Hi George,

Please find below updates in relation to your enquiries at our meeting in November:

Lake Road Improvements

We acknowledge your views around Lake Road Improvements and the disruptions that the construction will cause, however as this is an AT owned project, there is not much we could influence on the cycle lanes.

Esmond Road

NZ Transport Agency has had a discussion with AT on Esmond Road cycleway having to cross 5 busy roads and they are currently scoping the lack of cycle facilities as an area to resolve through this business case and they will be progressing this case in 2019.

Also, as requested please find **attached**:

- The most recent data on the volume of cars on AHB which sees a 10% growth between 2016 and 2018; and
- The 2018 Government Policy Statement (GPS) at a glance

Kind Regards

Steve
