Chairperson Report

Annual General Meeting

Greetings Everyone!

As we reflect on the past year, I'm pleased to report that the close of 2023 brought positive news for businesses in Bay. The festive season saw a welcome uptick in activity, and despite the rain the Christmas festival went off well. Thank you to Floriculture for allowing us to shift the main stage to the sidewalk outside your store. It allowed the show to continue and bring some joy to our wonderful Village.

Unfortunately 2024 has introduced its own challenges. Although New Zealand officially emerged from recession in June, the economic recovery has been slow. There is still a lot of uncertainty out there, shown by low consumer spending, which we as business owners can attest to. I know many of you are currently struggling to make ends meet and are worried about the future. I recommend battening down the hatches and riding the wave. Even in a recession, Christmas provides a small boost to the economy. If we can ride the wave till Christmas I'm sure we can make it through to better times.

The Business Association continues to work diligently as usual. We have been applying for funding to increase the number of security cameras around the Village. Additionally, we are working on acquiring a new picnic bench for the Green (green area in front of the car park and next to the library). This has been ongoing for sometime and we are hoping this will be installed before summer so that the public in the Bay can enjoy.

I want to express my gratitude for your feedback to Auckland Transport. We have been informed that the bus layover design (where the bus layover would be in the middle of the Village) has been scrapped. Auckland Transport are now formulating a new plan for the bus layover. The proposed layover would have had a major impact by reducing the number of car parks in the Bay, thereby reducing the number of people entering the Bay, which would have had a negative impact to all business owners. Thank you for supporting one another on this issue.

Recently we had a very successful meeting with our local MP, Paulo Garcia. We had a great turnout, new connections were formed with the MP and we hope this will provide us with better opportunities in the future. Thank you to Rickshaw for hosting and providing the catering. If this type of event is something you would be interested in, please reach out to Jodie and do let us know so we may organize more of them in the future.

In June, I stepped down as Chairperson of the Business Association and from the committee to focus on new ventures. I want to extend my heartfelt thanks to each of you for your support during my tenure. I wish Trevor Andrews from Sent (below Floriculture) all the best as he takes on this role. All the best to you all for the future.

Kind Regards

Chandani Magan

BLOCKHOUSE BAY BUSINESS ASSOCIATION Proposed 24/25 budget

Item 5

Attachment A

OPERATING EXPENSES	
Administration / Operating	
Telephone / Power / Water	2,000.00
Storage & Security	1,900.00
Printing & Stationery	2,000.00

Highlights for 2023-24

- The Executive Business Committee including the Town Centre Manager and A Whau Local Board Representative have met twelve times in person over the past year at The Bay Café in Blockhouse Bay. The committee are very thankful to have Warren Piper and Sarah Paterson-Hamilin from the Whau Local Board at the meetings. Their input is very valuable. We have a small bunch of reliable and dedicated Members who are all passionate about Blockhouse Bay Village.
- We have maintained our website which allows visitors to view the site across multiple devices and includes information about what is happening in the Village, and a business directory for all members. Our online presence includes the Blockhouse Bay Village facebook page which links to other local businesses and acts as a portal for local social media activity.
- Monthly shoppers' newsletter is produced and sent via mail chimp to over 1,000 shoppers on our database. Every business in the Village is able to advertise this every month. The Shoppers details are collected through our in-store promotions.
- Over the past year we have run regular In-Store Promotions. There was one for Winter, Christmas, Valentines Day, Easter and Mother's Day. The aim is to have five per year to promote Blockhouse Bay Village and increase the spending in participating stores. Entrants must make a purchase to enter the draw. Over 100 entries are received during these promotions.

Attachment A

- Once again, we held a fabulous Christmas Festival in December. Unfortunately, the day was a bit wet but with some quick changes we were able to still hold a fun and successful event. This event always is always popular and is a huge draw card for the town Centre. We had food trucks, facepainting, clowns, balloons and Mr. and Mrs. Claus. Some local dance and music groups performed on the footpath and road and some stall holders also joined us. We hold this event free to the public and would like to thank the Whau Local Board, The Trusts Community Foundation and Barfoot and Thompson Blockhouse Bay for helping us provide this fun event to the community.
- With Crime on the increase, we were able to add an extra camera to our CCTV system in the Village. The new camera is connected to the Barfoot and Thompson Building and looks out over the roundabout. This new camera was funded with help from The Whau Local Board and The Trusts. We now have a total of five cameras in the Village and are looking at adding one or two more to complete our security plan.
- BBBA has continued to maintain the sail lights and fairy lights in the trees on the Village Green. Having these going brings sense of joy and safety after dark when coming to the Town Centre. We have signed another five-year contract with the Lighting company which in that time will see all the lights replaced and will have colour changing options.
- In December 2023 Auckland Transport put out a Safety Upgrade proposal. Part of this included adding two bus layover areas in the Village along the front of the Village Green. In their plan we would loose over ten carparks. The BBBA sent a submission in opposing this as loosing carparks would be detrimental to small businesses. Due to the high numbers opposing this plan, Auckland Transport is not going ahead with this and are looking at other options for the buses.
- The BBBA has a good relationship with Council to ensure the gardens are well groomed and replanted when necessary. We also report and graffiti or repairs as soon as possible to the Council to keep our Village clean and tidy. The footpaths have been requested to be water blasted a couple of times and the Council has done this for us promptly which we are thankful for. The cleanliness and tidiness of our village is very important to all of us. We will continue to make Blockhouse Bay Village a vibrant and welcoming place for all and hope for businesses to thrive.
