2 Apologies

At the close of the agenda no apologies had been received.

3 Declaration of Interest

Members are reminded of the need to be vigilant to stand aside from decision making when a conflict arises between their role as a member and any private or other external interest they might have.

The Auckland Council Code of Conduct for Elected Members (the Code) requires elected members to fully acquaint themselves with, and strictly adhere to, the provisions of Auckland Council’s Conflicts of Interest Policy. The policy covers two classes of conflict of interest:

i) A financial conflict of interest, which is one where a decision or act of the local board could reasonably give rise to an expectation of financial gain or loss to an elected member; and

ii) A non-financial conflict of interest, which does not have a direct personal financial component. It may arise, for example, from a personal relationship, or involvement with a non-profit organisation, or from conduct that indicates prejudice or predetermination.

The Office of the Auditor General has produced guidelines to help elected members understand the requirements of the Local Authority (Member’s Interest) Act 1968. The guidelines discuss both types of conflicts in more detail, and provide elected members with practical examples and advice around when they may (or may not) have a conflict of interest.

Copies of both the Auckland Council Code of Conduct for Elected Members and the Office of the Auditor General guidelines are available for inspection by members upon request.

Any questions relating to the Code or the guidelines may be directed to the Relationship Manager in the first instance.

4 Confirmation of Minutes

The minutes of the last Community Forum on 28 August 2019, were confirmed at the 18 September 2019 business meeting (resolution number KT/2019/165).
