Cycle Parking Mount Wellington Shopping Centre

Introduction & Current Situation

My name is Grant Aitkenhead, I live in Mount Wellington. Though I drive in the area I also use public transport and cycle on a daily basis.

One issue I have with cycling is that it's very difficult to find a place to easily lock your bike securely to.

I sometimes just want to ride my bike to the Mount Wellington Shopping Centre and buy a few groceries. The only existing bike stands are outside the Countdown but they are the older fashioned type that can bend your front wheel & you can't chain the whole bike frame & back wheel to it.

I normally resort to using the fence beside it which is difficult due to the bend out design of the railings.
