Petition to Auckland Council's Governing Body

Petition Prayer

Auckland Council expanded the Onehunga business improvement district to include over 750 additional Onehunga BID affiliates, effective 1 July 2024, after it and Onehunga Business Association (OBA) conducted a ballot.

The ballot failed to comply with Requirement 23 of the BID Policy 2022.

In particular OBA failed to properly prepare and disclose the roll of eligible voters for the ballot, the ballot was not open for 20 working days and OBA failed to adequately inform eligible voters of the financial consequences of the expansion.

Auckland Council staff and OBA are not addressing this matter.

OBA lacks a community of purpose, does not have a coherent plan and has made and continues to make significant administrative and compliance errors that contravene Auckland Council's BID Policy 2022.

We ask the Governing Body to commission an independent inquiry into the conduct of the ballot, concluding prior to the local government elections in 2025.
