

Communicare CMA (Ak) Inc

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Mangere Communicare Friendship Centre

Location:	Mangere Otahuhu Netball Centre, 1 Court Town Close, Mangere		
Summary:	Communicare's Mangere Friendship Centre is open once a week during term time providing a welcoming environment for all senior and/or disabled members of the local community to meet and enjoy each other's company. Communicare provides morning tea and a light lunch as well as shared activities such as crafts, games and the occasional outing. It is Communicare's mission to care for the health and well-being of isolated seniors and address the challenges of aging and social isolation. We believe our friendship centres such as this one in Mangere contribute immensely in helping our members face these challenges.		
Dates:	01/07/2019 - 30/06/2020	Rain dates:	-
People delivering:	10	People attending:	30
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

The health and well-being of our members within their local community is Communicare's primary focus. We aim to do this through our Mangere Friendship Centre by: 1. better connecting with the local community, supporting our members to be actively involved and continuing to make a valuable contribution; 2. maintaining a local community focus by increasingly engaging local businesses and individuals with the centre; 3. helping our members to stay living locally in their own homes longer and thereby lessening the risk of social isolation.

Communicare is always open to feedback and we actively encourage this both informally as we chat to members during the morning at the friendship centre and more formally through bi-annual evaluations. We are currently revamping our formal survey to better assess our successes and ascertain what further steps we might need to take to improve the service we currently provide. We monitor attendance at our centres in order to fully cater for our growing membership and to measure the demand for our service. Successfully achieving our expected outcomes should hopefully result in an increased awareness of our services and increased membership, increased community engagement and a more inclusive community for our seniors, ultimately contributing to the improved health and well-being of the community's elderly and disabled.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Communicare's prime objective is to support seniors by helping them address the issues of loneliness and social isolation that are known threats to their health and well-being. We do so by running friendship centres in local communities, including Mangere, providing recreation and advocacy, enabling and encouraging our members to remain actively involved and connected with their wider local community.

Collaborating organisation/individual	Role

Demographics

Maori outcomes: *Māori participation - Māori priority group, target group, high representation or Māori staff delivering*

Communicare's Maori Health Policy aims to ensure that our services are responsive to the needs of our Maori members. We observe Maori custodial rights, needs and interests and work hard to create an environment at our friendship centre that embraces and cares for the wellbeing of our tangata mauiui and their whanau.

Target ethnic groups: All/everyone

Promoting SmokeFree: We exist first and foremost to care for the health and wellbeing of the elderly and disabled. Creating a smoke-free environment is an essential element of this. Our venues, including Mangere, are all clearly designated smoke-free and all members, staff, volunteers and guests are apprised of this when they first attend a centre.

Zero waste minimisation While we serve morning tea and lunch we do not use disposable plates, cups or cutlery. Everything is washable and reuseable. Some of our craft activities involve recycling or upcycling and when the time does come for renewing and replacing old resources that are no longer of use we are careful to send as little as possible to the landfill.

Project: Pasifika Youth Cup 2019 - Pacific Rugby League 9's

Location:	Walter Massey Park, Mangere East		
Summary:	Auckland Niue Rugby League is co-hosting, 2 x major rugby league events at Walter Massey Park, Mangere East in October. The events will attract a number of people from around the greater Auckland region who will be involved with the events on/off the field. Teams from around New Zealand will also be traveling in for that weekend. Bringing the various Pacific nations together to celebrate their culture and identity through the game of rugby league is an important objective for us. We want to deliver safe and well run rugby league events.		
Dates:	05/10/2019 - 12/10/2019	Rain dates:	-
People delivering:	Pasifika Youth Cup - 12 Teams; Pacific Rugby League 9's - 18 Teams	People attending:	Pasifika Youth Cup and Pacific Rugby League 9's combined - 4000
% of participants from Local Board		80%	

Community benefits

Identified community outcomes:

Community cohesion is important for Pasifika, and these events will enhance the relationship between the hosting nations, participating Pasifika nations and local/regional rugby league stakeholders that will participate in these tournaments. Economic opportunities for the Mangere East RLFC, will benefit a local stakeholder who has been a strong supporter of Pasifika Rugby League in the Mangere/Otāhuhu area. Health and well being will also be achieved, not only from playing in these tournaments but through the training sessions leading up to game day. We have engaged Mental Health and Well Being services that will be engaging players in both tournaments. Cultural connectedness will be experienced by those attending through haka's and Pasifika meeting to celebrate their cultural uniqueness. We have engaged NRL clubs who will be sending community engagement officer's to our Pasifika Youth Cup tournament.

We will gather anecdotal evidence and where applicable implement a survey for our leaders from those involved i.e. coaches, managers and players, to complete. The results of the Information will tell us how we are performing and delivering our tournaments. Adjustments will be made to ensure quality standards are maintained through our conduct/engagement with parents and the end product we provide our families. The economic element will depend on anecdotal and any formal approach, i.e. survey. Currently the high number of player registration tells us that our tournaments will be well attended. We will also host briefing sessions after each tournament to identify areas that we need to improve and also to celebrate our achievements.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Auckland Niue Rugby League is co-hosting, 2 x major rugby league events at Walter Massey Park, Mangere East in October. Demographics

Maori outcomes: *Māori participation - Māori priority group, target group, high representation or Māori staff delivering*

We have been dealing with the chairman of NZ Maori RL John Devonshire, who will be bringing a U 13's/U 14's boys rugby league team to our Pasifika Youth Cup event. The teams will be selected from iwi's around New Zealand. Locally Auckland Maori RL and Counties Maori RL will be sending Senior men's teams for the Pacific Rugby League 9's. We have players with mixed heritage including Maori. This event will also support local Iwi, and mana whenua outcomes in terms of celebrating dual heritage, and supporting the cultural well being of those players who have Maori heritage. A number of our coaches and managers have Maori heritage. Our tournaments are very responsive to Maori and heavily supportive of our tournaments.

Target ethnic groups: Specific ethnic group New Zealand European, Māori, Pacific Peoples, Indian, Other Asian

Promoting SmokeFree: We will have access to the Mangere East RLFC external PA system and will be announcing during the course of the event the Alcohol/Drug/Smoke policy we have. We will post up on our Face Book page and website (under construction) the smoke free event message. All tournament information will have our Alcohol/Drug/Smoke policy.

Zero waste minimisation We will be hiring 4 x Stations of 3 Bins (Compost, recycling, rubbish), from a local Mangere based company. Announcements will be made during the course of the day about rubbish. The stations will be strategically placed around the playing fields.

Project: Tongan Dance

Location:	Mangere Community Central Hall, 241 Kirkbride Road, Mangere		
Summary:	This project solely focus on teaching the new students on the different types of Tongan actions/moves so that they understand the meaning of each moves and why they performed it, and for current students to elevate their skills into how to perform professionally and also gain confidence to compete in Tongan dancing and also have the potential to learn skills that will enable the students to become dance tutors in the ASB Polyfest for secondary schools as well as the Pasifika Festival.		
Dates:	11/06/2019 - 19/09/2019	Rain dates:	-
People delivering:	3	People attending:	100
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

The students will be able to bring together the Tongan communities in the area to celebrate with them their achievements in a certificate of completion award ceremony where they will get to perform what they've learned during their 10 week tau'olunga/mako classes. They will also be allowed after graduation to perform what they've learned at their own family functions, at church events and or schools activities as well

We will have an open day where participants will be registered and we will monitor them throughout the 10 week course and supply certificates of completion on a ceremony evening.

Alignment with local board priorities:

increase opportunities for Maori and Pasifika arts and cultural expression

Our Tongan dance academy provides an amazing opportunity for our young people to take part and learn more about expression of their cultural values through Tongan dances. We run classes for 4 different categories. Which are Junior classes from ages 1 - 8 years old, Pre-teen from 9 - 12 years old and teen from 13-17 years old, and senior from 18+ because of popular demand we would like to apply for some more financial assistance to enable our project to continue on to semester 2 and also to introduce another dance to be taught in order to add to the skills of our current and new students taking part in the classes

Collaborating organisation/individual	Role

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: It'll be advised at the beginning that smoking is prohibited around kids or during our dance classes

Zero waste minimisation yes, we will encourage not to litter and or throw rubbish around and they must help pick up rubbish after every dance class.

Niue PIPC Fuata

Legal status:	Other: Community Cultural Youth Group	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Tino malolo - healthy body, healthy future

Location:	Mangere Pacific Island Presbyterian Church, Corner Lyncroft Street, Mangere		
Summary:	A health and wellbeing programme will be undertaken with young people. This will include exercise, healthy cooking demonstrations (including the use of traditional foods), smoking cessation support and meal planning/budget planning. The funds will be used to purchase items and fitness equipment for the programme.		
Dates:	17/06/2019 - 30/11/2019	Rain dates:	-
People delivering:	Six team members will lead the delivery of the project.	People attending:	A range from 30 - 200 people
% of participants from Local Board	100%		

Community benefits

Identified community outcomes:

The young people within our youth group have expressed the need to focus on health and wellbeing within a space they have identified as 'safe'. Expected outcomes include 1) young people gaining confidence to cook healthy meals, including using traditional recipes; 2) planning meals; 3) increasing physical activity; and 4) developing a sense of connection to Niuean cultural constructs of health and wellbeing, aiding in the facilitation of positive health behaviour change.

Outcomes will be measured through feedback from young people and their families. It will also be measured by the number of people attending programmes, the number of young people able to prepare and cook meals, and feedback using post it notes. Clinical measurements such as weight and blood pressure will not be measured - subjective feedback will be sought instead to measure effectiveness and appropriateness of the sessions delivered.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

We are concerned about the health and wellbeing of our Niuean young people within our community youth group. There is a large proportion of our young people who are overweight and obese, which is concerning since they are under 24 years of age. Although there are various fitness and boot camp groups in operation, the young people attending our youth group do not feel confident to attend these groups and have expressed the need for our own community youth group to start focusing on health and wellbeing.

Our request for funds will primarily be used to purchase fitness equipment for our young people who attend our Niue community youth group. This will enable our young people to start their health and wellness journey towards active living and within a space they have expressed as 'safe' and 'a sense of connection' to. The funds will assist this vision and comes at a vital time where obesity rates among Pacific adults and young people are higher than any other ethnic groups (Maori, Asian,

European). Combating obesity when individuals are young is known to provide health gains in the future, particularly against lifestyle diseases such as heart disease and diabetes. By focusing on young people, there is added potential for intergenerational diffusion of health and wellbeing, where active living can also be promoted to younger siblings and/or older family members (e.g. parents and grandparents).

Collaborating organisation/individual	Role

Demographics

Maori outcomes:

Target ethnic groups: Specific ethnic group Pacific Peoples

Promoting SmokeFree: Our church premises is smoke free. We also will provide smoking cessation messages to individuals and will invite smoking cessation specialists from Counties Manukau DHB to attend and offer smoking cessation products to individuals who need assistance with this behaviour change.

Zero waste minimisation We will encourage recycling and the use of individual water bottles as oppose to purchased water bottles. This reduces the impact of plastic on the environment.

For the communities..wider exposure of the sport and its benefits for whanau participation. Building healthier relationships between communities both near and far. Greater cohesiveness for improved outcomes within the community. Reduced strain on current resources due to the health benefits mentioned. Auahi kore. Para kore.

Growth in club membership (forecast 50% over next 12months). Attendance at monthly regattas all over NZ (North and South). Attendance at the annual Trans Tasman Gubbi Gubbi Waka Ama Champs in Sunshine Coast Australia Sept 2019. Club membership continues to increase on a monthly basis.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Our team of 18 boys (aged from 12 thru to 16) make up 3 waka ama teams who train regularly 3x a week year round at Ian Shaw Reserve Panama Rd Mt Wgtn. These boys have extended families who are also involved in the sport promoting active living, community involvement and connectedness.

South Auckland Seniors and Youth Association Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Sunday Meet- ups and Trip to Hamilton Gardens

Location:	10 High Street, Otahuhu		
Summary:	Senior citizens meetup Christmas trip to hamilton Festivals and events		
Dates:	09/07/2019 - 07/07/2020	Rain dates:	-
People delivering:	3	People attending:	80
% of participants from Local Board		80%	

Community benefits

Identified community outcomes:

Senior citizens get a space of their own to mingle learn
Encourages participation in community events
Invite specialists to talk on better living and balancing life
Get youth involved to understand living with seniors
Have feedback forms
Social Media Comments
word of mouth

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Our aim is to support the elderly and youth in the community to have a space to get together and keep ourselves connected to our own heritage while thriving in the community. We plan to get support and info sessions for our elderly especially so that they do not miss out of opportunities out there e:g free exercise sessions.

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Mums and Bubs Playgroup

Location:	10 High Street, Otahuhu		
Summary:	Mum's and bubs playgroup is a free program at the community center to get parents and whanau out of their homes to come to a meeting spot to engage with their children. We plan to offer tea, coffee, Cooking classes, take part in events and have a Christmas outing at the end of the year. We also plan to get a relevant learning and playing items for the children. This whole initiative will be very beneficial for a families in the community.		
Dates:	01/07/2019 - 01/07/2020	Rain dates:	-
People delivering:	1	People attending:	150
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

- Create vibrant, connected and safe community
- Support healthy, active community
- Build inclusive communities where everyone is welcomed and involved in the daily process of playgroup.
- Value, celebrate, promote and protect everyone's culture in the group
- Through feedback.
- Word of Mouth
- New Registrations

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Mums and Bubs Playgroup is a community hub for Parents, caretakers and Whanau to bring their 0-5 year old out to play and learn with activities where they become their child's first teachers. Its a culturally diverse group and they all come from backgrounds where everyone is trying to make ends meet. Having a venue where they can connect and let the children thrive supports the priority above. This program gives the perfect opportunity to parents, caregivers, children and whanau to come out to and feel like a community.

Royal New Zealand Plunket Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Mangere Bridge Playgroup & Tiny Jandals Playgroup

Location:	Mangere Bridge PG, 5 Taylor Road, Mangere Bridge Tiny Jandals, 18A Bader Drive, Mangere		
Summary:	Supporting families and whānau is one of the most important things Plunket does and our term-time playgroups are an essential part of this. Plunket playgroups are non-profit early childhood centres in local communities which offer a safe, healthy, and friendly environment where children can play, and families can connect with other families and share information. At playgroup children develop important social skills and engage in play which encourages developmental growth preparing them for school. Some groups get together for music or movement and others have a full range of play activities suitable for all age groups up to the age of five. Parents remain at playgroup rather than dropping off their tamariki and are encouraged to get involved in play.		
Dates:	01/07/2019 - 30/06/2020	Rain dates:	-
People delivering:	2	People attending:	100
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

While Playgroups are primarily developed for children, the social benefits extend far beyond the playgroup.

1. Parents attending playgroups feel connected and less isolated, receiving peer support as well as education and guidance from the group facilitator. Parents are taught how to use everyday items at home to help continue this development and how to make it fun and engaging. They are also introduced to the wider range of Plunket and other community support available to them.
2. The wider community is also strengthened through these connections made by parents. New parents, particularly new migrants who may have few family contacts and little external support, benefit greatly from these groups, as do whānau and families who may not be able to afford ECE or kindy for their children.
3. Parents are also encouraged to volunteer, assisting with all aspects of facilitating the group and this is encouraged by the Playgroup Coordinator, thus providing the volunteers with a sense of purpose and belonging. We also encourage parents to volunteer in the wider community.

With funding support secured, we expect to see the following outcomes:

1. An increase in participation in the group as the Playgroup Coordinator is free to engage more in promotion in the community.
2. An increase in parents accessing other support, either through Plunket or other community providers.
3. A growing base of volunteers, both casual and specialised, to assist with growing our community networks.

Plunket have recently established two online tools that will allow us to more accurately track both community and volunteer participation, and how many people in the community are engaging with Plunket's Community Services: the Volunteer Information System (VIS); and the Community Groups Register (CGR). We are also in the process of developing digital tools which will allow us to gather more qualitative feedback from parents who access our Community Services.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

One of Plunket's major goals is to facilitate and support connected communities by providing opportunities at little or no cost to whānau. By providing a safe, welcoming space, we are encouraging this connectedness amongst the community and providing opportunities for parents and care givers to volunteer; much of this is driven by our Community Support staff including Playgroup Coordinators. Parents/care givers attend the groups with their children and are encouraged to actively participate either as a casual volunteer or by helping in a specific way; i.e., managing the social media for the group.

Collaborating organisation/individual	Role

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: Plunket is committed to promoting smoke-free messages in all of the venues we use for Community groups. We achieve this by making all our own venues smoke-free and promoting the message at venues we hire.

Zero waste minimisation No.

Percentage of males targeted	Percentage of females targeted	All - not targeted male/female
%	%	100%

0-5 years	< 15 years	15-24 years	25-44 years	45-64 years	>65 years	All ages
%	%	%	%	%	%	100%

Financial information

Amount requested: \$2,000

Requesting grant for: We are seeking funding support to cover costs for new toys and resources for the Māngere Bridge and Tiny Jandals (Māngere) playgroups. Plunket are focused on supporting sustainability by providing our playgroups with wooden toys which are more durable than plastic. While this is more costly in the short-term the benefits are long-term as the toys will need to be replaced less often. Included are pricings which demonstrate the potential costs for toys and craft supplies (please note that quotes are indicative and that actual purchases may vary depending on each group's needs).

If part funded, how would you make up the difference:

Our Playgroups are on-going projects therefore we are continually seeking funding assistance via grants and donations. The groups also fundraise to defer costs. A partial contribution to these costs enables the community to focus on fundraising for activities and enhancing capacity.

Cost of participation: Gold coin koha

TS Gambia SCANZ Incorporated

Legal status:	Incorporated Society	Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Instructional Technique Training

Location:	Training Ship Gambia, 229 Princes St E		
Summary:	The project is to train youth in Instructional Technique skills and leadership skills.		
Dates:	21/06/2019 - 23/06/2019	Rain dates:	-
People delivering:	5	People attending:	20
% of participants from Local Board	100%		

Community benefits

Identified community outcomes:

Cadets will be able to become better leaders in the communities and school. Cadets will be able to teach their skills and become better instructors in the unit which will, in turn, create a loop of outstanding citizens helping to create more outstanding citizens.

Cadets demonstrating leadership in their day to day life.

Cadets are able to conduct the lesson and teach skills to others.

Cadets showing personal development by advancement in the force.

Alignment with local board priorities:

improve skills training, increase employment opportunities for the local workforce especially Maori and Pacific youth

As a youth training establishment, we are wanting to buy some training aids that will aid us in the up-skilling of the youth that attends. New Zealand Cadet Forces is established to prepare New Zealand's successful leaders of tomorrow.

Mangere Pathfinder Club

Legal status:	Other: Church Youth Group	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Pathfinder Club

Location:	686 Massey Road, Mangere		
Summary:	Pathfinders Club is an ongoing group, which is designed to allow our children to learn life skills which is based around the teaching of God. The Pathfinder Club is based around helping our young people to connect with others and grow physically, mentally and spiritually. They are involved in missionary activities, campouts and other community service projects. The club accepts any youth who promises to abide by the Pathfinder Pledge and Law regardless of their church affiliation.		
Dates:	06/05/2019 - 31/12/2019	Rain dates:	-
People delivering:	7 counselors	People attending:	40
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

The Club based around helping our young people to grow physically, mentally and spiritually. The club accepts any youth who promises to abide by the Pathfinder Pledge and Law regardless of their church affiliation.

The Pathfinder club also works alongside our Adventurer Clubs (Aged 5 to 9 yrs). As the Adventurer member turns 10, they will move on to the Pathfinder Club (along with their counselor).

These are measured by our Pathfinder members achieving honours and badges from activities that they undertake with their counselors.

Alignment with local board priorities:

improve skills training, increase employment opportunities for the local workforce especially Maori and Pacific youth

Our Pathfinder club consists of 12 members who are aged between 10 to 15 year old boys and girls. We also have our counselors who teach and supervise our children with their theological theory and activities, which focuses on our children building their foundation and relationship with God within their church community.

Our Pathfinder club also helps our children in socializing and to help build their confidence through activities that they have to achieve.

This also provides opportunity for our parents to build a good relationship with their children by taking part in the activities as much as possible.

Collaborating organisation/individual	Role
Adventurers Club	Youth Group

Mangere Seventh Day Adventist Church Members	Supporting Role

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: We are already promoting a smoke free zone within the church, as well as our counselors being encouraged to keep being smoke free, to role model to our youth.

Zero waste minimisation We are looking at our first fundraiser which is selling vege burgers. We have chosen to minimise waste by ensuring we are using recyclable/ biodegradable items to package our burgers in eg. kraft brown paper bags. Also at the church, when we hold shared lunches, we look into composting food items that are able to be placed in our gardens, which helps generate less waste into rubbish bins. We also ensure we are recycling appropriately. We are also looking at teaching the children about the Nature to achieve an honour/badge for it, which is a component of conservation award. It will allow our youth to relate it with the Bible, in references where God commands us to take care of His earth.

Financial information

Amount requested: \$1,000

Requesting grant for: We are kindly requesting this grant to help finance towards paying for the Pathfinder children's club fees, their honour badges, workbooks, their Pathfinder rally day, and also their campouts and camporees for the year (eg. camping equipment, transport, food and petrol). Some of the expenses for activities, fundraisers and prizes for the youth are already sponsored/paid from personal finance by the counselors, who are willing to give to benefit the children/Pathfinder members. With this grant, this may lessen the financial burden for the counselors also, as well as the children's families.

If part funded, how would you make up the difference:

Our counselors and Pathfinder children will be looking at doing fundraisers to raise money for the expenses/cost for the year.

Cost of participation: Club fee \$10 each child - \$20 if more than 2 child in each family join, and counselor \$10 each, badges \$2.30 each badge of honour achieved. Pin - \$4 each, Workbook - \$10, etc, Camp cost can vary depending on venue

Auckland Kids Achievement Trust

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Kiwi Can Jam

Location:	Vodafone Events Centre. 770 - 834 Great South Rd, Manukau City		
Summary:	Every two years, Auckland Kids Achievement Trust organises the Kiwi can Jam, where children from all of the 24 Auckland schools where we deliver the Kiwi Can programme, come together to celebrate their milestones and reflect on their learnings in a creative way. They also learn that they are part of a big family, a huge community of Kiwi Can kids in Auckland who are united in accepting the challenge to overcome their personal obstacles.		
Dates:	18/09/2019 - 19/09/2019	Rain dates:	-
People delivering:	2004	People attending:	4,300
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

Joyful celebration, creative expression, shared experience. Within each school, students come together for the shared purpose of putting together a performance. As with all Auckland Kids Achievement Trust programmes, social skills are challenged and learned, teamwork is paramount and fun and laughter is encouraged. Students are supported to leave their comfort zones and be seen. This magic happens in just one school and is then magnified as 24 schools in Auckland come together in a shared experience, with a shared goal. This is not just a school or regional community coming together, it is all of Auckland, and the sense of belonging and joy is palpable and infectious.

Research and monitoring is an essential part of all of our programmes, and is a huge factor as to why AKAT has chosen to deliver Graeme Dingle Foundation programmes: because of their extensive and dedicated commitment to quantifiable data.

Graeme Dingle Foundation has a research team dedicated to evaluating and developing programme logic models, and measuring outcomes. This work provides an important evidence base which helps define and refine programmes, so we're always up to date, responsive and relevant.

To ensure credible evaluation design and practices (and to provide opportunities for external evaluation projects), we work alongside the University of Auckland and Massey University. We also work with independent research projects from Masters and PhD students or other research agencies.

Kiwi Can kids will be more engaged at school, more confident and will resolve conflict positively.

Alignment with local board priorities:

increase opportunities for Maori and Pasifika arts and cultural expression

Kiwi Can Jam is a celebration of Kiwi Can programmes in Auckland. Our Kiwi Can kids Schools are given the chance to creatively reflect and represent the impact that Kiwi Can has had in their

communities. This can be in the form of song, dance, Kapa haka, Pasifika or spoken word. The Jam will be held in the Vodafone Events Centre and participating schools from Mangere- Otahuhu include Koru and Sutton Park School. Of a total of 1097 students from these schools, 1065 are Maori and Pasifika. Performances reflect the culture of the students, thus Maori and Pasifika artistic and cultural expression will most definitely be supported and encouraged.

Collaborating organisation/individual	Role
Koru School	support
Sutton Park School	support

Demographics

Maori outcomes: *Māori participation - Māori priority group, target group, high representation or Māori staff delivering*

Our participating schools have a large Maori student population. In these schools, the creative representation on stage reflects the cultures of the students, thus Maori students are actively involved in the idea for the performance and indeed, participate in the performance as well.

Target ethnic groups: All/everyone

Promoting SmokeFree: The programme supports the smoke free policy of each school and the venue

Zero waste minimisation The programme supports waste minimisation and positive environmentalism is a large component of the Kiwi Can programme

Project: Silver Back Sports - Volley Ball and Basketball Training

Location:	Mangere Seventh-Day Adventist Church, Massey Road - Mangere		
Summary:	The project is increasing skills in the sport of volleyball and basketball. It is a 6 week project. Aims to focus on learning and increasing skill levels of volleyball and basketball. We aim to encourage healthy living by way of being active through our sports program. Our program is focused on family involvement (adults and children). The project has extended to Black Backs, this caters for children aged from 5yrs to 13yrs, The program will include a fitness trainer who will teach basic fitness skills and the benefits of physical exercise. She will also talk about the benefits of healthy eating/diet.		
Dates:	04/08/2019 - 20/10/2019	Rain dates:	-
People delivering:	6	People attending:	10 to 30 participates Adults and children
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

We believe our project will enhance participates skill levels in volleyball and basketball. We believe our participates would have gained confidence in learning or increasing skill levels. We believe our program will be motivating and fun. Increased awareness of healthy life-style, such as the benefits of physical activities through sports. The importance of healthy eating choices which contribute to increased energy levels and a sense of well-being. We want to enhance and strengthen families by providing a fun project which encourages the whole family to participate within the same program.

To measure outcomes we will monitor participates skill levels as a group and if needed on an individual basis. Our participates will be able to (volleyball) serve, position on court, setting, spiking, rules of game, scoring, umpiring. For the Black Backs (children) outcomes measure will be on their learnt skill levels of basketball. Dribbling, shooting, position on court, defending, passing, catching the ball and playing the game.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

The project is focused on sports. In particular increasing skill levels in volleyball and basketball. We aim to target families with children.

Silver Back caters for youth and adults and we have now introduced Black Backs who are to children to teenagers. We understand and learnt when you provide a service to our community, usually families participate. Hence, the introduction of Black Backs.

Pipikids Internatonal Film and Media Festival Trust

Legal status:	Charitable Trust	Activity focus:	Arts and culture
Conflicts of interest:	None identified		

Project: Screenies Children's Film Festival Aotearoa

Location:	Mangere Arts Centre		
Summary:	A dedicated film festival that will offer free short film sessions curated specifically for young tamariki. These will be stories from around the world and NZ, featuring different themes and storytelling techniques to inspire, challenge and delight. Children will be engaged with craft and filmmaking response activities, eg making storyboards, creating characters. Visiting filmmakers will be invited to talk/present sessions and there will be q and a's for each film session.		
Dates:	31/08/2019 - 31/08/2019	Rain dates:	-
People delivering:	4	People attending:	200
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

- Children and their families have access to quality films and media in a local community space
- The community, especially children, are able to share stories from different cultures together in a safe space
- A community that is engaged with stories from diverse cultures and different point of views
- Children that understand and have access to diverse forms of storytelling on screen
- Increased opportunity for seeing diverse film content curated for specific ages
- Opportunity to engage with storytellers
- Children have an opportunity to tell their own stories and learn storytelling techniques through workshops and discussions
- Numbers of children and other age groups attending each session/workshops
- Exit Surveys
- Children ate and choose favourite/best films for each session attended
- Children create their own work in workshops

Alignment with local board priorities:

our diverse communities enjoy arts and cultural facilities that are vibrant, creative hubs for connecting, engaging and learning, and expressing identity

Screenies is a dedicated children's film festival now in its 4th year. We offer a rich film festival experience for children aged 3-15 years and their families. We bring curated short films from around the world and New Zealand to engage children and introduce them to different ways of storytelling in a safe "kids-centred" space with fun activities and workshops. We want to reach out and engage local communities with accessible and rich content experiences. Screenies offers an alternative to mainstream media of shared

viewing, curated content from around the world and New Zealand - made for their age and stage. We encourage media and screen literacy through discussions, and opportunities to be content makers through creative activities.

Conflicts of interest:	None identified		

Project: Attitude Lifeskills, Mental Health and Wellbeing Programmes - Mangere-Otahuhu Schools 2019-2020

Location:	Classrooms and Assembly halls of 8 Mangere-Otahuhu Schools - Kings College, Mangere College, McAuley High, Otahuhu College, Southern Cross Campus, Pacific Advance Senior School, Viscount School, Auckland SDA High School		
Summary:	<p>Attitude equips teenagers with life skills necessary for building a meaningful life. Our objective is to encourage mental and emotional resilience and to help prevent youth suicide, teen pregnancy, bullying, drug and alcohol abuse and low self-esteem.</p> <p>This project involves Auckland-based Attitude presenters visiting Mangere & Otahuhu schools during the next 12 months to deliver 37 Attitude life skills, mental health and wellbeing presentations to approximately 5000 high school and intermediate students attending 8 schools in the funding district.</p>		
Dates:	01/07/2019 - 30/06/2020	Rain dates:	-
People delivering:	3	People attending:	5000
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

The Attitude programme develops young people by teaching them how to make good decisions and inspiring them to implement these decisions. We help them focus on their strengths; we equip them to engage with and solve problems, cultivate healthy self-esteem and good mental health, recover from setbacks, and understand and improve relationships.

With good emotional and resilience skills, teenagers are less likely to fall into substance abuse, self-harm and dangerous relationships. Students are empowered to make informed choices and negotiate their teenage years in a safe and positive way and so become positive contributors to society.

- Through improved decision making our programmes encourage students to positively contribute towards making their community a safe and friendly environment for all, irrespective of age, ethnicity or ability.
- Volunteering is promoted and students are encouraged to become involved in the caring and building of their community and its members.
- Young people are given insights into their own family dynamics and provided keys on how to get on better with their families.
- Attitude educates young people on the physical and emotional benefits of living an active healthy lifestyle.
- Equality and understanding are key messages we deliver.

Attitude relies on feedback from students, teachers, professionals and members of the community to confirm that our work is beneficial to the community.

- Consistently positive feedback and references from school teachers and principals help us to know that our message is having a positive impact on young people in the schools we visit as they see changes in students' attitudes and behaviour
- Informal feedback from students via our Facebook page lets us know students' reactions and outcomes of our talks as they share comments and stories of change
- Our ongoing formal evaluation, combined with regular teacher interviews and evaluations, confirms the positive impact we are having on the lives of young people in a measurable way.

Alignment with local board priorities:

improve skills training, increase employment opportunities for the local workforce especially Maori and Pacific youth

Attitude programmes aim to encourage students to become positive contributors to the community. Our programmes align with the Mangere-Otahuhu Local Board Plan Priority: "improve skills training... especially for Maori & Pacific youth"

Attitude life skills, mental health and wellbeing programmes provide young people with the skills to make positive decisions and keep themselves and the wider community safe. We encourage students to develop their full potential and become active spokespeople for causes they believe in. Volunteering is promoted and students are encouraged to become involved in their community and caring for its members. We also teach the physical and emotional benefits of living an active healthy lifestyle. Attitude's objective is to encourage mental and emotional resilience and help prevent youth suicide, teen pregnancy, drug and alcohol abuse. We visit schools in Mangere-Otahuhu with a high number of Maori & pacific students; our presenters are selected because of their ability to relate to the culture and issues facing these young people.

Demographics

Maori outcomes: *Māori participation - Māori priority group, target group, high representation or Māori staff delivering*

As many students at these high schools identify as Māori, many Māori students will learn skills to build resilience which will improve their social wellbeing. Many of our presentations speak on the importance of celebrating your cultural heritage and traditions and to take pride in the community they're from. The Parenting Place - which Attitude is a division of – is on a haerenga (journey) as an organisation with Te Reo and Maori tikanga, seeking to work in closer partnership with Maori and have the spirit of Te Tiriti at the heart of what we do. Attitude presenters (many of whom are Maori) have this as their foundational platform.

Target ethnic groups: All/everyone

Promoting SmokeFree: Our 'Hardwired' presentation specifically deals with smoking and substances, promoting healthy choices and a Smokefree lifestyle.

Zero waste minimisation No

%	40%	60%	%	%	%	%

Financial information

Amount requested: **\$2,000**

Requesting grant for: We request funding towards the cost of delivering Attitude life skills, mental health and wellbeing presentations requested by Mangere-Otahuhu schools. Due to limited budgets, many schools are unable to cover the full cost of the programme therefore we are applying for funding in order to make presentations available to all the students of Mangere-Otahuhu.

Each Attitude presentation costs Parenting Place \$440 (excl GST) to deliver. This is made up of staff costs, programme costs (materials), transport, communication, and admin support.

If part funded, how would you make up the difference:

If the Council is unable to fund the full amount, any funding towards the cost of presentations would still be of assistance. Attitude will still visit the schools but will deliver fewer presentations than the number requested.

Cost of participation: We ask schools to contribute towards the cost of the presentations we deliver to them. We request \$250 per talk, though as schools' budgets are limited we fundraise to help those who otherwise would not be able to afford the programme to make sure it is accessible to all students

Conflicts of interest:	None identified		

Project: Tihei Mauri Ora

Location:	Shroffs Bay Reserve		
Summary:	Tihei Mauri Ora is a celebration of Matariki. I will create a yarn installation to herald in the New Year and celebrate and acknowledge the star Waita, the star associated with the ocean, and the food sources within it. Matariki is a time for harvest, reflecting, remembering our dead and planning for the future. This installation is site specific for Shroffs Bay to reflect our relationship to the water and the life bringing properties of the sea. Māori have used weaving to maintain tradition, tell stories and pass on whakapapa. I use crochet to tell the stories of our diverse communities and incorporate my cultural heritage of Māori, Pākeha to re-imagine this ancient craft in a new and modern way.		
Dates:	05/07/2019 - 30/07/2019	Rain dates:	-
People delivering:	Two	People attending:	100
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

To create awareness of Matariki within our local community. - This project will aim to highlight Matariki through crochet art, encouraging people to ask questions and interact.

To create a beautiful and vibrant art work which sparks imagination. - Tihei Mauri Ora is about sparking people's imagination around traditional craft and arts and get people thinking differently about their environment and their neighbourhoods.

To create a feeling of pride in our community and to encourage conversation and connection. - The colourful, vibrant and interesting yarn installations encourages people to connect and talk with one another in a non-threatening way while beautifying our community in unexpected places.

People in the community will have a deeper understanding of Matariki.

People in the community will explore their own creativity.

People will be more encouraged to meet new people in the community and feel pride for their neighbourhood.

Alignment with local board priorities:

our diverse communities enjoy arts and cultural facilities that are vibrant, creative hubs for connecting, engaging and learning, and expressing identity

The Joy project aims to bring crochet art to the streets in unexpected places, on a large scale where the whole community can enjoy, and engage with it. It is fun, colourful, vibrant and brings smiles to all who encounter it.

is about a celebration of weaving as expressed through crochet. Crochet is a form of weaving which is a part of many cultural traditions. Māori have used weaving as a way to maintain tradition, tell stories and pass on whakapapa.

I use the art form of crochet to tell the stories of our diverse community and as a celebration of the many cultures living in Mangere and Otahuhu. I incorporate my own cultural heritage of Māori and Pākeha to re-imagine this age old craft into a new and modern art form.

Collaborating organisation/individual	Role

Demographics

Maori outcomes: *Māori led - either a Māori organisation that is applying or Māori directed (came about as a request from Māori).*

This project will be led by two local Māori artists who have over 30 years of creative experience in carving, metal work and textile art.

Melissa Cole - Ngati Hine/Ngati Kahu and Rudi Robinson -

Waikato/Ngaruahine have lived in Otahuhu for over 20 years. They have been creating yarn installations in the Otahuhu community for the past year bringing joy and engagement with the local community. This installation is Māori focussed in telling the story of Matariki through a Māori lens.

Target ethnic groups: All/everyone

Promoting SmokeFree:

Sasa Fetu

Under the umbrella of Mangere East Community Centre

Legal status:		Activity focus:	Sport and recreation
Conflicts of interest:	None identified		

Project: Az1 Fitness Class

Location:	372 Massey Road, Mangere East - Community Hall		
Summary:	Az1 Fitness Classes looks to promote healthy living in the community. We will be running fitness classes every Monday night at 6:30pm at the local community hall. We have a qualified personal trainer who will be facilitating those classes and support individuals to improve their hauora. Az1 Fitness Classes will be open for all ages and all fitness levels.		
Dates:	13/05/2019 - 21/12/2019	Rain dates:	-
People delivering:	4	People attending:	35 per session and 150 over the year - estimate
% of participants from Local Board		95%	

Community benefits

Identified community outcomes:

- Improved health
- Opportunity to build a stronger community through something positive
- Cultural diversity
- Educate the community on healthy living
- Records before and after the 12 weeks programme
- Quarterly evaluation to measure progress
- Feedback after the programme

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Through our fitness classes we would promote inclusiveness, health and well-being, whanau and healthy living.

Collaborating organisation/individual	Role

Life Education Trust Counties Manukau

Legal status:	Charitable Trust	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Purchase workbooks to deliver Life Education programme to Mangere-Otahuhu children

Location:	in the grounds of schools: Fairburn School, Nga Iwi School, Rise Up Academy, Sutton Park School, Waterlea Public School		
Summary:	<p>-Life Education teaches 85% of primary and intermediate schools/250,000 children nationally annually.</p> <p>-We capture children's imaginations using technology that shows them the magnificence of the human body, how their brain it functions, and what its needs are.</p> <p>-We understand that mental health is critical for children growing up and work to help them feel comfortable with their identity, where they fit in, and where they belong. In this area we cover identity self-worth, resilience, peer pressure, the effects of bullying, and being aware of others.</p> <p>-Your support of the work we do will mean, in time, generations of healthy, young New Zealanders will be able to be the best people they can possibly be.</p>		
Dates:	22/07/2019 - 31/10/2019	Rain dates:	-
People delivering:	1	People attending:	2072
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

The outcome for our Mangere-Otahuhu community is that they will be more involved & connected by:

- 1) participating in follow-up activities provided by the workbooks that help cement positive changes
- 2) parents/whanau sharing skills, info & support at the parent sessions eg meal plans, seasonal/cheaper eating, how to recycle more in the home, cyber-safety
- 3) being pro-active & increasing participation in sport, leisure & recreation activities = less time sitting down on technology & increased family time
- 4) all our different cultures being promoted & celebrated in the classroom which spreads to the wider community to know & believe that their skills & knowledge will create a brighter & inclusive community. These are also highlighted through our participation in local events.
 - 1) The classroom teacher of every student we teach are invited to evaluate the lesson they have just observed across a range of subjects from the engagement of our educator with the students, our educational resources, content of the lesson, age appropriateness of lesson etc. All results are gathered & assessed by Research NZ.
 - 2) Being invited back to teach at the school on a regular basis

3) Feedback, retainment & building of knowledge from seeing the same students as they move through the school

Alignment with local board priorities:

young people are engaged and have a voice and contribute positively in local matters

The outcomes/benefits of our programme are that students in our local Mangere-Otahuhu community via our mobile classroom, will be taught & given knowledge building blocks of how to increase & maintain their confidence through making positive mind & body health choices via our programme's learning areas:

- 1) Food & Nutrition
- 2) Human Biology
- 3) Relationships & Communities
- 4) Identity & Resilience
- 5) Substances (for Intermediate students only)

These will give them the right skill-sets to enable them to have the highest self-esteem/ selfworth & values to enable them to achieve personal, career & community aspirations. Children report more experiences of bullying behaviour than students from other countries & NZ has the highest rate of youth suicide in the OECD.

Through research, speaking with many facilitators in our community & teachers from local schools, we know there are high levels of child obesity in our area which when combined with low socio-economic areas, equates to many children believing they are not good enough & they will not have the resources to achieve what they want to when they leave school.

We want to continually empower them at every age & stage we visit their schools on an annual basis to make positive health & life choices & live life to the fullest & banish these beliefs.

Collaborating organisation/individual	Role
Garden To Table 'Empower'	a joint venture between Life Education & GTT. A comprehensive & sustainable programme to help tackle child obesity through: teaching about balanced diets, meal planning & understanding their body's nutrient needs - GTT turns it into action by growing, harvesting & cooking fresh fruit & vegetables in the school's grounds.
Dove Self-Esteem Project	where our educators provide training to school teachers in our area re their student's healthy development & to avoid valuing themselves & others on the basis of appearance

Demographics

Maori outcomes:

Māori focus - tikanga (practises), mātauranga (knowledge), reo (language)
 To support our Maori students (16% in this area) & ensure their language & culture is shared, celebrated & learnt by all, we want to continue & expand our

resources that are created in Te Reo & pro-actively use them on a daily basis, especially to name feelings, key phrases to help communicate how you feel, food & nutrition, the body's systems & community/the environment. This is to create a strong & connected community in our classrooms that feeds to our wider community/the student's whanau.

Our workbooks are available in Te Reo to ensure the positive information can be shared with our student's whanau.

We are really looking forward to our annual visit to Nga Iwi School where the feedback is always positive.

Target ethnic groups: All/everyone

Promoting SmokeFree: 'Substances' is one of the five core subjects we teach to intermediate students. We discuss & roleplay the decision-making processes they may come across & go through when seeing their friends & peers smoke or they are offered a variety of substances to smoke. We talk about the effects smoking has on your brain, body, finances & making decisions. A Pull Apart Torso - full medical school teaching standards (with 28 parts) is used to illustrate points. Latest research is used from all health sectors in our lessons. We are the largest external programme provider working in schools and are proud of the positive trend in the reduced rate of binge drinking, smoking, bullying and marijuana use amongst NZ youth.

Zero waste minimisation Many of our lessons talk about reduce, re-use & recycle and the ways individuals & the community can work together to improve the environmental health of the Mangere-Otahuhu Local Board community These messages are included in our Decision Making, Citizenship and Reputation sessions.

Financial information

Amount requested: \$2,000

Requesting grant for: The workbooks are an essential part of our programme in allowing our students to share the information learnt with their parents and caregivers at home. The school's teachers also use them to reiterate information topics covered thus enable it to be remembered and used throughout the year.

THE COST OF THE WORKBOOKS IS NOT INCLUDED IN OUR PROGRAMME DELIVERY COSTS

If part funded, how would you make up the difference:

We are committed to teaching in the Mangere-Otahuhu Local Board schools within this funding period of 1/7/19 - 31/10/19 thus all our fundraising efforts will go towards ensuring we uphold our promise to deliver.

WE NEED TO RAISE INCOME FROM INVOICING SCHOOLS FOR PROGRAMME DELIVERY DOES NOT COVER OUR WORKBOOK BUDGET

Cost of participation: Our cost is \$17.92 per student. We charge schools a fee of \$5 for primary school students age 5 - 11 (receive two lessons)/ \$5 for intermediate students age 11- 13 (receive three lessons)

Project: Tamaki Makaurau Pacific Wardens Uniforms

Location:	Mangere / Otahuhu		
Summary:	The Tamaki Makaurau Pacific Wardens are building capacity in the Mangere / Otahuhu area. In order for our volunteers to be safe and visible we would like to build an inventory of uniforms to be used by our people on patrol.		
Dates:	01/07/2019 - 31/12/2019	Rain dates:	-
People delivering:	40	People attending:	1000
% of participants from Local Board	100%		

Community benefits

Identified community outcomes:

The Tamaki Makaurau Pacific Wardens have been having great success for many years across the Auckland region with community patrols at local events and areas of concern within our communities. We are in a rebuilding process with the Pacific Wardens groups and would like to make sure our groups have access to safe, and professional uniforms when on patrol as many patrols are at night. The vests will also all be printed with Otahuhu / Mangere Pacific Wardens on the back.. With extra eyes and ears in our community we are able to decrease anti-social behaviour and monitor areas of concern.

The decrease in anti-social behaviour in our communities areas of concern, a safer and more controlled audience at local communities events and most importantly our community youth and leaders being out within their communities making a difference.

Alignment with local board priorities:

safe, attractive and well-maintained streets for all.

The Tamaki Makaurau Pacific Wardens actively and at no cost patrol our communities areas of concern. Patrol local events and big gatherings like Polyfest, Pasifika and Pacific rugby league games.

Project: Gift-a-Seat™ free tickets for local tamariki to enjoy Margaret Mahy's "The Man Whose Mother Was a Pirate"

Location:	Māngere Arts Centre, Māngere Town Centre		
Summary:	<p>We presented the first children's theatre production at the newly opened Māngere Arts Centre back in 2010. Armed with a new strategic plan we have a strategic goal of reaching more children in more parts of Auckland. so, we are touring in August to Māngere Arts Centre, TAPAC (Western Springs) and Te Oro (Glen Innes).</p> <p>For many years schools in the Māngere and Ōtāhuhu areas have been coming to our shows at The PumpHouse Theatre, Takapuna for free thanks to our Gift a Seat™ programme.</p> <p>Renee Tanner, Arts Broker, has suggested we apply for funds towards our Gift a Seat™ programme to allow us to invite local low decile schoolchildren to the show at the Māngere Arts Centre for free.</p>

People delivering:	20	People attending:	966
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

The aim is to unlock children's imaginations of today so we can ignite the creative minds of tomorrow.

By making theatre accessible to all children, we are realising one of our values as an organisation which was established in 1991.

A chance for local schoolchildren to participate in a learning experience outside the classroom, assisted by a free Teachers' Resource Guide we create which has cross-curricula activity activities.

"The productions always blend in with the English and Arts curriculum in all strands and so it is a very good learning aid. The teacher's resource guide before and after provides lots of ideas and ways to follow up so bringing this into the classroom." Gael Vickers, Principal Ruapotaka.

Via feedback and thank you letters (similar to the ones attached) from teachers and students from the school, we would expect to hear about:

- Increased student engagement and social skills
- Increased literacy and communication skills
- Improvements in the children's own performances at schools, churches and with kapa haka.

"There are so many benefits that our children have received from attending this theatre productions - immediately after the production, the oral language heard in the classroom and the playground as children explained their favourite characters (Mud Wiggle was especially chosen?), and their favourite parts were rich and impressive. The teachers especially enjoyed the Teaching Guide that came with the tickets...In term four, our school is hosting a Fiafia night to showcase the cultural talents of our students. Already, some junior students have been asking if they can perform a play, "like Tim and Rose." Rhonda Kelly Tamaki Primary Principal.

Alignment with local board priorities:

our diverse communities enjoy arts and cultural facilities that are vibrant, creative hubs for connecting, engaging and learning, and expressing identity

Unlocking imaginations today ignites the creative minds of tomorrow.

Since 2005 we have been offering free tickets (Gift a Seats) to our theatre performances at The PumpHouse Theatre to low decile schools, many coming from the Māngere-Ōtāhuhu area.

Through our Gift a Seat™ outreach programme the young people from local schools in the Māngere-Ōtāhuhu Local Board area will have access to our live professional theatre performance of "The Man Whose Mother was a Pirate" by Margaret Mahy in August 2019 when we tour to the Māngere Arts Centre as part of our 2019 Regional Tour.

Teachers will receive "The Man Whose Mother was a Pirate" free Teachers' Resource Guide before and after the show which aligns with the school curriculum, it is jam packed full of cross-curricular activities to use inside the classroom, and enhances their literacy, comprehension and reading outcomes.

As explained in the thank you letters attached from some schools who have attended our shows in the past thanks to Gift a Seat™ tickets, the response and encouragement from the teachers and students are heartfelt and encouraging affirming that these performances are not just entertainment but are a vital part for children's development; socially, educationally and building confidence - often sparking ideas for their own performances and getting involved in the arts themselves.

Collaborating organisation/individual	Role
Volunteering Auckland	Assisting with aligning volunteers with our theatre company - mailouts, data entry, ushering
Internships New Zealand	Assisting with aligning international interns with our theatre company for marketing, production, event management, filming and photography and business learning experiences
Arts Access Aotearoa	Guiding us on our delivery of our accessibility programmes
Māngere Arts Centre	Venue hire, marketing and technical support

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: We request that any of our cast or crew who smoke do not smoke in view of the audience coming to see our shows as they are role models to our young audiences.

Māngere Arts Centre is a smoke-free environment.

Zero waste minimisation The set for "The Man Whose Mother was a Pirate" was reused from the Auckland Theatre Company production of "The Daylight Atheist". The set, costumes and props have been stored since we did the show in April 2019, so it will be reused. In 2018 we stopped the printing and mailout of our quarterly newsletter that was sent out to the 4,000 families on our database as a way to reduce paper.

Financial information

Amount requested: \$1,978

Requesting grant for: Funding towards the provision of free tickets to children from low decile schools and early childhood centres which will be distributed via our Gift a Seat™ programme. Schools will be invited to apply for the free tickets and decisions will be made based on the strength of the application.

There are four performances that are available for this outreach - Thursday 8 August 10.30am and 1pm and Friday 9 August 10.30am and 1pm.

If part funded, how would you make up the difference:

We wouldn't be able to provide so many free Gift a Seat™ tickets so local schools and ECCs would have to either ask parents, caregivers and grandparents to pay for the tickets or fundraise in order to come.

Cost of participation: Our Gift a Seat™ tickets are \$25 each to account for the purchase of the \$9 educational tickets plus the administration of this outreach programme sending out and receipt of the application forms, the admin of the bookings, tickets and Teachers' Resource Guides and the follow up with thank you letters for each school and sending on to funders and donors. Otherwise, Yes for the public shows on Saturday 10 August 10.30am and 2pm the tickets are \$15 for adults, \$10 for children and \$11.25 for each ticket in a Family Pass (4 tickets). For school and ECC groups the prices are \$9 each.

North Rodney Blue Light Ventures Incorporated

Legal status:	Incorporated Society	Activity focus:	Community
Conflicts of interest:	None identified		

Project: Blue Light Rainbows End Funday

Location:	2 Clist Crescent, Manukau, Auckland		
Summary:	<p>For the past 25+ years Blue Light has taken 2000 young people to Rainbows End each year.</p> <p>These are a mix of disadvantaged and under-privileged young people as well as young people providing leadership and service to their primary or intermediate school through roles such as road patrollers, peer mediators and school counsellors. Youth attendance at this event helps to build positive relationships between police, young people, their whanau and community by having them all interacting in a positive environment.</p> <p>Blue Light community volunteers and local Police members organise ticket distribution, consent, transport, food, drink and full supervision at the event.</p> <p>Many youth from the low decile schools have never been here due to cost restraints.</p>		
Dates:	14/09/2019 - 15/09/2019	Rain dates:	-
People delivering:	40	People attending:	2000
% of participants from Local Board		100%	

Community benefits

Identified community outcomes:

- Breaks down barriers and stereotypes between different sections of the community such as 'Youth at Risk and Police' and different ethnic groups by having them all together engaged positively together.
 - Rewards those young people who have donated their time to their schools and communities
 - Gives youths from low income families who would not normally have the means to enjoy this facility in their backyard the chance to attend and enjoy for a day.
- Outcomes will be measured from feedback from youths, families and police attending on the day.
Through photo evidence of activities
And feedback from schools and community groups who referred students.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

Each year we invite a mix of disadvantaged and under-privileged young people as well as young people who are currently providing leadership and service in their community or school through roles such as road patrollers, peer mediators and school counsellors to be part of the Blue Light Rainbows End Funday.

Youth attendance at this event helps to build positive relationships between police, young people, their whanau and community by having them all interacting in a positive environment together helping to improve community connectedness

The bringing together of groups from the community and the police, groups that would not normally get this opportunity and would not normally mix with each other in this positive environment and involved in a fun activity.

Bringing the groups together celebrates our diverse and distinctive communities and brings people together whilst building positive relationships between the police, young people, their whanau and the community.

Collaborating organisation/individual	Role

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: Rainbows End is a Smoke Free venue with the exception of a small designated area. Youth will be excluded from this area

Zero waste minimisation The Venue takes care of all rubbish collection

Project: Mangere Central Indoor Bowling Club - hall hire for MangereCentral CommunityHall

Location:	Mangere Central Community Hall, 244 Kirkbride Rd, Mangere, Auckland 2022		
Summary:	The funding application is for payment of hall hire for the period July 2019 to June 2020 (not including the period November to February inclusive). Attendees are not able to afford more than \$3 per night and \$25 per year for affiliation, so funding for hall hire is the only way to continue the club's existence.

Community benefits

Identified community outcomes:

Whole families are able to enjoy affordable, smoke-free, alcohol-free nights out. Bowls is a recreational sport that if desired, participants can enjoy success at a national level. The community is bought together with coaching and sporting success, whether it be there own or happy for other people.

By members returning each week, providing feedback, and sporting success at regional and national level.

Alignment with local board priorities:

increase opportunities for active living and community involvement and connectedness

This 60yo club meets weekly for the game of bowls, providing an evening suitable for whole families to enjoy in a safe, affordable, smoke-free, alcohol-free environment and provides a modest level of exercise suitable for all ages and abilities. Participants can enjoy success at a national level if desired. Because we've been going for nearly 60 years we have observed families returning each week and have celebrated success at all levels from nightly wins to Auckland and New Zealand Representation. Club members provide free coaching providing a sporting option that is inclusive of all abilities that brings families and communities together and fosters a sense of belonging.

The club meets weekly to play bowls, 3 games on ordinary nights and 4 games on championship nights. The nightly fee is an affordable \$3 and school children half price. School children also get free yearly subs, and if they win the junior singles the club pays for their entry fee and affiliation. The club has produced Junior champs in the past.

Demographics

Maori outcomes:

Target ethnic groups: All/everyone

Promoting SmokeFree: Smoking is prohibited inside the hall, and fortunately all current members are non-smokers.

Zero waste minimisation The sporting equipment we use is reused every club night, the sport creates no waste.

Financial information

Amount requested: \$2,625

Requesting grant for: Hall hire for the venue. In a previous period the Council zeroed out the hall hire, as opposed to paying the grant out and then receiving it back again by way of hall hire, so no money changed hands. We would be extremely appreciative if our grant application is successful, that this could be done again.

If part funded, how would you make up the difference:

Cost of participation: Members pay a \$25 annual fee, and a \$3 nightly fee. The full amount of annual fee goes to the three affiliations, the club does not retain any of it.

Total expenditure	Total income	Other grants approved	Applicant contribution
\$2,625	\$2,100	\$0	\$0

Expenditure item	Amount
venue hire: 35 nights @ \$75/night (approx)	\$2,625

Income description	Amount
Approximately 20 people x 35 paying nights @ \$3 each (The subs collected go to affiliations - there are 3 affiliations: Manukau Association, Auckland Centre, and New Zealand Federation. The annual sub is collected to pay for these affiliations so does not form part of the income.)	\$ 2,100
