	C. AEE and s32	57
10	<b>Review of the Forward Work Programme - Planning, Environment and Parks Committee</b>	
	A. Planning, Environment and Parks Committee - Forward Work Programme	155

Name	City	Postal Code	Country	
Karen Franklin	Auckland		New Zealand	"There is a covenant on the property in favour of the council saying the property is to be a golf course, which nearly 400 property owners have relied upon when purchasing their property. The council cannot just let the covenant go as that has ramifications for all NZ property. The owner did his due diligence for a long time prior to his purchase so if he ran the business badly, then he needs to sell it but the covenant needs to be upheld. Yes, some people have businesses that don't go well and they have to sell at a loss, if that is the case, then that is the case"
Alan Beck	Auckland		New Zealand	"We mainly bought in to Gulf Harbour because of the open and tranquil environment which is already threatened by current and planned development of existing legacy residentially-zoned land that will more than overwhelm available and planned infrastructure not the least of which being inadequate roading"
Francesca Jarvis	Auckland		New Zealand	"Community of Gulf Harbour & Whangaparaoa please all get in board & sign the petition. We need to keep the Golf Course 🏌️"
Laura Cooke	Auckland		New Zealand	"Our peninsula cannot accommodate any more housing! Gulf Harbour doesn't have enough amenities for the people who already live there. This can't happen, our fragile ecosystem can't take it."
Ella Craig	red beach		New Zealand	"can you please post a link to the petition. ive shared it but when you go to the sign the petition link it's gone"
Cheryl Schofield	Orewa		New Zealand	"This is important to address"
Mark Manhire	Auckland		New Zealand	"To allow development of this course will destroy the natural beauty of this green space. And people have also paid significant money to buy into this area relying on this restriction."
Simon Rider			New Zealand	"I live in GH and this green space is an important environment aspect to this place"
Fiona Taylor	Auckland		New Zealand	"We cannot allow this green space to be converted into housing. Local infrastructure is already insufficient, especially roading and public transport."
Karlene Couling	Silverdale	993	New Zealand	"We need to keep more green spaces for people to enjoy."
Paul Urquhart	Auckland	1149	New Zealand	"I am a local and believe we need to keep open green spaces."
Debbie Krause	Auckland		New Zealand	"We don't want development to happen and spoil the environment"
Frederic Martini			New Zealand	"The course is a vital part of the community and the green space provides a respite from the heavy development that has occurred along the peninsula over the last 30 years."
Philip Nunn	Auckland	1052	New Zealand	"Keeping green spaces within what is potentially becoming quite a dense housing area is vital. Further, if the covenant was overturned, this sets a dangerous precedent for other areas 'protected' by such rules."
Brandon Cultum	Auckland	620	New Zealand	"The owner has no right, he needs to sell immediately"
Michele Caminos	Whangaparaoa		New Zealand	"We need more open spaces to ride bikes, to walk the dogs and jog. Plus building on the golf course will create a traffic problem. The end of the peninsula was never meant to have this many dwellings/people."

**Komiti mō te Whakarite Mahere, te Taiao, me ngā Papa Rēhia / Planning, Environment and Parks Committee  
Forward Work Programme 2024**

This committee deals with setting the direction for the physical development and growth of Auckland (focussing on land use, planning, policies, growth, infrastructure, housing and strategic projects) and community, social, cultural, environment and climate change policy. The full terms of reference can be found here: [Auckland Council Governing Body Terms of Reference](#)

*Note: Annual Budget decisions may affect the work programme. In addition, the programme underpinning the long-term scope of work following the 2023 flooding events also mean this programme will need to be reprioritised and updated.*

<b>Auckland Plan</b>														
<b>Auckland Plan 2050 – Annual Scorecard</b>  Auckland Plan Strategy & Research Chief Planning Office	Consider the annual scorecard of Auckland Plan measures  The Auckland Plan will remain in place due to the repeal of the Natural and Built Environment Act and the Spatial Planning Act.  Staff are reviewing the Auckland Plan measures and the way in which these are monitored and reported. No update reports or decision-making reports are planned for this year.	To whiwhi / receive and kohuki / consider the report.  <b>Progress to date:</b> Auckland Plan Three Yearly Progress Report – 2 March 2023 <a href="#">Link to decision</a>  Auckland Plan 2050 Development Strategy Monitoring Report 2022, dated 27 February 2023 <a href="#">Link to memorandum</a>  Auckland Plan 2050 Annual Monitoring Report 2023 – 7 September 2023 <a href="#">Link to decision</a>												
<b>Planning – Unitary Plan and Land Use Planning</b>														
<b>Infrastructure Strategy</b>  Auckland Plan Strategy & Research Chief Planning Office	Infrastructure strategy is a statutory requirement which informs the Long-Term Plan  Auckland Plan Strategy and Research will provide memo updates on the actions that have been developed to support the long-term issues (discussed by committee in March 2023). Also, a high-level annual update on asset management maturity. No further decisions are being sought.	To whakaū / confirm priorities /scenarios for capital expenditure prioritisation (ie scenarios that inform capital expenditure budget decisions) that form a core part of Infrastructure Strategy implementation.  To arotake / review the long-term infrastructure issues.  To whiwhi / receive updates and briefings on progress-  <b>Progress to date:</b> Infrastructure Strategy 2024: Long-term issues for Auckland's infrastructure — 30 March 2023 <a href="#">Link to decision</a>
