1 Welcome

Member Toni van Tonder will open the meeting with a karakia.

2 Apologies

At the close of the agenda no apologies had been received.

3 Declaration of Interest

Members are reminded of the need to be vigilant to stand aside from decision making when a conflict arises between their role as a member and any private or other external interest they might have.

The Auckland Council Code of Conduct for Elected Members (the Code) requires elected members to fully acquaint themselves with, and strictly adhere to, the provisions of Auckland Council’s Conflicts of Interest Policy. The policy covers two classes of conflict of interest:

i. A financial conflict of interest, which is one where a decision or act of the local board could reasonably give rise to an expectation of financial gain or loss to an elected member.

ii. A non-financial conflict interest, which does not have a direct personal financial component. It may arise, for example, from a personal relationship, or involvement with a non-profit organisation, or from conduct that indicates prejudice or predetermination.

The Office of the Auditor General has produced guidelines to help elected members understand the requirements of the Local Authority (Member’s Interest) Act 1968. The guidelines discuss both types of conflicts in more detail, and provide elected members with practical examples and advice around when they may (or may not) have a conflict of interest.

Copies of both the Auckland Council Code of Conduct for Elected Members and the Office of the Auditor General guidelines are available for inspection by members upon request. Any questions relating to the Code or the guidelines may be directed to the Relationship Manager in the first instance.

4 Confirmation of Minutes

That the Devonport-Takapuna Local Board Community Forum:

a) confirm the ordinary minutes of its meeting, held on Tuesday, 27 August 2019, as true and correct.

5 Leave of Absence

At the close of the agenda no requests for leave of absence had been received.

6 Acknowledgements

At the close of the agenda no requests for acknowledgements had been received.

7 Petitions

At the close of the agenda no requests to present petitions had been received.
8 Deputations

Standing Order 7.7 provides for deputations. Those applying for deputations are required to give seven working days notice of subject matter and applications are approved by the Chairperson of the Devonport-Takapuna Local Board Community Forum. This means that details relating to deputations can be included in the published agenda. Total speaking time per deputation is ten minutes or as resolved by the meeting.

9 Public Forum

A period of time (approximately 30 minutes) is set aside for members of the public to address the meeting on matters within its delegated authority. A maximum of 3 minutes per item is allowed, following which there may be questions from members.

At the close of the agenda no requests for public forum had been received.
10 Extraordinary Business

Section 46A(7) of the Local Government Official Information and Meetings Act 1987 (as amended) states:

"An item that is not on the agenda for a meeting may be dealt with at that meeting if-

(a) The local authority by resolution so decides; and

(b) The presiding member explains at the meeting, at a time when it is open to the public,-

   (i) The reason why the item is not on the agenda; and

   (ii) The reason why the discussion of the item cannot be delayed until a subsequent meeting."

Section 46A(7A) of the Local Government Official Information and Meetings Act 1987 (as amended) states:

"Where an item is not on the agenda for a meeting,-

(a) That item may be discussed at that meeting if-

   (i) That item is a minor matter relating to the general business of the local authority; and

   (ii) the presiding member explains at the beginning of the meeting, at a time when it is open to the public, that the item will be discussed at the meeting; but

(b) no resolution, decision or recommendation may be made in respect of that item except to refer that item to a subsequent meeting of the local authority for further discussion."
Te take mō te pūrongo
Purpose of the report
1. To approve the location and additional budget for the 2020 Takapuna Anzac Day service and parade.

Whakarāpopototanga matua
Executive summary
2. Hurstmere Road in Takapuna will be undergoing substantial upgrades, which will increase the amount of traffic on the neighbouring roads that need to be closed during the Anzac Day commemorations.
3. Auckland Transport has advised that the closure of The Strand and part of Lake Road, in addition to the restrictions on Hurstmere Road to accommodate the Takapuna Anzac Day parade and service, has potential to create health and safety risks and significant transport network disruptions.
4. Staff have considered all relevant factors and recommend that the 2020 Takapuna Anzac Day service and parade be moved to Takapuna Primary School. The parade will commence at The Terrace, then turn left onto Killarney Street with one lane closure, and the Takapuna Primary School grounds will be used for the service afterwards.
5. The relocation of the Takapuna Anzac Day service and parade will require an additional budget of $2,000 to be allocated from the local board’s budget due to a new traffic management plan being required.

Ngā tūtohunga
Recommendation/s
That the Devonport-Takapuna Local Board Community Forum:
a) approve Takapuna Primary School as the location for the Takapuna Anzac Day service in 2020.
b) approve the allocation of $2,000 from the its community grants budget to fund a new traffic management plan to support the delivery of the Anzac Day parade and service at Takapuna Primary School.

Horopaki
Context
6. The local board funds the annual delivery of the Anzac Day service and parade in Takapuna.
7. The Takapuna Anzac parade has historically begun at Sanders Avenue, turning onto Lake Road, then turning onto The Strand and ending at the Takapuna War Memorial at which time the service takes place. A partial closure of The Strand remains in place throughout the service.
8. Hurstmere Road in Takapuna will be undergoing substantial upgrades in April 2020 that will increase the amount of traffic on the neighbouring roads that would need to be closed during the Anzac Day commemorations.
Tātaritanga me ngā tohutohu
Analysis and advice

9. Council’s Events team has worked with Auckland Transport to identify an alternative site for the delivery of the 2020 Takapuna Anzac Day service and parade.

10. Staff recommend that the Takapuna Anzac Day service and parade in 2020 is moved to Takapuna Primary School. The parade will commence at The Terrace, then turning left onto Killarney Street with one lane closure and use the Takapuna Primary School grounds for the service. A map is included as Attachment A to this report detailing the route.

11. This location requires minimal impact on traffic as Killarney Street can remain open with one lane of traffic during the parade. The one lane closure will be reopened once the service within the school grounds commences.

12. There is sufficient parking around this location to support the event. The route of the parade is suitable for veterans with mobility requirements.

13. The proposed area for the service at Takapuna Primary School can comfortably accommodate 2000 people. This is the expected attendance in 2020 based on figures from previous years.

14. Takapuna Primary School has a flagpole, that can be utilised as a substitute for the War Memorial. Wreaths can be laid at the base of the flagpole. There is a school hall where refreshments can be served at the conclusion of the service.

15. Takapuna Primary School has consented to providing the grounds and buildings for the purpose of the Anzac Day commemorations.

16. The new traffic management plan needed for this location will require an additional $2,000 to the existing budget allocated to this event.

Other alternatives considered:

One lane closure at The Strand

17. Staff considered maintaining the usual location for the Anzac Day service and parade, with an adjustment to the traffic management plan i.e. one lane of traffic on The Strand being kept open at all times, rather than full closure as in previous years.

18. This is not recommended because The Strand cannot accommodate the expected number of attendees with only one lane of road open to traffic and the impact on the surrounding road networks could be significant. Gibbons Road cannot be closed to assist with overflow of attendees. This is a one-way road and residents have previously had issues with access to their properties.

Dawn service at The Strand

19. Staff have scoped the option to maintain the usual location for the Anzac Day service and parade, with an adjustment to the time of the service. The service could be moved to an earlier time of 6am, with road closures from 4.30am to 8am.

20. This is not recommended because, historically, the service is held at 11am and the change in time may cause considerable confusion for attendees and will clash with other dawn services in the region.

21. This option also does not include a parking resolution, as on street car parks were to be used for the event. Therefore, owners of cars that were already parked on The Strand could cause disruption if they chose to move their cars during the service interrupting the event and causing a health and safety risk to veterans and attendees.

Climate impact statement
22. There are no identified climate impacts.

Council group impacts and views
23. Auckland Transport has worked with council’s Events team to identify an alternative site at Takapuna Primary School for the 2020 Takapuna Anzac Day service and parade.
24. Auckland Transport will approve any traffic management plans associated with the event at this location.

Ngā whakaaweawe ā-rohe me ngā tirohanga a te poari ā-rohe
Local impacts and local board views
25. Local people can remember fallen servicemen and women through a meaningful and respectful commemoration.
26. The 2019 Takapuna Anzac Day service and parade was affected by the consolidation of services due to the event in Christchurch on 15 March 2019.
27. The commemoration of Anzac Day is of significance to the local board and community, therefore, ensuring this event is delivered in 2020 is particularly important.
28. Health and safety risks are of primary importance, particularly given the numbers and ages of those who attend the Anzac parade and service.
29. Traffic impacts on the wider road network have been assessed and it is considered that the relocation of the event to Takapuna Primary School is the best option available at this time.

Tauākī whakaaweawe Māori
Māori impact statement
30. There are no identified Māori impacts.

Ngā ritenga ā-pūtea
Financial implications
31. The 2019/2020 work programme has an allocated budget of $32,550 to deliver the Anzac Day services in both Devonport and Takapuna.
32. The relocation of the Takapuna Anzac Day service and parade will require an additional budget of $2,000 to be allocated due to a new traffic management plan being required for this new route.
33. This is a one-off requirement due to the change in location for the parade and service.
34. All operational budgets have been allocated as part of the local boards 2019/2020 Work Programme. The only discretionary budget where funds can be reallocated is the Community Grants Budget. There is currently $134,820 in the community grants budget.

Ngā raru tūpono me ngā whakamaurutanga
Risks and mitigations
35. Health and safety risks have been identified with holding the Anzac Day service and parade at the Takapuna War Memorial in 2020, due to the proposed upgrade of Hurstmere Road. And the resulting impacts on the road network.
36. Staff recommend moving the location to Takapuna Primary School in order to mitigate these risks. Dependent on the development of the Hurstmere Road project there is potential for the event to relocate back to The Strand in 2021.
Ngā koringa ā-muri

Next steps

37. Auckland Transport will approve the new traffic management plan required to facilitate the relocation of the event to Takapuna Primary School.

38. Staff will communicate the change in location through public notices in the newspaper, flyers, and social media channels.

A Community Physically Active for Life

Cycling

Inspiring, Empowering, and Strengthening the Community through Sport and Physical Activity

NO DELIVERY IN THIS AREA
Community Strength and Balance

- Falls are the most common cause of injury in people 65 years and over.
- The health sector is working together to improve the effectiveness of injury prevention and rehabilitation for older people so they can live stronger for longer, in their own homes.
- A key part of this work is the provision of community strength and balance classes for those at risk of falling.
- Approved classes meet an evidence-based criteria developed to improve strength and balance to help prevent falls and associated injuries.
- In the Devonport-Takapuna Local Board area there are currently 33 approved Community Strength and Balance classes. The classes include Tai Chi, Fitness League, Active aging, Pilates and the CMA programme.
Sport Capability/Spaces & Places

- In-depth support provided to multiple RSO’s to engage & strengthen community clubs
- Advocacy to influence engagement in the Indoor Courts Facility Plan, Sport Facility Investment Plan & Open Space Management Plans
- Supported Visitors Solutions to complete the Third Party Facility Assessment
- Generic Club Development workshop programme
- Collaboration with Council staff for delivery of Harbour Sports Sector Knowledge Days
- Investigation of opportunities to increase utilisation of school sports facilities
Coaching

- In 2019, the Coach Support Initiative (CSI) team were able to support Takapuna Grammar School and Westlake Boys High School. At Takapuna Grammar, the CSI Coach Developers held 1 workshop in term 1 with 32 student coaches. In term 2, 49 student coaches were developed across 5 workshops. In term 3, two workshops were attended by 23 student coaches. During the same term, 52 student coaches were provided 1-on-1 support via observation and/or mentoring opportunities. At Westlake Boys, 26 student coaches attended a half-day coach development workshop.

- Takapuna Normal Intermediate School were supported with their youth sport philosophy. In 2020, Takapuna Normal is striving to become a ‘Good Sports’ School. The Community Coaching Advisor will guide the schools sports co-ordinators with the planning and implementation of Good Sports initiatives.

- The Community Coaching Advisor at Harbour Sport has also played a role in the initiation of Forest Hill Milford Football Club’s coach development plans. In consultation with the club's coach developer, Harbour Sport has helped to review and restructure the strategic aims of the organisation.
Secondary Schools

- Attendance from all schools at School Sport meetings and PD workshops throughout the year
- Sports Plan review held
- Harbour Student Sports Council Schools representatives from Takapuna Grammar, Westlake Boys High School, Westlake Girls High School, Carmel College and Rosmini College
  - KiwiSport Student Led Project providing continued support (encourage new participants to play sport)

Re: Water quality of the Wairau Estuary, Castor Bay and Milford beaches

Ka mihi ake ai ki ngā maunga here kōrero, ki ngā pari whakarongo tai, ki ngā awa tuku kiri o ōna manawahena, ōna mana 8-iwi taketake mal, tauiwi atu. Tāmaki – makau a te rau, murau a te tini, wenerau a te mano. Kāhore tā rite i te ao.

I greet the mountains, repository of all that has been said of this place, there I greet the cliffs that have heard the ebb and flow of the tides of time, and the rivers that cleansed the forebears of all who came those born of this land and the newcomers among us all. Auckland – beloved of hundreds, famed among the multitude, envy of thousands. You are unique in the world.

Auckland Water Strategy 2019

Proposed short term actions (0-5 years): Develop a joint community, local businesses and Auckland Council ecological restoration programme for Wairau Estuary.

Milford Centre Plan 2015 by Devonport-Takapuna Local Board

Heading to the beach to enjoy the summer is part of our birthright as Aucklanders.

Mayor Phil Goff 2019

Thank you for your support and understanding of our efforts to improve water quality in the Wairau Estuary, Castor Bay and Milford beaches. We are grateful for you publicly supporting and committing to this cause.

We ask that you are consistent with and adhere to the aspiration of the Auckland Water Strategy to protect and enhance Te mauri o te wai o Tāmaki Makaurau (the life supporting capacity of Auckland’s waters).

We understand that you are developing the new Local Board Plan. We expect that Public Health, Water Quality and remediation of the Wairau Estuary will be the priority for formal inclusion in the plan.

We are keen to contribute to the process and understand how best we can support the Board in achieving these priorities.

We look forward to partnering with you and being kept informed as the Plan develops.
