Living Roof Review and Design Recommendations for Stormwater Management
September 2023 Technical Report 2023/004

What's Going On Here? Meadow Trial Underway
This site is part of an experiment investigating meadows in Auckland's green spaces. This ongoing research will track changes in plant and wildlife communities over time.

Uproot Mowing Mats:
 - Reduce fossil fuel emissions
 - Reduce mowing costs
 - Slow stormwater runoff
 - Improve soil quality
 - Support more diverse wildlife
 - Save time
