**Subject: Response to Notice of Motion – New Zealand Transport Agency (NZTA) projects**

The purpose of this memo is to respond to the Notice of Motion (NoM) titled *New Zealand Transport Agency projects*, to be considered at the 10 December Devonport-Takapuna Local Board business meeting. This NoM has been moved by the Deputy Local Board Chair, and seconded by Member O'Connor.

## Background

The NoM recommends the following:

- a) *seek dialogue with the representative of Auckland Council who is involved in this project and planning for the northern connection for this AWHC; and*
- b) *requests that the D-T LB have more frequent meetings with representatives of NZTA to enable this board to get a good understanding of the impact of transport projects in this area.*

## Response

Local Board Services and New Zealand Transport Agency staff have already organised ongoing engagement and meetings for the local board to be kept informed and updated on key NZTA projects.

These will be held during local board workshops and been scheduled monthly (or as and when needed). These meetings are scheduled to commence from February 2020 and are also confirmed in the local board calendars.

The Deputy Chair was notified and informed about this once staff had received the NoM.

Staff wish to advise the local board that a NoM is not required to request meetings such as these. They can be arranged by contacting one of the Local Board Services support team.
