  - Graffiti Contract

  Invest 25c of every $1 of revenue into community

- Community outcomes

  - EON Wearable Art
  - Town Centre Clean-ups
  - Community Projects
  - Murals
  - Boomer Business
  - Eye on Nature
Keeping South Auckland Graffiti Free

Contracted to eradicate graffiti in South Auckland by Auckland Council. Contract covers the six Southern Auckland Local Boards:

- Franklin
- Howick
- Mangere-Otahuhu
- Manurewa
- Otara-Papatoetoe
- Papakura

✓ 99% removed within 24 hours

Retaining contracted services positively impacts our level of community initiatives
Learning about the Natural Environment

Eye on Nature takes children and their families on an experiential journey through environmental themes each year, connecting them to nature. The theme for 2020 was: Adaptations in NZ, Thrive to Survive

Eye on Nature encourages children to instigate more sustainable solutions everyday, everywhere:

- Action-packed events
- Hands-on competitions
- Engaging educational lessons

In order to keep our communities safe throughout the Covid-19 pandemic, Eye on Nature was cancelled for 2020.

The Trust now looks forward to delivering Eye on Nature in 2021, comprised of 4 School Days and 1 Family Day Trail; with a new immersive experience and array of programme partners to deliver the message:

From the mountains to the sea, water is life
Mai nga maunga ki te moana, ko te wai te oranga
Engaging Children in Creative Arts

Primary Schools
1\textsuperscript{st} — Randwick Park School
2\textsuperscript{nd} — St Anne’s Catholic School
3\textsuperscript{rd} — South Auckland Home School
\textbf{Merit} — St Anne’s Catholic School

Kindergartens
1\textsuperscript{st} — Aorere Kindergarten
2\textsuperscript{nd} — Murdoch Park Kindergarten
3\textsuperscript{rd} — KiNZ Mission Heights
\textbf{Merit} — Waiuku Kindergarten

\textbf{People’s Choice} — Clendon Park School
Engaging Children in Wearable Arts

MBCT moved the Wearable Art competition away from the Eye on Nature Family day, in 2019, to the Vodafone Events Centre. The Wearable Art competition was due to be held at the same professional venue in 2020. Due to Covid-19, the Trust decided to take the initiative to an online platform.

2020 online showcase due to premier this summer!

Over 80 expressions of interest from Auckland-wide schools.
Cleaning up our Town Centres

Creating public places and spaces that are inclusive, accessible and contribute to urban living

MBCT facilitated 4 Town Centre Clean-ups in 2019/20
One being Howick Village (5 October 2019)

101 Volunteers (71 adults & 30 youth)
353.5 hours
Projects to Support Community Needs

Creating opportunities for people to meet, connect, participate in and enjoy community and civic life

MBCT facilitated 17 Community Projects in 2019/20

Howick Highlight

4 Walkways in Chapel Road, Botany were given a fresh lick of paint thanks to the Mercedes-Benz team and East Tamaki Latter Day Saints
Creating Beautiful Murals

*Engaging with community and creating a sense of civic pride*

MBCT supported 9 Murals in 2019/20

Glenmore Road, Sunnyhills
Creating a sense of Belonging and Connection

58 Community projects were provided by Boomer Business
1,625 hours were gifted by our beloved Boomers

Reached the milestone of having 100 members!

In 2019 we launched Boomer Woodwork Classes for Beginners (left)

Boomers let their hair down and starred in our first Boome calendar for 2020

Craft activities with our Early Onset Dementia Group (left)

Boomers mentored Ormiston Junior College students to build props for their Lion King production
Future and On-going Projects

Howick

Walkway beautification of 308 Te Irirangi Drive with Sancta Maria College.

Working with Te Whare Wananga o Owairoa to maintain and enhance Te Ngahere Uxbridge Road.

Mural to be completed on the Chorus cabinet, 47 Meadowland Drive.
THANK YOU!

Without your continued support, the Trust would not be able to deliver such impactful initiatives. MBCT look forward to working with you in 2020/21.
Kia ora,

Once again, members of the Howick Local Board quickly adjusted their way of working to comply with the restrictions of the COVID-19 Alert Level 3, and currently level 2.5. Workshops and business meetings have continued through the use of Skype; and face to face meetings and events remain postponed until restrictions ease.

Again, it has been wonderful to see our locals offering help to each other through what we have come to know as uncertain times.

Our people have generously supported our local businesses by purchasing online or through contactless pick up/payment. This has been enhanced by the online sharing of reviews from happy customers, many of these accompanied by photos (particularly those of food!)

I was impressed with the signage Auckland Council has installed signage on Parks, beaches and playground that advises appropriate usage for each of COVID Levels 1 to 4. This ensures that restrictions to ensure public safety are in place, providing immediate advice as move from one level to another.

BOARD BUSINESS

We have been reading and considering the feedback provided from our local people during the draft Local Board Plan engagement period, and in a recent workshop we commenced updating our plan to reflect this.

Auckland Council are now working on a Long-term Plan/10-year Budget, with Local Boards providing feedback as this progresses.

We are slowly educating our community to use the call centre and online options available to them for reporting issues that require attention. People wrongly think that using a scattergun approach — and mailing a number of elected members to have a problem looked at will quickly resolve their issue. This causes confusion, and wastes time, consequently adding to the time it takes for the problem to reach the correct operation department.

In recent meetings with two resident and ratepayer groups, it became evident that many of the concerns of local residents are around issues relating to water. On Wednesday 26 August 2020 the Local Board, with the assistance of Local Board Services staff, hosted an online forum during which subject matter experts from Healthy Waters, Watercare, Auckland Council’s Research and Evaluation Unit (RIMU), and Council’s Resource Consents Team addressed questions submitted by the two groups. Some of the topics covered were stormwater and sewerage infrastructure, marine life monitoring, riparian planting, monitoring of water at beaches and waterways, and legal issues around Unitary Plan compliance. This forum is available online, using this link: bit.ly/howicklocalboard

Nga Mihi

Adele White

CHAIRPERSON, HOWICK LOCAL BOARD
Howick Ward Councillor Report
21st September 2020

Councillor Sharon Stewart

This is a voluntary report initiated monthly by the Councillors to keep the Howick Local Board, its staff and the residents of Howick updated on activities and duties they have participated in.

Finance & Performance Committee Meeting 17th September

At the Finance & Performance Committee on Thursday 17th September 2020, Councillors voted for the Asset Recycling Implementation and the disposal of assets due to the Emergency Budget.

As Howick Ward Councillors we wanted to support the decisions that the Howick Local Board made on 17th August 2020. Councillor Paul Young and I voted against the disposal of assets which the Howick Local Board did not support selling. These included 9 R Footyfoot Sunnhills, 76R Aberfeldy Avenue Highland Park, 111R Golfland Drive Howick and 31 Aspiring Avenue/17R Hilltop Road Clover Park.

Councillor Paul Young and I thank the Howick Local Board for their recommendations. This has been a difficult process given most of these assets have been kept for use in the community for years.

Emergency Budget

We are now in the implementation phase of the Emergency Budget. There will be discussions in workshops and the Finance & Performance committee meetings on how Council intends to implement all the items in the Emergency Budget.
**Watercare Drought Management Plan**

Watercare and Council are currently discussing the Drought Management Plan and the lifting of some of the Level 1 Water Restrictions that are currently in place. This issue will be brought up for decision making at the Governing Body meeting scheduled for Thursday 24 September 2020.
