

Consultation document

Local boards

This section sets out the key proposed activities for each local board area for 2019/2020. We are seeking your feedback on whether we have got the focus right.

For more information relating to your local area, please see section xx of the supporting information for this consultation document.

Local Board	Key focus
Rodney	<p>In 2019/2020, we plan to invest \$7.2 million to renew and develop assets and \$13.8 million to maintain and operate assets as well as provide local programmes and initiatives.</p> <p>We will continue to deliver the projects you have already identified as being priorities through the 2017 Local Board Plan, including the delivery of new transport initiatives made possible by the Rodney Local Board Transport Targeted Rate. We are not proposing major changes to existing budgets or work programmes for 2019/2020.</p> <p>In 2018, we started work on planning the new reserve at Green Road, Dairy Flat, and this will continue in 2019/2020. We will continue improving our town centres, with a focus on completing work started in Helensville and Warkworth this year. We will keep funding the Rodney Healthy Harbours Fund and our ecological volunteers so that our harbours, waterways and environment are cared for, protected, and healthy.</p> <p>This year we are also asking for your feedback on whether the local board should investigate a targeted rate on forestry, quarries and cleanfills to pay for the maintenance of our rural roads. This rate could be struck in future years (from 2020/2021).</p>
