## EXECUTIVE SUMMARY

### ABOUT US:

As local people active in our community, we noticed significant gaps but also opportunities to make difference in people's lives. We have been operating for several years and decided to formalise in 2020 as **Many Streams of Our Community Trust – Ngā Manganui o te Hapori**. I AM Māngere is a local collective and an initiative under Many Streams of Our Community Trust. Developed by the local community for the local community, its purpose is a critical connector – bringing together community contributors and community members to support engagement, upskilling, access to services, and collaborative opportunities so that everyone in Māngere can thrive. This model is currently being replicated in Ōtāhuhu as I AM Ōtāhuhu.

We have developed a website, strategic framework, and local directory of services, while supporting people in our community to connect to critical services, support, and opportunities in response to the challenges of COVID-19 or civil emergencies. We provide community engagement services for numerous stakeholders.
