Executive summary

3. The Annual Budget 2020/2021 was first consulted on in February/March 2020 (Consultation part 1). Since this consultation was undertaken, the COVID-19 pandemic has exerted significant pressure on the council’s financial position. This will have flow on effects for the proposed budget for the 2020/2021 financial year. The council has considered what those impacts are likely to be and have asked Aucklanders for their views on aspects of the proposed budget, now referred to as Emergency Budget 2020/2021, through a second round of consultation (Consultation part 2).

4. During the second round of consultation, Aucklanders were asked for their views on three key proposals:

   - rates postponement for ratepayers impacted by COVID-19
   - suspending the targeted rate paid by accommodation providers.

5. The council received feedback through telephone interviews, written forms, including online and hard copy forms, emails and letters.

6. This report summarises the public feedback received through Consultation part 2 on the proposed Emergency Budget 2020/2021.

Horopaki
Context

12. Auckland Council publicly consulted from 21 February to 22 March 2020 to seek community views on the proposed Annual Budget 2020/2021 (Consultation part 1).

13. Since this consultation was undertaken, the COVID-19 pandemic has exerted considerable pressure on the council’s financial position, which will have flow on effects for the proposed budget for the 2020/2021 financial year. Given the new financial realities facing Auckland, work has been undertaken to adjust the proposed budget, now referred to as Emergency Budget 2020/2021.

14. The council has undertaken further public consultation with Aucklanders for their views on Auckland Council’s proposed ‘Emergency Budget’ in response to the financial impacts of COVID-19 (Consultation part 2) which included considering whether to adopt a 2.5 per cent rather than 3.5 per cent general rates increase for the 2020/2021 financial year, among a suite of other measures aimed at offering support to all ratepayers, including businesses, facing hardship. This was carried out from 29 May to 19 June 2020.

15. The Emergency Budget consultation asked Aucklanders for their view on three main proposals:
   - general rates increase for 2020/2021 of either 2.5 per cent or 3.5 per cent
   - rates postponement for ratepayers impacted by COVID-19
   - suspending the targeted rate by accommodation providers.

16. This report includes analysis of the consultation feedback on the regional proposals in the Emergency Budget 2020/2021 from people or organisations based in the Maungakiekie-Tāmaki Local Board area.

Local board input on regional plans

17. Local boards have a statutory responsibility for identifying and communicating the interests and preferences of the people in their local board area in relation to the context of the strategies, policies, plans, and bylaws of Auckland Council. This report provides an opportunity for the local board to provide input on the proposed Emergency Budget.

18. Local Board Plans reflect community priorities and preferences and are key documents that guide both the development of local board agreements, which are adopted every year as part of the Annual Budget, and input into regional plans.

Types of feedback

19. Overall Auckland Council received feedback from 34,915 submitters in the consultation period. This feedback was received through:
   - Written feedback – hard copy and online forms, emails and letters
   - Over the phone

Analysis and advice

20. The proposed Emergency Budget 2020/2021 sets out priorities and how they will be paid for. The regional consultation on the proposed Emergency Budget focused on changes to rates and fees; the key proposals were:
   • general rates increase for 2020/2021 of either 2.5 per cent or 3.5 per cent
   • rates postponement for ratepayers impacted by COVID-19
   • suspending the targeted rate by accommodation providers.

21. The submissions received from the Maungakiekie-Tāmaki Local Board area on these key issues is summarised below, along with an overview of any other areas of feedback on regional proposals with a local impact.

22. Sometimes the council receives submissions that have come via a platform created by an external organisation – these are referred to by the council as pro forma submissions. The council has received an unusually large number of pro forma submissions in this consultation process – a total of 9,793 (422 living in Maungakiekie-Tāmaki Local Board area). These have primarily come from two organisations – the Auckland Ratepayers’ Alliance (9,002 – 391 living in Maungakiekie-Tāmaki Local Board area) and Generation Zero (371 – 24 living in Maungakiekie-Tāmaki Local Board area).

23. When people submit via the council’s official consultation platform (either the hardcopy feedback form or the digital form), they are directed to the council’s consultation document and supporting information which are the statutory basis for the consultation process. People who submit via pro forma submissions often will not have had this same information presented to them when they submit, although each pro forma submission is different in its approach.

24. For example, the submission form set up by the Auckland Ratepayers’ Alliance did not refer to the council’s consultation material and did not ask the same questions that were included on the council’s feedback form. Generation Zero’s submission form also did not ask the same questions as the council’s feedback form. However, Generation Zero did include links to the council’s consultation material in the information supporting their submission form.

25. As with all feedback, pro forma submissions must be given due consideration with an open mind, and it is up to elected members to determine the weight that is given to this feedback.

General rates increase for 2020/2021

26. Aucklanders were asked about a proposed general rates increase of either 2.5 per cent or 3.5 per cent for 2020/2021.

| Question 1: We are proposing an average general rates increase of either 2.5 per cent or 3.5 per cent for 2020/2021. We looked at, but could not responsibly propose rates increases below 2.5 per cent because of the severe impacts that would have on council services, new infrastructure, our debt levels and employment and business activity in Auckland.

The scale of the financial challenge that we face for next year with a revenue loss of over half a billion dollars due to COVID-19 means that spending on some council services will need to be reduced and many capital projects will be delayed even with the 3.5 per cent increase we had previously planned.

With a lower rate increase of 2.5 per cent, we would need to further reduce spending on council services and further delay investment in transport, parks and community and town centre projects.

27. The graphs below give an overview of the responses from the Maungakiekie-Tāmaki Local Board area.
Rates postponement for ratepayers impacted by COVID-19

28. Aucklanders were asked about a proposal to introduce a COVID-19 Rates Postponement Scheme.

**Question 2:** We are proposing a COVID-19 Rates Postponement Scheme. This will allow ratepayers who are struggling financially as a result of COVID-19 to defer up to $20,000 of their rates for the 2020/2021 year. At the end of the postponement period ratepayers would have to 30 June 2022 to pay off the balance (including interest and administration fees).

**Suspending the targeted rate paid by accommodation providers**

30. Aucklanders were asked about a proposal to suspend the targeted rate by paid by accommodation providers.

**Question 3:** Suspending the targeted rate paid by accommodation providers Restrictions on travel and mass gatherings due to COVID-19 have resulted in us reducing our spending on visitor attraction and major events. We are proposing to suspend the Accommodation Provider Targeted Rate (APTR) which helps fund these activities until 31 March 2021. The APTR will only be charged for the last three months of the next financial year (2020/2021) as we increase our spending in this area. This proposal will assist the accommodation sector who are struggling financially.
