowering cherry, wild ivy, wilding pine, chinese privet and jasmine will be identified, and as much as possible will be bagged or piled. New volunteers will be trained to spot these pest plants.

Alignment with local board priorities:

The community has the skills and knowledge to protect the local environment

The Friends of Wairaki Stream aims to care for and maintain the Wairaki Stream Catchment Area, including Lynfield and Wairaki Stream Reserves and their tributaries. Our focus includes pest and weed control, rubbish removal, planting and animal pest control. This is in line with the Auckland Council Te Ngahere Revised Lynfield Reserve Restoration Plan 2018 and the council Freshwater Management Plan.

It involves community collaboration e.g. working with other like-minded and different parts of the community. It supports and promotes volunteerism and encourages people to engage with their wider community. This involves utilising the skills and knowledge of the local community to protect the local environment. The zero-waste philosophy will be mandated with our refreshments being composted locally.

Collaborating organisation/individual	Role
Wendy John, from Friends of Oakley Creek	Mentoring and support
Julie Fairey, Puketepapa board	support
Huw Hill-Male, Council Community Park Ranger	mentoring, support and resources

Demographics

Maori outcomes:	<i>Māori involvement in the design/concept</i> We intend to have a blessing by a local Kaumatua on our first event on the 1 December.
Target ethnic groups:	All/everyone
Promoting Smoke Free:	At the health and safety briefing it will be stated that this is a smoke-free event in a smoke-free area. We are happy to erect signage to this effect.
Zero waste minimisation	Appropriate signage to prevent further dumping on the reserve and in the stream, could be erected. Rubbish will be recycled if possible. We will compost anything possible including the refreshment rubbish in compost bins off site.

Tri Star Gymnastics Club Incorporated

Legal status:	Charitable Trust	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Disability Gymnastic Program at Tri Star Gymnastics

Location:	Keith Hay Park, 55 Arundel Street, Mt Roskill, Auckland		
Summary:	<p>We provide gymnastics, trampoline, parkour and functional fitness opportunities to those with physical and intellectual disabilities.</p> <p>We offer a Fundamental Movements program to new students to familiarize themselves with the gym, engage with the coaches, and identify the skills that they enjoy. For the coach, this is a time to build rapport, assess the students physical, behavioural and social needs, and to ascertain the best future course of action and goals.</p> <p>We then offer them continued private lessons, semi private lessons, or small group / class lessons</p> <p>Unfortunately, we have a shortfall in funding (to break even) where other funding avenues don't apply - namely under 5 years, over 18 years, and school-aged who have had more than 20 sessions with us.</p>		
Dates:	29/01/2019 - 13/04/2019	Rain dates:	-
People delivering:	10	People attending:	We are almost up to 60 active participants - and looking to expand on this number as we provide more classes.
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Promote and provide a healthy, movement based activity - in a fun, friendly and safe setting.

Enhance fundamental movement skills.

Encourage and foster exploration of physical development - challenging the students to push their beliefs and boundaries as to what is possible.

Create social groups and settings for those with physical and intellectual disabilities - and include their family / wider community.

Provide a place for students with disabilities to feel comfortable and have a sense of belonging.

Integrate those with disabilities into the wider able-bodied community that we have at Tri Star.

We typically measure the outcomes on the feedback we receive from the students, their families, and their occupational therapists.

To date these have been outstanding.

We also measure the outcomes based on our retention rate - which is above 90% (and those that have left have largely done so do medical, lifestyle or geographical reasons).

Alignment with local board priorities:

Provisions and promotion of opportunities and services supporting healthy and active lifestyles

By providing the opportunity to those within our community who have a physical or intellectual disability to actively participate in gymnastics, trampoline, parkour and functional fitness.

We focus on developing physical skills (fundamental movements, coordination, strengthen etc...), enhancing social interaction, and addressing behavioural needs - all while have a fun and engaging time learning gymnastics.

Feedback from participants and their families have highlighted vast improvement and advantages to their overall health and well-being.

Collaborating organisation/individual	Role
None	

Demographics

Maori outcomes: *None specified*

Target ethnic groups: All/everyone

Promoting Smoke Free: We can provide signage throughout our facility and / or within various resources, newsletters and other communications.

Zero waste minimisation We can provide signage throughout our facility and / or within various resources, newsletters and other communications.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	%	%	%	%	%	100%

Financial information

Amount requested: **\$1,000**

Requesting grant for: We are looking to cover the shortfall in funding each student's lessons where other external funding won't apply.
Currently to break even we need an additional \$10 per student over and above the parents contribution and our own internal fundraising.

If part funded, how would you make up the difference:

We would have to accept fewer participants into the program and / or not allow other to continue their classes further.

Cost of participation: Yes, on average we charge the parents \$20 - \$25 per 45-minute session (one on one, semi private, or group setting)

Total expenditure	Total income	Other grants approved	Applicant contribution
\$10,598	\$8,500	\$0	\$1,098

Alcohol Healthwatch Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Whanau Against Alcohol Marketing – off-licence signage community audit

Location:	Off-licence premises across Puketāpapa local board area		
Summary:	<p>Alcohol Healthwatch staff will conduct an audit of external signage at all off-licence premises throughout the Puketāpapa Local Board area, and then assess compliance with relevant regulatory frameworks, namely the Auckland Signage Bylaw 2015, Sale and Supply of Alcohol Act, and the Advertising Standards Authority Code for Advertising and Promotion of Alcohol.</p> <p>Staff will then produce a report detailing compliance and non-compliance in the Local Board area.</p> <p>Results will be fed back to Local Board members and community stakeholders, with a workshop held in the community.</p> <p>Community members will be empowered to recognise non-compliant signage (not just for off-licences) and to take appropriate actions to improve the visual amenity of their neighbourhoods.</p>		
Dates:	10/12/2018 - 30/06/2019	Rain dates:	-
People delivering:	Three. Nathan Cowie, Health Promotion Advisor at Alcohol Healthwatch will carry out the bulk of the work conducting the audit, analysis, and reporting. Dr Grant Hewison, Solicitor for Communities Against Alcohol Harm will peer-review the audit report. Dr Nicki Jackson, Executive Director of Alcohol Healthwatch will Chair the community feedback hui with assistance from Nathan Cowie.	People attending:	We would be very happy to reach an audience of 30-70 community stakeholders from across the Puketāpapa Local Board Area.
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

The first outcome of this project is to establish the degree to which external signage at off-licence premises do or do not comply with relevant regulatory frameworks.

The second outcome will be to present the findings to community stakeholders, and empower those stakeholders to take action on non-compliant signage identified in the Audit.

The third outcome will be that action is taken by licence holders or relevant regulatory authorities that results in greater compliance, and thus a reduction in alcohol advertising, and corresponding improvement in visual amenity in neighbourhoods.

Fourth, community stakeholders will be empowered and equipped to identify, and take appropriate actions regarding non-compliant signage at other locations, such as on-licence and club licence premises, and other locations.

The audit will give us a good measure of non-compliance.

We will keep a record of how many community stakeholders attend the community feedback forum and offer to collaborate with people who wish to take action on non-compliant signage identified.

We will check with regulatory authorities to assess what feedback they have received and what actions have been taken regarding non-compliant signage identified.

We will follow up with interested forum attendees that express interest in taking further actions beyond the initial audit, and check whether they have undertaken further actions since the feedback hui.

Alignment with local board priorities:

Neighbourhoods where people know each other and feel safe and valued

Alcohol and drug use has a profound effect on perceptions of community safety. While it is difficult to reduce the numbers of off-licences, some communities have had some success in preventing new bottle stores from opening.

Alcohol outlets in a community give rise to harm through a variety of mechanisms or pathways. The more that alcohol is available in a community, the higher its prevalence of hazardous drinking and harm. Secondly, the clustering of outlets increases competition which can drive prices down and result in outlets staying open for longer to win the customer purchase. Thirdly, outlets can be a blight on the community landscape, in particular as a result of ubiquitous alcohol advertising. Such advertising can also normalise alcohol in a community, increasing the likelihood that a young person will start drinking, as well as drinking more heavily. Persons wishing to remain sober or who have alcohol dependencies are also negatively impacted by an abundance of visual cues in relation to alcohol in their community.

Laws and regulations in New Zealand seek to minimise the harm from alcohol outlets in a community. For example, Auckland Council has adopted its Signage Bylaw 2015 which seeks to minimise the harm from physical alcohol advertising signs. The Sale and Supply of Alcohol Act 2012 prohibits advertising that promotes excessive consumption, and this includes mechanisms such as advertising discounts of 25% or more. Finally, the Advertising Standards Authority Code for Advertising and Promotion of Alcohol addresses the content of individual advertisements, such as those that may appear on the frontage of bottle stores or on billboards in the community.

We believe that the harm from alcohol can be minimised by ensuring that alcohol advertising in a community complies with the above codes, bylaws and legislation. However, we believe that there is a low level of awareness among the community of these relevant policies and laws.

As such, this project proposes to audit the existing exterior signage at off-licence premises in the Puketāpapa Local Board area (Healthspace.ac.nz reports there were 18 off-licences in 2016), checking each instance of exterior signage against the above regulatory frameworks, and communicating the results of the audit back to community stakeholders. Community stakeholders can then be walked through the process of recognising non-compliant signage, empowered to contact those responsible for non-compliant signage, and if necessary making complaints to the appropriate enforcement bodies.

Reducing the amount of alcohol advertising and promotion in the community will improve the amenity and good order of the community, and may have an impact of reducing the normalisation of

alcohol in the community, and give young people (in particular) less encouragement to start drinking, or to drink heavily.

Collaborating organisation/individual	Role
Communities Against Alcohol Harm / Dr Grant Hewison, Solicitor	Peer review of compliance audit.

Demographics

Maori outcomes: *Māori participation - Māori priority group, target group, high representation or Māori staff delivering*

New Zealand research demonstrates that Māori children have exposures to alcohol advertising that are five times greater than European children (Chambers et al, 2018). In particular, the most common forms of alcohol advertising exposure among Māori children were alcohol sports sponsorship and off-licence shopfront advertising. Reducing the harms from off-licence advertising can therefore have positive, pro-equity outcomes.

Target ethnic groups: All/everyone

Promoting SmokeFree: Our project will not have a direct role in promoting smoke-free messages in the Local Board area. However, the outcomes of the project can contribute significantly to enabling a smoke-free Puketāpapa community.

This is because alcohol use is closely associated with tobacco use disorders in New Zealand (Wilson et al, 2012). There is evidence that alcohol use impedes New Zealander's quitting and increases the risk of relapse to smoking.

As such, restrictions around alcohol advertising which lead to reduced alcohol consumption could in turn contribute to reduced tobacco smoking. These favourable outcomes could reduce inequities in life expectancy and morbidity.

Zero waste minimisation No, this project will not be including waste minimisation messages.
