Proposal to relocate the “NZ Walk of Fame” onto Council property.

Purpose
1. To seek approval from the Local Board to the relocation of stars on the Orewa Boulevard onto Council property area either in Moana Park Reserve, (Attached diagram A to B) or down the southern part of the Orewa Boulevard.

Executive Summary
2. There is concern that the stars are being damaged whilst in their current position due to tables and chairs being places directly on top of the granite stars.
3. The current landlord who owns the property requires the removal of the stars. The Boulevard pathway is privately owned by the landlord (Johnathon Rigg), he has requested for them to be moved and will not allow any more stars to be placed further north along where they are situated.
4. A recommendation that the stars be relocated to avoid further damage and ensure a continuance of the NZ Walk of Fame.
5. The process would be as follows: Uplift the 12 stars on the Orewa Boulevard,
   - **Option 1** relocate the 12 stars across the street of the Orewa Boulevard (seaward side),
   - **Option 2** continue the walk of Fame down the Orewa Bouldevard in front of shops in a southern direction.

Recommendation
6. That the Hibiscus and Bays Local Board be supportive in principle and approve the placement of the stars onto the above mentioned areas with more stars to be placed in the future.

Comments
7. The fact is that if the property was still owned by the Council, then this request would not be required. If we had been advised that the property was not owned by the Council, we wouldn’t have placed them there.
8. The maintenance of the Stars will be solely the responsibility of “NZ Walk of Fame” owner (Gary Brown).
9. Making sure that they are kept well groomed and in a very professional condition. We have personally spent $24,000 to purchase and unveil the stars on the NZ Walk Of Fame which is a gift to the community from our family.
Report cont...

11. There was an agreement at a previous meeting, 25th Nov 2014, that the stars can be moved onto the Moana Park reserved so long as there was no financial assistance from the Local Board.

   The Option 2 would be more suitable as there are 3 stars already situated on council property.

12. The stars are the same level as the cobblestone pavers and will not be intrusive in the height, nor will they be required to be fixed in a permanent position.

Attachments

There is an attachment showing the locations for the stars to be placed.

Signatories
This is a view of the where the Stars are situated and where are requesting for them to move across the street.

Being on Council property this will ensure that they will be there for all generations to come.
Option 2

This is where the existing stars are at the moment. 4 stars front line 8 stars at the back line on Landlord property.

This is where the 8 existing stars (back line) would be moved to, in line with the front 4 on Orewa Boulevard on Council property.

This is where future stars could be placed on Orewa Boulevard on Council property.
